DEAN F. BRAYTON

SALT LAKE CITY

Jan. 3 - 1930

Dear Ret:

Thanks a lot for attending
to the flowers.

Since I find it hopelessly
impossible to come on now but
felt that the family should be
somehow represented, Don is leaving
as quickly as he can get away +
will spend a couple of days with
Betty. I presume, of course, that
the funeral will be over, but would
like Donald to talk with Betty. Per-
haps it will help her and, also
perhaps, he can find out what
her future plans are. I don't know.

Thanks for asking him to
stop with you but I expect Betty
will want him at 72 Riley and if so

believe he'd better stop there. He'll
only be in Wyoming one night
anyway as he's due at Lawrence-
ville Thursday the 9th.

Many thanks again + kind
regards to you all.

Sincerely

Dear Ret:-

Well I got through Cin. in the night or would have made a straight track for your office and said "How" anyhow.

I was taking things pretty easy, thinking about getting south when I got word that my sister was ill and I just put everything into it and got a sort of annual report together and hit the trail for Russell, where I found my sister on the up grade and am glad to say she is recovering nicely.

I get letters occasionally from Hermiston, calculating to go out there this end of the year, trying to get rid of some of my stuff out there on which I have impoverished myself paying taxes. Now I hear some good (possibly news) news and that is that the government will cancel the building charge on our lands, so we will, only have maintenance to settle for which I most devoutly pray is true. I am writing to our two senators from Oregon with whom I am well acquainted asking for information. I got that from Frank Swayze and he usually is correct but he was not sure ~~hence~~ I write.

Ret how are the families, more especially your own with father and mother. I am getting pretty anxious to see Ethel and little Phil again as well Stanley. I would like just once more to roos on the east side of that little office in Hermiston with you and have a real old time talk, then go across and hear Henry Hitt laugh one of his jolly little laughs. I see Al Larson in St Paul, where he is with the Gov't in the Internal Revenue work. Al is getting a pretty good salary, about five thou. I think.

I hope all is well with you and that you are making money rapidly, and one thing I want to say is, get it while the getting is good, for when a man reaches across the middle of his allotted time, he is likely to let something slip, and not able sometimes to pick up the thread again, so as the old lady in the "Hoosier Schoolmaster" said, "Same I, says I, get a plenty while the gittin' is good"

I will be down pretty soon and surely will see you.

Now my regards to your family, as well yourself

Your friend

Dear Judge Roettinger:-

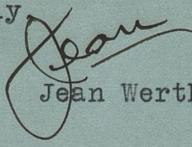

I was quite pleased to have your little note, especially so because it gave me an opportunity of doing even a little favor for you.

It so happened that I received your note last Thursday, the 20th, IMMEDIATELY UPON MY RETURN from Salt Lake. It was my first and only trip to Salt Lake City. I won't have another occasion to go down there as we are leaving for home on the 26th. It so happened, too, that while I was there I had nothing to do but hang around waiting for the ladies to finish their luncheon and drive back to Ogden, and a visit with Dean Brayton would have been most pleasant and most welcome.

However, I did the next best thing. Just this minute I finished a conversation with Mr. Brayton over the telephone, extending to him, after my introduction, your regards and best wishes and I am requested to extend you his best wishes. All of this could have been reported upon my return on the 1st, but I wanted to write you. I regret, exceedingly, not having the opportunity of meeting Mr. Brayton.

I have had a wonderful time and a most pleasant visit. The weather has been ideal and this climate is surely a real tonic for me. I am ready now to return and go to work. I will come up to see you Saturday morning, if you're not too busy, and when we're through chatting I would appreciate your giving me hell and forcefully suggesting that I get out and get to work. My kindest regards and sincere best wishes, and many thanks for the assistance you have given me and the things you have done for me.

Sincerely,

Jean Wertheimer.

FEB 28 RECD

I got a terrible shock out of Harry's death as they sent me a terrible announcing it before I received a letter written from the office telling about his stroke. Harry was a fine fellow and, I always thought, imposed upon in the office. But he certainly has had a succession of things to batter him this winter.

Your friend and, as he explained, new client Mr B — rang me up from Ogden Sunday. Sorry to have missed him here.

Don is fine. All the boys have been moved from George House to Kuman. That's a brand new one I think. He had a Salt Lake girl up from Washington for the Prom early in the month and both seemed to enjoy it.

