No. 17

### BIG WORLD'S FELLOWSHIP FUND CAMPAIGN BEGINS

**Kentucky University Students Pledge Themselves Financially in Helping to Promote Higher Education.**

The World's Fellowship Fund campaign, with the slogan, "The Students of America for the Students of the World," was formally opened on the campus Tuesday by committees from the cabinets of the Y. M. C. A. and Y. W. C. A., who gave each student a pledge card to sign and hand in.

The campaign was preceded by a week of education upon the subject. During this week four minute speakers spoke before every meeting on the campus, at the dining halls, and wherever there were two or more to listen to them. Posters greeted the student and professor as they went to and from classes. The publications of the University gave much space to it both with news stories and editorials. Sunday night at the Y. W. C. A. a pageant based upon the subject was presented by twenty-three of the girls. Dr. Bush spoke in chapel on Tuesday and the campaign leaped forward past bounds after that.

The idea and plan for raising this money for the education of the students of the world was originated at Northfield, Mass., last winter at the International Student Volunteer Conference held there. It was felt that if true democracy was to follow in the wake of the war that it must necessarily follow true education, for democracy is unsafe in a land where the majority of people can neither read or write. Five hundred thousand dollars is therefore being asked of the college students this spring to help give to the students of the world the advantages that the students of America enjoy. Kentucky is the first university in the country to put on the campaign. Kentucky has never failed when called upon to do her bit and the outcome of this campaign is another star in her crown.

The students who still have pledge cards out, should return them at once.

### MEN WANTED

The following men are needed every Tuesday and Thursday afternoon from 3:30 to 4:30, on the third floor of the Gymnasium building: Charles Planck, William Siegal, Alvin Lisanby, Robt. J. Raible, Leon Wise, N. G. Sullivan, A. E. Bell, W. M. Yorish, John Manning, Grover Creech, A. N. Esinger.

You know what we want you for. The Glee Club has sealed several dates for trips to Blue Grass cities and if you come out and help, we'll have a big time on these trips. It all depends on you!

### 86th YEAR OF USEFUL LIFE IS COMPLETED

Former President James K. Patterson was "at home" to his many friends and admirers Wednesday, on the occasion of his eighty-sixth birthday. Flowers, gifts, letters of congratulation and telegrams were sent to his residence on the campus thruout the day.

Numerous alumni representing many states, paid tribute with letters or telegrams which were received during the week, congratulating President Patterson upon his health and activity of intellect despite advancing years.

Wednesday night the members of the Patterson Literary Society called in a body to congratulate the patron of their society and to thank him for the medal which he gives each year to the winner of the oratorical contest which is held on his birthday.

### SAX, STROLLER COACH WILL COME APRIL 20

**To Polish Up Strollers and Make "Under Cover" Finished Production.**

Carrol M. Sax, who has been engaged to polish up the efforts of the Strollers, for a week or so previous to the staging of "Under Cover," will come to the University, April 20 from Baltimore. Mr. Sax is director of the Vagabond Theatre, of Baltimore.

"The Vagabond Players," is a group of artists, actors and authors interested in stimulating and developing new and artistic methods of producing, acting and writing for the American stage, and especially in introducing to the Baltimore public those newer ideals which have lately become an intrinsic part of dramatic aspiration, principally freedom and free experiment. "The Vagabond Players" produce new works by American authors and important plays of foreign writers that would otherwise not be seen in Baltimore.

Under Mr. Sax' direction, The Vagabond Theatre has produced plays by Baltimoreans, H. L. Menchen "The Artist," and Mrs. Adele Nathan's "The Song of Solomon." Other plays have been "Ryland," by Thomas Wood Stevens, "A Meryer Death," by Nicolai Evrienoff, "Bound East for Cordiff," Eugene O'Neill, "A Miracle of St. Anthony," Maeterlinck, "Over-ruled," G. B. Shaw.

Mr. Sax is an artist. He made the scenic designs for Ruth St. Denis, and designed the interior of The Vagabond Theatre, which is said to be one of the most charming Little Theatres in America.

The design carries out the Francois Villoy idea. It is said that could the "poet Vagabond" see it he could not fail to be pleased.

