A QUARTERLY MAGAZINE DEVOTED TO THE INTERESTS OF THE ALUMNI AND STUDENTS OF THE UNIVERSITY OF KENTUCKY

Frances Jewell McVey Memorial Fund Planned

A perpetual fund, the interest on which will be used for scholarships and awards for girl students at the University, will be the form of the Frances Jewell McVey Memorial. Details are being worked out and will be announced very soon.

Frank B. Jones of Lexington, who initiated the suggestion of the Memorial, has been named president of a committee which will form the nucleus of an organization for collecting the funds, and the beneficiaries will be selected by a faculty group. No definite amount has been decided upon but it will be of course necessary for the interest on the investment to finance the scholarships and awards. In the first meeting with Mr. Jones were: Mrs. Cecil Cantrell, Mrs. Preston Johnson, Mr. Charles Manning, Colonel Samuel Wilson, and the secretary, Mr. Tom Underwood. Miss Chloe Gifford, executive secretary Bureau of Club Community Service, Extension Department, University of Kentucky, will act as campaign director.

Although the fund was sponsored by a group independent of the Alumni Association, the Alumni and other friends of Mrs. McVey will have opportunity to assist in creating the fund. It has been agreed that the purpose of

MRS. McVEY

the committee was to raise the fund which will be turned over to the Kentucky Research Foundation to be administered at the discretion of the Foundation. The Kentucky Research Foundation is composed, at the present, of members of the faculty of the University and was formed in order to handle scholarships and other funds relating to the Uni-

versity of Kentucky.

A series of meetings of the Frances Jewell Memorial Fund Committee have been held and lengthy discussions as to the various means of attaining the general objectives have been considered. Faculty members who have been called into the meeting are: Dean Leo Chamberlain, pres-

VOL. XVI AUGUST, 1945 NO. 3

Requiescat in Pace

Frances Jewell McVey died at her home on Shady Lane, Lexington, Ky., as the shadows of night fell on June 13. The funeral services were held in the First Presbyterian Church June 15 and burial was in the Lexington Cemetery.

Mrs. McVey was ill approximately one year and with her going came the close of a career rich in every quality of human accomplishment. She was for many years the outstanding personality in the Commonwealth and the most important woman. Her contributions to her family, friends, neighbors and even to acquaintances always impressed observers and recipients. She knew no limit of generosity or personal kindness. Hers was indeed a life of service.

An only daughter, whose parents and two brothers were a

part of her clever reminiscings on all occasions, she did not accept her opportunities as play-things but even from her early girlhood she thought out situations seriously and counted her time wasted if it did not justify her existence.

It is easy to recall how, after graduating from Vassar, she returned to Kentucky and immediately became an enthusiastic leader. Primarily her interests were in education. She was an organizer of the College Club, the nucleus of the American Association of University Women, and she continued her scholastic work at the University of Kentucky and later at Columbia in New York. While a teacher of English in the University she was beloved, not feared, never derided by students, and she taught them well because she knew not only her subject but she understood the young girls and boys, many of whom she realized had not had the bountiful opportunities she had known. Then she became Dean of Women of the University. That was not an easy task for Frances Jewell, but she didn't seek the easy way. She could and would be of help to the University of her native State. She could, would and did become the director of Young Women, giving them the value of an appraisal by one who was educated in heart as well as in mind. That was the secret of her great popularity. You could trust her judgement because it was plainly to be seen that not only a superior mentality but a sympathetic heart, was used in the balance. It was her magnificent heart as well as her mind that made an indelible impression on young and old, rich and poor, literate or the uninformed.

Her gorgeous eyes were often

seen moistened by tears when she was moved by a tribute or by pride for something worthwhile. Perhaps it was a humane reaction to another's affliction. She was in every sense a woman of worth, loyal and capable.

On the Campus, Frances was one of the original members of the Scribblers, a group of writers of almost any class; the Cosmopolitan Club was her way of planning a broadening pleasure for students of foreign countries who came to the University; Alma Magna Mater was inspired by her as a method of bringing the parent back to the Campus as the student advanced; she was one of the four founders of Su-Ky; she stimulated and encouraged the work of the Christian Associations and fought for and won a democracy for the Kentucky "Y" organization that other like groups did not appreciate. She enjoyed perhaps as much as any pastime the theatre and lent every aid she could to the Community Play houses under whatever name they worked and the fine art of music was to her a gift from heaven to be enjoyed by all. She assisted the directors of musical organizations and enjoyed music in its most important forms.

Perhaps in a final analysis of the great contributions made by Mrs. McVey after she became the wife of the president of the University it is quite fair to say that she was tireless in her determination to introduce the best and most important personages available to the faculty, students and alumni of the University. Maxwell Place was open at all times for entertainment for an hour a day or a longer period. If by so doing a benefit was derived for the University the occasion was more important to her. Many

THE KENTUCKY ALUMNUS

personages of high distinction accepted her hospitality with gratitude, and just as kindly and with as much care and consideration did she prepare, annually, a Christmas tree for the small children of the faculty and staff. There were no restrictions, especially if the incident advanced the pleasure, worth or consequences of the University.

Happily, and she would not have it otherwise, we can recall her good fellowship in the Kid Faculty Club; the Campus Club and the University Woman's Club; her oft repeated opinion that the better the club the more the food and the less the dues; her philosophy that we will work out any problem over a cup of tea and her unqualified support of the democratic way of life and all of its concerns.

She who had enjoyed wealth, travel and culture and valued them primarily for the good they would produce, learned of the devotion that was for her in the hearts of her people when she retired from active executive position on the Campus. Tributes to her were numerous, happy and valuable and all design to make her realize that her connection with old associates would go on and on to the end.

Hospitality was a keynote in her makeup. She welcomed guests with a smile and an outstretched hand and drew them in to the warmth of a home bright with lights, delicious refreshments and fragrant with flowers. One could not think of Mrs. McVey without flowers and so it was in the end. Sprays rested on the window ledges of the church and hung from the wall lights. They swung from the rail of the choir loft and assended before the high altar as though

their beauty and fragrance alone were worthy of the close association. They were of all colors and kinds; from friends in many parts of the Country, from the high and the humble places but they bore with them a tribute seldom if ever equalled in Lexington. It was as a last heart beat of love for a Kentucky woman who never for a moment forgot that she was a Kentuckian.

Frances Jewell McVey Memorial Fund Planned

(Continued from page 3)
ident of the Kentucky Research Foundation Committee, Dr. Morris Scherago, W. S. Webb, Dr. T. D. Clark and Dean Sarah B. Holmes. Dr. McVey was consulted before the plan was announced and it met with his approval. He will be requested to read all material prepared for publication in the campaign. When interviewed about the proposed Memorial, Dr. Herman L. Donovan, president of the University pledged the hearty support of the University to a successful accomplishment of so worthy a tribute. The Alumni Association, its officers and the Alumnus will give publicity to the plans and aid in whatever way possible.

Gets National Office

Prof. Fordye Ely, head of the dairy division, University of Kentucky College of Agriculture, has been elected vice-president of the American Dairy Science Association. A graduate of the University of Minnesota and Iowa State College, Professor Ely came to the University in 1928.

A Request

The University of Kentucky Alumni Association is anxious to obtain information relating to the portrait of Mrs. Frank L. (Frances Jewell) McVey, which was painted in 1922 by Allan Swisher, portrait artist, the reproduction of which appeared in the 1923 KENTUCKIAN.

Any former student who might have knowledge as to the present location of the portrait, or the photographer who made the photographic reproduction for the yearbook, is requested to write to the Alumni Association office in the Student Union building.

Tom Fennell was art editor of the 1923 KENTUCKIAN, and as Mr. Fennell's present address is unknown it is possible that one of his former classmates might be able to put us in touch with him. Any information in this connection will be deeply appreciated.

Dr. Ross Will Take Teaching Post in Britain

Dr. C. C. Ross, head of the department of educational psychology at the University of Kentucky, is the second University professor to accept an offer of the War Department to teach American G. I.'s at a university study center which the Army has established in Shrivenham, England. Dr. Ross will leave the University this month for his assignment.

Dr. Ross has been a member of the University staff since 1926, and holds the A.B. degree from Carson-Newman College, the B.A. degree from the University of Tennessee; the M. A. degree from Columbia University, and the Ph. D. degree from Columbia.

H. C. ROBINSON

New President Is Life Member

Herman Clayton Robinson of Lexington, a graduate of the University in 1906, was elected president of the Alumni Association at the June meeting of the Association. Ballots were sent to approximately 17500 former students of the University whose addresses are on file in the Alumni Office. The return ballots were counted on May 23 and the results announced at the annual meeting.

Mr. Robinson has been a life member of the association for many years and an active member of the Executive Committee of the Association since 1943. He is assistant secretary and treasurer of the Central District Warehousing Corporation. He was appointed a member of Local Draft Board 42 by Governor Johnson in 1942 and has continued to serve. Mr. Robinson was a member of the firm of Lewis, Robinson and Gant Engineers,

Minutes Annual Meeting University of Kentucky Alumni Association

The annual meeting of the Alumni Association of the University of Kentucky was held on the afternoon of June 1, 1945, in the Student Union Building, with the President, Grover Creech, presiding.

A motion was made by Mr. Palmore, seconded by Dr. Elliott, that the minutes of the last meeting be dispensed with since copies had been mailed to the members and that they be approved as published. Moved and seconded the motion carried.

At the request of the President the secretary's report was presented by Marguerite McLaughlin, Executive Secretary. It was moved by Mr. Robinson, seconded by Mr. Palmore, that the report of the secretary be accepted and that thanks be extended to "Miss Margie" for her fine work during the past year. Moved and seconded the motion carried.

The cumulative financial report from August 1, 1944, to May 31, 1945, was then given by the acting treasurer, Helen King. A report of tentative expenditures for the month of June was also presented. The balance in the treasury as of May 31, 1945, was

soon after graduation and was a close personal friend of the late Thornton Lewis, Sr.

A son and namesake was graduated from the University in 1942 and served overseas; two daughters, Mrs. Charles P. Reeves (Virginia Robinson) was graduated in 1937 and Mrs. John Vickers, (Helen Lois Robinson) was graduated in 1934.

\$1,198.02. With tentative deductions made it is estimated that at the beginning of July, 1945, there would be a balance of \$1,036.29. It was moved by Miss McLaughlin, seconded by Mr. Robinson, that the report of the treasurer be accepted. Moved and seconded the motion carried. Miss King was thanked for her excellent work during the year.

Mr. Creech, in turning the meeting over to Mr. H. C. Robinson, the newly elected president, said that it was a pleasure and a great opportunity to serve as the president of the Alumni Association and he thanked the members of the Executive Committee for their loyal support. He said that he was turning the office over to one of the most loyal members of the Alumni Association and that he knew Mr. Robinson would be a very, very capable president.

Mr. Robinson accepted the office to which he had been elected and said that he too considered it a very great honor to be chosen president of the Association and that he was glad to have as his vice-president, Bernie Shively. On behalf of the Executive Committee, Mr. Robinson expressed his great appreciation for the big job "Grover" had done so well emphasizing loyalty, interest and faithfulness of the outgoing officer. He then placed before the group three platforms for work during the coming year: 1—that the Committee build up the Association in every way possible and do all it can for the University in regard to eliminating salary limitations; 2—that the members endeavor to assist in getting positions for returning veterans, and 3—that aid to the Athletic Department be stimulated and active.

A motion was made by Dr. Elliott, nominating Miss McLaughlin for another year as Executive

**MRS. MARY DIDLAKE
JOHN WILMOTT**

MISS MARY McAULIFF

RUFUS WEAVER**

Celebrating the fiftieth anniversary of graduation from the University, Miss Mary Didlake, Miss Mary McAuliffe, Mr. R. C. Stoll and Mr. John Wilmott, all of Lexington, and Mr. Rufus Weaver of New York, posed for the above picture, lunched to-

gether June 1, at a picnic luncheon served to Alumni and faculty and friends gathered on the Campus for graduation exercises. This group has devoted time, labor, loyalty and finances to support the cause of the University throughout those fifty years.

It would be impossible to estimate the value of the services they have rendered. Active Alumni throughout those passing years they would stand for every good that could be offered for the Alma Mater and each might justly wear a gold star for loyalty and service.

Secretary of the Association. It was moved that the nominations be closed and that Miss McLaughlin be elected by acclamation. Moved and seconded, the motions carried.

It was moved by Mr. Palmore, seconded by Miss McLaughlin, that Helen King be elected as Treasurer of the Association for the coming year. Moved and seconded the motion carried.

Mr. Creech announced that Mr. Chauncey Forgey, of Ashland, and Mrs. Tom R. Underwood, of Lexington, are the two members of the Executive Committee elected

by the Alumni for the coming two years.

Mr. Robinson then introduced Mr. Norman Chrisman, Jr., class of '45, who will serve as an appointive member of the committee for the coming year.

Mr. George Kendall, graduate class of '39, returned veteran, expressed his thanks to the Association for the Camp Kernel and other material sent to him while in the service. He suggested that a bulletin board containing the names of all University of Kentucky men killed in service be erected on the campus. Mr. Creech, in answer to

this suggestion explained that the new Field House will contain a Memorial Room to all Kentucky men killed in action and that their names will be engraved in bronze.

Moved by Mr. Kendall, seconded by Dr. Elliott, that the president appoint a committee to prepare for the erection of a temporary bulletin board containing the names of all University of Kentucky men killed in action. The committee will be appointed later.

Respectfully submitted,
Jeannette Graves, Secretary.

WILLIAM HENRY McADAMS

DON WHITEHEAD

ELI LILLY

1945 Graduation Beautiful Event

More than 4,000 persons, who witnessed the 78th annual commencement exercises of the University of Kentucky, June 1, at Stoll Field, heard Federal Judge Elwood Hamilton declare that circumstances today seem more favorable than at any other time in the past for the establishment of an enduring peace.

This, he said, is because of the destruction of "all that is material and all that is moral by the modern implements of war."

"The blood of young men of our country has sanctified the lands of all the earth," he continued. "Their bodies lie eternally sleeping on the floor of every sea and the broken wings of their planes dot every mountain top around the world. They had a rendezvous with death which they kept gloriously in the hope their sacrifices would not be in vain. We who take the torch fallen from their lifeless hands have rendezvous with life.

We must keep our covenant with the dead."

The speaker told his audience that no citizen who has the least conception of his responsibilities should contribute in any way in the future to "a similar tragic and appalling outpouring of blood and treasure."

"Invisible voices are calling for an end to the cult of death and the settlement of world controversies by peaceful means. The true secret of making progress toward the world's permanent peace is to be found in a willingness to face and answer the problems that have heretofore made war.