MAP OF
LAKE BONNEVILLE

(A WATER BODY OF THE QUATERNARY PERIOD)

Prepared by Gilbert and Albert F. Volz
Geological Survey, Washington
1907

LAKE BONNEVILLE

A great part of the present area of the state of Utah once formed the bed of Lake Bonneville. The lake levels of the Bonneville shore line require no geological insight, but are one of Utah's most prominent features, remarked by the tourist, familiar to all inhabitants, who know they were made by water, and "even the cowboy, finding an easy trail along its terrace as he rides the range, relieves the monotony of his existence by hazarding a guess as to its origin."

There are various types of terraces which, viewed from certain positions with particular distribution of light and shadow, are frequently taken for shore terraces, but the highest of the shore lines, above which the whole aspect is that of dry land, marks the greatest expanse of the pre-historic and ancient lake, now generally called "Lake Bonneville," in honor of Captain Bonneville, an army officer, who, traveling through this country about 1833, took notes regarding interior drainage, which proved of great geographical value to later students.

One thousand feet above the present level of Great Salt Lake, a mile above the ocean, this great lake followed an intricate outline, generally pear shaped, divided into two principal bodies, which were joined by three straits, the larger body covering what is now the Great Salt Lake desert and the southward portion covering the Sevier desert with a large bay reaching down into Escalante desert, covering almost the entire western half of the state of Utah, and reaching into Nevada and Idaho. The area of this lake was 20,000 square miles, measuring 350 miles long and 145 miles wide. The shore line, exclusive of islands, measured 3050 miles and the maximum depth was 1053 feet. This lake was of fresh water and had an outlet through Cache valley north through Red Rock pass in Oneda county, Idaho; then north to the Snake river. The terraces of Bonneville shore line are narrow as compared to the lower shore line and rarely exceed a few rods in width. It can be most easily observed along the west slope of the Wasatch mountains just north of Big Cottonwood canyon, and in the vicinity of Garfield along the north slope of the Oquirrh mountains.

The accompanying map is a reproduction of the Gilbert map, made by the Geological Survey.

} GOVERNORS

The Bonneville Club

OF

Salt Lake City

February 22, 1930

Members
Bonneville Club:

Your new Board of Governors met yesterday and decided on the following matters:

1. To restrict more closely the eligibility for membership both as to desirability and as to number. A quota of not more than fifty new members was decided on -- these to be selected from lovers of culture among the leaders in professional, civic and business life. There are at this time some thirty odd applications for membership before the Board. It is requested, therefore, that no approach toward inviting new members be made without first taking the matter up with a member of the Board. The unanimous opinion expressed is to maintain a smaller and more selected group within our membership. The Board decided furthermore not to open the membership to ladies.
2. The dinners hereafter will be held in the main dining room of the Hotel Utah. This will probably be found more comfortable to the members and the acoustic results will be better.
3. The outlook for speakers for the coming season is most excellent. The following appointments are either definitely closed or favorable negotiations pending:

Captain Donald B. McMillan: William Hung: Knute Rockne:
Floyd Gibbons

There is a possibility as well of obtaining Commander Byrd as the last speaker for the year.

4. The former Board was congratulated on the splendid financial condition of the Club. There is at the present time in excess of \$2500.00 in the treasury. In addition to this the dues for this year are now payable. Will you kindly send in your check for \$15.00 by early mail?

The first dinner will be held next Saturday, March 1st. Captain Donald B. McMillan will be the speaker. McMillan is one of America's leading explorers with an impressive list of accomplishments to his credit. He is said as well to be an excellent speaker.

Sincerely yours,

LAUREN W. GIBBS, Secretary

Note: Any suggestion that a member of the Club may have, may be addressed to the secretary and will be graciously received.

Dear Mr. Roettinger:

I am shipping you today by express a crate of asparagus. When I asked the grower to bring this in I told him I was shipping it east and on this account he thought possibly I wanted an extra fancy looking pack and so picked out what looks to me to be large tips. Asparagus of this size is not nearly so good to eat as a smaller size and for this reason you will have to use just the tips and let most of the rest of it go.

I hope this gets to you in due time and will be in a fairly good condition by the time it arrives. Shipping it in this shape is a new experiment to me as the regular way is for it to be crated as this is and shipped in refrigerator cars.