### FRESHIES AND SOPHS EAT AT SECOND TABLE

**Juniors Decide to be Original and Keep All Lower Classmen at Home While Older Ones Dance**

The children cannot come to the Junior Prom! This was the edict issued irrevocably by the august body of upper classmen which met in Professor Dantzier's room Monday at 3:30 to settle the question, "Shall freshmen and sophomore boys be invited to the prom?"

The meeting was called by the president, Ed Parker, to effect a compromise between the girls and boys and to avert the threatening danger of having altogether to call off the dance which is one of the big events of the college year. At the meeting held a week before, the fair ones of the class, outnumbered by an overwhelming majority by the boys, were forced to suffer a motion that the gentlemen of the class could bring whom they pleased to the dance, while the girls would have to sit calmly at home unless a benevolent upper classman should condescend to allow her to share his bid, or an out-of-town man was available for the occasion.

### Rights of Women, Huh?

Leave it to the girls, however. Hardly had the boys gloated over their victory when a lengthy epistle appeared announcing that every Junior girl in the University of Kentucky thereby refused both to come to the prom and to pay her dues, as long as the rights of women were trampled upon. Of such grave moment was the matter that the reigning power appointed a committee consisting of Misses Virginia Helm Milner, Mary Van Meter, Kathleen Brand, Betty Davis, Louise Mayer and Messrs. Ed. Parker, Ed Dabney, Jesse Tapp, Douglas Woods, Thomas Gorman.

This body of mediators after a stormy session, composed an alternative, namely that either Freshmen and Sophomore boys as well as girls be allowed to attend or that both be excluded, and the Junior prom be made an exclusive upper class dance.

Monday, girls and boys strove to out-rival each other in attendance, and the majority was slightly in the girls' favor. Mr. Parker asked for a report of the committee, and a motion made by Dabney was carried, that each member of the class be allowed one bid to be given to whom he or she chose, so long as "she" chose to use her bid for her attendant only. In other words, under classmen could not come as stags.

### What's in a Motion?

Far be it from the aforesaid class to be restricted by motions, however. Loud murmurs arose from the male contingents — wild motions were

(Continued on Page Seven)

### SWEENEYS RETURN FROM CANTEN WORK

Miss Mary E. Sweeney and sister, Miss Sunshine Sweeney arrived in Lexington Sunday evening after a year's service in France in the Y. M. C. A. canteens.

The news of these returning "soldiers," was received in Lexington and the University with great interest for friends have watched their splendid record in ministering to the boys in the trenches.

The University especially welcomes Miss Sweeney, who for years was head of the Home Economics Department and who made possible its present standing in the University and the State. The Home Economics girls are anxiously awaiting the time when they may welcome and honor Miss Sweeney and hear some of her experiences.

### S. A. E. AND SIGMA NU WILL FIGHT FOR CUP

**Sigma Nu Has Chance to Keep Cup Forever; Frat Games Prove Interesting**

Basketball teams representing the Sigma Alpha Epsilon and the Sigma Nu fraternities won their respective games in the semi-finals of the interfraternity basketball series, played Wednesday night, March 26, in the University Gymnasium.

In preliminary games played during the last three weeks the Sigma Nu, Alpha Tau Omega, Sigma Chi and Sigma Alpha Epsilon teams were declared winners. These four teams met in the Gymnasium last week and played two fast, exciting games, resulting in the elimination of the A. T. O. and Sigma Chi teams from the contest for the loving cup.

The first game played Wednesday night was between the A. T. O. and Sigma Nu, the latter winning with the safe margin of 16 to 9. The line-ups were the same as those used for the preliminaries, and both quintets showed a marked improvement in team-work. The line-ups follow:

Alpha Tau Omega.	Sigma Nu
Watson.....F.....	Faulkner
Dabney.....F.....	Wallace
Thompson.....C.....	Gorman
Walker.....G.....	Wilkinson
Duncan.....G.....	Colpitts

The second game of the semi-finals resulted in a victory for Sigma Alpha Epsilon over Sigma Chi by a score of 22 to 12. The game was full of "action," and personal fouls were plentiful. Rogers, for S. A. E., was easily the star, playing the position of forward like a veteran. The lineups were:

Sigma Alpha Epsilon.	Sigma Chi
Rogers.....F.....	Embry
R. Connell.....F.....	Amon

(Continued on Page Three.)

