Roamin' the Rialto

with Thomas L. Riley

Next week's rialto is certainly well supplied with entertainment. We have the initial talking pictures of two of the most prominent stars and a return engagement of the picture that broke Lexington attendance records.

The laugh of the week was created by the recipient secretary of the Glee Club's presentation of "East Lynne" in Millersburg by the populace of that city. It has been reported to me that the natives took the grand old hokum in a serious light and, instead of laughing, broke out in profuse tears. The east must have had a splendid time.

Perhaps the most significant motion picture of the year is "Anna Christie", Greta Garbo's debut of the audible screen, which will open at the Strand tomorrow night at a 10:15 premiere. A trilogy of important names enhances the production. With Miss Garbo at the star, Metro-Goldwyn-Mayer selected the play of Eugene O'Neill to be made under the direction of Clarence Brown. These names should guarantee genuine drama. "Anna Christie" was made as a silent picture about six years ago with Blanche Sweet in the title role. Another good thing that he said of the talking version is that Charles Bickford, the miner in "Dynamite" and the "bad" man in "Hell's Heroes", is seen in support of the star. You should see "Anna Christie" but leave the children at home.

Simple: As clumsy as the projection at the Kentucky theater.

Warner Brothers have made two good pictures. I'll admit that this ought to be noted by Ripley but I think he could prove it with "Dinero" and "General Crack". John Barrymore's first talker which opens at the Kentucky tomorrow. This effort of the big love-and-profile man of the movies has been acclaimed everywhere it has been shown as being outstanding and some writers that think less of Warners than I do break down and confess that "General Crack" is splendid entertainment. The picture was directed by Alan Crosland who made "Dust of Dawn" and the supporting cast includes Marion Nixon and Armida. The last named is a recent importation and is said to be plenty capable if you get what I mean.

Bruce Balfour Evans, the author of "Scarlet", the spring production of Strollers, admits that he has passed for growing whistlers, buying swords, and writing lengthy letters. Rather unusual, don't you think?

"Sunside Up" will be given a return showing in Lexington starting Sunday at the Ben All. Quite a number of people have informed me that they are going to see it again which doesn't surprise me in the least after having witnessed long lines standing out in the rain when the picture played at the Strand last month. Personally, I should like to see the "Turn on the Heat" episode again but as far as the rest of the picture, particularly the singing of Janet Gaynor and Charles Farrell, I think I will stay at home and swing on the chandler.

Mr. James Chapman will make an inspection in the near future of the societies of Cask and Blade, national military fraternity, located in the fifth corp area. Mr. Chapman holds a commission in the reserves and is acting as assistant inspector in this area.

Dr. McVey Lists Graduate Aids Scholarships and Fellowships Are Available at Many Universities.

In a statement issued from the office of President Frank L. McVey this week, graduate students were urged to take advantage of the many scholarships and fellowships offered by the various colleges and universities over the country. Students interested in obtaining such aid are requested to call the office of the president, Dr. McVey said.

A list of the scholarships and fellowships follow: University of Pennsylvania: For men, 3 fellowships, one \$1500, two \$1000; 5 fellowships, \$900 to \$500; for men and women, 7 scholarships of \$200 to \$250 and 30 scholarships carrying exemption of tuition fees.

University of Oklahoma: Fellowships \$300 to \$750; Research scholarships \$150 to \$250; Scholarships of free tuition; Graduate assistantships of \$600 to \$800.

Western Reserve University: Fellowships and scholarships which are from \$500 to \$1200; Assistantships, several.

University of Virginia: 20 fellowships of \$300 to \$360; 12 fellowships \$500 each; 12 fellowships at \$750 to \$1200; 1 Chemistry fellowship \$750; Several others in various departments from \$200 to \$600.

American University: 1 fellowship of \$1500 in each of the following departments: Philosophy, International Law, History, Constitution Law and Government, Economics, Psychology.

Carnegie Endowment for International Peace: 1 teacher's fellowship for international law or allied subjects, \$1500; 1 teachers' fellowship for study abroad \$1800; Several at \$1000.

Northern University: In the school of commerce 12 fellowships and scholarships at \$200 to \$1000; In the Institute for research in Land Economics and Public Utilities, 11 fellowships and assistantships at \$600 to \$1500; In the bureau of business research 2 assistantships at \$650; In the department of economics, 7 assistantships at \$400 to \$800.