"It is easy to discuss international problems around the dinner tables," Judge Hamilton said, "but it is truly difficult to lay aside our national pride and racial prejudices which are very dear to all of us. The whole matter is one first, for intense, individual study and national and international education. Much of this burden must fall on the shoulders of those who are just now emerging into the responsibilities of citizenship. War

exacts its toll from the youths of the nations and heaps its grief on the old."

"It would have been a very pleasant task to come to you today with a graduation speech filled with pleasantries and as a prophet of glad tidings for the days to come. But, in the light of world-shaking events, that pleasure is denied me. If I have today planted in your minds the seed that will bear the fruit of profound thinking and awareness of your responsibilities as the citizens of tomorrow, I shall count that as a great reward," he concluded.

President Herman Lee Donovan presided at the exercises and greeted the graduating seniors as the first "all-wartime" class in the history of the University. "It has taken courage and fortitude to remain at the University in these trying years," he stated.

The Algernon Sydney Sullivan award, established at the University in 1925 by the New York Southern Society and presented annually to an outstanding citizen of Kentucky, was awarded to

Joshua B. Everett, chairman of the State Board of Welfare. Annual awards of the same society for the outstanding man and woman in the senior class were presented to Scott Reed, Lexington, and Virginia Baskett, Casper, Wyo.

Prof. Ezra L. Gillis, former University registrar and a member of the school's administrative staff for almost 40 years, was cited for "meritorious services to the University.

Degrees were presented to 338, including those who completed their work during the 1944 sum-

mer session. Also conferred were honorary degrees to Mrs. Margaret Voorhies Haggin, Donor of a trust fund in honor of her late husband, James B. Haggin, multi-millionaire copper magnate; Dr. William Henry McAdams, professor of chemical engineering at the Massachusetts institute of Technology and Eli Lily, Indianapolis chemist.

A fourth honorary degree will be conferred on Don Whitehead, Associated Press war correspondent, when he returns to this country.

The academic procession enter-

ed the stadium to the strains of "Under the Double Eagle," played by the University band. Two rows of flags carried by 50 members of the A.S.T.R. unit at the University formed an aisle for the procession which included the school officers, trustees, official guests, deans of the colleges, professors emeriti, alumni, faculties of the various colleges and the 314 candidates for advanced and bachelor degrees.

The invocation and benediction were given by the Rev. Leslie R. Smith, pastor of Central Christian church.

Terrells Meet In Belgium

Among the most pleasing experiences of soldiers on overseas duty is the one of meeting, unexpectedly, a former classmate, friend or relative. The picture here was made when Lieut. Dan Terrell, 302 Infantry stationed at Dusseldorf, paid a visit to his brother Captain Claude Terrell, 741st Adjutant. The meeting took place in Liege, Belgium.

The Yankee Boomer, a newspaper for the personnel of the Military railway service, published the story of the meeting of these two "stalwart sons of Old Kentucky". The boys are sons of D. V. Terrell of the College of Engineering, who was graduated from the University in 1910 and received an advance degree in 1914, and of Mrs. Terrell, formerly Miss Lu Bitterman of Lexington.

Captain Claude Terrell was graduated from the University in 1939 with an A.B. degree and in 1938 he received a B.S. in Civil Engineering. Lieutenant Dan Terrell was graduated in Engineering in 1940. Both entered the

THE TERRELLS

Army on March 5, 1942, and were commissioned through the R.O. T.C. of the University. A cousin, Captain George Terrell, is, with the Fourth Engineers, overseas. The files of the University show several more names of the Terrell family who have graduated from the University.

After graduating from the University Claude Terrell was employed as field engineer, State Welfare Department; as Civil

Thomas McKinley Awarded Silver Star

Lt. Thomas McKinley, credited with the capture of Franz von Papen, Nazi diplomatic leader, has been awarded the Silver Star for gallantry in action, according to word received here by his father, Dixie McKinley, 1352 Fontaine road.

Lieutenant McKinley is with the occupation forces in Germany. His citation said he, with four men, crawled to a position near an enemy strongpoint and captured 100 Germans.

engineer of the Public Works Administration and with the Louisville and Nashville Railroad. He reported for duty at Camp Walters, Texas, in March, 1942, and in October, 1944 was assigned to the 741st Railway Operations Battalion.

Lieutenant Terrell served as a Reserve Officer at Camp Wheeler, Ga., and Camp McCain, Miss. He has been overseas since October, 1944.

MEMORIAL FIELD HOUSE

Field House War Memorial

The University of Kentucky war memorial field house, dream of every University student for the past decade, has been "put on paper," architect's paper. The plans have been approved by the University's board of trustees, and building will be begun as soon as building restrictions are lifted by the government and materials are available.

To be erected on the plot of ground on Euclid Avenue purchased in 1943 by the University, it will have a Euclid Avenue frontage of 464 feet, extending east from Lexington Avenue to within 100 feet of the DeBoor Laundry; and will extend in depth 300 feet from Euclid to the rear of the property line, 100 feet north of what is now known as Adams Street.

The memorial field house architect, John T. Gillig of Lexington and his associates, Ernst Johnson and Hugh Meriwether, have drawn up an original plan of contemporary design, based on classical lines. The main entrance, which is at the center of the structure, facing Euclid Avenue, is through an exterior, memorial court with paved terrace, colonnade, and landscaped background. From the memorial court the entrance leads into a memorial lobby, 100

by 30 feet with a 25-foot ceiling. This lobby will be the architectural feature of the building and will house trophy cases and other memorial features. The general ticket offices open off this lobby.

Ramps at both ends of the memorial lobby will lead to public foyers which will be 185 feet long and 44 feet wide and which may also be entered from the Adams Street level. From these foyers four vomitories lead to the main cross aisles entering the coliseum. Off the foyers concession space and public toilets will be available.

There will be two tiers of seats in the coliseum, and they will be entered, from the cross aisles, at the top of the lower tier and at the foot of the upper tier. Seats are arranged at both sides and at one end of the playing floor, to accommodate a total of 12,000 people, with only 3,000 seats in the end group. The top-most row of seats is 44 feet above the playing floor level.

The floor of the coliseum affords a clear space of 160 feet by 112 feet, which area provides for either two practice basketball courts or one tournament court. The floor will be used by the physical education department as well as for basketball games.

The seating arrangement of coliseum is such that it may be very readily converted into an auditorium, through the erection

of a removable stage on the playing floor. The stage, which will be a part of the permanent equipment of the field house, may be put up on the east side of the playing floor, and the 3,500 permanent seats facing it used for an audience of that capacity; or, it may be moved back to provide additional floor space for 1,500 portable chairs, giving the auditorium a larger seating capacity, of 5,000, if so desired. The architects' plans include arrangements for enclosing off the coliseum, when being used as an auditorium, with removable sections, which will be rolled into place by an overhead track and which will be acoustically treated. For such events as pageants or commencement programs, when the full 12,000 seating capacity may be required, the stage could be set up at one end of the playing floor. The proposed stage will be 60 feet wide and 30 feet deep.

The swimming pool has been planned at the east end of the field house. It will be 25 meters or 82 feet, six inches in length and seven lanes, or 35 feet wide. There will be a spectator gallery for the swimming pool, seating 550 people, to be entered from the east foyer of the building at second floor level. This arrangement provides that foyer space, in connection with the coliseum, also feeds the swimming pool gallery.

The swimming pool is on the first floor level, and the locker and shower rooms for men and women are also in this level, extending under the east foyer. There are street entrances, one for men and one for women, from Euclid Avenue, for those students using the pool.

In the remainder of the space under the east foyer, will be placed auxiliary locker rooms, toilets and

showers for faculty members, visiting teams, and the use of minor sports teams, as well as mechanical and storage space.

Under the west foyer, which faces Lexington Avenue, will be the offices for the athletic and physical education departments, locker and shower rooms for varsity football, basketball, and baseball, trainer's rooms, equipment room and lecture room. All

are accessible from Euclid Avenue, giving direct approach from the stadium.

The field house will be fire-proof throughout, and there will be no interior columns in the coliseum, the roof to be supported in this section by clear-span trusses. Modern decorative lighting will be used throughout the building which will be adequately heated and ventilated.

WOMEN'S RESIDENCE HALL

A New Residence Hall For Women

A total of 216 girls may be housed in the new residence hall for women at the University, plans for which have been completed. Building will be started as soon as materials for construction have been released by the government.

Frankel and Curtis, Lexington architects, have drawn up the plans for the new residence hall, which will face Harrison Avenue and for the central dining unit which will be constructed to the rear of the new residence hall.

The dormitory, of pure Geor-

gian design, will have a frontage of 223 feet and will have a depth of 111 feet; it will consist of three stories and a basement.

First floor of the building will contain one dining room with kitchenette, a suite of living room, bedroom, and bath for the supervisor; a similar space for the head resident; two guest rooms with private bath; two reception rooms, 52 by 24 feet; two parlors, 38 by 24 feet; clerical space, laundry and parcel room, postoffice, supervisor's office, elevator, men's and women's rest rooms, linen room and janitor's closets, as well as a trunk hoist and two stairways. There will be dormitory space for 32 girls on

the first floor, and there has been a cloak room placed in the hall leading into the dining room. The first floor has two different levels, with high ceilings for the dining and reception rooms, and decorative fireplaces in the reception rooms.

The second and third floors are alike, in that they have room and bath for the floor supervisor adjacent to the elevator; a pressing room with kitchenette attached; linen rooms; two study halls on each floor; and space to accommodate 84 girls to each floor. There are incinerators and linen shoots in the dormitory and every pair of rooms has bath facilities between. The building

will also have inter-room phone service, and separate closets for each student, with two closets to a room. The fourth floor, similarly arranged, takes care of sixteen girls.

The basement of the building will contain dietitian's and housekeeper's suites, a student laundry, game room, trunk storage room, general store rooms and linen and blanket store rooms.

The new dormitory is to be another unit of the proposed women's residence hall quadrangle, which, when completed, will have more dormitories placed in the area north of Patterson Hall and completing the facade on Euclid Avenue. This future quadrangle, upon completion, will house in the neighborhood of 1,400 women.

The central dining unit is to be constructed at the same time as the residence halls facing Harrison Avenue, and will be located in the interior of the proposed quadrangle. The dining rooms will have direct contact with all the women's residence halls so that when the quadrangle is complete, eight dining units will contact all the halls. At present, only five dining rooms are to be completed, one each connecting with Patterson, Boyd and Jewell Halls, and two to the new hall, which has a larger capacity than the others.

The central dining unit will have three serving rooms, one large kitchen and salad room, a dishwashing room, reach-in refrigeration between the kitchen and the serving rooms so that salads or other cold foods may be placed in the refrigerators from the kitchen side and lifted out from the serving-room sides without changing the food temperature.

Tables in the dining rooms accommodate six girls each, and the capacity of the dining rooms is not going over 135 girls, in order to maintain a more social atmosphere in the dining units and eliminate the institutional atmosphere connecting with large gatherings.

The basement has a large food preparation room and bakery, an employees dining room, food storage space including receiving space with offices for the dietitian, the receiver and clerk; a large general storage room and separate cold storage rooms for meat, milk, butter, and eggs; a large deep freeze room with a chilled storage room adjoining, and a garbage freezing room to eliminate odors.

The refrigerating machinery room will also be in the basement, with white and colored locker rooms and toilets and a housekeeper's office.

A delivery and receivers platform with a driveway leading to it has a basement entrance.

The entire building is fire-proof, and has many decorative features, including an open-air terrace to the front of the building. Sun decks, over each dining hall, will be available for the use of the students.

Summer U. K. Commencement Set

The University of Kentucky is going to resume the practice of a commencement at the conclusion of the summer quarter, it has been announced. For this year, an outdoor ceremony is planned for the night of August 24 in the Amphitheater in the rear of Memorial Hall.

Robertson Released Returns To U. S.

Elmer Kermit Robertson of Louisville, who was reported missing, in the August Alumnus list, was rescued by the Fourth Armored Unit of the Third Army on March 18. He was rescued from a German hospital after he was wounded and captured on January 2. The Germans removed his leg three days after his capture. He is now in Atlanta, Ga., in the Lawson General hospital. He expects to resume his studies in the College of Engineering at the beginning of the quarter next January.

The Alumnus regrets not having this information when the May issue was published but is glad to publish the sequel.

AMERICAN RED CROSS Office of the Field Director Camp Blanding, Florida

June 16, 1945

Alumni Secretary,
University of Kentucky,
Lexington, Ky.

Dear Secretary:

This evening I have just enjoyed a fine series of moving picture scenes of the University, thanks to the Army and Navy Magazine. It was shown here in Theatre Number 5 to our all-service audience, and is the end-result of written requests from forty or more alumni now in the Armed Forces. Congratulations! It gave even this old alumnus a thrill.

Very truly yours,

V. L. Sturgill, '26,
Assistant Field Director,
American Red Cross.

THE KENTUCKY ALUMNUS

BARBARA LOLA JOAN

We

The Alumni Association, as is known to many, has its executive offices in suite 124 of the Union Building on the Campus. The staff for the past year was composed of Miss Jeanette Graves of Lexington, Secretary; Miss Joan and Miss Barbara Akers of Carrollton, Ky.; Miss Lola Stokes of Fayette County; Miss Darothy Sympson of Bardstown; Miss Ann Garrison and Miss Theresa Mann of Lexington.

It is quite the usual plan for a freshman girl to give as many

JEANETTE GRAVES

hours a week as she can allow in clerical work in the office and for those who seek the experience and practice of such work the opportunity affords excellent training. Some students 'work' in the Alumni office the entire four years they are attending the University.

Miss Mable Gum, class of 1944, and Lt. A. C. Zoeller of Hazard, Ky., completed four years on the Staff. Miss Gum returned to assist during the present summer.

Miss Ann Garrison, Miss Joan Akers and Miss Thresa Mann were graduated from the University this year and Miss Garrison was a four year staff member. Miss Barbara Akers, Miss Stokes and Miss Sympson, with additional selected freshman, will carry on the coming year.

Miss Graves was graduated from the University in 1943 and joined the Alumni Office force in August, 1944.

An attempt to get a picture of the staff in the Spring was not entirely successful but the accompanying snaps are of Miss Joan and Miss Barbara Akers, Miss Stokes and Miss Graves.

Silver Jubilee Re-union For Six

Grover Creech, Marie Barkley, J. Ed. Parker, D. C. Ross, C. W. Gordon and Charles R. McClure met June 1 and talked over old times and regretted the enforced absence of all the others of that noble band who filed through the gates of the University to take up the serious side of life twenty-five years ago.