### UNIVERSITY WILL BUY OR ACCEPT CITY PARK

**President McVey Writes City Park Will Be Taken as Gift or Bought; University Appreciates City's Interest.**

### MEMORIAL STATEWIDE

The following letter was mailed to Hon. Wood G. Dunlap, Commissioner of Public Property of the City of Lexington, by President McVey, under direction of the Board of Trustees which met in regular quarterly session Tuesday, April 1:

"Honorable Wood G. Dunlap, Lexington, Kentucky,

"My dear Mr. Dunlap:

"I have been requested by the Board of Trustees to acknowledge receipt of your letter regarding Scovell Park and to express at the same time the appreciation of that body for the courtesy and kindness of the City Commission of Lexington. The Board of Trustees further feels that in making the suggestion, which your honorable body did regarding Scovell Park, they were acting in a high minded way on a rather difficult problem, and the solution of it as suggested in your letter meets with their approval. I am, therefore, instructed to say that the University of Kentucky will be pleased to accept the gift of Scovell Park in perpetuity, or, if there is any doubt upon the ability of the Commission to make a transfer by gift, to purchase the property at a nominal price. This price would mean the payment of a small sum of money and the increased responsibility of the University of Kentucky to continue its work and organization in the City of Lexington.

"May I further state that the appreciation of your body for the growing importance of the University and the added value of its existence in the city as a factor in its development are looked upon by the committee with pleasure and appreciation. If the arrangement to transfer this property to the University by gift, purchase or lease is satisfactory to your honorable body, the University will be glad to take up the details with your board relative to the transfer of the property and the conditions upon which the transfer is to be made.

"With best wishes and appreciation of your work, I remain,

"Sincerely yours,

"FRANK L. McVey, President."

The board met in regular quarterly session at the University on Tuesday, with the following members present: Governor A. O. Stanley, Superintendent V. O. Gilbert, Frankfort, R. C. Stoll, Lexington, P. P. Johnston, Jr., Lexington, J. M. Turner, Paintsville, Frank McKee, Versailles, J. M. Elliston, Glencoe, R. G. Gordon, Louisville.

## ACCEPT CITY PARK

(Continued From Page One.)

### Pharmacy Next Year.

President McVey reported to the Board of Trustees that the matter of a school of pharmacy discussed at a previous meeting had been under consideration and advisement, and that he wished to defer definite recommendations until next year, when he would know better the financial situation and know further details of the part the institution will play in health matters in the State.

### Memorial For All of State.

The Executive Committee at its meeting on March 26 discussed the matter of a memorial building. Such a building was discussed at length in the meeting of the board, and the idea advanced that there should be at the University a memorial building for soldiers of the entire State. Such a building on the University campus would be a mecca for people of the State and the University would be an appropriate place for such a building. The President was authorized to prepare data for the consideration of the board at some future meeting.

An application of the Alpha Tau Omega fraternity of the University for a building site on the University campus was presented and favorably passed upon, the board agreeing to furnish a site and to impose regulations when the fraternity is ready to erect a building.

### Change in Trustee Appointments

The State law provides for the appointment of three Alumni members of the Board of Trustees, the appointments to be made by the Governor, and the rules and regulations to be prescribed by the Board of Trustees. A committee was recently appointed to draft such regulations consisting of J. I. Lyle, of New York City and P. P. Johnston, Jr., of Lexington. A set of rules was drafted and submitted to the local organization of the Alumni for consideration. Some slight differences in opinion developed, and after minor changes by the board, the following rules were adopted by the board:

1. Nominating ballots shall be mailed to each person entitled to vote not later than July 1. Each person entitled to vote shall have the right to nominate three persons for members of the Board of Trustees.

2. The ballots shall be mailed to the secretary of the board.

3. No person shall receive a duplicate nomination or election ballot unless upon satisfactory representation to the secretary of the board that his ballot has either been lost or destroyed. No person shall be permitted to vote otherwise than by ballot.

4. All nominating ballots shall be cast by noon of the day previous to the regular meeting of the Board of Trustees, but not in any case later than noon of September 15, and at noon on said date, shall be opened in the room at the University set apart for the use of the Board of Trustees of the University.

5. The names of six persons receiving the highest number of votes for nomination shall be placed upon the election ballots, and no other persons shall be voted for. In case two or more persons shall receive an equality of votes, the secretary of the board shall

determine by lot the person who shall be the nominee.