Fellowships and scholarships in the social sciences for southern students, \$500 to \$750. Address Will A. Alexander, 409 Palmer Building, Atlanta, Ga.

Yale University: 4 fellowships at \$1200; in Government and Political Science; Several others at \$250 to \$2500.

University of Wisconsin: 40 fellowships at \$750 to \$1000; 25 scholarships at \$250; 280 assistantships at \$600 to \$800.

Oberlin College: Several fellowships at \$500 per year.

University of Cincinnati: Fellowships and scholarships in most all departments at \$500 to \$700. Also a number in medicine and surgery and related subjects at \$200 to \$1000.

American-Scandinavian Foundation: Traveling fellowships at \$1000 each for graduate study in Sweden, Denmark and Norway, in most all departments.

George Washington University: Teaching fellowships at \$600.

Stanford University, California: 30 fellowships. Apply to the Registrar, Stanford University, Calif.

Law Council Names New Class Officers

The Executive Council of the College of Law, an organization for the purpose of maintaining a better organized Law school, which has recently been organized by the Henry Clay Law society has elected the following class representatives: J. C. Bagwell, first year; Charles Reindinger, second year; and A. Joe Asher, third year. These men see to the organization of their respective classes.

The Henry Clay Law society met at 7:30 o'clock last night in the Law building. Several bills of interest were up for discussion, one of which provided for four years of compulsory military training at the University, instead of two years. This bill was brought up by Henry Stamper, and at press hour a heated argument was taking place.

INCOME TAXES ARE SUBJECT OF COMMERCE PROF.

Professor James W. Martin, Director of the University of Kentucky Bureau of Business Research in the College of Commerce, has just announced the results of an investigation of state income taxation in the United States. Several findings are of general interest to the people of Kentucky, especially in view of the bill recently introduced in the General Assembly to provide for an income tax in the Commonwealth of Kentucky.

The study indicates that prior to 1929, fifteen states imposed net income taxes, while four or five states adopted similar measures in the year 1929. The report concerns itself mainly with the older laws, mentioning the recent ones only by way of indicating the growth of income taxation.

In the first division of the study, Professor Martin shows why practically all tax students have agreed that income taxation is not unfair. Some of the arguments considered are: The tax falls largely on those who otherwise pay little direct tax to the Commonwealth; it is possible by this means to offset the heavier rate of taxation now borne by relatively small taxpayers by graduated rates; the administration is reasonably economical; the incidence of the tax is clearly on the taxpayer; and the tax automatically provides a fair type of tax exemption for new businesses, that is, it applies only after the business is earning an income. Two objections to income taxation are pointed out: The revenues are likely to fluctuate considerably and there are certain types of evasion which are difficult to prevent. It is pointed out that the argument that income taxation prevents or checks industrial development has been shown to the satisfaction of the Wisconsin tax commission and legislature to be unfounded. The failure of the National Industrial Conference Board, national manufacturers organization to find any evidence that income taxation checked industrial progress is cited.

The report indicates that large sums are raised by means of income taxes in the various states that impose them, except in the case of Oklahoma, where the exemptions are unusually high. For example, during 1928 North Carolina raised by this means \$3,196,000, South Carolina \$2,263,000, Virginia \$3,429,000, and in 1928 Wisconsin produced \$17,884,000. It is estimated that if income taxes at usual rates were employed by the Commonwealth of Kentucky, about 4,000,000 of revenue might be expected after two or three years of operation.

KNAPP LISTS HISTORY DATA IN CATALOGUE

Dr. Charles M. Knapp, associate professor of history at the university, has prepared a catalogue of material that is of advantage to students of American and Kentucky history. In it are to be found works that are available in the libraries of Central Kentucky. Dr. Knapp is being assisted by T. J. Clark, university graduate student.

The purpose of this organized listing is to prevent history students from having to make personal research work when examining old manuscripts. The project is being financed by the University. Reference will be made to the use of students from any university.

This survey is similar to one being planned by the Library of Congress, the purpose of which is to locate in Kentucky very old historical documents. Dr. Knapp started his research work in the Lexington public libraries and then moved over to Transylvania college. Both these libraries are considered to be among the oldest in the West. Libraries of Georgetown and Centre colleges, Kentucky Wesleyan, the library of the State Historical society, the Kentucky State Library at Frankfort, and the University of Kentucky Law library were investigated under Dr. Knapp's supervision.

