

Frankfort, Ky. Feb. 2nd, 1918.

Miss Laura Clay,

Lexington, Ky.

My Dear Miss Laura:

I am calling a meeting of the Board of the K. E. R. A. for Tuesday, February 5th. The meeting will be held in Louisville at the Seelback Hotel at 12.30 A. M.

Business of great importance will be under consideration, and I am very anxious that all members of the Board be present.

I had hoped to arrange the Board meeting for Frankfort, but it seems that it will be almost impossible to secure a quorum here, in addition as so many members of the Board live in Louisville a Board meeting there is far less expensive. I would postpone holding a Board meeting except that the introduction of the Suffrage Bill by Senator Richardson demands immediate action, so I am begging the Board members to make every effort to be present upon this occasion.

I have found that the dry men are not behind Sen. Richardson's bill, our friends among the Drys tell me that the introduction of this bill is a Stanley move, this being the case, we must decide at once what we are going to do about it.

I find that Anti-Suffrage Literature is being mailed to the Members of the Legislature and there is a persistent rumor that a Representative of the Anti-Suffrage Association has been here. An article appeared in the Louisville Times several days ago to the effect that such a representative was here. I am making every effort to find if this is true but so far none of the Members admit having seen any such person. I will continue in my efforts to run down this rumor and I hope to be able to know by the Board meeting whether there is any truth in it or not. There is no question ^{Anti} that Suffrage Literature is being mailed to the Members and that this began about a week ago.

Hoping that nothing will happen to prevent your attending the Board meeting, I am

Very cordially yours,

Christine Brassey South

To the Governors of South Carolina, Georgia, Alabama, Mississippi
and Louisiana,

Gentlemen:

I am writing in duplicate to the Governors of the five southern states which would be most vitally affected by the ratification of a Federal Amendment "forbidding disfranchisement on account of sex"

Woman's enfranchisement, whatever your personal attitude may be toward the issue, must come as an immediate effect of the war and the nation's need and demand for the activities of women. It must be granted to justify the drafting of men for the supreme sacrifice in vindication of the nation's good faith in a government by CONSENT. It must be granted if we would not stain by hypocrisy those immortal words of President Wilson "to make the world safe for democracy".

As a southern woman who believes that any permanent social reconstruction must include woman suffrage in its cornerstone and as one who has dedicated for over twenty years whatever abilities or advantages possessed to attain the ballot as an essential to self-government, I am writing to you as Governors of these vitally interested states to take concerted action in calling upon the southern states to render this tardy justice.

It would appear like poetic justice should the rockribbed democratic "solid south" created and welded such for nearly half a century by the forgeries of the 14th and 15th Amendments, be possessed of the power thro' party solidarity, to call conventions or by special legislative action, snatch as a party victory this last and greatest extension of the suffrage. Such action would make the submission of the Federal Woman Suffrage Amendment useless and its ratification impossible, and save the bitterness, rancour and bloodshed which the forcing of another suffrage amendment will unquestionably engender.

I call to your attention the fact that the nation has drafted negroes into war service. The unenviable position of the south is obvious if we continue to deny them political protection as a stigma of inferiority, but refuse at the same time to raise our women to a status of citizenship granted by the United States to negroes. It willfully removes the sympathy which now expresses

itself for the south, in silent consent to the non enforcement of the 14th and 15th amendments.

To summarize I suggest, that a Conference of the Governors of the Southern States (or if deemed advisable of all the states) be called by the five states in which white supremacy is threatened, to take immediate steps to confer on a plan whereby as a war measure the women of the United States be enfranchised by their respective states.

I am writing this letter personally not in my official capacity as President of the Southern Conference. The conference is planning to submit to the National Democratic Committee and the State Democratic Committees the following recommendations:

1. The wisdom of the ~~solid~~ Democratic South improving this opportunity to pin incontrovertibly to the democratic standard the victory for the extension of woman suffrage to the women of the United States such as is undeniably to their credit in the extension of the suffrage to working men.
2. *That* the women of the south cannot any longer be maintained the political inferiors of negro men in their United States Citizenship justified by political expediency, when conditions dictate both as a matter of political expediency and national honor the enfranchisement of women.
3. That we demand of the only party to whom we can appeal to put into effect the party platform, and not to treat as a "scrap of Paper" the recommendation of the St. Louis Convention "for the extension of the suffrage to the women of the country by the STATES upon the same terms as men".