Mr. Creech worked hard to get a re-union. He being the outgoing president of the Alumni Association, had to be at the University also because he is a member of the Board of Trustees and the laws and restriction of transportation were not for him. Ed. Parker, and Marie Barkley live in Lexington but Charles R. McClure came from Cleveland, O., C. W. Gordon from Chicago, and D. C. Ross from Calhoun, Ky.

There were no festivities, because there was no food for parties, no picture taking and no speeches but the six silver jubilee celebrants enjoyed the event fully.

Miss Wilson To The Hawaiians

Pearl Harbor, T. H.—Miss Jewel Marjorie Wilson, storekeeper, second class, of Salem, Ky., has reported for duty in the Hawaiian Islands.

She is the daughter of Mr. and Mrs. Paul Wilson, of Route 4, Salem. A graduate of Meade County High School, she received her bachelor of science degree from the University of Kentucky in 1944.

Enlisting in the WAVES in December, 1943, she was stationed at Puget Sound Navy Yard, Bremerton, Wash. before transferring here.

MAJOR HERBERT HILLENMEYER LT. BOB HILLENMEYER
MAJOR CAMERON COFFMAN

Loyal Alumni Meet In Germany

The command post of the 71st Infantry Division in Augsburg, Germany, was the scene of the reunion of these three University of Kentucky graduates recently. On the left, Major Herbert Hillenmeyer, Lexington, tells some of his experiences as a battalion executive officer with the First Armored Division in Italy, as Major Cameron Coffman, Ft. Thomas, Ky., assistant to the 71st Division Assistant Chief of Staff, G-2, and 1st Lt. Bob Hillenmeyer, Lexington, aide to Major General Willard G. Wyman, commanding general of the 71st Division, listen. In 59 busy days, the 3rd Army's 71st Division fought from Montbronn, France, to Steyr, Austria, a distance of 775 miles, to join the Russian Forces in the south just after V-E Day, and penetrate German territory to a point farther east than any other western allied ground force. Major Coffman and Lt. Hillenmeyer were present when the commanding general of the

German Army Group South surrendered more than a hundred thousand troops to General Wyman on May 7. Major Coffman is a brother of Mrs. Smith Gum, 817 East Main St., Lexington.

Augsburg, Germany,
Sometime in July, 1945

Dear Miss Margie—

You probably heard that we won the war over here in Germany. Now everyone is trying to win a chance to go home. Frankly, I've seen all of Europe that I care to.

You probably remember these 3 young fellers in the enclosed picture. Other U. K. boys with us, The 71st Inf. Div., include Corp. Milt Ticeo, who is playing a bang-up game of baseball with the division nine, Capt. M. G. Karsner, Capt. Dick Swope, Lt. Ben White, Sgt. Carmel Clark, a Lt. Spickard (cousin of Tom's), a Lt. Gossem (?) whom I met only yesterday. He is from Fulton. There was a Lexington boy, Hundley by name, who was killed several months ago. I don't believe he attended U. Ky.,

U. K. Geography Department Gets Gift of National Geographic

A gift of the complete collection of the National Geographic Magazine, from 1916 to 1945, has been made to the University of Kentucky Department of Geography, by Mrs. John C. Taylor of Lexington.

The gift has been accepted "with gratitude" by the University's board of trustees, and has been designated by Dr. J. R. Schwendeman, head of the department, as "a valuable collection which will contribute in large measure to the library of the department."

Research Foundation Set Up To Receive Funds for Work at U.K.

Organization plans have been perfected, officers elected and a gift of \$15,500 received from the Kentucky Distillers Corporation for scholarships and fellowships, by the newly formed Kentucky Research Foundation, recently set up to receive funds for work at the University of Kentucky.

Dr. Leo M. Chamberlain, University of Kentucky dean and registrar has been named president of the foundation.

The gift from the Kentucky Distillers Association will be used as follows: 30 freshmen scholarships of \$250 each; two agricultural fellowships of \$2,000 each and \$4,000 to be used for equipping the animal nutrition laboratory at the University.

but did go to University High. There are several more whom I cannot remember at the moment. Please give my best regards to Neil and all the ole gang 'round the campus.

Kindest personal regards to you —

Hurriedly,
Cameron Coffman

THE KENTUCKY ALUMNUS

MAJOR GENERAL HUENER

MAJOR WALTER HILLENMEYER

Pictured above are Major General Clarence R. Huener and Major Walter Hillenmeyer, Fayette County, who have been on a visit to the Blue Grass. Major Hillenmeyer is an aid on General Huener's staff.

Major Hillenmeyer has participated in the war in North African, Sicilian and continental

European campaigns. He was wounded once and was hospitalized for a month. He wears the Bronze Star and Oak Leaf Cluster for 'conspicuous service' and he also wears the Purple Heart, Campaign ribbons with 7 battle stars—one for amphibious landing—the Military Corps of Czechoslovakia and the Russian Award.

position at Garth served as Dean of Girls and sponsor of the senior class.

Miss Viley received her early education in Fayette and Scott county schools and later attended Georgetown College, Valparaiso University, Indiana, and the University of Tennessee and the University of Kentucky.

William Leet Decorated

15TH AAF IN ITALY—Captain William D. Leet, Nicholasville Pike, Lexington, Ky., a pilot in the 49th Bomb Squadron, 2nd Bomb Group of the 15th Air Force in Italy, was recently awarded the Distinguished Flying Cross for, "extraordinary achievement in aerial flight against the enemy."

The citation accompanying the award reads in part as follows: "Despite adverse weather conditions, Captain Leet acting as Squadron Lead Pilot, displayed extraordinary skill in superbly leading his formation to the target, Vienna, Austria. In the target area very heavy and intense flak was encountered. Nevertheless, Captain Leet displayed the criterion of calm efficiency and flying proficiency in effecting a highly successful bomb run for his formation, thus causing severe damage to the target."

Captain Leet, a pre-law student, at the U. of Kentucky, where he was Y. M. C. A. President, and graduate of the University of Virginia, entered the A.A.F. in February, 1941. He has now been overseas 9 months and has taken part in 32 combat missions.

Captain Leet has also been awarded the Air Medal with two Oak Leaf Clusters. He wears the European-African and Middle Eastern Theatre of Operations Campaign Ribbon with two Campaign Stars.

Army Method of Teaching French Continued at U. K.

Permission has been granted to the department of romance language at the University of Kentucky, by the University Faculty, to continue the experimental method of teaching French according to the Army system, during the fall school quarter. The system was inaugurated during the summer term.

Teacher For 53 Years, University Alumna Retires

Miss Elizabeth Viley, teacher at Garth High School, retired June 1 after teaching 53 years. She received a degree from the University in 1926 and in her

2 Kentucky Alumni Honored By Lincoln Memorial University

For outstanding contributions in the field of historical research and the authorship of a number of books, two Lexington alumni of the University of Kentucky, William H. Townsend, '12 and J. Winston Coleman, Jr., '20 were given the honorary degree of Doctor of Literature by Lincoln Memorial University, at Harrogate, Tennessee, at the fifty-fourth annual Commencement, on June fourth.

Mr. Townsend, an attorney and member of the widely-known law firm of Stoll, Muir, Townsend, Park and Mohny, has a national reputation as a Lincoln Scholar, writer and collector of Lincolniana and owns the largest private collection of its kind in the South and one of the most complete and valuable in the Nation.

Mr. Coleman, who is now engaged in farming, is a collector of Kentuckiana and has one of the largest private collections in the country. He is the author of a number of books relating to Kentucky history and is at present engaged in preparing a book: *A Bibliography of Kentucky History* which will list, with annotations, all the books and pamphlets bearing on Kentucky history, or the lives of Kentuckians.

Mr. Townsend received his LL.B. degree from the University in 1912, and was given the honorary degree of LL.D. in 1930. He is a member of Delta Chi and Phi Beta Kappa fraternities and took an active part in journalism and debating while at the University. Of his books, probably the best known is: *Lincoln and His Wife's Home Town* which was regarded as an important contribution to the

DOCTOR TOWNSEND AND DR. COLEMAN

Lincoln story. Others of his works are: *Abraham Lincoln, Defendant; Lincoln, the Litigant; Lincoln and Liquor* and co-author of Dr. William E. Barton's *President Lincoln*, in two volumes.

Mr. Coleman graduated from the University in 1920 with the degree of B.S. in M.E., and in 1929 re-

ceived his M.E. degree. After having been actively engaged in the engineering and contracting business for a number of years, he is now farming in Fayette County, the culture of tobacco and hemp being his speciality. He is the author of a number of books relating to Kentucky history, the

more important ones being *Stage-Coach Days in the Bluegrass*; *Slavery Times in Kentucky* and *Lexington During the Civil War*. Aside from his books and pamphlets, Mr. Coleman is a frequent contributor of articles on Kentucky history to magazines and newspapers, and has the additional hobby of using photography as an adjunct to history. While at the University he was a member of the Sigma Nu Fraternity, and is now a member of a number of historical societies and organizations,

Paper On Kentucky Motor Truck License Taxes In Law Journal

"The only way Kentucky can reasonably avoid having its motor truck license taxes interfere with interstate commerce, is through reciprocity with other states, a plan similar to the one now employed with respect to privately owned passenger automobiles," conclude J. W. Martin, director of the University of Kentucky Bureau of Business Research and Ray H. Garrison, graduate of the University in 1944 and former assistant in the bureau and now a member of the Ky. Department of Revenue staff, in a paper published in the current issue of the Kentucky Law Journal.

"The constitutionality of such a plan," state the authors, "which may be limited in application, has not been established in this state; though it is well established in some other jurisdictions."

According to the authors, "unusual size and weight restrictions and lack of a reciprocal tax policy at the outbreak of the war placed Kentucky in the direct spotlight of national interest." It is pointed out in the article, however, that

including the Bibliographical Society of America.

Upon Mr. Townsend's diploma from Lincoln Memorial University, appeared this special citation: "In recognition of his distinguished career in the field of jurisprudence and his outstanding contribution to our knowledge of Abraham Lincoln" while Mr. Coleman's read: "In recognition of his devotion to the America of our Founding Fathers and his contribution in the field of historical research."

the first "obstruction to the free flow of commerce" has been alleviated for the war period.

After showing how the existing and earlier taxing arrangements impeded commerce and interfered with the defense program, the authors go on to point out that the Kentucky policy invites reprisals from other states. Tennessee, for example, has, according to these writers stopped numerous vehicles from Kentucky on various petty pretexts. The commonwealth might well consider the possibility, according to Messers. Martin and Garrison, of collaborating with other states and possibly with the Federal Government in working out an acceptable reciprocal tax plan.

U. K. To Join In Study of Southern Resources

The University of Kentucky will join five other southern state universities and the Tennessee Valley Authority in a cooperative study of administrative agencies and policies relating to natural resources in the south.

The general objective of the study is to supply useful information and suggestions for the improvement of administrative organizations.

Others who received honorary degrees from Lincoln Memorial University along with Mr. Townsend and Mr. Coleman were: Hon. Breckinridge Long former ambassador to Italy and Assistant Secretary of State under Cordell Hull from 1940 until early in 1945; the Rev. Edward S. Moreland, pastor of the Walnut Hills Christian Church, Cincinnati; Fletcher Hodges, Jr., curator of the Foster Hall Collection, at the University of Pittsburgh and Dr. Robert F. Patterson, of Knoxville, Tennessee.

Gifts Received By University

Announcement of the gift of a collection of paintings and ceramics to the University of Kentucky from Mrs. Charles H. Bowyer of Lexington was made at the May meeting of the executive committee of the University board of trustees in the offices of President Herman L. Donovan.

The gift is to be known as the Charles H. Bowyer Memorial Collection and will be catalogued and displayed in an appropriate place at the University pending the erection of an art gallery.

Also accepted by the committee were three other gifts which included a check for \$100 from Hershell Weil to be used for the Weil Memorial scholarship in the College of Agriculture and Home Economics; a gift of \$300 from the Anti-Defamation League of Chicago and one of \$100 from the B'nai B'rith Lodge, Adath Israel Temple of Lexington, for a course being taught in the University's department of sociology on "Cultural Process and the Hebrew-Christian Religion;" and a gift of a set of law books from A. L. Stone of Ashland to the University law library.

BRIG. GEN. HUGH MILTON

Brigadier General Hugh M. Milton II, Chief of Staff XIV Army Corps

Brig. Gen. Hugh M. Milton II, of Las Cruces, New Mexico, on leave of absence from his post as president of the New Mexico A and M College, Chief of Staff to Lieut. Gen. O. W. Griswold, Commander of the XIV Army Corps, was promoted to general officer rank 5 June 1945.

Born in Lexington, Kentucky, March 3, 1897, General Milton married the former Josephine Baldwin of San Fernando, California in 1933. The couple are the parents of two boys, Hugh Meglone, III, 11 years and John Baldwin, 5 years.

General Milton was commissioned a Second Lieutenant-Field Artillery in 1918. After World War I he was commissioned a Second Lieutenant in Field Artillery Reserve and served as a First Lieutenant and Captain until 1929 when he joined the National Guard in New Mexico serving as a Major and Lieutenant Colonel in the Chemical Warfare Service 1929 to 1940.

He entered active service October 16, 1941 as a Lieutenant

Colonel in the Chemical Warfare Service and was promoted to Colonel in that branch February 1, 1942. Following duty as G-4 of the XIV Corps, he was appointed Chief of Staff of the Corps by General Griswold in Bougainville in 1944. He succeeded Maj. Gen. William H. Arnold, now commanding the Americal (correct) Infantry Division.

General Milton is a graduate of the following Army service schools: Chemical Warfare, Line and Staff Officers' Course, the Engineer School in Attack of Fortified Areas and the Command and General Staff School, Ft. Leavenworth, Kansas. He has been awarded the Silver Star, Legion of Merit and Bronze Star for gallantry in action and for meritorious service against the enemy.

General Milton has the degrees of Bachelor of Science in Mechanical Engineering and Master of Mechanical Engineering both from the University of Kentucky. His civilian educational career is as follows: assistant professor of Mechanical Engineering, Texas A and M, 1919 to 1924; professor of Mechanical Engineering, New Mexico A and M, 1924 to 1934; Dean of Engineering, New Mexico A and M, 1934 to 1938; President, New Mexico A and M, 1938.

He was Governor of the Southwest District, Kiwanis in 1936 and from 1932 to 1941 was a member of the Board of Directors of the New Mexico Department of Public Welfare. General Milton's widowed mother, Mrs. Gordo Howard Milton lives at 550 Elm Tree Street, Lexington, Kentucky. General Milton is tall (more than six feet) and erect and is soft spoken.