Delta Tau Delta Grabs Lead In Intramural Race

ATO AND SAE ATHLETES RISE

Deltas Take Honors in Boxing and Wrestling To Reach Totals of 295 Points; A. T. O.'s Second in Participation With 270

By LAWRENCE CRUMP

The recent boxing and wrestling tournament conducted by Sid Robinson's intramural department caused quite a shake up in the race for the participation cup now in possession of Sigma Alpha Epsilon.

By scoring 77 points in boxing and 35 in wrestling Delta Tau Delta reached a total 295 points to lead the A. T. O.'s by 25 points. The S. A. E.'s are in third place with 242 points but have not been given credit for points gained in fall tennis where they are represented in the finals by Bill Kelly. Sigma Nu nosed out Sigma Chi for fourth place by 10 points.

The fraternity standing according to Robinson's records are as follows:

Delta Tau Delta	295
Alpha Tau Omega	270
Sigma Alpha Epsilon	242
Sigma Nu	132
Sigma Chi	122
Phi Kappa Alpha	94
Lambda Sigma	90
Kappa Sigma	82
Phi Delta Theta	72
Sigma Beta Xi	59
Alpha Gamma Rho	57
Kappa Alpha	34
Alpha Sigma Phi	34
Phi Sigma Kappa	29
Phi Kappa Tau	26
Tyler	22

Points scored by the fraternities in boxing and wrestling:

Fraternity	B	W
Lambda Chi Alpha	75	1
Alpha Gamma Rho	42	2
Alpha Tau Omega	44	63
Alpha Sigma Phi	11	1
Delta Chi	11	1
Delta Tau Delta	77	35
Kappa Alpha	15	4
Kappa Sigma	15	4
Phi Delta Theta	2	35
Phi Kappa Alpha	35	14
Sigma Alpha Epsilon	14	1
Sigma Beta Xi	2	3
Sigma Chi	4	2
Sigma Nu	1	0
Phi Sigma Kappa	5	1
Phi Kappa Tau	1	14
Triangle	—	—

Fraternity and independent basketball is under way and the first round has been completed. Alpha Phi won two games, beating the Triangles, 22-15 and the Sigma Beta Xi, 22 to 14. Lambda Chi Alpha celebrated its installation by beating the Alpha Gamma Rho, 16 to 13. Delta Tau Delta also won two games. Coach Trot's boys defeated the Kappa Alphas, 20 to 6, and the A. T. O.'s, 16 to 6. Delta Chi defeated Sigma Chi, 32 to 10, and Kappa Sigma, 28 to 10. Phi Kappa Alpha dropped two, losing to Sigma Chi, 19 to 9, and S. A. E., 18 to 10. Kappa Sigma defeated the Sigma Beta Xi, 6 to 5, and the Sigma Nus swamped Phi Sigma Kappa, 30 to 13. The Phi Deltas doubled the score to win from the Phi Taus, 24 to 12. Mr. Ripley, of the famous "Believe it or Not" column, might be interested in the game between the Fallen Arches and the Demons in which the former won out, 22 to 0.

Funkhouser Inspects Kappa Sig Chapters

Dr. W. D. Funkhouser, Dean of the Graduate School of the University, is visiting the Kappa and Omega Chapters of Kappa Sigma social fraternity at Vanderbilt and Sewanee respectively. The visits are for the purpose of making a general inspection of scholarship, student activities, and general moral that prevail at those chapters.

Dr. Funkhouser is Grand Master of the district of Kappa Sigma that includes Kentucky and Tennessee and it is his official duty to make regular tours of inspection to the chapters of the fraternity in these two states.

Coach Bernie Shively Moulding Kentucky Thinlies Tour Tourney

By BILL LUTHER Things are looking on the up out on the old cinder track that circles the Big Blue fair on Stoll Field. With Ole Man Sol beaming his pleasure down on them, and Coach Bernie Shively putting them through their paces, several lettermen and a galaxy of aspirants for Southern track and field honors are toiling away each afternoon to keep the Wildcats track team in the running with other major sports.

As an incentive to the efforts of the lovers of the Olympic pastime a chance will come to put U. of K. on top in the Tech relays and Southern Conference meet to be held in May. Due to former success in the relays sponsored by the Golden Tornado school, Coach Shively is placing quite a bit of attention toward the development of these fast boys. Coach Shively is the mile, the two-mile, and the sprint medley.

The nucleus around which the relay teams are to be built, is made up of a group of lettermen headed up by Coach Shively's veteran, Wayman Thomason. Thomason, the winner of the intramural cross country run last fall and Clyde Jones are two young men who will make several points for U. of K. this spring.