Will you let me have a prompt reply and your opinion on the suggestion. An ardent believer in self-government for the state as well as self-government for the individual. I believe the time has come for democratic action in fidelity to democratic principles to insure both to the nation. My prayer is that justice will be done to all and that the South particularly the five threatened states will sound this new call to FREEDOM.

Very truly,

BULLETIN NUMBER I

Issued by

MRS. CARRIE CHAPMAN CATT

SUBJECT:
ANNOUNCEMENT OF BULLETINS

February 15, 1918.

Hereafter letters to presidents of auxiliary organizations to the National American Woman Suffrage Association will be replaced by bulletins. These bulletins will be numbered. For example, I am issuing the first four bulletins; number 5 may be issued by Mrs. Rogers concerning finance or by Miss Ogden concerning new publications of literature or by Mrs. Shuler concerning organization.

In order that future allusions to bulletins by number may prove helpful and time saving, we request that each president keep a file of these bulletins in their numerical order. The working force of the National Board will keep these bulletins filed in a "Ring Folder" and each president will find this a convenient method. Some bulletins will be printed on letter sized sheets and some on legal sized sheets. A legal sized "Ring Folder" therefore will be necessary for the file.

Bulletins will convey information or announcements. They will not require acknowledgment or replies from the presidents, unless the bulletin itself so indicates. This system has been adopted as a labor-saving device both for the National and State officers.

The contents of the bulletins are intended for the Board of Officers of each state, but only one copy is sent and that to the president.

SUBJECT:
EXECUTIVE COUNCIL MEETING

February 15, 1918.

We are still confidently expecting that the Federal Suffrage Amendment will pass the Senate before March 1st, all rumors and anti-suffrage publicity to the contrary, notwithstanding.

It will be remembered that the convention voted authority to the Board of Officers to call a meeting of the Executive Council in the Spring, to determine plans for ratification if the Federal Suffrage Amendment had passed the Senate and if not, plans for the congressional elections in the Fall.

Many questions have poured in concerning plans of ratification and as they concern the peculiar problems of the respective states from which the questions have emanated, it is clear to this office that much avoidance of conflicting plans will result from the earliest possible meeting of the Executive Council. A general campaign with a nearly uniform plan must be adopted.

This is, therefore, a notice that an Executive Council meeting will be called in some centrally located city, probably not later than the first week in April and possibly even before that date.

It will be strictly necessary that the president of every state or some person in authority as a proxy, shall be present at this meeting. Any state Board which has a complete or partial plan for ratification is requested to submit it to the National Headquarters. It will be duplicated without alteration, put on the agenda for the meeting, and thus presented to the members in best form for consideration.

SUBJECT:
WOMEN'S OVERSEA HOSPITALS U.S.A.

February 15, 1918.

The Hospital Unit adopted as a "war baby" by the National American Woman Suffrage Association at its convention in Washington last winter, is now an established fact.

The French Government decided that it would be better to have two hospitals of fifty beds each than one hospital of one hundred beds, as was at first planned. In consequence the unit has been divided. The first half consists of twenty-four persons, including doctors, nurses, aides, orderlies and ambulance chauffeurs and will sail today.

The name of the unit is the Women's Oversea Hospitals, U. S. A. under auspices National American Woman Suffrage Association.

The Red Cross have given the equipment costing about \$35,000. The maintenance for one year for the two hospitals is estimated at \$125,000.

New York City and State have a fine working committee which has assumed the obligation of \$50,000. It has raised a considerable amount with enough reserve to cover its expenses until the middle of April. The New York State Woman Suffrage Party will give a very large entertainment called a Navy and Army Meet at which they expect to make some thousands of dollars and they will also circularize their membership with the request that each woman give \$1 toward the maintenance fund.

The Massachusetts Association has been asked to appoint a committee and to assume the responsibility of \$25,000 to be raised in New England.