If it is at all worth having when it arrives and you want more, I will be glad to have your shipping instructions on any amount you wish.

PHI KAPPA PSI CO.

DELAWARE, OHIO

April 10, 1930

Dear Brother:

THUS FAR YOU HAVE FAILED US!

This is the third letter we have sent you. As they have not been returned, the first two must have reached you. Aren't you interested in an adequate chapter house for Ohio Alpha—in having a chapter of Phi Kappa Psi on the Ohio Wesleyan Campus?

Of about 275 living Alumni, 50 have subscribed \$14,555.00. To move into this house free from debt will require \$40,000.00. The committee which is representing you in this project had a right to assume that YOU would contribute your share, for there was a time when you wore a Phi Psi pin and enjoyed the benefits and privileges of the chapter life. Counting on your assistance, work was begun—and we already owe \$5,000.00 to the contractor for work done so far.

Is it possible that OUR FRATERNITY cannot do what Delta Tau Delta, Phi Gamma Delta, Sigma Chi, Sigma Alpha Epsilon, Phi Delta Theta, Alpha Tau Omega and Alpha Sigma Phi have done—and what Chi Phi and Sigma Phi Epsilon are planning.

WHAT SHALL WE DO?

YOU MUST DECIDE.

Shall we call off the workman, close up the house, acknowledge to the other fraternities and all of Delaware that PHI KAPPA PSI means nothing to the majority of our Alumni?

Shall we allow the chapter to disintegrate in the present house? Remember, if Ohio Alpha is to retain its charter, the National Fraternity has already ordered an adequate house—and those National Officers who have seen the new location and alteration plans for it are highly enthusiastic over it and them.

The majority of Ohio Alpha Alumni have never given a cent to the chapter. Every one of us is indebted to fraternity connections in many ways—business, social, scholastic, etc.

We still have in our files many unpaid notes given to and accepted by the House Company in good faith, on the old house. If yours are among them, pay them off and receive credit on your subscription to the present project.

We enclose the third card. Will we have to send another one to you? We hope not. Please sign this one, and forward it by return mail, with your check enclosed for the largest possible cash payment.

See Reverse WE NEED CASH AT ONCE!

Most fraternally yours,

THE COMMITTEE.

Dear Mr. Swaze:

The asparagus came in and was in wonderfully good condition, in fact, it might have been cut twenty-four hours before.

I gave some to some of my various relatives, but must confess that we consumed the greater part of it. The express charge was \$1.33, which is not prohibitive. Some of my relatives were so delighted with it that they want a case so please send a case, or crate just like the one you sent me to Mrs. August Newstedt, #2591 Observatory Road, Cincinnati, Ohio, and to Mrs. Evans F. Stearns, Observatory Drive, Cincinnati, Ohio; also send one more case to me and this time send it to my residence address #145 Springfield Pike, Wyoming, Ohio. Then send me the bill for the whole lot and check will be forthcoming.

I always tell people where the products come from and so far as both the honey and asparagus are concerned, people around here are boosters for the Western Irrigation Company.

My dear Mr. Swaze:

Your letter of the 22nd just arrived
and the asparagus came in day before yesterday.

It sure is fine and everybody is ex-
travagant in their praise of it. It does seem
to me that the growers around Hermiston ought to
adopt some trade name for their asparagus, like the
apple growers in various localities have. If they
would just do this I believe we could develop
quite a little de and for the product here in
Cincinnati by having people go to their groceries
and ask for "Skookum" or some such name, -asparagus.

I certainly do not expect you to send
it free and see no reason why you should. I ap-
preciate your generosity and think it is might fine
of you but still fee that I ought to pay for the last
three crates.

Mrs. Roettinger and the boy have sug-
gested several times that we make a Western trip
this summer and spend two or three weeks at Hermiston
but neither one of them has included any suggestion
as to where the cash is coming from.

Dear Mr. Roettinger:

I have your letter and am pleased to hear that the asparagus came through all right and was edible after it arrived.

I will say, for your information, that our asparagus growers here do not have enough to ship in car load lots and on this account they ship with an association with headquarters at Kennewick, Washington, which is across the Columbia River from Umatilla, known as the 3-Rivers Association. This association ships asparagus in car load lots through the East and I am sure some of it reaches your city, at least it should.