In addition to the men who are already taking advantage of the beautiful weather will be a number of practice on March, include: "Poppy" Forquer, "Babe" Wright, Bob Baughman, "Shipreck" Kelley, Bo Meyers, Ken Andrews, J. Cavana

Millersburg Sees "East Lynne" Played

The Guignol Actors, under the direction of Prof. Frank C. Fowler, presented "East Lynne" to a capacity house at the auditorium of the Bourbon County high school at Millersburg Tuesday night. The play was reproduced in the same manner that it was presented at the Guignol Theater last week, where it attracted large audiences for six consecutive nights.

Although the performance was accepted more seriously in the Bourbon County city than the actors had anticipated, it was a marked success and was acclaimed by the citizens of Millersburg as one of the best performances that they have witnessed in a number of years.

The entire cast made the trip by automobiles and returned to Lexington immediately after the performance. Cosumes were carried with the cast but stage sets and scenery were furnished at the Millersburg theater.

BLACK WRITES ARTICLE Dr. Forrest R. Black, of the College of Law, has an article entitled: "An Ill-Starred Decision—Lambert vs. Yellowley," in the February issue of the Cornell Law Quarterly.

It deals with questions on the infringement of the citizens' rights in regard to the prohibition amendment. Dr. Black has written a great deal of late on this question, and has had articles in several of the leading law reviews throughout the country.

The man who believes in safety first always spills a little on the bar to see what happens to the varnish. completes about half its work. This country accomplishes one and a half times as much per person as Canada, and nearly as much as China.

By calculating the relative amounts of actual horsepower generated by men from the food they eat and by machines from the fuel and water power they use, Dr. Read has arrived at his conclusions regarding their relative leading countries. He also reveals that China and India are first in the amount of work done without the aid of machinery, but are far behind the United States, Great Britain and Germany in the work done by man with the aid of power machines.

For instance, the labor done by men and machines together in this country equals the manual work that could be done by ten times the number of men in the United States. The Platinian.

Wildcats Beat Panthers Here In Close Game

Led by the angular George Yates, who was making his debut at the center position, the Wildcats trounced Kentucky Wesleyan, 32 to 20 in the Euclid avenue gymnasium Tuesday night after a much harder fight than anticipated. The Panthers displayed class that dimmed that of a number of Southern Conference teams met by Kentucky this year.

The lineup follows: Kentucky (32) Yates, c. 4 1 3 2 8 Little McGinnis, f. 2 5 4 3 8 Combs, f. 2 4 2 2 6

Wesleyan (20) Albert Pearce, of Hiram, Ohio, was elected president of the Graduate Club of the University at a meeting held in McVey hall last week. Florence Crowder, of Lawrenceburg, was elected vice-president and Guy Stone, of Lexington, was made secretary of the organization.

The club voted to have a banquet at some time during the commencement season and appointed the recently elected officers as an executive committee to arrange for the affair. Dr. W. D. Funkhouser, Dean of the Graduate School, made several announcements regarding the dates for tests and examinations.

Athletic Council Sues for \$1,396.50

The athletic council of the university filed suit in the Fayette circuit court Thursday afternoon against the Citizens' Insurance Company, of Missouri, for \$1,396.50. The legal action was taken to enforce payment on an insurance policy that the council purchased from the defendant company to insure the gate receipts of the Kentucky-Tennessee football game. The policy insured the holders against rain, snow or sleet and is alleged to have guaranteed gate receipts to the amount of \$3,000.

The policy, filed with the petition, covered tickets sold at the gate on the date of the game. According to the athletic council, receipts from this source were only \$1,603.50. The court was asked to require the insurance company to pay the difference between that amount and the \$3,000 guarantee.

PEARCE HEADS GRADES Albert Pearce, of Hiram, Ohio, was elected president of the Graduate Club of the University at a meeting held in McVey hall last week. Florence Crowder, of Lawrenceburg, was elected vice-president and Guy Stone, of Lexington, was made secretary of the organization.

The club voted to have a banquet at some time during the commencement season and appointed the recently elected officers as an executive committee to arrange for the affair. Dr. W. D. Funkhouser, Dean of the Graduate School, made several announcements regarding the dates for tests and examinations.