6. The election ballot shall be mailed to each person entitled to vote on or before October 1.

7. The vote shall be cast by making a cross in the square opposite the names of the persons to be voted for.

8. With the election ballot, the secretary of the board shall mail a short biography of each candidate, which biography shall contain, among other things, the date of the candidate's birth, the date of his graduation, the degree which he has received, his present and past occupations, any public service which he has rendered.

9. Other than the short biography above mentioned, no other extra matter shall be mailed by the University to those entitled to a vote.

10. No person shall be permitted to vote in the election except by ballot.

11. The election ballots shall be cast by noon of the day preceding the December meeting of the Board of Trustees, and no ballot cast after noon of said date shall be counted.

12. The election ballots shall be publicly opened at the University in the room set apart for the Board of Trustees.

13. The three persons receiving the highest number of votes shall be nominated.

14. The secretary of the board shall certify to the Governor of the Commonwealth of Kentucky, the names of those who have been so nominated from which the Governor may make the appointment in accordance with the law.

### Back Pay Granted.

An opinion was read from Honorable A. H. Morris, Attorney General for the State of Kentucky, rendering a favorable decision in the claim of Dr. James K. Patterson against the University for some nine months' of salary payment which had been suspended by the Board of Trustees in 1911.

### Lives of Seniors.

(Wheaton College.)

Lives of Seniors all remind us We must strive to do our best And departing leave behind us Notebooks that will help the rest.

## A. T. O. FRAT APPLIES FOR BUILDING SITE

Fraternity Makes Formal Application For A. T. O. House on Campus; Others Expected.

Alpha Tau Omega is the first Greek letter fraternity on the campus to make formal application for a site on University grounds on which to build a fraternity house, acting on one of the suggestions made by the Executive Committee of the Board of Trustees at its last regular monthly meeting.

Leases will be granted to any fraternity which shows that it means business, according to Dean C. R. Melcher,

**McGURK'S**  
 THE POPULAR  
 CONFECTIONARY AND  
 LUNCHES

with whom the matter can be taken up by fraternity representatives.

Altho sites for building fraternity houses have not been located, it is thought that they will be either on that plot of ground where the barracks now stand, to the rear of President McVey's home, on the north side of Winslow street at the corner of Limestone and Winslow, or in Scovell Park.

apply for building sites, a "Frat Row" will probably be built.

### Purdue Students Decorated.

(Purdue Exponent.)

According to a careful compilation by the Registrar's office, nine Purdue alumni, ex-students, and faculty members have been decorated with various crosses during the past war.

see in a big way. We cannot get away from the conditions now confronting the United States. The situation in Europe shows the need for a League of Nations."

In closing Dr. McVey read clippings giving the opinion of representative men of national prominence and members of different political parties.

Dr. McVey's talk was the third of a series in the World Forum which is held every Thursday afternoon in the Y. M. C. A. rooms.

**WILL FIGHT FOR CUP**  
(Continued From Page One.)

Wilhelm, Wood...C ..... Dodge  
T. Connell.....G.....Thompson  
Eblen, Logan....G.....White  
The finals of the contest will be held soon.

Sigma Nu will line up with the usual team, and are depending on teamwork to win the cup for them. Gorman and Wallace are two of their fastest players, and are expected to keep the ball down in Sigma Nu territory most of the time. The only men of much basketball experience on the S. A. E. team are Rogers and Wood. In the goal shooting of Rogers lies the greatest hope that S. A. E. has of wresting the cup from Sigma Nu, thus preventing the latter from possessing the loving cup permanently.

**MEMORIAL GROVE FOR LEXINGTON SOLDIERS**

**University Campus Will Be Site For 50 Trees in Memory of Local Victims of War.**

The campus will be the site of the tree-planting memorial exercises Sunday, April 6, at 3 o'clock, when trees will be planted in memory of fifty Lexington and Fayette county boys who have died in service.

Congressman J. Campbell Cantrill will deliver the memorial address and will be introduced by Commissioner Wood G. Dunlap. The chapel will be used in case of rain.

Fifty trees set forty feet apart will be planted in a grove on the University campus. The trees will be planted immediately. President Frank L. McVey and a member of the memorial committee have arranged with Superintendent of Grounds Whipple, to select the location of the memorial grove and H. F. Hillenmeyer, who has donated the trees, has arranged for their delivery.