Walton Named To Higher Post

Sylvan Brooks Walton, has been named acting head of the mechanical engineering department of the College of Engineering at the University of Kentucky.

Professor Walton, who has been a member of the department for the past seven years, is a graduate of the California Institute of Technology and formerly was employed by the Firestone Tire and Rubber Company.

He was named acting department head to replace the late Prof. Perry West, who died in April.

He holds an M. A. degree from the California school and has specialized in thermo dynamics and fluid mechanics.

Chester M. Smith, Engineer, Retires

Chester M. Smith of South Orange, N. J., has retired from the Western Electric Kearny Works with which he has been connected 42 years. He was merchandise service manager. Before retiring he was honor guest at two parties given by his colleagues and many friends and executives of the firm's Chicago, New York and Baltimore divisions were present to pay tribute to Mr. Smith's valuable work.

Mr. Smith is a native of Elizabethtown, Kentucky, and expects to return to the State for frequent visits to his farm. Since joining the Western Electric Co., after graduation, he has been on duty in Chicago, LaGrange, Ill., and has lived in South Orange since 1932. His retirement took effect July 1. He has been an active member of the Alumni Association since 1914.

Kentucky Designs For Her Future

DR. HOWARD W. BEERS

The human interest experiences that writers have in preparing a book do not appear in the volume once it is complete and, lying in trim dignity on the shelf. Alumni who read *KENTUCKY: Designs for Her Future* will be amused by some of the tribulations and some of the humor that flowed through this book, but of which it contains no present evidence.

Nearly everyone would have enjoyed the sportsmanlike discussion in the Haggin Fund Publications committee between Dean Wiest and Professor Farquhar over the relative merits of "further" and "farther." Both words have been used in the text of the book, but probably not to the complete satisfaction of either protagonist to the dispute.

Another controversy, this time largely confined to the editor's mind, was whether the people of Kentucky should be "we" or "they" and whether the Commonwealth should be "it" or "she." As a concession to academic habit and dignity the third person was used in most places. This may have been a mistake. Readers might have greater sense of intimacy with the subject if the first person had been used.

Some reader is certain to write a letter criticizing the inconsistent

policy, if any, followed with reference to capitalization of the word "state." It was finally decided that a capital letter would be used if the legal and political entity were being denoted. For any other meaning, the lower case letter is used. Perhaps even the critical reader will not discover this editorial policy.

There may be errors in the book. One, embarrassing to the editor, the erroneous acknowledgment to the wrong Blackerby. P. E. is

DR. T. D. CLARK

ADAM PERROT PHOTO

the Commissioner of Health, but J. F. was given the credit in the "Acknowledgments" in this book. The only consolation for such an error lies in the fact that many and better people have made it before. It is what any organization gets for having two officials with the same name.

Some of the most interesting experiences were those involving little lobbies for special interests. It may now be made public that even President Donovan once spoke wistfully of his hope that

there might be a chapter on Hereford cattle! One friend of Kentucky, having learned of the projected book, wrote urging that there be a chapter on fox hounds. A complaint was made by foresters who said their field should not be discussed in the same chapter with agriculture but should have a chapter of its own. A similar protest was made by both the public health people and social workers because their fields were condensed in the same chapter. One question was whether there should be a separate chapter on Negro problems. The decision was that race problems take their place within a larger framework of economic problems and that all racial groups have a common interest in each of the resources considered in the book.

There was some difference of opinion about the tone of the book. Some advisers suggested that the book should be shocking; that it should arouse anger in order to stimulate progressive action. Other advisers suggested an opposite tone; that of mentioning only the good things about Kentucky and writing only in praise or commendation. Actually the style neither whitewashes or shocks: it is moderate-

R. M. SULLIVAN

ly realistic and objective. Perhaps the book will be a disappointment, therefore, to both the shockers and the "glory-be" group.

Several little stories revolve around the pictures. The frontispiece and the picture facing page 59 were criticized by one literalist who insists that most bluegrass pastures do not have running streams and each of these photographs, therefore, gives an erroneous impression. Several people in Fayette county have exclaimed immediately upon seeing the second picture in the book, "That man is Ven Hart." Indeed this is the man, looking out over his tobacco patch, and put in the book without his consent. We hope he has no objection. The picture of cornhoers facing page 8 was snapped by Dr. Bondurant with an ordinary small camera while on a research trip in Eastern Kentucky with no thought that it might ever be published. The view facing page 36 is two pictures in one. The beautiful clouds were worked into the farmstead scene by the skill of Brooks Hamilton. In one sense, therefore, this picture is a fake, but in another sense it is perfectly valid.

Some of the "glory-be" people have protested the picture of

I. T. SANDERS

the mountain homestead facing page 37 for fear some people would think that all Kentucky farms are like this. This objection is easily refuted by a backward flip of the page to the beautiful bluegrass mansion view on its other side.

The neighborhood scene facing page 40 is Dudley Road in Lexington showing the home of the Photographic Editor and his neighbors. The boy in the picture facing page 41 is Freddie, son of

A. C. MCFARLAN

Mrs. Fannie Downing, a member of the staff in the editor's office. The lamp was contributed by another girl and the kerosene to light it by still another in the same office. After Freddie had posed for this picture, Brooks Hamilton shot some special portrait views to be sent to the boy's brother who was on the European Front.

Many readers will recognize the church entrance facing page 48 as that of the Good Shepherd Church in Lexington.

DR. W. R. ALLEN

Soil Conservationists are only half satisfied by the use of the picture facing page 53. The caption under the view correctly calls attention to contour tillage, but it neglects to preach the second sermon: sowing cover crops after corn is also illustrated by the view. One of the most attractive landscape photographs in the book is that by W. R. Allen shown facing page 84. It is a view taken on Lower Howards

Creek in Clark county. Incidentally, Professor Allen has a portfolio of photographs, numbering more than 30, and presenting the complete stream from source to mouth. The view of Cumberland Falls was swapped with the view of the power plant because of an interesting conflict between the engineer's point of view. The nature lovers point of view and some streams for water power, so some nature lover protests the use of the beauty of the Falls seem more appropriate than the view of the power plant for use in the chapter on Wildlife. Alumni will recognize several views, for example, those facing pages 132, 149, 152, 160, and 161 as having been posed at the University.

Brooks Hamilton snapped the State Capitol on a late afternoon from the winding hillside that starts out toward Louisville as one goes through the city of Frankfort. The photographer has done a very skillful job of playing down the dwellings and the irrelevant material in the foreground. Incidentally (to reveal a secret) the photographer completely removed

the milk pail from the hands of the man studying admission taxes before the theater facing page 197. Just why the man was carrying the pail will probably never be known, but it certainly did not contribute to the message of the picture. The view facing page 217 is of the Cassidy School at the outskirts of Lexington. The views of Morrison at Transylvania and of Memorial Hall at the University will be recognized by Alumni as superior pictures of these beautiful buildings. The boy in the picture illustrating the use of free text books is Billy, the son of the photographic editor, Brooks Hamilton. The picture of Ormsby

DR. L. L. QUILL

Village was contributed by Superintendent Henley Bastin from a collection accumulated in his office during many years. The picture facing page 288 highlights a controversy, this time between the nature lover and the agriculturalist. The former wants a pond and some hedge-row cover for game. The latter wants clean fields and fence rows. The picture, incidentally, was taken on the highway between Lexington and Versailles.

The whole book, *KENTUCKY:*

Designs for Her Future, of course, grew out of the thinking of President Donovan as he observed the celebration of Kentucky's sesquicentennial. The emphasis upon "Kentucky in Retrospect" suggested the need for attention to "Kentucky in Prospect." President Donovan invited members of the Faculty to Maxwell Place for a discussion of this theme: some articles were prepared, but more particularly, a series of radio broadcasts was arranged and presented throughout the summer of 1943. The preparation of the radio talks involved the accumulation of much material that it seemed wise to make available in a more permanent form. Hence, the book. One objective of course, was to sell the book at not more than cost in order to make it widely usable.

Certainly no group of Kentuckians will be more important in designing Kentucky's future than the University's Alumni and it is hoped that they will not only find these anecdotes interesting but they will also find the book useful.

Contributions to "Kentucky Designs For Her Future" are: W. R. Allen, Howard Beers, T. D. Clarke, Dana Card, Marshall D. Ketchum, A. C. McFarlan, James Martin, Lawrence L. Quill, Irwin T. Sanders, Maurice F. Seay and Rodney Sullivan.

Farquhar Resumes Duties At University

Prof. Edward F. Farquhar resumed his teaching duties on the faculty of the University of Kentucky's English department during the summer quarter following an illness of eight months.

He taught the first term of the summer quarter and returns for the fall term. For several months, Professor Farquhar has been visiting his son, Dr. Bruce Farquhar, in Kennett Square, Pa.

A Marine's Experiences

By HENRY PAUL, 1948

Thomas Sherwood Glass, of Georgetown, now enrolled in the University of Kentucky and a member of the 1945 football squad, received a discharge from the United States Marine Corps January 27, 1945. He is the son of O. D. Glass, of Georgetown and a graduate of Georgetown High School.

While serving with the Third Marine Division in the South Pacific, Corporal Glass engaged in

GLASS THE MARINE

several campaigns with the enemy. On October 1, 1943, he was transferred from training camp to combat area. He first landed in New Caledonia. There he was transferred to a replacement battalion and sent to Guadalcanal to relieve men who had served their time overseas. After Guadalcanal came Bougainville. During this battle he was wounded in the left leg by a Jap sniper. He was transported on a hospital ship to a rest camp. After three months his wound was completely healed, and Corporal Glass was returned to his

Company, which was then back at Guadalcanal.

On May 1, 1944, he was shipped 'destination unknown.' After five days at sea the men were informed that a landing was to be made on Guam. June 18 was the date set, but this had to be cancelled because the Japanese fleet was sighted in that area, and the party was sent to Saipan to stand in case of action. After forty days off the coast of Saipan, the orders were given, and on July 21, 1944, the invasion of Guam took place. Corporal Glass took part in some of the bitterest fighting in the Pacific area.

The landing was made at 8 o'clock. His Company was in the second wave with orders to take Hill 600 on the Island. The resistance of the Japs was so strong that only ninety out of two hundred and twenty-five men were left at the end of the day. Three days elapsed before his Company was able to get sufficient reinforcements to take the hill. The remaining ninety men were given a day's rest.

On July 25, 1944, at 2:00 A. M., Corporal Glass and his Company were ordered to secure a beachhead for more troops. At about 3:00 A. M. the Japs started firing with heavy guns. This was called Banzi (meaning blood for the Emperor). Corporal Glass, his squad leader, and an assistant machine-gunner were in a fox-hole when the firing started. The Company withdrew, leaving only the three men. Just over the ridge were about three hundred Japs, and the American boys had just one grenade and 1500 rounds of ammunition. At dawn Corporal Glass discovered that his assistant gunner was dead and the squad leader

GLASS THE "WILDCAT"

wounded. Realizing that their Company had withdrawn, they knew that they would have to fight their way out. However, this was not done until they had chalked up two hundred and twenty-five Japs to their credit.

These two men were awarded the Silver Star and the Purple Heart, and were given honorable discharges.

A credit to themselves and to their company, they are back in that country for which they fought, trying to build the futures for which they came so near to sacrificing their lives.

1945 Schedule University of Kentucky

Sept. 21	Mississippi (N)*	Memphis
Sept. 29	Cincinnati (N)*	Lexington
Oct. 6	Michigan State	Lansing
Oct. 13	Georgia	Lexington
Oct. 20	Vanderbilt	Nashville
Oct. 27	Cincinnati (N)*	Cincinnati
Nov. 3	Alabama	Louisville, Ky.
Nov. 10	West Virginia	Morgantown
Nov. 17	Marquette	Lexington
Nov. 24	Tennessee	Lexington

* N in parenthesis denotes night game.

SUMMER COACHING STAFF
JACOB GILL SHIVELY BOSTICK WALTERS

U. K. Will Revive Full Sports Card

A full sports program will be resumed at the University of Kentucky with the opening of the Fall term, Bernie Shively, athletic director and football coach, has announced. Several activities, shelved as war casualties, will be restored to the athletic department curriculum.

The program will include football, basketball and tennis, as during the past year, and baseball, track, golf, fencing and rifle matches, activities which have been curtailed.

Track talent will be plentiful, from all indications, for already a number of stars are enrolled at the University, most of them on the football squad. These include Tony Dallas, Paducah, who was high-point man at the high school track meet held at Stoll field recently; Hal Phillips, Louisville, 100-yard-dash champion of Kentucky; Bill Chambers, Huntington, W. Va., a hurdler of note,

Wartime Tennis

H. H. DOWNING

After marking time for two years the University of Kentucky tennis team was given the "forward, march" order in the spring of 1945 and a step forward was taken on the path made by U. K. tennis teams since 1922. As with most things the war struck a pretty hard blow to tennis everywhere. Traveling became next to impossible. Tennis balls were of a very inferior quality, often breaking after two or three games. Strings and racquet frames were hard to get. Also, many of the players and prospective players were taken into the armed forces.

Our 1942 schedule had been completed when Pearl Harbor suffered its treacherous attack. The U. K. team proceeded, however, to meet its engagements. The northern trip was made in

and Kenton (Dutch) Campbell, Newark, Ohio, sprinter and hurdler.

two U-Drive It cars which were provided with two spare tires to each car. When we returned to Lexington we had one spare left. In 1943 many of our long-time rivals had suspended tennis and others could not send their teams far from home—neither could we go far. So, we had to content ourselves with four meets, two with Berea College and two with the University of Cincinnati. 1944 found conditions worse. We decided not to organize a team but to have, instead, a tennis tournament for men students interested in playing the game.

As the 1945 tennis season approached conditions seemed to be slightly improved. It was thought advisable to start building for the future, and a call was made for tennis material. Six boys responded. A schedule of six meets was arranged and the U. K. team was successful in winning four of these, losing twice to a surprisingly strong Cincinnati team. All but one of the 1945 meets were played on

DR. H. H. DOWNING
 DESIGN STUDIO - LEXINGTON, KY.

the four singles-two doubles plan, the one exception being a two-one meet. Prior to the war practically all meets were on the six-three plan. Thus, the war affected just about everything connected with tennis.

It is hoped that 1946 will find it possible to take another forward step toward tennis conditions of pre-war days. We hope to arrange more meets and, if possible, have more boys playing the game.