If you happen to note this kind of a crate in your markets, if you will notice the rubber stamped name on each crate, you will be able to determine where it came from and you might accidentally run across some from here.

This is the best outlet the growers have here at this time and will be until such time as they have sufficient to ship by car load lots direct.

I believe we are going to have a good cherry crop in this country and I will keep you in mind when they are ready for shipment and will get some back to you.

The reasons: The baby has been quite sick since early in the month with some kind of a throat trouble that keeps her temperature running up and down very fast. While she seems better at the moment there is no telling how long the improvement will last. Also lack of cash.

Don writes about the possibility of

I was very glad, you may be sure, to receive your letter today. It was really too bad that you didn't come to the big Alumni celebration last week-end. There certainly was big excitement - in fact, more excitement than I can remember ever having seen before in Lawrenceville.

We're all working like the devil now as we only have about ten more days of classes before the school exams. By the way, did you receive the School's announcement of the Commencement? You should have because I told 'em to be sure

and send you one.

You can see bet your boots that I'll come through Cin., if the old man - pardon me - I mean, if Dad will let me. I'm dying to go up to camp again and have a good rest mowing lawns, chopping wood, painting houses, etc.

I don't know exactly when I'll get there - probably about June 26. Exams are over on the 21st but I'm planning to jingle away a few days in New York and maybe go up to Poughkeepsie for the Regatta before I come West. However keep that on the Q.T. as far as Dad goes.

Judge Simon Ross of our local courts, has recommended your place to me very highly.

My family consists of my wife, fifteen year old boy and myself.

I will greatly appreciate if you will reply promptly, letting me know your rates, your accommodations, the attractions of your place, and a circular if you have one.

Our own ideas are that we would like to visit a nice quiet resort on the water, where we can rent small sail boats, outboard motor craft, enjoy good swimming, comfortable beds and a good table. I understand that you operate small cottages. One year we visited a place where we had a very small cottage with tiny bedrooms and small living room, taking all of our meals at the main hotel.

This is about the ideal arrangement in our opinion.

ROUTE

Through train service over both roads operating in Northern Michigan. From Chicago, Toledo and Detroit the Pere Marquette to Traverse City. From Cincinnati and the south the Pennsylvania system to Traverse City. From Traverse City, Fountain Point Hotel auto service to hotel over trunk line M-22 through the cherry and apple orchards. Guests driving through may follow the best route on any of the trunk lines. Splendid roads all the way.

LAKE

Lake Leelanau which in the Indian language means "Land of Delight" describes the lake as picturesquely as language can. Hemmed in on all sides by beautifully wooded hills the picture reminds one of a Swiss Lake. On the west, four miles distant, lies the broad expanse of Lake Michigan; on the east, also four miles away in Grand Traverse Bay, and between these two bodies of water lies the beautiful Lake Leelanau. It is nineteen miles long and from one-half to seven miles wide, emptying into Lake Michigan at Leland. The Electric Light Plant at Leland has promised to aid in keeping the water in Lake Leelanau at a more reasonable level than for some time past.

LOCATION

On high ground on east side of lake, three hundred feet from the water and thirty feet above it. Commands a splendid view of five miles to the southwest over the lake and one mile to the north with the village of Lake Leelanau in the distance. The grounds are extensive (55 acres) and afford a pleasant place of recreation for those who do not care to go far away. Situated in the heart of Leelanau County with its seventy-five miles of water frontage, the air is washed clear of all impurities by the waters of Lake Michigan.

HOUSE

Is one of the most easily reached and attractive resorts in Northern Michigan.

It was established in eighteen eighty-nine and the liberal patronage justifies the extensive improvements made each year. The house has a frontage of one hundred and twenty-two feet on the west or lake side and sixty feet on the north side. A wide porch extends the full length of the two sides mentioned. Spacious lawn in the foreground. Well furnished large airy rooms, electric lighted throughout, large halls, bath rooms, fire escapes, large dining room, 8x12 feet, over-looking lake, separate room for maids and chauffeurs. Post office and telephone in house, telegraph, express office and physicians handy. Telegrams and express packages should be sent to Provenant, the former name of the village of Lake Leelanau. The Ashley System of sewage disposal. The Michigan State Board of health has given this resort its highest approval for cleanliness and sanitary surroundings.