Kentucky Defeats Georgia Bulldogs

With Stanley Milward injured in the first few minutes of play, the Kentucky Wildcats ran wild through the Georgia Bulldogs in Lexington last Saturday night to chalk up a 36 to 23 victory. Coach Johnny Mauer sent in his wrecking crew in the last four minutes of play after the varsity had completely sunk the Georgians.

Lineups follow: KENTUCKY (36) Player FG FT FM PF TP Combs, f. 2 1 0 2 4 Yates, c. 1 0 1 2 8 Little McGinnis, f. 3 7 5 0 11 Owens, f. 0 0 0 0 0

Georgia (23) Player FG FT FM PF TP Palmer, f. 1 4 0 0 6 Terrell, f. 1 4 0 0 6 Sanford, f. 2 1 3 1 1 Moran, f. 1 0 1 0 0 Smith, c. 3 2 1 3 7 Anderson, g. 2 1 4 3 3 Pile, g. 1 0 0 1 1 Martin, f. 1 1 0 0 2

Referee—Lane, Cincinnati. Time of halves—20 minutes.

Fresh Track Practice Will Open In March

Coach M. E. Potter is not expected to issue the call to the freshmen thinny fliers and weight men until about the third week in March. At that time some of the best track and field men ever to enroll at U. of K. are expected to turn out.

Frank Seal, who hails from Big Stone Gap, Va., with the 2500 shot put record, will again be seen in a Kitten uniform. Tuttle, Tracy and Bill Humber are other good men at the weights. Little is known yet of the other events except that John Chapman, George Bickel, Ray Woolridge and Malcolm Foster showed plenty of pep on the gridiron last fall and are expected to be on hand at the beginning of track practice.

Peter Potter's Men Defeat Blue Devils

Coach Peter Potter's Kentucky Kittens had a hard time nosing out the Lexington high school Blue Devils in the Euclid avenue gymnasium last Monday night, 22 to 15. Jackson, flash freshman forward, led the individual scoring with nine points. Pike, Blue Devil guard, played an excellent brand of ball at guard, covering Darrel Darby with such efficiency that the Kittens forward was able to ringcup only one field goal on a fast break play.

Lineups follow: U. K. KITTENS (22) Player FG FT FM PF TP Jackson, f. 3 7 1 9 9 Darby, f. 1 1 1 2 3 Sale, c. 2 1 1 1 3 Johnson, g. 2 1 1 0 5 Worthington, g. 1 0 0 0 2 Riffe, f. 1 0 0 0 0

Lexington High (15) Player FG FT FM PF TP Neal, f. 2 0 0 4 4 Foley, f. 3 1 0 0 6 Kercheval, c. 0 1 0 1 0 Pike, g. 2 1 0 3 4 Bigerstaff, g. 0 1 1 2 1

Referee: Hansen, of Kentucky. Time of quarters: 8 minutes.

ANYWAY WE ARE NOT LAZY

The world's richest and most powerful nation is also the world's hardest working nation. How far Japan exceeds other countries in his output of labor is shown by Dr. Thornton Reed, professor of mining at Columbia University, who estimates after careful study, that the United States, with one-sixteenth the population the world.

Spring Football Practice Gains Steam Under Scrimmage Pressure

By Elbert McDonald
With 44 candidates out for spring practice and nine yet to report from the two basketball squads, the preparation for the football team seems ever to represent the University of Kentucky on the gridiron is well under way with scrimmage being the order of the day.

That Coach Harry "Gloomy" Gamage is not so gloomy over the outlook for a winning team next fall was evidenced when he let the boys take the afternoon off last Saturday because of snow and rain, a thing unprecedented in the regime of Gamage and Shively at Kentucky which really dates the beginning of Kentucky teams in the Southern Conference.

Although spring practice has always been part of the program for football teams at the University, it remained for Coach "Gloomy" Gamage to give it its real importance. The matter of spring practice is comparatively new in the Southern Conference and only in the last three years has much stress been laid upon the importance of football practice at this time of year.

For the first time in the history of athletics there will not be a single position on the team. Some of the outstanding candidates to take care of any position he other than those already mentioned are Humber, Greathouse, Tuttle, Hoggins, Mastianis and Droaker, line material. Darby, Kreuter, and Wilder will make their bids for positions while Johnson, Foster, Woodruff, Bicket, Tucker, Chapman, Boardman, Wilder and Luther will furnish plenty of competition for a place in the backfield.