The U. K. tennis teams have made a record in which they and all U. K. alumni need feel no shame. They have met teams that were good, that were indifferent, and teams that were bad. They have won from good teams and have seldom lost to poor teams. All told, in twenty-four years, they have opposed teams from thirty-nine different colleges and universities and also several independent teams. This saw the U. K. boys starting 214 meets of which they won 136, or nearly 64%, lost 69, or slightly more than 32%, tied 4, and were unable to complete 5 because of rain. In four of the five incomplete meets U. K. was leading when the rains started.

Our tennis teams have met such outstanding teams as Notre Dame, Tulane, Miami University of Coral Gables, Michigan State, Georgia Tech, Vanderbilt, Northwestern, University of North Carolina, Spring Hills of Mobile, Ohio State, University of Illinois, and Kenyon College, all of which have been rulers at one time or another of the conferences to which they belonged. Some of the teams from these schools have tasted defeat at the hands of our racquet wielders.

Before the war our schedules had worked into a simple pat-

TENNIS SQUAD

Standing: Al Reynolds, Bill Sturgill, Bill Long.
Kneeling: Tom Asbury, Jack Scharstein.

tern. One season we traveled north, and at home played host to southern teams. The next season would find our team traveling south meeting our southern rivals, while the home schedule included meets with northern teams. Besides the teams from these two sections of the country we often entertained other teams that would be on a trip which carried them through the Blue Grass.

It has not been practical to compete every year in the Conference tournaments. In 1931 we sent one player to New Orleans to compete in the Southern Conference Tennis Tournament. In 1939 we entered three players in the Southern Conference Tennis Tournament at Sewanee, and in 1940 we had three in this tournament held at the same place. In 1941 the tournament was held in Nashville with Vanderbilt University as host. Kentucky had four players participating in this tournament.

One of the interesting features

connected with the U. K. tennis teams is centered around three families. The Ragland family has furnished three brothers, the Kee family two, and the Johnson family two.

The several fighting branches of the government have drawn at least thirty-two of the former tennis players and three former managers into their ranks. One former player has made the supreme sacrifice and another was reported lost some fifteen months ago. Several of the other boys have been doing their part by taking up government jobs, while the remaining ones have been "carrying on" in their communities. One of the early players holds the rank of colonel and another that of lieutenant colonel.

Thus, tennis, while not a spectacular, crowd-drawing sport, has for twenty-four years played a part in the campus life of the University of Kentucky. The teams are respected by all of their opponents and the players have gone on to become honored and respected citizens.

team in 1922

U. K. History Head Edits Books On Southern Travel

Dr. Thomas D. Clark, head of the University of Kentucky department of history is editing a series of books on southern travel which will be published jointly by the University of Kentucky and the University of Oklahoma Presses.

Dr. Robert G. Lunde, a member of the University's history department faculty is one of the contributors to the series.

FOOTBALL SQUAD PICTURE

Top row—Englisis, Yost, Beal, Smithson, Birkner, Shannon, Campbell, Hensley, Paul, Blanda, Mitchem, Schleicker, Wolf, Fering, Serini.

Middle row—Manley, Pritchard, Ray, Perkins, Williams, Heffington, Connet, McInturff, Haas, McDonald, Bomar, Chambers, Parlovich, Hale, Burgard, Phillips.

Bottom row—Ferris, McManus, Dallas, Glass, O'Grady, Weaver, Gardner, Powers, Thomas, Barnett, Keyser, Stotler, Granitz.

Carlisle To Coach Lafayette Athletes

Ralph Emerson Carlisle, former University of Kentucky basketball star, has been appointed coach and director of physical education at Lafayette high school in Fayette County. Mr. Carlisle has resigned from his position at Fort Thomas where he tutored the Highland Blue Birds. At Lafayette he will have charge of basketball and baseball, track and soft ball will be added to the program.

Carlisle came to the University in 1933 and majored in physical education and was graduated in 1937. His career as a coach has been eminently successful. He coached for four years at Madison High School, Richmond; at Kavanaugh 1941-1942-1943 and at Fort Thomas 1944 and 1945.

Carlisle won numerals in basketball and track during his first year at the University and numerals in those sports the following years. He gained national

prominence as a basketball player and was one of the all time high scorers at Kentucky.

Heyman Foreign Medal Winner

Lt. Colonel Laurence J. Heyman of Lexington has been presented with an honorary membership in the French Foreign Legions and now wears the Nichan Iftikhar Medal. Colonel Heyman was graduated from the University in 1916.

Colonel Heyman, who is commanding officer of Eastern Town Command, N.A.S.C., was presented the Nichan Iftikhar by his highness the Bey of Tunis and was awarded the honorary membership in the French Foreign Legion by the French Resident-General of Tunisia. The recognition was for achievements as an officer of the U.S.A. and maintaining good relationship between American-French and Arab troops.

Miss Conant To Get Engineering Award

Miss Edith Conant, who received her degree in civil engineering June 1 at the University of Kentucky commencement, has been named the recipient of the E. B. Ellis memorial award and is the first woman to receive the award.

The award of \$100 goes to the graduating senior making the highest scholastic standing in her freshman and sophomore years. Miss Conant is the daughter of Mr. and Mrs. W. M. Conant of the Elkchester pike and a member of Chi-Omega social sorority. In her engineering work, she majored in architecture.

U. K. Second Summer Term Shows Gain

The second semester of the summer quarter at the University of Kentucky has an increase of enrollment over the same quarter in 1944. The enrollment for the present term is 816, that of the same term last year, 704.

High Test Gasoline Among U. K. Pilot Plant Products

Many of Kentucky's hitherto dormant mineral resources may become vitalized into a money-bearing asset for Kentucky in the \$50,000 coal research laboratory now nearing completion on the University of Kentucky campus.

The laboratory, with its intricate outlay of pulleys, conveyor bolts and retort will start turning sometime this month to prove to the world that oil and gasoline can be made from coal and oil shale on a practical commercial basis.

The little factory, conceived by Prof. C. S. Crouse, head of the University's department of mining and metallurgical engineering, has been financed with state and university funds except for \$3,000 contributed by the Tennessee Valley Authority, and considerable of the equipment has been constructed on the University campus.

With the scarcity of oil and abundance of coal in mind, Crouse and his associates have devoted years of study to the potentialities of coal as a source of fuel when national supplies have dwindled to near-exhaustion. The research factory is the ultimate result.

In the present-day manufacture of coke, many valuable by-products such as tar compounds, oil, illuminating gas, ammonia and other volatile materials are driven off by the heat and allowed to escape into the air. But this is not true of the Crouse pilot plant. Coke is the first product out of the retort and the

other materials are piped to refinery units and storage tanks.

It was built primarily to interest industrialists in the possibilities of an industry which would employ thousands in Kentucky. Findings will be made available to all interested parties.

Walter T. Conner Free, Enroute Home

A NINTH AIR FORCE BOMBER BASE, France — After spending five and a half months as a war prisoner in Germany, First Lieutenant Walter T. Conner, a Lexington, Ky., pilot, was liberated by the U. S. Seventh Army's 14th Armored Division shortly before V-E Day and is now on his way home.

The 27-year old airman, a former University of Kentucky student, was shot down on November 19, 1944 on his 58th combat mission, while attacking the town of Ball, Germany, an important communication and railroad junction. Enemy anti-aircraft scored a direct hit on the bomb-bay of the lieutenant's A-20 Havoc, exploding the plane and momentarily stunning the pilot.

As the burning ship was hurtling to earth, Lt. Conner regained consciousness, released his safety belt and baled out while he was only about 200 feet from the ground. He remembers that a Luftwaffe anti-aircraft was shooting at him as he was descending and was there to seize him the minute he landed.

During his imprisonment, the lieutenant lost considerable weight on the skimpy German diet of watery soup, potatoes and bread. "Had it not been for those Red Cross packages we re-

ceived," he says, "I would have starved to death."

When the Russians were advancing on Berlin, the pilot and other prisoners were marched for seven straight days in the bitter cold from their camp at Sagan, 40 miles south of Berlin. Finally, on April 29, the lieutenant was liberated by tankmen of General Alexander Patch's Seventh Army, after a brief pitched battle with Storm Troopers.

The lieutenant, who came overseas in March, 1944, was assigned to the 409th Bombardment Group, a unit of the Ninth Air Force. He was awarded the Air Medal and 10 bronze oak leaf clusters for meritorious performance during his 58 combat missions.

Before he enlisted in April, 1942, Lt. Conner worked for the United States Post Office. His wife, Mrs. Ann M. Conner, and his parents, Mr. and Mrs. Frank Conner, live at 730 Aurora Ave., in Lexington.

Lexington Officer Receives Decoration

The Gold Star has been awarded to Marine Maj. Roy J. Batterton Jr. for wounds received in action against the enemy on April 15, 1945, according to word to his parents, Mr. and Mrs. Roy J. Batterton, 202 Ridgeway road. Major Batterton was wounded in fighting the Japanese in Okinawa. The Gold Star award was made in lieu of a second Purple Heart, according to the citation of Adml. C. W. Nimitz, commander in chief of the United States fleet. Major Batterton was graduated from the University in 1940.

It Was A Silver Jubilee Party For Theta Sigs All

The alumnae of Kentucky Chi chapter of Theta Sigma Phi celebrated the 25th anniversary of the founding of the chapter on the University of Kentucky campus at a dinner party May 21 at the Lafayette hotel, with Miss Margie McLaughlin, founder, backer and guiding genius of Theta Sigs through 25 years of activity, as the honor guest.

To put it in student parlance it was a "swell" party, with approximately 100 Theta Sigs, journalism students and friends of Miss Margie present to pay homage to "a grand person" and to the good old days.

Featuring the evening was a skit, presented by the alumnae chapter in "gridiron" fashion, which took the audience back to the gay twenties when Chi chapter was Miss Margie's baby and when Strollers, Theta Sig, the football team and the fraternities vied with each other in seeking out the popular University journalism professor for parties, trips and general advice.

A newsgirl, dressed in the costume of the twenties passed out "The Silver Em" a miniature tabloid featuring the evening's program, and honoring Miss Margie. At the conclusion of the program a gold lapel pin was presented to the guest of honor from the alumnae group.

Kitty Conroy and Edith Minihan Quinn authored the skit which pictured the journalism department in the basement of the Science building, and introduced such celebrities of the twenties as Kitty herself; Anna Louise Connor, "John Whit-

aker," "Herndon Evans," "Grover Creech," "Walter Ferguson," "Troy Perkins" and last but not least, "Miss Margie," enacted by Virginia Conroy.

It was a gala occasion, presenting to Theta Sigma Phi's the opportunity to honor the journalism students' best friend. Perhaps the feeling of affection, the good fellowship and general pleasure of everyone present in having the opportunity thus to honor Miss Margie, were best expressed in the verses with which this reporter introduced the skit.

THE GOOD OLD DAYS

Auld Lang Syne is our theme tonight,

For most of us here have arrived at the plight

Where we shake out our graying hair and gaze

With nostalgic glance, at the "good old days."

There was a time, two decades ago, When we were the students "in the know."

And our elders would talk of "way back when——"

Which, maudlin talk, was beyond our ken.

But, lack-a-day, we've all grown older,

And tucked away in Time's worn folder

Are the happiest hours we've ever known——

Those carefree days ere we were grown.

In the hectic twenties this country boomed

With talk of suffrage; females bloomed

At every poll—the while men groaned——

And instead of cramming—the students boned!

Cootie garages bedecked the heads

Of all the co-ed's—there were no keds

For dainty feet, we all wore spikes And marvelled that we tired on hikes.

Our skirts were long, our wait-lines longer,

We looked as though the pangs of hunger

Gnawed constantly at female gizzards——

Oh! We thought we were fashion's wizards.

In those old days, Miss Margie reigned

In the Science building basement—stained

With printer's ink—and smelling slightly

Of humans, leaks, and food, bought nightly.

For there the Kernel staff held sway

And though we worked awhile each day,

The fun of being on the staff Was being part of the nightly gaff.

The Strollers had their office there——

A desk, trash basket, one good chair

Which was the throne of Johnny Burks

Director, whose fair memory irks.

Those here among us who had hope Of stardom—we thought John a dope!

Here too, dear Uncle Enoch strove To teach us words—and he did, by Jove!

In the good old days Miss Margie wore

Fraternity pins—a dozen or more——

She rode around in a smart red Stutz

Which a dashing coach drove over the ruts.

She chaperoned the Stroller trips
The Su-Ky gang—and gave us
tips
On how to write the latest
views—
The who, what, where, when, why
of news.

But what I'm trying to say is
This—
And I want no contradiction or
hiss
From you youngsters who are here
tonight—
The twenties were just about all
right.

We had about one automobile
To every lodge, and the guy was a
heel
Whose car didn't leave the campus
packed
With gals and guys *his* lodge had
backed.

We had no money, but lots of fun
And backing us up from the open-
ing gun
To this good day, was a tall red-
head:
Quite gay and gallant—a thor-
oughbred

Who taught us more than how to
write,
Who got us out of many a plight;
Our campus backbone, by and
large—
Ladies, tonight, we give you Miss
Marge!

Helen King
May, 1945.

Miss Connor Heads Theta Sigma Phi Alumnae

Miss Anna Louise Conner, class of 1923, was elected president of the Lexington chapter of Alumni of Theta Sigma Phi at the annual business meeting held with Mrs. Margaret Foster Maxwell at her home June 20. Miss Connor has held the offices of Secretary and Treasurer of the organization and was vice-president during the past year.

Mrs. Frances Lee McLean, class of 1926, was elected vice-president; Mrs. Francis J. Quinn, was re-elected treasurer and Miss Harriett Chatfield became the secretary. Mrs. Quinn, nee Edith Minnehan, was graduated in 1926 and Miss Chatfield received her A.B. in 1927 and her masters from the University in 1941. Miss Connor has not announced committee chairman.

Honorable Discharges

Burton

Lt. Charles R. Burton, a graduate of the University in 1942, has received an honorable discharge from the Army under the Army adjusted rating program. He has been with the 15th Army Air Corps and spent two years in the Mediterranean theatre. He will return to complete his University work in October.

McDonald

Staff Sergeant Robert W. McDonald of Lexington, who is a former student of the University, has been given an honorable discharge on the rating program. He wears the Distinguished Flying Cross ten Oak Leaf Clusters and Purple Heart and has served in the attack on Beauboir, and the Battle of the Bulge, flying more than 50 missions over German targets.

Additional Names to List of Officers

More than five hundred names were listed in the May Alumnus of men and women, graduates and former students of the University, who were ranked above a captain in the service of the United States for World War II. There was great pride felt for the power and ability embodied in that story but we had another reason for publishing it and that reason was that if we had not obtained a full list other names would be added so we are grateful for the co-operation of friends who have supplied information in regard to other officers.

