PUBLISHED WEEKLY AT THE MARGARET I. KING LIBRARY, UNIVERSITY OF KENTUCKY, LEXINGTON, KY. 40506

## ABOUT THE LIBRARIES

The Library has received official notice of award from the National Endowment for the Humanities for the "Photographic Archives" project. Work will be under the direction of Gerald Munoff.

### Reminder to Administrative Council Members

Discussion leaders have volunteered for the spring semester agendas on staff utilization, the unexpected, and public and interdepartmental relations. Members of the Administrative Council are needed to consider the following topics: People problems (March) and Communications (June).

### Weather Watch

When classes are not in session and the University closes (or delays opening) the Library follows the University statement for University offices. If the University should close early or delay opening when classes are in session, the Library normally continues its regular schedule as an "essential service" with staff coverage as is maintained in public service units on nights and weekends (i.e., usually student coverage). This is the same policy that was in effect last year.

### Instructional Resources Focus on Teaching Program

Workshops 5 through 8 will be in the AIDS Center, February 5-8. These present an excellent opportunity, close to home, to keep abreast of trends in the teaching field.

## ABOUT THE LIBRARIANS

Nancy Baker, attendant at the ACRL first national conference, was quoted in American Libraries as preferring this meeting to ALA's annual.

Janet Stith, Vice President of the Kentucky Chapter of Special Libraries Association, is representing the chapter at the Midwinter meeting in Tucson, Arizona, February 1-3.

## NEWS FROM FRANKFORT

### 1979 Automobile License Plates

If you bought a new car in 1978, or will buy one in 1979, you will renew your license in the month of purchase. Check the sticker near the center of the license plate. For cars purchased before 1978, the deadline is still February 28.

### Winter Weather

If you can't avoid it, dress for it. The Kentucky Department of Human Resources, Bureau for Health Services, issued a press release giving 10 rules to help prevent frostbite, and suggested ways to treat frostbite injury. We had hoped not to have to mention cold weather.