The spring practice is being given over to blocking, tackling, formations, and general fundamentals with about two hours of scrimmage each day to iron out the fundamentals given by the boys by the coaches and for the smoother execution of the plays.

Kentucky made an enviable record in the Southern Conference last year and will make its first real bid for Conference championship honors when the season rolls around in September. With the Gamage, Shively, Mauer, and Potter in the pilot house, and Floppy Kreuter at the controls, and the good ship Kentucky is really going to crash through next fall.

Do you believe in "LUCK"? That you called in LUCK? I should say I do! It's a wonderful force! I have watched the successful careers of so many lucky men, to doubt its existence and effect is to court disaster. You see some fellow reach out and grab an opportunity that the other fellows standing around had not realized was there.

Having grabbed it he hangs on to it with a grip that makes the jaws of a bulldog seem like a fairy touch. He calls into play his breadth of VISION. He sees the possibilities of the situation, and has the AMBITION to desire them, and the COURAGE to tackle them.

He intensifies his strong points, bolsters his weak ones, cultivates those personal qualities that cause other men to trust him and to cooperate with him.

MILWARD AND SPICER LEAD IN 'CAT SCORING

Stanley "Spooks" Milward and Carey Spicer, center and forward on the Wildcat submarine squad, led the individual scoring of the Kentucky team prior to the Wesleyan game with 89 points each. Milward was leading by a comfortable margin before leaving the Georgia game with injuries.

Complete figures on the 11 games played in Lexington including the Georgia game have been compiled as to the showing of each individual in each department of play. The statistics follow:

GERMAN SCIENTIST AND CO-WORKER LIVE ON PACIFIC ISLAND IN SELF IMPOSED EXILE AND STUDY NATURE

On an otherwise uninhabited island in the barren Galapagos group in the equatorial Pacific, a German scientist and a woman co-worker are living in self imposed exile. They have been on the island for several years, living on such fruits, fish, turtles, and animals as they may find. None of their food will be cooked.

Commander Eugene P. MacDonaid, Chicago sportsman, found them some time ago as he cruised with scientists on his yacht Misspah. He radioed to the United States that he had discovered a man and his wife stranded on the island, neglected by a relief ship that was to bear them fresh supplies.

Inquiry among Ritter's associates threw new light on the strange adventure. He went to the island of his own volition saying that he wished to study on himself certain theories of nutrition. He had also another motive. He hated civilization.

After reading Sinclair Lewis' "Arrowsmith" he decided to flee to seclusion as did Lewis' hero. He desired only to be entirely alone, a companion willing to share years of solitude with him, and found her in a woman researcher.

Before leaving, Ritter had all his teeth removed, to guard against the possibility of a toothache away from civilization. He equipped himself with false teeth. He and his comrade left Germany in July, 1930, after the "Robinson" but leaving off the Cruise. The two landed first at Charles Island, the only really populated island in the Galapagos group. Later, however, they selected an uninhabited island because they feared that contact with the Charles residents might lead them to abandon their plans prematurely.

Ritter is 45 years old. He is described by his friends as an "earnest, courageous scientist."

ENGINEERS TO HEAR LYLE
J. Irvin Lyle, of Newark, New Jersey, prominent graduate of the University, and widely known authority on air conditioning, will talk to the engineering students in Memorial Hall, February 26, on the topic "Make Every Day a Good Day". Mr. Lyle graduated from the College of Engineering in 1896, formerly acted as a trustee here.

ANOTHER TUNE
Gentle—Whose was dot oboe I saw you mit las night? Collier—Vr, dot vos no oboe, dot was my life.

Conference Standing

Standings of the 23 teams in the Southern Conference for the week ending February 15, were released by conference officials as follows:
Team Won Lost Pct.
Alabama 9 0 1.000
W. & L. 9 0 1.000
KENTUCKY 8 1 .889
Duke 7 1 .875
Tennessee 7 2 .778
Sewanee 5 2 .714

A. T. O'S. PLAN BANQUET
Approximately 100 members of the A. T. O. fraternity will attend the Alpha Tau Omega Founders' day banquet Saturday night, March 15 at the Lafayette hotel. J. H. Callaway, president of the Kentucky chapter, will preside and the program will be made up of speeches by the alumni, actives and pledges of the chapter.

MARTIN VISITS CAMPUS
A. R. Martin, official representative of the Standard Oil Company of New Jersey, visited the university on Tuesday, February 18, for the purpose of securing men from this year's senior class to enter the employment of the Standard Oil Company immediately following graduation.