We add:

Major Abram, Robert V., Lakeland, Florida.

Colonel Albert, Russel F., Elizabethtown, Ky.

Major Applegram, Clarence O., Evanston, Ill.

Captain U. S. C. G. Doyle, Martin A., Paris, Ky.

Major Kiesewetter, Frank H., Covington, Ky.

Major Miller, Alfred O., Louisville, Ky.

Colonel McDonald, John W., Louisville, Ky.

Lieutenant Colonel Staples, Fred, Lexington, Ky.

Lieutenant Colonel Travis, Charles French, Louisville, Ky.

Major Traynor, Harry S., Oak Ridge, Tenn.

Major Williams, S. Earl, Lexington, Ky.

Dean Evans Honored

Dr. Alvin E. Evans, dean of the law college of the University of Kentucky, has been named a member of a committee to organize an International Association of Lawyers. The committee was formed in Washington, D. C., Herber Rice, Washington attorney and alumnus of the University, is secretary-general of the Committee.

FRANCES E. ISHAM

Francis E. Isham, daughter of Clyde D. Isham, 1036 10th street, Huntington, W. Va., has arrived in Hawaii for further assignment in the Pacific Ocean Area as an American Red Cross hospital staff aide. Until her Red Cross appointment, Miss Isham was employed in the Orthopedic Hospital, Huntington, W. Va. She is a graduate of Huntington High School and Marshall College, A.B., 1942, and attended the University of Kentucky.

James C. Bishop

By JAY JAY
Lexington Leader
Junk-Pile Magician

The June issue of American magazine has a piece, "G.I. Magicians of the Junk Pile," which tells how Army engineers salvage junked tanks and jeeps and virtually everything else and make useful things out of the material. It features "Maj. James C. Bishop of Lexington, Ky." By the time the magazine got out, he was Lieutenant Colonel Bishop. He's really from Murray, but was graduated from the University here and married a Lexington girl, Dorothy Whitsitt, who with their two children is living at 228 Catalpa road while Colonel Bishop is overseas.

With The Colonels—

Colonel Douglas Andrews

Col. James Douglas Andrews, Lexington, class of 1936 University of Kentucky graduate, has been promoted to the rank of Colonel and has been awarded the Legion of Merit for outstanding service in the European theatre. He also wears the Bronze Star. Colonel Andrews has been in the army since his graduation, serving at Fort Knox; attending Command and General Staff School at Fort Leavenworth, Kansas; and serving overseas for the past 14 months. He arrived in England in April, 1944, and was assigned to the personnel section of General Eisenhower's staff. The award of the Legion of Merit was made in Paris, France.

Colonel William A. Luther

Colonel William A. Luther of Lexington, who was graduated from the University in 1933, has received his coloneley recently and holds the Legion of Merit, Croix de Guerre Corps de la Arme, one of the highest awards France offers. Colonel Luther was so honored for participation on the Italian campaign. He has been overseas three years and is serving with the Sixth Army Group in the personnel department. Colonel Luther is a native of Hopkinsville, Ky., and enlisted in 1941 being assigned to Fort Knox. His overseas duties began at Fifth Army Headquarters.

Colonel Canary Assigned to Cairo

Colonel J. E. Canary of Owensboro, Ky., and a former student of the University assumed command of the Cairo Military District about June 10, having arrived in that theatre late in May.

Colonel Canary is an Infantry officer with regular army service dating back to 1918. His last assignment in the States was as commanding officer of a training regiment at Fort Francis E. Warren, Wyoming. This is his second tour of foreign duty in this war. He was previously assigned with the North West Service Command at White Horse, Yukon, and at Dawson Creek, British Columbia, Canada.

U. K. Math Prof. To Teach In Army Study Center In England

Dr. Clairborne G. Latimer, professor of mathematics at the University of Kentucky since 1927, is one of a group of civilian teachers to go to England July 1, as instructor in the University Study Center in Shrivenham, England, which the U. S. Army is establishing as part of the over-all educational program for troops in the European theater during the demobilization period.

Dr. Latimer will go for not less than seven or more than twelve months, and will wear the Army uniform without insignia of rank.

At the close of World War I, Dr. Latimer himself was a student in the AEF University in Beaune, France.

The University professor holds the B.S., M.S. and Ph.D. degrees from the University of Chicago, and is a native of Hyattsville, Md. Before coming to the University of Kentucky in 1927 he had been an instructor at Swarthmore College and an assistant professor of mathematics at Tulane University.

ALUMNI

One thousand members have joined. Will you be another?

Introducing Lieutenant Colonels—

James Shropshire

James Shropshire of Fayette County, a graduate of the University in 1929, past secretary and past treasurer of the Alumni Association has been advanced to the rank of Lt. Colonel in the U. S. Army. He is now located at Fort Benning, Ga., and received his commission on that post.

Colonel Shropshire reported for duty in the U. S. A. in June, 1941 and left the United States early in 1942 for the South Pacific. He was overseas fourteen months and was returned to the States for treatment after he suffered an attack of malaria fever. After spending some time at home and at General Hospital, Springfield, Mo., he was assigned to Fort Benning. He is a Life Member of the Alumni Association.

M. E. Potter

M. E. Potter of Lexington, long time director of Physical education for men on the campus, has been promoted to the rank of Lieutenant Colonel according to an announcement of July 26.

Colonel Potter was graduated from the University in 1932 and has been head of the department of physical education since February, 1937. He enlisted in the service in April, 1942, and was stationed with the A.A.F.T.C. Division of Physical Training at Greensboro, North Carolina. He was transferred to A.A.F. Officer Training School in December, 1942, Miami Beach, Florida, and since June, 1943, has been back on duty at Greensboro.

Clarence L. Waldon

A promotion to the rank of Lieutenant Colonel has recently been announced from France for

Clarence L. Waldon, formerly of Clay City but before entering the service supervisor of the Courier-Journal and Louisville Times Circulation in Western Kentucky, with headquarters in Louisville. He is on the staff of Col. Franklin S. Hensley's Troop Carrier Service Wing headquarters and directs the plans and training of all units of the wing. He has been overseas 19 months and served in England before his assignment in France. Colonel Waldon received an A.B. degree at the University in 1931 and an M.A. in 1932.

Frank Benjamine Hill

Frank Benjamine Hill, of Sharpsburg, Ky., a graduate of the University in 1938, has been promoted to the rank of Lieutenant Colonel at Maxwell Field, Montgomery, Alabama.

After graduation Frank Hill was A.A.A. statistician at the Kentucky Experiment Station. He enlisted in December, 1941 and joined the Air Forces, being stationed at Gunter Field, Alabama, in the Basic Flying School. Since March, 1942 he has been at Maxwell Field.

Edd R. Gregg

Lieutenant Colonel Edd R. Gregg of Louisville has returned from overseas duty where he served 40 months as a battalion commander in the southwest Pacific theatre of operations. He wears the Asiatic-Pacific campaign ribbon with two battle stars and the Philippine Liberation campaign ribbon with one battle star.

Colonel Gregg attended the University and Mrs. Gregg, the former Mary Peterson was graduated in 1924.

Ralph Kercheval

Lieutenant Colonel Ralph G. Kercheval, BS, Class of 1935, has been promoted from major, at Fort Robinson, Nebraska, where he is stationed as Deputy Commander and Executive Officer. Prior to entering on active duty in February, 1941, as a first lieutenant, Colonel Kercheval was assistant manager of the Coldstream Stud Farm, Lexington, Kentucky.

In his assignment at the Robinson Quartermaster Depot, Remount Colonel Kercheval is responsible for the breeding, purchasing and training of horses and mules supplied to our fighting forces all over the world.

While a student at Kentucky, Colonel Kercheval majored in Animal Husbandry.

Harry S. Alexander

Harry S. Alexander of Lexington, a former student of the University has been promoted to the rank of a Lieutenant Colonel. He is in the China-India-Burma theatre of war and recently received the Distinguished Flying Cross. He also holds the Air Medal with Oak Leaf Cluster, a presidential citation and the Asiatic-Pacific campaign ribbons with two bronze stars. Colonel Alexander has been in the service since July, 1940, and in the Pacific War Area since November, 1944.

Returned to States

Lt. Col. James C. Smee, husband of First Lt. Lois Smee, 862 West Main street, at Miami Beach, Fla., after serving 45 months as a battalion commander in the Southwest Pacific theater. A graduate of the University of Kentucky in 1938, Colonel Smee was awarded the Combat Infantryman Badge and the Asiatic Pacific ribbon with four battle stars.

Lexingtonian With North African Command

Captain Hugo Hesson, son of Major and Mrs. Hugo T. Hesson, 504 Gibson Ave., Lexington, Ky., is Chief Check Pilot of the C-47 aircraft section of the Flight Transition School at Marrakeca, a base unit of the North African Division, Air Transport Command.

This base, commanded by Lt. Col. Rollen H. Anthis, is operating the only Flight Transition School in the NAFD, the division which has more than 25 percent of all ATC planes overseas and which in a recent month flew 17,200,000 ton miles.

Student officer pilots are trained in the operation of C-46 and C-47 aircraft at the Transition School and during the five months of its operation in 1944 well over 500 pilots accomplished the period of training, flying over 8,000 training hours.

As Chief Pilot of the C-47 section, Capt Hesson has supervisory duties over all of the instructors and check pilots assigned to duty with this type of aircraft.

Called to active duty at Long Beach, Calif., in 1943, Captain Hesson served there, receiving instruction in instruments, and later served at Memphis, Tenn., where he was pilot on many ferrying trips to overseas locations. He transferred overseas in May, 1944, and was assigned as pilot at Casablanca, prior to transferring to Marrakeca in December of last year.

A student at Falmouth High School, Falmouth, Ky., and later at Bedford High School, Bedford, Ind., Capt. Hesson attended the University of Kentucky prior to entering the flying game as a

civilian. In 1942 he was commercial pilot for Jolly Flying Service, Grand Forks, N. Dak., and Lexington Flying Service at Lexington, Ky., and in 1943 was a pilot for Burke Aviation at Vinita, Okla. Capt. Hesson's father is now with a Civil Affairs organization in Germany.

U. K. Art Professor Awarded Scholarship

Miss Anne Worthington Callihan, assistant professor of art at the University of Kentucky, has been awarded a scholarship for a special University of Cincinnati School of Applied Arts summer session course on contemporary art.

The special course is being sponsored by the American Institute of Architects and financed by the Carnegie Corporation. Miss Callihan was one of a group from a four state area to be awarded this special scholarship.

Professor Asher Takes Purdue University Post

E. J. Asher, associate professor of psychology at the University of Kentucky, left July 1 for Lafayette, Ind., where he has accepted a position as associate professor of psychology and head of the psychology laboratory at Purdue University.

Professor Asher has been associated with the psychology department at the University of Kentucky since the fall of 1928, and has been in charge of the University's freshmen classification testing and the state high school testing program.

Accompanying Professor Asher to Lafayette to make their home will be Mrs. Asher, and their four children, Jack, Frank, Jean and Rae Asher.

H. E. Stevens, Pathologist, Retires

H. E. Stevens of the class of 1906, U. of K., retired August 1 from his position as Plant Pathologist (citrus, avacado and mango diseases) located at Orlando, Florida. He has been associated with the government laboratories in Orlando since 1928 as senior pathologist working on the diseases of citrus, avacado and mangos and other tropical and subtropical fruit. After a rest Mr. Stevens expects to continue his interest in tropical fruit diseases but will continue to live in Orlando. He was a native of Prewitt, Ky., and took his B. S. in Agriculture. He has been an active member in the Alumni Association since 1914.

Mrs. Grable is Elected State Club Officer

Mrs. Queenie Grable of Lexington was recently elected first vice president of the Kentucky State Federation of Business and Professional Women's Clubs for 1945-46, it was announced yesterday.

Mrs. Grable is past president of the Lexington Business and Professional Women's Club, Inc., and is a member of the American Association of University Women and Kappa Delta Pi, national education fraternity.

U. K. Grad Writes Geology of Western Kentucky

Dr. Louise Barton Freeman, graduate of the University of Kentucky and part-time instructor of geology at that institution, is the author of the Paleozoic geology of the Jackson purchase region, included in a volume on the geology and mineral resources of that area, just published by the Kentucky department of Mines and Minerals.

Captain Beard Flight Leader

A 9TH AIR FORCE FIGHTER-BOMBER BASE, Germany; A strafing P-47 Thunderbolt fighter-bomber piloted by Capt. Elliott B. Beard, of Shelbyville, Ky., touched off a German ammunition dump northwest of Dresden and the huge explosion pepped the underside of the captain's plane with pieces of concrete from the ammo storage houses.

The Shelbyville pilot, a flight leader with the 365th "Hell Hawk" group, was attacking German supply and transportation lines in front of American First Army troops when his squadron was asked by a Ninth Air Force ground controller to strafe the ammo dump.

"I saw about 20 small, concrete buildings in a field surrounded by thick woods," Capt. Beard said. "The buildings were about 50 yards apart and soon after I started strafing one of the structures exploded. That explosion started explosions in other buildings and at 1,000 feet my plane was practically turned over and I was carried a couple thousand feet up by the force of the blast.

"Those buildings kept exploding every few seconds and then we began to see flashes in the woods where ammunition probably had been piled. The gray-black smoke billowed up to 8,000 feet and covered the whole area so that we couldn't see the ground. When I got back to my base deep inside Germany I discovered that the underside of my plane had been peppered with pieces of the buildings and probably pieces of metal leaving little pock marks all over the fuselage and wings."

Capt. Beard, son of Mrs. Adela W. Beard, 213 East Main St.,

graduated from Shelbyville high school in 1935 and from University of Kentucky, at Lexington, in 1940. He entered the army in November, 1940 and served as a flying instructor in the United States until he joined the Ninth Air Force last fall.

The captain wears the Air Medal with five Bronze Oak Leaf Clusters and the blue ribbon signifying that his group has been awarded a unit presidential citation.

Facts on U. K. Research Laboratory Published

A documented bulletin giving details concerning the establishment, equipment, and present operation of the University of Kentucky Aeronautical Research Laboratory has just been published and is available upon request to the University. Besides numerous illustrations, the publication details much of the war work done by the laboratory, discusses the work offered in student training, and indicates the potential value of the laboratory for the future.