A special part of the program Sunday will be the planting of a tree, probably in the center of the grove, to the memory of Colonel Theodore Roosevelt. Singing by the Lexington Oratorio Society, music by the University band and the playing of "taps" by a member of the band, will make up the remainder of the program in keeping with the impressive occasion.

General Roger D. Williams, recently returned from overseas, where he was engaged in Red Cross work, will recruit all returned soldiers for participation in the memorial ceremonies in uniform. The committee is arranging plans for formal military exercises in connection with the commemoration.

Up to the time the Kernel went to press Superintendent Whipple had not selected the site for the grove. The placing of the grove on the campus was not anticipated by authorities at the University and must be made to fit in with the plans for the campus beautifying.

United States. She has reached the point where she is the most powerful nation in the world in finance, resources and in many other ways, so that she cannot avoid touching elbows with the rest of the world, nor escape the problems facing it.

**Monroe Doctrine Century Old.**  
"What do we mean by the Monroe Doctrine? Do we mean the establishment of a super-state in the western hemisphere? Then the league opposes it as does everything American. The year 1824 is nearly a century gone. So far as we are concerned, in the viewpoint of South America, the Monroe Doctrine means our control of the Caribbean Sea and the territory we now occupy, with the understanding that Canada remain as she is. Our idea is that America be kept free from European colonization and Article X of the league seems to provide that all nations in the league have adopted the same principles to protect their territory. It in no way cuts across the doctrine as we understand it.

"The important thing the league is trying to do is to make sovereignty respect the reign of law, which Germany failed to do. Any treaty which we make compromises our sovereignty, by binding us not to make war or peace except under certain conditions, as it was compromised in the acceptance of the open-door policy.

"We must take our choice between a balance of power, a League of Nations, or anarchy, such as now prevails in Russia. It must have some power to carry out treaties or a balance of power such as has been the bane of Europe for a hundred years. We may find that the League of Nations cannot be worked out and be forced into a group of English-speaking nations, which would mean the division of the world such as prevailed in the fifteenth century.

"If the league is repudiated, there will follow a financial panic and a scramble for territory. I do not see how the United States, under any circumstances, can withdraw from the other nations, and make a separate peace with the powers. We have committed ourselves in Europe, and must take part in the settlement.

"Mr. Lodge says the United States Senate should have been consulted in the making of the league. It was not made by Mr. Wilson, but by a committee of four, of which he was a member. The Senate, under the constitution, does not act until the stage of ratification is reached, as Mr. Lodge himself said in a speech in the Senate February 28. The Senate's function is that of approval or disapproval after the fact has been agreed upon by the President and the chancellors of the other countries.

"This league is not a panacea. It only attempts to bring to pass some machinery whereby some of the world's problems may be solved. It means to develop the habit of peaceful settlement and makes war more difficult, altho it may not prevent it entirely. If it can bring about a protection of small countries in their territory and a reduction of armament, it will have justified its existence.

**National Honor.**  
"This is not a political question, but one of national honor, and it is our duty to look at it in a big way. The league is not perfect, but it has possibilities. Has anything better been offered?"

"April 6, 1917, we accepted a responsibility. Our entry into the war settled the matter of our participation in the affairs of Europe. Are we now to disappoint the world? It is easy to oppose the league, but it is our duty to

**LEAGUE OF NATIONS BEST WAR PREVENTIVE**

**Dr. McVey Says Acceptance Concerns Our National Honor; League Not a Panacea.**

D. McVey spoke at the World Forum Thursday afternoon on "The League of Nations."

President McVey said in part: "The United States must take its choice between a balance of power such as has been the bane of Europe for a hundred years, or a League of Nations as proposed by Woodrow Wilson and the representatives of Great Britain, France and Italy.

"The United States of America is a League of Nations. The quarrels between the colonies were quite as bitter as those now evident across the sea. The constitution of the United States was formed slowly and gradually. It takes time to organize any kind of constitutional government.

"The League of Nations is a covenant consisting of a preamble and twenty-six articles drawn by President Wilson and a representative from France, Great Britain and Italy. It was accepted unanimously by the representatives of the fourteen nations to whom it was submitted.

**Meetings Continual.**  
"It is provided that there shall be a meeting of representatives of all accredited nations, a permanent international secretariat, and an executive council composed of representatives of the five principal nations and four of the other states. An international bureau for the registration of all existing treaties and those made in the future, and the abolition of agreements destructive to the purpose of the League are also provided for. Provision is made for amendments with the consent of three-fourths of the states.

