Copy of Resolution adopted by National Letter Carriers  
Association at Portland, Oregon:-

"Whereas this country has attained its high standing among the nations by the development of its government on the principles of American Independence, therefore

Resolved, That the next step of progress demands the application of these principles to women by extending to them the right of suffrage on equal terms with men; and we urge the necessary changes in our laws and constitutions to secure this right to them."

THE RESOLUTION OF THE  
INTERNATIONAL TYPOGRAPHICAL UNION  
ADOPTED AT WASHINGTON, D.C.  
ARE AS FOLLOWS:

Recognizing that industrial evolution has driven women in ever increasing numbers into the trades and professions until they constitute a large percentage of the wage-earners of the country, we believe they should have the same right to vote as men for the better defense of their industrial position.

Be it resolved that the Altar

indorse the movement of the  
Federation of Women's Clubs to  
obtain school suffrage for women,  
and wish to express their hearty  
sympathy and co-operation.

Josephine Clay Simpson,

A committee of three, Mrs Smith  
Mrs Pryor, and Miss Simpson  
will represent the Altar Guild  
at the meeting, on the twenty  
seventh, as requested -

[Sept 1905]

Whereas, The progress of the spirit of Christinity has been constantly attended by a progress in the legal and political freedom of the people; and

Whereas, We recognize that every attainment in constitutional liberty, whether it be by men or women, is in accordance with the spirit of Christianity; therefore

Be it resolved, That we believe the full rights of American citizenship should be shared by women; and we approve of the proposed to amendment of the Constitution of the State of Oregon conferring upon them the right of Suffrage.

(Passed unanimously by the Union of Baptist Ministers of Portland, Sept. 18th, 1905.)

Sept 1905

Whereas- Justice, equality and a recognition of the part women took in the upbuilding of a free and independent Republic are the basic principles upon which the Sacajawea Statute Association was founded,- and-

Whereas- We do not believe that these principles can be carried out while the mothers of the country occupy an inferior position and are denied the privilege of citizenship by the government they helped to create, and-

Whereas- This question of justice, and the recognition of women as individuals has now become a live and vital one in the State of Oregon, therefore-

Be it Resolved: That we the members of the Sacajawea Statute Association do heartily endorse the work of the Equal Suffrage Association in its efforts to obtain for the women of Oregon the right of Suffrage at the next general election, and we pledge them our earnest and cordial co-operation and support.

(Passed by the Sacajawea Statute Association Sept. 12th, 1905.

Sept 1905

Whereas, the principle of self-government is a distinctive feature of the Congregational Church, and

Whereas, the Church from its foundation has granted equal rights to women, making them eligible to ordination, and all other official service, and

Whereas, the spiritual power of woman so potent in the church is in a large measure lost to the State through her disfranchisement, therefore

Resolved: That we hereby express our approval of the effort now being made in Oregon to apply the principle of self government to women in civic affairs, and to extend their spiritual power and usefulness by securing to them the elective franchise.

(Passed unanimously by Union of Congregational Ministers of Portland, Oregon, Sept. 13th, 1905.)

I have a few other points concerning various delegates that I will write to-morrow.

There are nine Indians in Con

Brewer, Copeland, Rogers, Wylie, Cloud, Edmondson are Cherokees. Parker, Frye, Harrison are Choctaws.

Frye - ( It is said Owens of Muskogee can control this Indian, as well as every Indian in the Convention.

Preachers:

Cobb - North Methodist

Cloud -Presbyterian

Williams -Baptist

Stowe -Cumberland

Banks -Baptist

Hogg -S.M.E.

Caudill -

Since organization last Tuesday there was a Kentucky dinner given. 10 Kentucky delegates sat down - Where is Miss Clay?

How would it be for you or some other big National officer to write to Belva about our Cherokee delegates?

[1908]

Murray (Pres. of Con) Lattimer, Lassiter are Squawmen. (Murray is very unkind to his Choctaw wife. He is "Alfalfa Bill" and got his start in life when he married the little Indian girl with her 400 acres of rich Alfalfa land). McClure is a freedman.

Guess I'll go on with the points to-night, instead of to-morrow.

Pitman - 11th Dist. - ex Methodist minister - Mo. democrat - temperance

Moore - 13th dist - Lawyer - southern - democrat - for submission of liquor question.

Johnson - Perry - democrat - strong man - Congressional bee in his ambition. (This was told me by my hostess at Perry. He was invited to take dinner with me. I shall invite said hostess (Mrs. Doggett) to come here and spend a day or two as my guest. Dr. Doggett and Johnson are boon companions.

Hopkins - Muskogee - Catholic - wife not a suffragist - Republican - Dr. Elizabeth Johnson of Okla. City will come if sent for and talk to Hopkins from the standpoint of a Catholic workingwoman.)

Buchanan - Professor of something - Cumberland Presbyterian - believes in submission of all questions to the people. Declared for Prohibition, but being forced to take a stand he favored submission.

Stowe - Wynnewood - Cumberland Presbyterian - Prohibitionist - claims to be all right on W. S. but Mrs. Nowell doubts his sincerity.