Williamson On Atlantic Fleet

IN THE ATLANTIC—Lt. Robert G. Williamson, Jr., of Nashville, Tenn., is serving on board a destroyer escort of the Atlantic Fleet as communications officer. He wears the American Theater ribbon with three stars and the European-African-Middle Eastern Theater ribbon.

Before entering the Navy, Williamson was employed by the Parker Pen Co.

He attended the University of Florida and was graduated from the University of Kentucky in 1936.

Lucy Jean Anderson Now Senior Lieut.

Lucy Jean Anderson, lieutenant (j.g.), daughter of Mrs. Lura L. Anderson, 126 Delmont drive, to lieutenant (s.g.), at the naval air station, Jacksonville, Fla. Lieutenant Anderson was a member of the first official officer candidate class to be graduated from the U. S. Naval Midshipman Training School, Women's Reserve, at Northhampton, Mass. She received her commission as an ensign in October, 1942. A graduate of the University of Kentucky in 1935, Lieutenant Anderson was an active member of Phi Beta Kappa, Mortar Board, and held the presidency of Chi Delta Phi, honorary literary fraternity, and Zeta Tau Alpha social sorority.

Take Heart Men: Ky. Girls Want To Know How To Cook

The collective attitude of Kentucky high school lassies toward the problem of homemaking is pretty upsetting, if we take the study of changes in home living attributable to high school home economics, written by Ethel Lee Parker, head of the department of home economics education at the University of Kentucky and recently published as a bulletin of the Bureau of School Service.

The study, titled "How Effective is the Teaching of Home Economics?" points out that in a survey of high school girls studying home economics, "few girls were interesting in learning how to care for a house."

The bright note was struck in the survey, however, when Dr. Parker found that "the type of help wanted by the highest percentage of the girls of all classes was how to cook well and how to sew."

Engineering Station At U.K. To Be Sought

The University of Kentucky will ask the 1946 General Assembly for funds to establish a state-supported engineering experiment station to promote conservation and utilization of Kentucky resources, Dr. H. L. Donovan, University president, said.

He said it had been determined that \$50,000 a year would be needed to employ personnel and handle other matters of organization. Much of the equipment and adequate housing facilities are available on the campus.

The station, Dr. Donovan said, would be patterned after the school's Agricultural Experiment Station, co-ordinating the functions of five major research laboratories now in operation.

Dr. Donovan was asked about the proposal after it had been recommended to the governor's Post-war Advisory Planning Commission by a sub-committee headed by Acting Dean D. V. Terrell of the University's College of Engineering.

"We have been working on such a project for several years," the University president said, "and we think now is the time, if ever, to establish it. An engineering experiment station is essential to Kentucky industry. It would return to the state \$10 for every \$1 invested. The business men want it, and we think Kentucky is ready to move forward."

In the Terrell report, purposes of the station were set out as to:

1. Organize, initiate and promote engineering research of special interest to the state.

2. Aid and consult industry with its research problems.

3. Promote the conservation and utilization of the state's resources.

4. Provide support for research training in the fundamental and applied sciences.

"It is a function," the report stated, "of state and local government to utilize some small part of its tax funds in an effort to encourage the development of industry with state-earned capital. Research is undoubtedly the only means by which the state government can develop the facts upon which it can build from within.

"Attention is called to the fact that all states adjoining Kentucky and a total of some 30 states now support engineering experiment stations as part of the program of their land grant college and universities, and some states support more than one such institution."

It was pointed out that efforts in the past few years to establish an engineering experiment station at the university resulted in 1943 in organization of a Bureau of Engineering Research and Development. Full support was not provided for the operation, however.

The proposal under consideration would include co-ordination of five existing laboratories at the University dealing with aeronautical highway, ore dressing, coal and metallurgical research in addition to the regular laboratories in civil, electrical and mechanical engineering.

As reported by the United States Bureau of Mines in October, 1944, Kentucky ranks eighth in the nation in mineral output, with coal at the top of the list, it was pointed out.

University Receives Gifts Totaling \$6,800

Two gifts totaling \$6,800 to the University of Kentucky Agricultural Experiment Station for plant research were acknowledged by the executive committee of the board of trustees at its June meeting Friday. One gift of \$6,500 from the Chilean Nitrate Educational Bureau, Inc., was for the purpose of conducting experiments on effects of iodine in plant content, and the second, for \$300, was given by the Middle West Soil Improvement Committee for research and study on the plant food needs of Kentucky soils and crops. The committee approved a number of staff appointments and changes.

New Chemistry Professor Joins U. K. Staff

Dr. Jacob R. Meadow, formerly head of the Chemistry Department at Southwestern University, Memphis, has joined the University of Kentucky Chemistry Department staff as Associate Professor of Chemistry. He will direct freshmen courses in that Department. Dr. Meadow is a graduate of Arkansas College, receiving his Master's degree at the University of Arkansas and his Doctorate at Johns Hopkins.

Post-War Occupational Bulletin Issued

"Your Place in the Post-War World" is the title of a new bulletin just issued by the University of Kentucky, primarily for the purpose of informing new students of the post-war occupational opportunities that will be available as a result of research and discoveries carried on under the stress of war. Peace-time applications of radar, penicillin, victory gardening, aeronautics, and other subjects are considered.

Billy Jackson and 'Class'

During the Spring quarter, in answer to a popular demand, a class was opened for students desirous of learning to ride horseback. Miss Billy Jackson of Lexington, reporter for the popular news column "Hack,

Rack, and Tack" and a graduate of the University in 1941, is the instructor and is shown in the picture with her class. Miss Jackson is holding her horse and kneeling in front of her left to right are: Ellen O'Bannon, Jean

Anderson and Kitty Churchill; back row, left to right Elsie Dodson and Bill Johnson; middle row, left to right, Mary Louise McCowan, Jean Galloway and Richard LeGrande, all student members of the class.

Editorial

The annual letter, under date of July 9, has been responded to in most generous fashion. There are about 1000 members who have communicated with the office since June 1. That is excellent and it is our hope that another one thou-

sand will join before October 1 when the winter session at the University opens.

In the enthusiasm of writing a fourth yearly message to the many former students whose friendship I have enjoyed there was a peculiar omission which has caused some confusion. Many life Mem-

bers thought that the letter was a request for further dues. That was not the case and I should have said so in my letter. Now I hope the Life Members will realize that I merely took advantage of a chance to send a word from the office and that the communication bore my fondest regards and appreciation.

ALUMNI OBITUARIES

Thornton Lewis

Thornton Lewis, past president of the American Society of Heating and Ventilating Engineers died suddenly on July 4, at the age of 58, at his home, Holiday Hill, Newtown, Penna.

Until recently Mr. Lewis had served as Chief of the Public Service Branch of the Army Service Forces, Washington, D. C. and previously he spent two years as Deputy Chief of the Procurement Service Branch, U. S. Army Ordnance Department.

Mr. Lewis was born in Versailles, Ky., May 6, 1887, attended the public schools of Frankfort, Ky. and graduated from the *University of Kentucky* in 1906. He started his business career in the Engineering Department of the Buffalo Forge Co., Buffalo, N. Y. and then for five years represented that company in New York. He went to Philadelphia and for two years was a member of the firm of Murphy and Lewis, specializing in drying and air conditioning systems. In the following 10 years he was a partner in the firm of Lewis, Robinson & Gant, engaged in heating, ventilating and mechanical equipment design and during that time he was a special consultant for E. I. du Pont de Nemours & Company.

In 1921 Mr. Lewis became identified with the York Heating and Ventilating Corp. and later was its president and general manager. After merger with the Carrier Corporation, for six years Mr. Lewis served as execu-

tive vice president and later became president of Pulp Products Co., New York. He retired from active business in 1937.

Mr. Lewis joined the A.S.H.V.E. in 1919 and did outstanding work as Chairman of the Committee on Research, as a Council Member and as head of the Executive and Finance Committees. In 1929 he became President of the Society and during his many years of active service, he was identified with the establishment of the Society's endowment fund, the adoption of a number of its codes, the change in the publication method for the Journal, the sponsorship of the First Heating and Ventilating Exposition and he was the donor of the fund for the *F. Paul Anderson Award*, which since 1932 has been made to Dr. W. H. Carrier, Syracuse, N. Y.; Dr. A. C. Willard, President of the University of Illinois, Urbana; Professor F. B. Rowley, University of Minnesota, Minneapolis; Dr. F. E. Giesecke, Agricultural and Mechanical College of Texas; and the late Dr. F. C. Houghten, former director of the A.S.H.V.E. Research Laboratory.

Mr. Lewis leaves a widow, Elsie V. Lewis at Newtown, Pa.; three sons, Thornton Jr., North Plainfield, N. J.; Lt. Daniel G., USNR, Seattle; Lt. F. Allen, in the Army and a daughter, Mrs. Kent J. Terry, New Hope, Penna.

Leon N. Leonian

Dr. Leon N. Leonian, professor of mycology and mycologist in the Agricultural Experiment Station, West Virginia University, died June 7 after about a month's illness. Dr. Leonian was a native of Armenia. He left his native city of Van and after some travel in Russia, Egypt and

Greece, he came to the United States at the age of 20. After several years in New York and Detroit, he came to Kentucky and was graduated from the University in 1916 with a B. S. degree. His Ph.D. was received from University of Michigan in 1922. His Masters was also earned at Michigan in 1917. After some research in Mexico, Dr. Leonian took up his duties in West Virginia and in 1938 became professor of mycology in the University.

Dr. Leonian established an international reputation in three distinct fields, namely science-plant diseases, the physiology of fungi and in plant breeding. His avocation was in the growing, improving and breeding of delphinium, day lilies and oriental poppies. To this enterprise he gave the name of Lyonel Gardens and in the flower season it was the show place of Morgantown. He was a lecturer, author, teacher and scientist and a memorial in the form of a student loan fund has been established by his associates and friends.

Mrs. Anna Laughlin Kelly

Mrs. John Kelly, formerly Anna Laughlin of Lexington, and a former student of the University, died at her home in Lexington June 7. Funeral services were held at St. Paul's Catholic Church and burial followed in Calvary Cemetery.

Mrs. Kelly, before her marriage, taught in the Lexington Public schools. She is survived by a son, John Kelly of Lexington; a sister, Miss Katherine Laughlin and a brother, George Laughlin, all of Lexington.

James G. Scrugham

Senator James G. Scrugham died June 23 at the United States Naval Hospital in San Diego. He had been in failing health since last fall and attended only one meeting of the Senate this year. State funeral services were held June 29 at Reno, Nevada. A Congressional delegation was present and also high ranking officers of Army, Navy and Marine corps and a representative of the Secretary of the Navy attended. The Senate adjourned June 25 out of respect for the junior senator (D.Nev.) who had served the state of his adoption as governor, Congressman and senator.

James G. Scrugham was born in Lexington, Ky., and after his preparatory education attended the University from which he was graduated in 1900 from the College of Engineering and from that College he earned a masters degree in 1906. In 1903 he went to Nevada to become professor of mechanical engineering at the University of Nevada. 1914 he was chosen dean of the college. He was made state engineer of Nevada in 1917.

When the United States entered the war in 1918 he was commissioned a major and was advanced to the rank of Lieutenant colonel with the 517th coast artillery. He returned to Nevada after the war and was elected governor in 1922. Five years later when he had completed his term as governor he was named advisor to secretary of the interior on Colorado river development. In 1932 he was elected to Congress and in four succeeding elections was returned to Washington as Congressman. After a furious campaign in 1942 he was elected to

the Senate of the United States and with the exception of services rendered to the nation at the beginning of World War II he served his adopted State in the Nation's business to the end of his life.

Mr. Scrugham took an active interest in archeology; was interested in journalism; compiled a three volume history of Nevada and was a member of Tau Beta Pi, Sigma Chi, Phi Kapp Phi, Reno Lodge No. 13 of Masons, and Reno Lodge No. 597 of Elks. He was a life member of the Alumni Association and his biography was featured in the *Alumnus* in 1942. He is survived by his wife, Mrs. Julia McCann Scrugham, a son, James G. Scrugham, and a sister, Dr. Mary Scrugham of Fayette County.

John Skain

John Skain of Lexington, former student of the University and for many years treasurer of that institution, died April 30 suddenly at his home. Although in failing health his condition was not considered serious until the day of his death. Funeral services were held at St. Peter's Church and burial in Calvary Cemetery.

Mr. Skain was prominently identified with business, civic and political affairs and had been interested in hotels, newspapers, banking, farming and the management of estates and real estates. He was born and reared in Lexington and attended private schools, county schools, St. Mary's College at Lebanon and the University. He received a Masters degree from St. Mary's in 1921.

Mr. Skain contributed greatly

to community life in Lexington and Central Kentucky. He discontinued his association with the Phoenix Hotel about 1920 but continued as a director of the Lafayette the remainder of his life. He was a member of the executive committee of the First National Bank and Trust Company. He was a director of the People's Building and Loan Association and of the Kentucky Union Land Company.

Always active in politics and being a staunch democrat he filled many appointive positions and in 1907 was elected Mayor of Lexington and was president of the Lexington Board of Commerce one term. He was a member of the Board of Trustees of St. Peter's Catholic Church, a charter member of Maccabees, member of Knights of Columbus and Elk Lodges and was a member of Kiwanis and the Lexington Club.

His wife, Mrs. Nellie Hinks Skain, survives him.

Francis Gallaway

Dr. William Francis Gallaway, 42, professor of English for 19 years at the University, died June 8, at his home in Lexington. The body was taken to Savannah, Ga., for burial.

A native of Savannah, Dr. Gallaway attended schools in the south, received his bachelor of Arts degree from Davidson College in 1924, his masters from the University of Michigan in 1925 and a doctor of philosophy degree from the University of Michigan in 1930. He came to the University in 1925 and in addition to teaching English he taught Russian for two years. His book, "Reason, Rule and Revolt in English Classicism" gave him national recognition as a

scholar. At the time of his death he was producing in the field of 18th century literature and had under way a book on "The Life of James Boswell."

Dr. Gallaway was a member of The Modern Language Association, Facsimile Text Society, Phi Delta Kappa, Omicron Delta Kappa, and Sigma Upsilon. He was a member of the Presbyterian Church. He is survived by his wife, Mrs. Margaret Taylor Gallaway.

Miss Mary J. Hunt—

Miss Mary J. Hunt, retired school teacher of Lexington died, May 6, at her home after a long illness. The funeral was held at Milward Mortuary Chapel, May 8.

Miss Hunt received a degree from the University in 1929. She was a native of Prairie du Chien, Wis., and attended school there for her preparatory work. After coming to Lexington she attended Transylvania College and the University. She taught in the Lexington Public Schools and was a member of the Episcopal Church. She is survived by two sisters, Mrs. Rudolph DeRoode, Dr. Josephine Hunt; three brothers, Frank and Gordon Hunt of Lexington and Waller B. Hunt of Talladega, Ala.