BATHS! BATHS!

The one pressing need to make Fountain Point the ideal summer resort of this section. We have the rest—good location on high ground—better rooms—best table, excellent service. The management takes great pleasure in announcing that bath rooms with hot and cold running water, both lavatory and toilet have been installed in the cottages (seventeen in all) thus locating all the conveniences right at your door. Rooms in cottages may be reserved with or without bath room. The rate will be \$7.00 per week for two persons using bath and \$10.00 per week for three or more using bath room. Also a bath room with hot and cold running water has been installed on each floor of the hotel for use of patrons at a small increase in the hotel rate.

LAUNDRY

A carefully managed laundry on premises conducted by proprietor is electrically equipped, thus assuring clean and well kept clothes. Hand work by competent laundresses, moderate prices. We ask for all your work. Outside parties not allowed to solicit, collect or deliver laundry.

TABLE

Everything in season from the Point farm, and those nearby. Rich butter, milk, cream, white fish and trout from Lake Michigan, brook trout from nearby streams. Special feature of serving "your own catch" in any style ordered free of charge. Individual table service.

FOUNTAIN

Or Mineral Spring is one of the attractions of the place. A geyser rising from a depth of nearly nine hundred feet. Flowing sixty-four years without ceasing. With its rainbow a beautiful sight by day, with its music a sweet lullaby by night. Has medical properties.

GARAGE

On premises for parties driving through. Stalls rent at twenty-five cents a day. Good roads. Autos for hire.

COTTAGES

Twenty in number with from one to five rooms completely furnished. Screened-in porches. Fire place or stove heat. Wood, ice, etc., at cost. They are built with an especial view of the entertainment of families desiring to stay the season, though none are arranged for housekeeping. Cottage patrons have all the privileges of the main house. Meals at hotel.

WATER

Michigan is famous for its sand filtered water and Fountain Point has an abundance of the purest. Analyzed by the State Board of Health and pronounced safe.

AMUSEMENTS

The large living room with its huge fireplace and cozy corners gives cheer for restful hours with hook or needlework. Evening entertainments, card parties, amateur theatricals, concerts, victrola and piano. Men's lounge with its fireplace, pocket and carom billiards, table games and the social pipe, cigars, tobacco and candy on sale. Out of doors, walks

through clean woods free from animals or reptiles, tennis, excellent cement court, lawn bowls, croquet, quoits, horseshoes, base ball and all other summer amusements. Something new. We have added a water toboggan to our amusements this season. Big folks and little folks all enjoy a water slide—absolutely safe—thrills for the on-lookers as well as the coaster. It fascinates them all. Children are not allowed the privileges of the big house at all times. Tournaments in all games and sports for prizes. A counselor, proficient in all sports and pastimes, is to look after the young folks.

GOLF

Within twenty minutes, by auto of the house, a nine hole course. \$1.50 a day to patrons of the house.

FISHING

Best in Michigan. The millions fingerlings planted in 1921 should furnish good results the coming season. A well known fisherman says, "Lake Leelanau is a fine spot for the most particular angler because it is ideally situated for bait casting, fly fishing, trolling and still fishing." The water contains principally the small mouthed red eyed bass as well as the large mouthed variety, the great northern grassy pike (and in some localities the "muskie") yellow perch, rock bass, blue gills and sun fish. The lake is stocked yearly by the State Fish Hatcheries. In June the Michigan Fish Commission is to undertake ridding the objectionable fish, the gar, dog and sucker, out of the lake—this should be good news to the fishermen, tourists and resident alike. Licenses at hotel. Shore dinners and picnic lunches a specialty.

BOATS

Both wood and steel rowboats and launches, all new. Also launches for outboard motors, good condition and safe. Well appointed boat houses. Moderate prices. A large number of patrons own their boats and they are very generous with their invitations to join them in their excursions.

SWIMMING

High dive, spring board, take off and float, good sport for young and old. Clean sandy beach for the kiddies to paddle and splash about.

RATES

\$25.00 per week for adults, \$20.00 for children under 10 years. Table board, \$18.00 per week for adults and \$15.00 per week for children under ten years of age. Day rate \$4.50, with bath \$5.00.

