Lieut Saml. Miller
Coudy. I don't know what.

Friend Saml;

I have been informed
that there is money to be made by
purchasing Q.M. Vouchers and Memd^m
receipts. is this the case and if so how
much money should be brought there to be
~~so much~~ invested. How much is the most
that could be advantageously invested and
what is the smallest amount that
should be committed to make it pay.

I guess that Q.M. Logan can give
all necessary information on this
subject. I should have written to him
but I did not know exactly how to
direct a letter to him. So you will please