William J. Barker

William J. Barker, farmer and tobacco man of Fayette County, died June 2 at Good Samaritan hospital. Burial was in the Lexington Cemetery.

Mr. Barker was a former student of the University and is survived by Mrs. Barker (Grace Gentry Barker); and a son, Charles Gentry Barker.

O. K. Dyer

Oliver Kirk Dyer died January 4, 1945, at Buffalo General Hospital, Buffalo, N. Y., after an illness of about a month. Mr. Dyer was graduated in 1904 from the University. He is survived by his wife, Helen Madara Dyer, also a graduate of 1904, and a son, Kirk William Dyer who was graduated in 1938 from the University.

Mr. Dyer was a native of DeKoven, Ky. After graduation he went with the Buffalo Forge Company and remained as salesman, sales manager and at the time of his death was sales manager for the Blower Division.

Leonard Miller

Leonard Miller, 38, head of the physical education department of Morehead State Teachers College, died May 1 in Louisville after an illness of several months. Funeral services and burial took place in Morehead.

A native of Lexington 'Len Miller' attended the public schools, was a member of the 1924 Lexington High Basketball team and entered the University that fall. He was injured in 1927 while playing football and played very little but assisted in coaching and was graduated in 1929. He left Kentucky that year but was recalled to assist in coaching again in 1932-33 and then joined the faculty at Morehead. His 1944 basketball team won the Kentucky Intercollegiate Conference championship and members of his squad acted as pallbearers for their coach.

Mr. Miller is survived by his wife, Mrs. Dale Smith Miller; a son, Michael, and his father Albert Miller of Lexington.

Miss Clarke—

Miss Elizabeth A. Clarke of Lexington, former student of the University, died Monday July 23 at St. Joseph's hospital, Lexington, after a long illness. Funeral services were held Wednesday at St. Peter's church, Lexington, and burial followed in Calvary cemetery.

Miss Clarke is survived by two sisters, Miss Mary E. Clarke, and Miss Sarah G. Clarke, both graduates of the University and both teachers at Henry Clay High School.

Mrs. Ware

Mrs. Clark Ware, 32, died August 10, at the Good Samaritan hospital, almost exactly 24 hours after she had been severely burned and partly suffocated in a fire at her home 245 Cassidy avenue. From the first, little hope had been held that she would survive.

Mrs. Ware, a native of Lexington, was the former Eddie Bradley Stoll, daughter of Mrs. M. Don Forman of 515 West Third street and the late J. W. M. Stoll. Besides her husband, mother and brother, she is survived by two children, Lucy Allen Ware, 11, and John Clark Ware, Jr., 5.

She attended Hamilton College and the University of Kentucky, where she was a member of Kappa Kappa Gamma sorority. She also was a member of the Second Presbyterian church, and of the Lexington Junior League.

Both Mr. Ware and Mrs. Ware's brother, William Stoll III, are with the American forces in Germany.

★ *Alma Magna Mater* ★

Peter Wingate Sutherland—A son was born May 24, in Detroit, to Mr. Donald Sutherland and Mrs. Sutherland, who before her marriage was Miss Charlise Smith. Both Mr. Sutherland and his wife were graduated from the University in 1928.

* * *

Samuel Boyce Pole IV—A son was born April 6 at Staunton, Va., to Lt. Samuel B. Pole III and Mrs. Pole. Lieutenant Pole was graduated from the University in 1941.

* * *

Lucy Lynn Rule—A daughter was born March 11 at the King's Daughters Hospital, Ashland, Ky., to Dr. Fred D. Rule and Mrs. Rule. Mrs. Rule, a former student of the University, was Miss Marelyn Greene before her marriage.

* * *

Harry McGoodwin Zimmerman Jr.—A son was born to Mr. Harry M. Zimmerman and Mrs. Zimmerman of Louisville, May 25. Mrs. Zimmerman was Miss Evelyn Johnson before her marriage and Mr. Zimmerman was graduated in 1940.

* * *

Julia Hurst Nuckels — A daughter was born at the Good Samaritan Hospital in Lexington, July 3, to Lt. Charles Nuckels and Mrs. Nuckels. Mrs. Nuckels before her marriage was Miss Louise Ewan of Lexington, and was graduated in 1942.

* * *

Julia Ann Cowgill—A daughter was born May 25 at Christ Hospital, Cincinnati, to Mr. J. H. Cowgill and Mrs. Cowgill. Mr.

Cowgill was graduated from the University in 1943. Mrs. Cowgill was formerly Miss Ann Caskey of Lexington.

* * *

David Willmot Featherston—A son was born June 6 at St. Joseph's hospital in Lexington to Mr. John W. Featherston and Mrs. Featherston of Lexington. Mrs. Featherston before her marriage was Miss Grace Veal. Mr. Featherston was graduated in 1939.

* * *

Virginia Carol Bosworth—A daughter was born June 10 at Good Samaritan Hospital, Lexington, to Captain N. L. Bosworth and Mrs. Bosworth. Mrs. Bosworth was Miss Virginia Johnson of Trenton, Mo., and was graduated from the University in 1936.

* * *

Bunnie Pettus—A daughter was born May 15, to Mrs. David Miller Pettus and Ensign Pettus at the Good Samaritan Hospital in Lexington. Mrs. Pettus, a graduate of 1936, was before her marriage Miss Burton Hawkins. Ensign Pettus, now in the Pacific area, was graduated in 1938.

* * *

Emily Charline Thompson—Lt. Col. W. R. Thompson and Mrs. Thompson have named their daughter, born May 25, at St. Joseph's hospital, Lexington, Emily Charline. Mrs. Thompson was Miss Emily Marshall before her marriage and was graduated in 1935. Colonel Thompson was graduated in 1927.

* * *

Martha Ingalls Traynor — A

daughter was born June 13, in the Oak Ridge hospital, Oak Ridge, Tennessee, to Major Harry S. Traynor and Mrs. Traynor, who before her marriage was Miss Helen Ingalls of Syracuse, N. Y. Major Traynor was graduated from the University in 1935.

* * *

Sarah Boykin Ferris — A daughter was born, July 13, at Good Samaritan Hospital, Lexington, to Mr. Meade B. Ferris and Mrs. Ferris, formerly Miss Marguerite Tuttle, who was graduated from the University in 1942.

* * *

Martha Fairleigh May — A daughter was born July 9 at the Baptist Hospital in Louisville to Mr. James W. May and Mrs. May, formerly Martha Adams of Brighton, Ky. Mr. May was graduated from the University in 1929 and received an advance degree a year later. Mrs. May was graduated in 1931.

* * *

Richard McMillan Emrath—A son was born June 30, at Good Samaritan Hospital, Lexington, to Mr. Phillip C. Emrath and Mrs. Emrath, who before her marriage was Miss Josephine Staples of Lexington. Mr. Emrath was graduated from the University in 1923 and received an advance degree in 1928.

* * *

Gary Cassius Gravitt—A son was born July 22 at St. Joseph's Hospital to Flight Officer Cassius Billy Gravitt Jr. and Mrs. Gravitt. Before her marriage Mrs. Gravitt was Miss Margaret Adair, a graduate of the University in 1940.

* * *

William Madison Lewis Jr.—A son was born May 31 to Mr. William Madison Lewis and Mrs.

Lewis. Mrs. Lewis, who before her marriage was Miss Sue D. Sparks, was graduated from the University in 1939 and she and Mr. Lewis now reside in Davis, Cali.

* * *

Chester Paul Bailey Jr.—A son was born to Major C. P. Bailey and Mrs. Bailey at The Petersburg hospital, Petersburg, Va., on May 12. Mrs. Bailey, a graduate of 1938, was Miss Mary Godbey before her marriage.

* * *

Allie Ann Allen—A daughter was born April 14 at the Good Samaritan hospital, Lexington, to Captain Ermal Allen and Mrs. Allen of Cynthiana, Ky. Captain Allen was graduated in 1942.

* * *

Mary Fletcher Miller and Annette Porter Miller—Twin daughters were born, June 5, at Lookout Mountain, Tenn., to Mr. J. Richard Miller Jr., and Mrs. Miller. Mrs. Miller, a graduate with the class of 1940, was Miss Mary Fletcher Mann before her marriage.

* * *

Nancy Tazewell Willis — A daughter was born June 23 in San Francisco, Cal., to Lt. Colonel Benjamin C. Willis and Mrs. Willis, who was before her marriage Miss Lucy Vaughan. Colonel Willis was graduated in 1937.

* * *

George Ann Yates—A daughter was born June 26, at Good Samaritan Hospital, to Mrs. George Yates and Mrs. Yates of Versailles, Ky. Mr. Yates was graduated from the University of Kentucky in 1933.

* * *

William Richard Stark—Petty Officer William John Stark and Mrs. Stark announce the birth of their son at the Good Samaritan

hospital on April 28. Mrs. Stark was formerly Miss Anna Elizabeth May of Lexington and was graduated from the University in 1931.

* * *

Winston Layton Blythe II—A son was born May 31 at Miami Valley hospital, Dayton, Ohio, to Mrs. Marian D. Blythe and the late Lt. Winston L. Blythe, who was killed recently in Germany. Mrs. Blythe, formerly Miss Marian Tucker of Lexington, was graduated in 1943.

* * *

Dorothy Clements Smith — A daughter was born, June 17, at the Good Samaritan hospital in Lexington to Major Coleman Smith and Mrs. Smith. Mrs. Smith was graduated from the University in 1939 and Major Smith, now in the Philippines, was graduated in 1933.

* * *

George Gatewood—A son was born, July 20, at Good Samaritan Hospital to Captain Archibald

William Hamilton and Mrs. Hamilton, who before her marriage was Miss Ann Lang of Lexington. She was graduated from the University in 1938.

* * *

David Seymour Sales—A son was born, April 3, in Cincinnati, to Mr. James Sales and Mrs. Sales. Mrs. Sales was Miss Jimmie Riggins before her marriage and Mr. Sales was graduated from the University in 1938.

* * *

Kathleen Lloyd—A daughter was born July 20, at the Baptist Hospital in Louisville, to Mr. Darrell M. Lloyd and Mrs. Lloyd. Mrs. Lloyd was, before her marriage, Miss Fannie Belle Pirkey of Lexington and she received her degree from the University in 1940. The baby's mother, and grandfather the late Dr. M. L. Pence are alumni of the University and there are four of Mrs. Lloyd's aunts and a sister recorded on the graduate alumni list.

★ *Alumni Nuptials* ★

The wedding of Miss Josephine Warren Tunis of Lexington and Flight Lieutenant Rex Beresford Potter, Royal New Zealand Air Force, of Christ church and Hamilton, N. Z., was solemnized July 23, at Wellington, N. Z. The bride received her A.B. degree from the University in 1938 and a masters in 1941.

* * *

Miss Iraida Grencevic of Blackpool, England, was married July 14, to Captain Tom Berger Parry of Georgetown, Ky. The ceremony was performed in the Baptist Church at Blackpool.

The wedding of Miss Juanita H. Hansen of Louisville and Capt. Terrell L. Noffsinger of Greenville, took place July 20 in the Highland Baptist Church. Captain Noffsinger, who will soon return to the Pacific, was graduated from the University in 1941.

* * *

Miss Marjorie E. Wood of Richmond, Va., became the bride of Major Herbert Hillenmeyer of Lexington, at a ceremony solemnized May 24, in the Red Cross building in Florence, Italy. Major Hillenmeyer was graduated from the University in 1939.

The wedding of Miss Lillian Palmer Mitchell of Evansville, Ind., to Capt. John B. Condon took place at the post chapel at Fort McPherson, Ga., May 5. Mrs. Condon was graduated from the University in 1942.

* * *

Miss Virginia Smith of Lexington became the bride of John F. Considine of Windsor, Ontario, on May 1, at the home of Mrs. Fred B. Wachs and Mrs. Wachs. Mrs. Considine was graduated from the University in 1941.

* * *

Mrs. Doris Van Arsdell and Robert Lee Marshall, both of Lexington, were married July 15 at the Maxwell St. Presbyterian Church in Lexington. Mr. Marshall was graduated from the University in 1941.

* * *

The wedding of Miss Mildred Harrison of Jersey Shore, Pa., and Dr. Grant Whitehouse of Henderson, Ky., took place June 23 at the Trinity Episcopal Church in Williamsport. Dr. Whitehouse received a M. S. degree from the University in 1940.

* * *

Miss Helen Francis Markwell was married, May 17, to T/Sgt. Dan Alfred Jones of North Jackson, O. The wedding took place at the Park Methodist Church, Lexington. Mrs. Jones received her A. B. degree from the University in 1938 and her Masters in 1941.

* * *

The wedding of Miss Mildred Pauline Franklin of Ashland and Mr. Merle Johnson of Henderson took place, June 3, at the home of the bride. Mrs. Johnson was graduated from the University in 1944.

War Relics For Museum

Knowing that many alumni of the University of Kentucky who are in the armed services are sending back numerous souvenirs from the battlefronts, and also aware of the fact that many families are getting so many of the souvenirs that they are at a loss to know what to do with them, Dr. T. D. Clark, head of the department of history at the University is appealing to these former students and friends and their families to reposit these souvenirs in the University library.

It is the hope of University officials to build a museum on the campus in the not too-far-distant future, and such materials would be invaluable. War mementoes, papers which may come in these collections, soldiers' letters, diaries, journals and other records of the war would be a valuable adjunct to such a museum, and any articles of this type given to the University would be insured safe-keeping, as the library is fire-proof, and would be well cared for until such time as a museum may be built.

These materials would point out to future Kentuckians the part the men and women of Kentucky have played in the war effort, and would have the advantage of being housed together as a collection, rather than being scattered over the state.

Anyone interested in making such a loan or contribution to the University should contact Miss Margaret King, librarian, or Dr. T. D. Clark in the department of history.

Colonel Lagrew Home On Leave

Col. Embry D. Lagrew of Lexington, former University student and combat commander of Patton's famed front-running Sixth Armored Division, has been home for a short rest.

It was Colonel Lagrew's unit that initiated the Patton breakthrough at Avranches, France, July 28, 1944, and was engaged in combat for 264 consecutive days.

Colonel Lagrew has been awarded the Legion of Merit, Silver Star with Oak Leaf Cluster, Bronze Star with three Oak Leaf Clusters, the Purple Heart with two Oak Leaf Clusters and the French Croix de Guerre with Palm. He spent 19 months overseas.