In the woodlands one can roam for days among the maples, beech, birch and cedars forgetful of the busy world outside. Points of interest within short distances are Suttons Bay, the home of the basket weaving industry; Omema, a grand drive of thirteen miles along the shore of Grand Traverse Bay passing through quaint Indian villages; Northport, Cherry Home, the largest cherry orchard in the world; Leland, six miles overlooking the broad expanse of Lake Michigan with the famous Manitow Islands in the distance. Here one can see the deep sea fishers bring in the huge catches of white fish and trout. Glen Lake, 30 miles—the show place of the north.

SUCCESS

Of Fountain Point. During the past twenty-three years under our management many of our patrons have made this their summer home for years. We wish to say that to these friendships we ascribe in a large measure our success. To come once is to linger and come again. The class of people you will meet here will please you. The most discriminating patronage solicited. Applicants for accommodations will please state number of adults and children in the party, number of rooms wanted, date of arrival and length of stay. Make your reservations as soon as possible for your own benefit. A reasonable deposit of \$25.00 on cottages and \$10.00 on the rooms is required on ALL reservations. Tell your friends about Fountain Point. It's the ideal place for the whole family. For reservations address, Albert Meafoy.

Dear Sir:

Thanks for your letter of July 22nd enclosing circular. Everything sounds very attractive and I find that you have lots of friends in this city.

Our plans are extremely uncertain but we do go to Fountain Point, it is highly probable that we shall arrive some time afternoon of August 15th and remain until the morning of September 2nd.

Do not make any reservation for us until you hear definitely. Assuring you that I shall write just as soon as know anything definite, I am

Mr. Frank Horton,
H. F. Bar Ranch,
Buffalo, Wyoming.

My dear Skipper:

One of my very warm friends who is a prominent and high-class lawyer here in Cincinnati, is anxious to spend the summer on a Dude Ranch and I have been talking his arm off about your place. I do not believe that I have been extravagant in its praise, but have told him just exactly what conditions are out there.

There will be simply himself and his wife in his party, and I have suggested to him that if he decides to go to the H. F. Bar that he try to get one of the small room cabins, in fact, I am sure the one that Mrs. Roettinger and I had would answer his requirements perfectly.

He is a man about my age, possibly a little older, and I am sure that he and his wife are just the sort of people you would like to have on your ranch.

His address is First National Bank Building and I will appreciate it if you will send him some literature.

In closing let me express my warm regards to Mrs. Horton, the boys, Harry and all the rest of the old crowd who may still be with you. In this Mrs. Roettinger joins me.

Sincerely yours,

My dear Judge Roettinger:

In response to your letter of June twenty-fifth, I am sending under separate cover a copy of our latest catalogue with which you will find the usual application blank.

In preparation for our class which is two years away from college, Philip should prepare for College Board examinations in Caesar; French, Cp. 2 (for which we give three years of French); and Algebra through Quadratics. He would also be required to take our own examination in English for admission to the Fourth Form. Inasmuch as most high schools do not prepare very well for the College Board examinations, it would be my suggestion that you send Philip to us this year. Dr. Abbott, himself, is in Europe at this time but I am sure he would suggest the same thing. I should be glad to have your reaction to this suggestion. In any case, I suggest that you make application at once as our lists are already quite long for future years.

In looking through our files, I do not find that Sanford Brooks and Evans F. Stearns, Jr. have been registered.

If I can be of any further service, please let me hear from you.

Very sincerely yours,

Dear Judge Roettinger:

Thank you a great deal for your cordial letter of 18 July, and for saying the good word for H F Bar to Mr. and Mrs. Walter M. Locke.

I wired them today and am sending them by this same mail a letter with fuller particulars and booklets and cards of both H F Bar and Paradise Ranches. If they do come to us you may be sure that Mrs. Horton and I will take dandy good care of them and will see that they have the finest kind of a ranch experience.

It would be great if you and Mrs. Roettinger could make it out west for a while again this year. Certainly Mrs. Horton and I would be delighted to have you. If you find that you can get away, if only for a few days, just drop me a wire knowing that I will turn the old ranch upside down if necessary to make available desirable space for you.

With best wishes to you and Mrs. Roettinger, in which Mrs. Horton joins me, I am

Mr. F. B. Swaze,
First National Bank,
Hermiston, Ore.

Dear Mr. Swaze:

Your letter came in Saturday morning and was the first intimation I had had to the effect that Sam was ill.

