

I was raised with the applicant Edwin White and knew him from his infancy to the present times. I have always been one of his closest neighbors, and have always had sufficient opportunity to know his physical condition. At the time of his enlistment in the U. S. Service during the late Rebellion and always before he was healthy stout and rugged being always free from Rheumatism or any other permanent or chronic disease. At the date of his discharge and ever since he has been a sufferer from Rheumatism and at present he is so badly afflicted that he can not stand or walk erect and suffers great agony and inconvenience I consider him in no wise fit to perform manual labor.

I further declare that I have no interest in said case and am not concerned in its prosecution