"The League of Nations is a covenant with a rigid system of international power. It provides a continual means of discussion; opportunity for new international agreements to prevent the disturbance of peace, and for the common treatment of world problems in a periodical round table. The great object is to take diplomacy out of the hands of secret agencies by the creation of a permanent secretariat. If the League of Nations with this object had existed in 1914, even in a more imperfect form than that proposed, there would have been no war.

"The document is simple, providing for a body of delegates, an executive council and a permanent secretariat. Back of it is the armed force of the nations in the league to carry out its purpose.

**Four Objections.**  
"The objections to the league are four that it means a breakdown in the traditional policy of the United States; that it threatens the Monroe Doctrine; that the sovereign powers of the United States are compromised and that the league should come only after peace is made.

"The traditional policy of the United States, set forth by Washington, was one of the ablest doctrines in our history. But many things have taken place since the day of Washington. In his day we had the possibility of avoiding international entanglements, being ninety days journey from Europe. When we took the Philippine Islands we entered international politics, as when we adopted the open-door policy in the East. All the responsibilities of the present war are shared by the

WELCOME HOME.

Approximately fifty students of this University forsook classes, books and professors in the winter of 1917-18 to enlist in Good Samaritan Base Hospital Unit No. 40, popularly known as the "Barrow Unit." One morning last spring, in a nasty drizzle of rain, friends of the unit, including almost every student in the University gathered at the Southern railway station to wish them "God-speed and safe return." A few weeks were spent in training at Camp Taylor. The unit was then ordered overseas.

The return of the members of this unit has been heralded thruout Central Kentucky. Many students of the University are personal friends of one or more members of the unit. Several of the young men who served with the Base Hospital in England will probably return to the University next September. Welcome home! In behalf of the student body, the Kernel welcomes the entire unit back to Kentucky. To former and future students of the University it extends warm and particular welcome. Further, it offers congratulations to each member for the important and unselfish part that he played in the war.

MEMORIAL BUILDING.

The University of Kentucky will honor the memory of those sons who gallantly sacrificed themselves on the altar of humanity in defense of their country. This was the unanimous sentiment expressed by the Board of Trustees in its last monthly meeting. Acting upon the report of an unofficial committee composed of four men active in University affairs, the Executive Committee declared itself in favor of the erection on the grounds of a commodious Memorial building. In various ways during the European war, sixteen fearless sons of old Kentucky met death. They died heroes.

In the opinion of the Kernel no memorial more fitting and, at the same time, more useful could be erected than that proposed and favored by the committee. Would those sixteen men who, in their prime, unselfishly offered and freely gave themselves to America and her ideals, feel greater honor, if it be possible that the dead yet share in the experiences of the living, to know that their memory had been perpetuated by a granite block or by a useful building such as that under consideration? If warm blood were to course once again thru noble bodies, if vision should come once again to their sightless eyes; if flush of youth could return to their wasted cheeks, would they favor useful or useless memorial?

Plans for the memorial are but in the making. A tentative outline of the uses to which the building would be put was published in last Thursday's Kernel. It was seen clearly that if it materializes, and it is a cherished hope of the Kernel that it will, the most urgent and pressing needs

of the University will be met.

The possibilities of good to be derived from such a building as the proposed memorial structure are unlimited. Various clubs and campus organizations could thus be given homes. Students could be given better opportunity to associate with each other. The University would be better advertised by reason of provision for certain attractions and conventions that meet in Lexington. This paper sincerely hopes that there will be no slip between contemplation and erection of the memorial now under consideration.

Sixteen blue stars have turned to gold on the University's service flag. Sixteen of the best men who ever matriculated in the University have passed to our Valhalla. To show its pride, revere the honor and perpetuate the memory of those sixteen heroes, the University of Kentucky can do nothing more fitting than cause the memorial building to be erected.

The Kernel's Koachman observes "A worm won't turn if you step on it right." Now will a lemon squirt, if you don't squeeze it?"

"Now class, remember, there is nothing new under the sun."

"But Professor, surely you haven't seen the latest thing in ladies' skirts."