I immediately planned to drive up to Russell, which is about one hundred miles away, Sunday afternoon, but Saturday it occurred to me that perhaps it would be well to telephone first. I talked to Sam's sister, who told me that there was no use in my coming, as Sam was too low to see anyone and in fact there was no hope whatever for his recovery.

Sunday evening I received a wire stating that he had died at four o'clock that day. The funeral will be tomorrow afternoon and if possible, Mrs. Roettinger and I shall drive up.

I know that his passing will be a great loss to Hermiston as, not even excepting yourself, I considered him Hermiston's most outstanding citizen, especially since Colonel McNaught's death.

As to the business matters contained in your letter, Mr. Rielly and I expect to have a conference one day soon, after which I shall write you.

Mr. Albert Meafoy,
Fountain Point,
Lake Leelanau, Mich.

Dear Sir:

On August 11th I wrote my friend, Judge Ross, who was then at your place, telling him to make reservations for me, knowing him so intimately and knowing that he would be able to pick out exactly what we would want, better than anyone who was not familiar with our tastes.

I told him that if it is possible for us to have a small cottage to ourselves, we would prefer that arrangement, but that, rather than share a cottage with some other family, strangers to us, we would prefer to be in the hotel. I also sent him a check to your order in the sum of twenty-five dollars.

Last night I was surprised to have him phone me stating that he was at home and that this letter had not reached him before he left.

I therefore wired you this morning as follows:

"Arrive Sunday, afternoon. Three in party.
Have sent check."

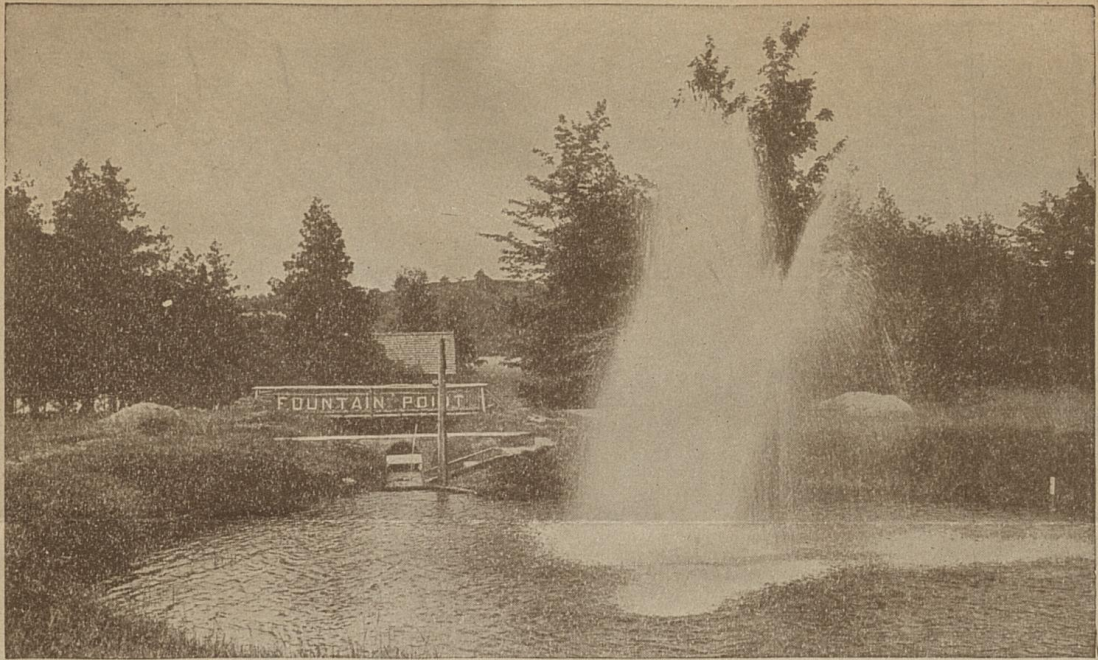

I enclose herewith another check to your order in the sum of twenty-five dollars and as indicated by the wire, Mrs. Roettinger, our boy and I shall arrive sometime Sunday afternoon.

We will want two rooms and from what Judge Ross says, we probably will be better satisfied with these rooms in the hotel unless, of course, you have a cottage small enough for our purpose.