Baker - Wewoka - Democrat - would not promise for Prohibition - wife not suffragist.

Madam Chairman,

In these ~~brief~~ remarks about Diocesan Missions it will make the situation clearer. I call to mind some physical facts of the country and population included in the Diocese. The diocese includes sixty four of the 100 counties of the State, about half the area of the State, and approximately 20000 square miles. It takes in the whole of the mountain region, <sup>and</sup> a large part of the blue grass region (and some portions of the timber and the limestone belt). It does not include one half of the population of the State, however, which is easily explained by the fact that the Mountain Region, more than half of its area, is not capable agriculturally of supporting a dense population; and its

exceedingly rich <sup>2</sup> mineral resources, which  
are capable of supporting a dense min-  
ing and industrial population, are  
not yet greatly developed. It is this  
extensive mountain region, with  
its remarkable native population  
that gives our Diocesan Missions their  
importance, not only to our Diocese,  
but to the National Church. The facts  
about this region and its population  
are too well known to all of us to  
need more than a brief review.  
We all know that this region  
in our colonial history was settled  
by immigrants of the  
best stock of a racial  
stock of immigrants of our  
country; that on its way  
to the more fertile country further  
west have been cut off by its in-  
accessibility from much of the  
material progress of other portions

of the State <sup>3</sup> through lack of  
~~roads, schools and churches.~~  
But that now the commercial  
development of that region, com-  
bined with the fine and vigorous  
spirit of its people, are giving  
promise of its taking a very  
advanced position <sup>of importance</sup> in the State. Al-  
ready, following the opening of  
the mining industry  
many <sup>of</sup> towns and villa-  
ges are springing up where only a  
few decades ago there was a wild-  
erness. It is as truly a missionary  
district, right here within our bor-  
ders, as many a one that is  
called a foreign missionary  
field. As the Woman's Busch-  
ing is a missionary organization  
of the Church, we know that the  
need for missionary work is great

and urgent, if spiritual advancement is to keep up with material progress. Let us examine what are the <sup>various</sup> vicissitudes in mind and revenue of our Diocese for doing this share of the Episcopal Church in evangelizing this great section of our State.

In the past few years the Bishop and other members of the Cathedral Chapter, which is representative of the whole Diocese, have asked <sup>\$29,000</sup> as the yearly budget for the Diocese, <sup>including its appropriate</sup> ~~for~~ the National Church, <sup>and the balance to Diocesan purposes.</sup>

A quota for the various parishes and <sup>organizations</sup> in October to be <sup>pledged</sup> ~~estimated~~ <sup>for the</sup> ~~annual~~ <sup>annual</sup> ~~congregational~~ <sup>congregational</sup> ~~campaign~~ <sup>campaign</sup>. Some of these quotas are accepted and paid; some of them are not. If all the parishes and missions would accept and pay their share, the work of the Diocese would

go on smoothly. But as this is not done, the work is cramped by injurious economies, and sometimes debts have to be incurred to keep it running ~~at all~~. The National Church general ~~ly, perhaps always, spends more money in the Diocese than it receives from it~~. At the General Convention at New Orleans in October, 1925, a great and successful effort was made to systematize the financial policy of the Church so as to pay off existing debts, and avoid making them in the future. The Diocese of Lexington heartily co-operated with this effort. The Diocesan Council <sup>in Feb.</sup> accepted the appropriation assigned it for the National Church, and the remainder of the budget of \$23,000 <sup>\$17,200</sup> asked for by the Cathedral Chapter. <sup>in Oct.</sup> So far the Diocese has pledged \$17,000 by the Every Member

Campaign. For this amount the  
National Church is pretty sure to  
get its proportion of \$72,000 because the  
Diocesan Council in Feb., passed  
a resolution that as the money  
on the pledges came in it should  
be equally divided between the  
National Church and the Dio-  
cese until Sept. 1<sup>st</sup>, but after  
that all that came in should  
be paid to the National Church  
until they \$72,000 was fully  
paid; all the disbursements will fall upon the Diocese.  
It is to be hoped that many  
of the parishes will do better than  
they have pledged so far; otherwise,  
the work of the Diocese will be  
cramped. What the Diocese does re-  
ceive will be distributed under vote  
of the Cathedral Chapter for such  
purposes as Operating Expenses  
of Margaret Hall, St. Andrews'  
Community Hall, University.

of the South. <sup>7</sup> Missionary stipends  
Increase of Clerical Salaries, Repay-  
ment of Loans secured by the  
Bishop for Diocesan Work. Most of  
these items may properly be left  
to the care of the Cathedral Chap-  
ter, but surely the Missionary  
funds ought to command the  
keen interest of this missionary  
body. The Woman's Auxiliary  
This Diocese had 14 organized par-  
ishes & Missions, and 16 mission-  
ary points, needing the care of  
Diocesan missionaries. One of  
these is of unique interest. It  
is the Hungarian mission at  
Leitch, a congregation of the Na-  
tional Church of Hungary,  
which by arrangement of  
<sup>representatives</sup> its authorities with the P. Epis-  
copal Church of the M. S. has  
placed itself under the spir-

238  
tual change <sup>of</sup> our Bishop, a  
great step towards Church Unity  
of Protestant Churches.