The Illinois Association has been asked to appoint a committee and to assume the responsibility of raising another \$25,000. The Illinois Association has appointed the Chicago Equal Suffrage Association as its committee, Mrs. Mary Morison, President. The Illinois Committee will have the right to collect funds throughout its own state, Wisconsin, Minnesota, Iowa and Missouri. It will be understood that this plan of assigning sums to be raised from groups of states will not result in loss of credit by states so contributing. Money from the states mentioned sent directly to our office will be credited to the assignment made to their districts.

These sums aggregate \$100,000 and leave \$25,000 to be raised by all the remaining states. Every state in the Union should be ambitious to help support this first American Women's Hospital Unit to reach French Soil.

Please send the literature - also please
send me ^{sent} ~~sent~~ copies of the rules for the

Miss Laura Clay,
Lexington, Ky.

My Dear Miss Laura:

I am inclosing a copy of the Bulletin sent by the National Association, I will send copies of these bulletins as soon as they are received to each of the Board Members.

You doubtless remember at our Convention it was voted that Kentucky raise funds to purchase an ambulance to be known as "The Laura Clay Ambulance". I wrote asking Mrs. Catt if the ambulance would be accepted as Kentucky's donation to the Oversea Hospital Unit, I received a very prompt answer from her and I will quote to you what she says; "I note your desire to raise a fund to purchase an ambulance to be known as the "Laura Clay Ambulance". It is quite possible for you to raise the amount of money necessary for the maintenance of an ambulance and contribute it to the Unit. And we shall in turn inform the Unit that one of the ambulances is to be known as the "Laura Clay Ambulance". One of the clubs in New York did that. There are five ambulances in the corps. I am unable to say exactly how much this amount should be, but I am writing to Mrs. Tiffany, and I am asking her to write you about it, so that you will have the definite information. I think it would be a splendid thing for Kentucky to do, and I hope you will be able to carry it out."

As soon as Mrs. Tiffany writes me the amount it would require to maintain the ambulance I will write you. I am strongly in favor of maintaining the ambulance to be known as the "Laura Clay Ambulance", Kentucky, of course will be asked to help with the Oversea Hospital and I believe we would all be more interested in having our donation go this way. Will you write me your opinion in regard to this matter.

With the request that you write me soon your opinion in this matter, I am

Sincerely yours,

Christine Drayley Smith

P.S. I see that I have failed to tell you that the National has asked Kentucky if possible to contribute as much as \$500.00 to the Hospital Unit, I doubt if the maintenance of the ambulance would be a great deal more than this.

You are asked not to mention the early vote on the Federal Amendment, the National wishes this kept quiet.

[Feb 23, 1918]

Bulletin Number 3 -2-
(Women's Oversea Hospitals U.S.A.)

The Treasurer of the Hospital Unit is Mrs. E. R. Strange, 171 Madison Avenue, New York City. News from the unit will be printed from time to time in the Woman Citizen. The details, however, in which we will be most interested are those which the French Government will not permit to pass the censor. You must understand that if you learn little of the unit and its actual operation it is not because it is not occupied.

It is composed of splendid, practical, sensible women who are anxious to do their very best for afflicted France and for the credit of the womanhood of the world. We must all unite in trusting them for the results.

Inasmuch as we shall have a campaign for ratification on our hands directly and as we will be forced to secure our funds for that campaign from consecrated suffragists who recognize its primary importance, it is desirable to secure funds for the maintenance of the unit from those suffragists who are less generous in contributing for the ordinary work. You are requested to appoint a Women's Oversea Hospital Committee and to decide what amount your State will contribute. The better organized states should adopt \$1,000 as a minimum and \$5,000 will be a suitable amount for several of them. The aggregate, you may say, would in such case exceed \$25,000. This is true, if many contributed the larger sums, but as the organizations have practically disbanded in most of the enfranchised states and as the organization is not strong in most of the southern states, there is no danger of exceeding the amount, if such states as Pennsylvania, Ohio, Indiana, Michigan, etc, adopt the larger sum for their maximum.

It is important that we know as early as possible that your committee is appointed and what sum you adopt as your quota.

189 N. Mill St., Lexington, Ky.

Febr. 26th, 1918.

My dear Mrs. South,

Your letter of the of the 23rd, with enclosures,
is received.