Very truly yours,

My dear Judge:

Your letter of September 29 in answer to my letter of September 24 was duly received. I trust that you and Mr. Nadoud will not misunderstand my purpose in writing to you with reference to property in San Fernando Valley belonging to my client, Mr. Griffith. I am entirely a disinterested party trying to render a service to Mr. Griffith and Mr. Nadoud.

I am glad to know that your father and mother are expecting to come to California this winter. I hope I shall have the privilege of seeing them again and for a longer period than last time. May I now extend the invitation to your father and mother through you that they have dinner with me and probably a day's automobile sightseeing?

I am also glad to know that they are planning a trip to Honolulu. My daughter graduated from college the last of June and Mrs. Thomas, my daughter, and I took a trip to Honolulu. We enjoyed it very much. May I give some suggestions to your father and mother concerning the Honolulu trip? If they are intending to go over the Los Angeles Steamship Company's line, then be sure to be routed on the ship "City of Los Angeles". I would suggest both ways on the "City of Los Angeles". Above all do not have them make their trip either way on the "Cala-waii". We returned from Honolulu on that boat and it was miserable and the service was terrible.

While we were in Honolulu we stopped at the Niunali Hotel. It is located in a cocoanut grove, is very attractive and very quiet, and is a series of bungalows. I would also suggest the Moana. Tell your father that I saw Judge Tom Darby in Honolulu and he no doubt can give your father much information. Suggest that they take the trip to Hilo and visit the volcanos. Be sure and do not have them take the inter-island steamers, but take the big steamers. Have your father write to me and I shall be glad to give him any further information I can.

Dear Dean:

Father, Ethel and I want to know how very much we appreciate your beautiful telegram and the flowers which you sent. You know without my saying so how very fond Mother was of you. She always consider such fellows as Parker, Heine and yourself as second sons and I know that you always considered her house as your second home.

You will be pleased to know that she was ill a matter of only a few hours and that her final passing was very peaceful. Her immediate death was caused by heart trouble although so far as we know she had not suffered from heart trouble before. She and Father had been married 51 years last Wednesday and inasmuch as she was nearly 78 years old and had lived an active, full life, perhaps everything turned out for the best. Father is completely prostrated but as you know he is a man of tremendous religious convictions and we feel confident that he will pull through.

Ethel and I expect to have him spend his remaining days with us as it is out of the question for him to live alone particularly in view of his defective hearing. He also has been very fond of you and he and Mother appreciated to the utmost the many courtesies shown them while they were in Salt Lake.

I think it would give him a great deal of pleasure if you were to write him direct rather than write me.

With warm regards to you and Aleene and the children in which Ethel joins me, I am

Sincerely yours-

Dear Ret:

I am glad to learn from your letter that, as your Mother had to go, she was not ill long and did not suffer. There is compensation in that as I know from every such experience in my own family.

Personally, I was inexpressibly shocked, for I deeply appreciated her and your father's kindness to me. Nor need I tell you that I fully reciprocated *these feelings*. Aileen and I have said to ourselves a dozen times how glad we are that we were able to spend a pleasant two days here with them not so very long ago.

I am trying to write your father.

About Don: He's been up in the air about his schooling, and I have refrained from writing you until he was more settled. After being accepted, for his own reasons he preferred not to go to Princeton and wanted to go to Stanford. (The West in his blood, I suppose). It was then too late for him to get in Stanford in September. Not wishing him to loaf away a term, he entered the University of California at Berkeley in the interim. He has now been accepted for Stanford in January but prefers to stay at Berkeley. He is here now and we are talking it over and where he will end is more than I can guess right now. Have about decided to wire Dr. Abbott and get some dope from him.

We've had a most unpleasant experience lately. The baby took diptheria and between her and the maid (who caught it), we were quarantined over six weeks. I lived at the Newhouse Hotel and Nancy at Rowland Hall, the girls' school she attends. Just over it now, however, thank goodness.

With kindest regards *And seasonable greetings* to you all,

Most sincerely,

I often wish, in writing such a letter as I want this to be, that I could say just the right thing; but I always feel how utterly I have failed to express my real sentiments - and it is especially so to you & your father. In your father's letter - he says - that they had been married fifty one year - and always in perfect harmony - and may I express this thought - in the hope it may be of comfort & solace to your father & you.
