Mr. Sam Hatcher,

Allen, Ky.

Dear Sir:

Mr. Dunham has just told me you and he have settled for the damages claimed by you by reason of the slides caused by removal of the lateral and subjacent support of the lands in the construction of the Elk Horn & Beaver Valley Railway Company's Line of Road for the sum of Two Hundred and Fifty (\$250.00) Dollars, covering the damages thereto. At his request we have prepared release covering the same, as we understand the agreement between you and Mr. Dunham, and are herewith enclosing same to you for execution by your wife and yourself.

When executed either return the same to me direct to be held by us until you receive voucher therefor, or if you prefer, send it down to Lack, with instructions for him to turn same over to us when we deliver voucher to him. In this connection we beg to advise that Mr. Dunham has wired the Richmond office to issue voucher in your favor, and we expect to receive it in the course of the next two days, at which time we will forward direct to you.

Very truly yours,

JDH/ES