As I have said, The National Church  
expends more in the Diocese than  
its <sup>proportionment</sup> from it; in 1925 about \$2400  
more than the \$8000 appropriation in  
our Diocesan budget. Of this, the larger  
part was expended for St. John's <sup>Industrial</sup> School  
at Corbin. But as you know, this school  
is now suspended. It may be reopened at Cor-  
bin, or removed to some more acces-  
sary point, or permanently closed. What  
the National Church will do with  
the money it has heretofore spent  
there has not been reported in any  
of the Diocesan publications. But we  
have been told <sup>of what the National Church</sup> that 10% of the a-  
mount for missionary stipends will  
be discontinued; and those stipends  
are already insufficient for the

actly the other way.

9  
great work that ought to be done  
in the Diocese. ~~There are~~ sixteen  
missionary stations which should  
be regularly visited there and some  
others which offer fair prospects,  
if we could supply workers. We  
have also 125 isolated communicants,  
comprising 71 families, who are  
now receiving only the attention  
of sending to them the Diocesan  
News and the Church at Work.  
The means in workers and money  
that the Bishop has at his disposal  
in all areas together inadequate for  
all this work. For some years our Board  
of Survey on the Opportunities and  
Duties of our Church in Coatepeque  
has reported the long and the urgent  
need of sending more missionaries  
into this field, and has also sug-  
gested that there is a useful field  
for a woman missionary, who  
could do much useful work  
about as well as a man. It is

10  
be regarded as possible that if this Dioc-  
ese would take some practi-  
cal steps for raising at least  
a part of the salary for an  
additional missionary, the  
National Church might as-  
sign some of the money it  
has been giving to the school  
at Corbin for this missionary  
work. It seems to me that it is  
eminently suitable and also  
practicable, for this Auxiliary  
convention now present to take  
some definite steps towards  
this object.

You are a member of Prayer Circle Number... *Two*  
which meets the *second*... Tuesday afternoon at  
... *4:30*... o'clock.

**Your presence at these meetings is most essential to  
the success and interest of the Prayer Circle.**

THE PURPOSE of the Prayer Circle is to deepen the spiritual life of the  
parish and to give instruction.

It is helpful to the Rector as a means of meeting more often his parishioners.

It gives the NEW PARISHIONERS an opportunity of at once meeting  
those members of the parish who live in the same neighborhood.

*Miss Laura Clay*

## *Prayers to Be Used Daily by Each Parishioner.*

---

O, Almighty God, our Eternal Father, visit, we pray Thee, our Prayer Circle with Thy love and favor; enlighten our minds more and more with the light of the everlasting Gospel so that we may perceive the things that we ought to know and thereby walk in the path of truth and service to the helpfulness of those about us and to the glory of Thy Son, our Saviour, Jesus Christ. *Amen.*

O, God, we ask Thy blessing upon the Rector of this parish; strengthen him by the Holy Ghost; may Thy Son be his constant Friend and Intercessor. Give us grace that we may sympathetically yoke ourselves with him in the work of the Church; dispose our hearts generously towards all demands of Christ upon our time and money; may we be saved from all that hurts the soul in this life; and in the life to come may we enter into the joy of our Lord. This we beg in Christ's Name. *Amen.*

## RECOMMENDATIONS OF THE SOCIAL HYGIENE COMMITTEE.

The function of social hygiene is to preserve and strengthen the family as the basic social unit.

Its activities are both instructive and remedial. It seeks, to bring about the best adaptation of the sex factor in human life to the growth, happiness and character of the individual and the good of society:

to encourage all means which tend to build up healthy, happy and socially wholesome life;

to eliminate all factors which tend to weaken or destroy the home and oppose the best development of the individual.

As practical measures to promote these ends, the Social Hygiene Committee recommends the following program:

### I- EDUCATION.

1- Education from childhood up in correct attitudes, ideals, standards, and behavior in respect to sex in its broadest sense.

2- Education of adults in the means of making a wholesome environment.

### II-RECREATION.

Provision for wholesome recreation for the young and for adults in every community.

### III-LAW ENFORCEMENT.

1 -Study of existing laws relating to social hygiene.

2 -Stimulation of interest in the enforcement of existing laws.

### IV-LEGISLATION.

Build up a public opinion that will demand:

1- Adequate Federal and State appropriation to promote the cure and prevent the spread of venereal disease,

2- A better law against prostitution,

3- Custodial care of the adult feeble-minded,

4- A separate reformatory for delinquent women,

5- A separate school for delinquent women.

Since the realization of the purposes of social hygiene requires wide spread interest and action, in order to carry out the foregoing program, the committee recommends that the Federation consider a policy that will enlist the interest of as large a number of groups and individuals as possible and promote cooperation in any form in which it may be offered.

Under present day conditions the strain upon the family and wholesome social life is very great. It is a live issue, and large cooperation can be secured if the way is open.
