My dear Judge:-

Your favor received enclosing Map of Kentucky marked showing location of Coal acreage.

Our reason for asking the favor and which you kindly did was the Engineers in Philadelphia would want location.

This with the information you have kindly given us. I assure you is greatly appreciated.

Speaking for the Engineers, whom I know personally. I know they will appreciate as greatly, as we do.

I want to assure you (it being the absolute truth) - the acreage you have mapped out for us, and the information you have kindly given, will be submitted
