Harkins & Harkins,
Prestonsburg, Ky.

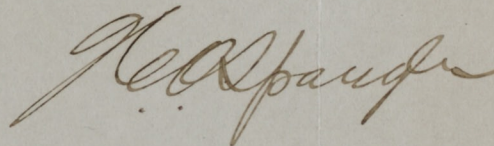

Dear Sirs:

I thank you for your letter to Johnson & Porter, which was duly received.

Sometime ago I wrote you about some oil and gas leases, and received a list of something over 2000 acres. Do you still have these. I am thinking of doing some prospecting in the Harold section, and would need 5 to 8000 acres well located, if I could get the territory on the right kind of terms, I might start some prospecting at once.

Let me know if you still have this bunch of leases.

Yours very truly,

HOS/B
