My dear Mother

I can only find time to send you a few lines. I received your letter of July 21. - I have been here in charge of U.S. Genl Hospital for the past two months - am very hard worked - and have a great deal of responsibility - Joe has a good position in the L. Master's Dep't here - he is in New Orleans at present to procure Govt Supplies - I send you some photographs - I don't know whether they look like me ~~or not~~ I was in too great a hurry at the time to sit still - I also send you \$5.00 for your own use -

I have not been paid for some time

I will write again in a few days  
Give my love to Rachel and believe me