Milward Injured

Stanley "Spooks" Milward, erstwhile center on the Wildcat basketball team, has been hobbling around the campus this week on crutches with his leg in a plaster cast at the option of Dr. Marmaduke Brown. Milward, who has a senior, has played his last basketball for Kentucky as the injury will not be healed in time for him to return to the squad. Milward dislocated his knee on the first scoring play in the Georgia game when Cecil Combs emerged from a pile up of players to boost in a crisp shot. Milward, buried under the players, could not rise. He tried to rise in the game but the knee failed him and he was sent to the hospital room of Trainer Mann. Carey Spicer was sent in at the center.

Milward probably was the most accurate shot on the team, having made 15 of 19 efforts at free throws and turning in 27 field goals in 11 games.

HERE'S NO LET UP!
THERE'S no let-up in the crescendo of Will Osborne's popularity as a vocalist and polished dance-maker. That's probably because there's no let-down in the excellence of his performances—take his newest Columbia record, for instance. In this latest release, the pep-purveyor of New York's Park Central Hotel gives you a snazzy fox trot and the waltz hit of a big talkie. Hear it today, and these companion numbers too . . .

To pipes, Men, to Pipes!
TRADITION has it that ye shall know the fellowship of pipes with seasons, masculine, mellow men of every age and degree. Some try to join this brotherhood, yet fail, and are absolved as born to pipeless lives. But honest effort is required—each man's own test with good tobacco in a good pipe. That is the formula. Both pipe and tobacco must be good. The pipe must be pure of bowl, and the tobacco must be—
Well, Edgeworth, if you'll permit—good old Edgeworth, Class of '04. Tried Edgeworth yet? Now's your chance! Use the magic coupon, and we'll rush right back to you a free-for-nothing packet of genuine Edgeworth to fill your good pipe with.
Edgeworth is a careful blend of good tobacco—selected especially for its smooth, mellow and never-overcharge. It's the "right" pipe tobacco, where in two forms—"Pipe Blend" and "Pip Blend"—it's the best package to pound lumber in.

**Board of Student Publications
Announces Complete By-Laws**

1. The Board of Student Publications (hereafter called The Board) shall be composed of ten (10) members who shall each serve for the term of one year, the present Board being in effect the remainder of the session 1929-30. The Board shall annually be composed of the following members: The president, vice-president, and secretary of the University Men's Student Council; the president and vice-president of the University Women's Self-Governing Association; the president, vice-president, and secretary of the Junior Class; and two faculty members from the Department of Journalism. The student members shall automatically become members of the Board each year upon assuming the duties of their respective offices in their organizations. The faculty members shall be appointed each year by the Head of the Department of Journalism.

SQUIRREL FOOD

C. E. Barnes
Well, now that we've helped Tom Riley dispose of his fan mail, and read our one letter for the week, we can again become slaves to our "dear" public and grind out the usual assortment of witless wisecracks.

We can't help but admire the bravery of the editor down at Virginia Tech when he openly admitted that a great deal of good is to be gotten from "bull sessions" for a long time we've been of the opinion that some of the most valuable bits of information that we've secured in college have been through the medium of information gained in this happy way of spending time.

Perhaps after all there is an excuse for sessions of various types. Psychologists tell us that we forget about seven tenths of what we learn, and I sometimes think that they are about three-tenths wrong) so much of the material that we learn will never be of any future value to us. But who can forget what a particular individual said about a certain person in that big session on the Saturday night after the Lambda Chi dance? We heartily favor student sessions except perhaps the kind that have no constructive excuse for happening, but are only to disseminate illegitimate information. Sessions help an individual to stand the critics' comments of his associates, and aside from that, give valuable training in self-expression that is a necessary attribute for one who hopes to get along with his business associates.

We wonder what the old world is coming to? Just the other night we saw a car stop in front of Pugh Hall and two ducky Romeos endeavored to load up two young ladies who were clearly opposed to the idea of going for a ride. Only the timely intervention of a heroic law student, who rushed in (and out) with scant concern for life and limb deterred the ruffians from their questionable conduct.

Not only that, but we were also favored to a grandstand seat at a certain performance at the Belmont wherein a certain "colleen" boy proceeded to break up the disarray on the table, a la the Legion of the condemned. Oh well, it's not our war.

If this spring weather don't hold off we're likely to witness the old adage about the groundhog is pure bunk. Perhaps after all the weather is being predicted by the amorous activities of the campus Romeos who persist in rushing the season whether the signs of spring are here or no.