I quite approve of your suggestion about the ambulance for the Overseas Hospital Unit. I believe the convention left to me the particular disposition of the ambulance; and so I take this occasion to say that any plan agreed upon by our Board will be acceptable to me.

On other sheets I am enclosing the selections of literature for the Prize Contests to be given to the contestants. We do not think it necessary to make a division of literature between that offered to High Schools and that offered to Colleges. I am also enclosing the items of my expenses to the two Board meetings held in Louisville, which you can send to Mrs. Judah at your convenience.

Very cordially yours,

MRS. HALSEY W. WILSON

SUBJECT:
THE HANDBOOK FOR 1918.

February 27, 1918.

The Handbook of the National American Woman Suffrage Association, including Proceedings of the Forty-ninth Annual Convention, is on its way to you.

The past year has been a notable one for suffrage, - a year long to be remembered for closer organization and big suffrage gains. Not only has the regular propaganda work gone forward, but suffrage women in every state have responded loyally and patriotically to the call to serve the Nation by carrying on the comprehensive War Service Program initiated by the National Association.

The Handbook covers the entire field of these activities and, besides, presents a concise plan of action for the year to come.

To increase the usefulness of the Handbook, to make it serve you quickly and efficiently, the accompanying brief guide has been prepared. The sections referred to should be read carefully, and portions dealing with matters which especially interest the rank and file of suffragists should be passed on to executive groups, and, in turn, to suffrage clubs, with a view to quickening and strengthening the forces along the entire suffrage front for the big Ratification drive.

GUIDE TO THE HANDBOOK FOR 1918

AMENDMENTS TO THE CONSTITUTION

The amendments to the constitution to which the attention of State Presidents is especially called are the following:

Article III, Sections I, 2, 3, 4, 5, 6, 7 and 8, p.7-8.
Article VII, Section I, P. 10.

NOTE: If the qualifications of Affiliated members do not meet the requirements of Article III, Section 2, as amended, Presidents of those organizations are asked to report to the National Headquarters within three weeks and to include with the report a plan for bringing the membership up to the required number.

Address to the Congress of the United States, p. 59-67.

NOTE: This address should be thoroughly digested by suffrage speakers, especially by those who take part in the Ratification Campaign. My dear Miss Clay,

I wrote you about
a week ago asking you to
be Chairman for the Seventh
Congressional District of Ky.
of the Woman's Peace Party,
and asking suggestions for
other districts.

I see in the Woman's
Journal that your address
is given as Richmond Ky.
in the notice of the Mississippi

Valley Conference.

I spoke of asking Miss Belle Bennett to be Chairman for the Eighth District - and intended to write immediately to her, but other matters delayed the writing to her and I have not sent the letter so if your home is at Richmond, ^{or Madison Co.} I will appoint you for the Eighth and ask some one else in the Seventh.

Mrs. Puckinridge has suggested Mrs. Paul Lansing, Lexington and Mrs. Letcher Riker, Kentucky College for Women, Danville as interested in peace.

If you accept for the Seventh, that is as of Lexington, would it be best to appoint Mrs. Riker or Miss Belle for the Eighth? (Boyle and Madison are both in the Eighth.)

If you think that - Miss Belle will please mail the inclosed letter to her. (You can read it.)

I see that - Madam Schweimer
is to speak at the Mississippi
Valley Conference.

Do you know on what
terms we could get her
to speak here? I do not
know that - it - can be
arranged for, but hope
that - it - can as she is
so near.

As I know you are so
very busy I am inclosing
an addressed envelope.

Hope you will have a
very profitable meeting and
wish that - I could be there.

My Dear Miss Laura:

I am inclosing a letter just received from Mrs. Tiffany in regard to the Women's Oversea Hospital, it seems to me this complicates things, will you read it over and write me what you think would be best for us to do and whether you think we could succeed in raising the amount of money required.

I have some copies of What the K. E. R. A. has Done and Proposes to do. Am I to understand from her letter that you desire me to make up the envelopes here at this office putting into each the literature listed by you or am I merely to make up packages containing this literature when I receive requests for it.

I regret that I have no more of the Special Debate Sets, I had only a few and I sent the last ones to Barbourville and Middlesboro a short time since.