After we look over some of the combinations that have begun to form, we're more impressed than ever with the attraction of opposites. Did it ever occur to you that a perfectly wonderful girl, GENEERALLY is attracted to the campus reprobate, or that the most outstanding fellow on the campus fall

**NOTED SOLOIST
WILL SING HERE**

Rafaelo Diaz, tenor of the Metropolitan Opera Company, and Robert Perutz, Polish violinist, will give the next concert in the Artist Series at the Woodland auditorium Monday night at 8:15 o'clock under the auspices of the Lexington College of Music.

Mr. Diaz is recognized as one of the most brilliant tenors of the Metropolitan Opera Company, and is also a concert artist of taste and refinement. A critic recently said: "Mr. Diaz has a voice of velvet softness and limpid with sweetness; a voice mighty in volume and bewitching in its highest notes." Mr. Perutz has concertized with extraordinary success in Austria, Germany, Russia, the Balkan States, South America, the United States, and Canada. He will leave the United States in May for a six months concert tour through the Orient as assisting artist with Louis Gravaure.

**Wildcats Prepare
For Hard Contest
With W. & L. Team**

(Continued From Page One)
scoring machine this year include Johns, Richmond, Bridgewater, North Carolina University (twice), Duke, North Carolina State, Virginia (twice), Maryland (twice), William and Mary, Sewanee, and Virginia Polytechnic Institute. Washington and Lee has lost to West Virginia and Duke. West Virginia is not a Southern Conference team. In Southern Conference games played this season the Generals have scored an average of 36 points, to 23 for opponents. After playing Kentucky, Washington and Lee has only V. P. I. to face on their home court February 25, before entering the Atlanta tourney.

Some interesting statistics, compiled from the first 12 games follow:
head over heels for the diabolical blond?
Of course, there are all kind of exceptions to such a generalization but it's an established fact in many cases. The only good answer that we know is that people invariably like to dominate somebody. The worthwhile fellow cannot ordinarily make a clump out of a girl that has as good a head as his, or the girl with all the adjectives of a Venus cannot consistently fool the campus hero, but they can always get away with murder on somebody with less experience than they. Anyhow, it's a great old world and we wouldn't miss speculating on the affairs that are developing for anything.

Out of a pure faintness of heart we will not list the many choice bits of scandal that are being divulged in the current issue of the Kampus Kat. People will only do well to remember that no personal digs are intended but only a reflection of the humor of the campus, however perverted that may be!

**Y. W. C. A. Secretary
Speaks to Students
About World Peace**

Miss Anne Wiggins, of New York City, international secretary of the Young Women's Christian Association, was the speaker at the regular weekly vesper services Monday night in Patterson Hall. Elizabeth Cramer, president of the association, presided at the meeting, and Miss Margaret Lewis, student secretary, introduced the speaker.

Miss Wiggins, who is in charge of the annual student pilgrimages to Europe, told of the purpose of the pilgrimages, which is to bring about a better understanding between the American and foreign students with the ultimate aim of gaining world peace. The first pilgrimages was in 1925, when a representative group of twenty-two young women, including two Negroes, went on an official mission of friendship to the foreign nations. Since one-half of the students and one-third of the wealth of the world are in the United States it is the duty of American students to lead in the building of a highway for the students of the world to march toward world peace, according to Miss Wiggins.

Miss Wiggins also met with the Y. W. C. A. cabinets of the University, and Transylvania and Hamilton Colleges.

10. In case any officer of any student publication finds himself in conflict with any other officer of the same he shall have the right to present his grievance to this Board which shall have the power finally to adjudicate it.

11. The President of the Men's Student Council annually shall be Chairman of the Board, and the Secretary of the said Council annually shall be Secretary of the Board. The minutes and records of said Board shall be kept and properly filed.

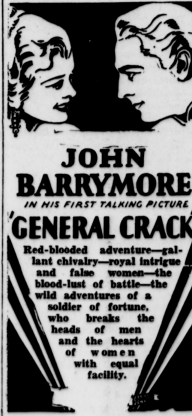

12. The Board shall have power to amend its By-laws, subject to the approval of the University Senate.

13. This instrument shall have full force and effect from the date of its approval by the Board.

14. The instrument shall be spread upon the minutes of the Board and shall become part of its permanent records from the date of its approval.
Adopted and approved, February 11, 1930.