I suppose this is what you call equal rights. "No Freshman, Sophomores, girls or boys, will be allowed to attend the Junior Prom. Ata' boy lets' start this thing here on the campus and teach them that they are all alike."

Joy Tho't.

The Barrow Unit is coming home. Alright fellows, we will have to hunt a new "setting up" place, with these heroes returning.

"Yes, woman is the ruination of man."

"You shouldn't talk of women like that. Remember when a man is sick, woman is always found at his bed side, "Yes, going thru his pockets."

There were certainly some thoughtful fellows at the dance last Friday night. Fellows who believe in getting at the bottom of things.

"Yes I noticed that when they were standing near the punch bowl."

Now that the "No Beer No Work," propaganda is being spread thruout the country, a number of the high flyers on the campus are laying their continued "flunking" to the fact that they are members of this society.

Their platform is:  
"No beer, no work;  
No work, no pay;  
No pay, no food;  
No existence—  
Let's all get mad and  
Starve to death."

Dampening Retort.

First Student—The idea, my napkin is damp.  
Second Student—Perhaps that is because there is so much due on your board."

America should be careful that she does not come out in the last place in the League of Nations.

Current Event night at Philosophian.  
Frances M.—Madam President, I

read today that a revolution is starting in Egypt.

Elizabeth—Well I did not think there could be a revolution anywhere else, but we're glad to hear of this one.

Natural.

Flattery is a sort of moral peroxide—it turns many a woman's head. For the sake of humanity always tell the truth.

If a man named Beer were arrested, where would be the proper place to put him?

Answer—in the "jug," of course.

Generally a man tells the truth when he calls his sweetheart a dream, because when they marry he always wakes up and finds that it isn't true.

Degeneration of the human race, due to prohibition has already set in. The Tappa Kegga Beer fraternity has changed its meeting place to the Y. M. C. A. instead of "half-and-half." They are now signing all of their legal documents with pink tea. Oh these fellows are regular lounge lizards of the horny type.

If some of these pampered parlor pets gave as much time to their classes as they do to their "darling dolly dummies," they would not be writing home for extra allowances, or wondering where their "war bonus" is.

Military Terms Adapted to the Campus.

Camouflage: Leaving Patt Hall with a tooth pick in your mouth.

Zero Hour: When your report goes home.

Over the Top: Passing the exams.  
Digging in: Campused by the Honor Council.

Guard Mount: That Sunday night date.

K. P.: Working in the "Kaf."  
Gas Atkack: Attending a lecture.

Bunkie: Freshmen recitation.  
Reconnaissance tour: Looking over the fence in front of Patt Hall.

When the cloak of night is falling; when my pipe is all aglow.

When my banjo's plunking, plunking, O my thoughts just wander so. In my little ship of memories, I sail on silvered beams.

With music to propel me, all I do is dream and dream.  
My ship can swiftly travel; so I drift

from shore to shore,  
Visiting many ancient places where my youth lived once before.  
Sometimes I like to linger. Other times my ship sails by.  
I'll bet no king, or pauper ever traveled such as I;  
And so each evening with the setting of the sun I drift away.  
While the moonbeams always guide me, I speed to yesterday.

Just at this instant the victim remembers he has a first hour class, and is quite sure he is going to hear Judge Lafferty say:

"Mr. . . . . . You will please take the first case."

The strains of music now are ceasing. My castles fade. 'Twas but a dream, I must confess. Yes I am a lover, of the great God Nic-o-time.  
E. F.

ROBINS WILL SPEAK

Colonel Raymond Robins, head of the American Red Cross Commission in Russia, will speak in Lexington Tuesday night, April 15. The Opera-house has been engaged so that as many as possible of the citizens of Lexington may have an opportunity to hear him.

He has won distinction as a social economist, and has added to his reputation by his gift for leadership, his power of oratory and his advocacy of progressive measures. He is thoroly acquainted with conditions in Russia, and has the power to present those conditions as few men have.

Colonel Robins spoke at the University about two years ago under the auspices of the University Y. M. C. A. His addresses on this occasion give students cause to remember him and desire to hear him again.

CURRENT EVENTS AT PHILOSOPHIAN

The first of a series of programs on Current Events was held at the Philosophian Literary Society Wednesday night, March 26, at Patterson Hall with Misses Julia Burbank, Lucy Craft, Fannie Heller and Lucy Dean, leading in the discussion. Among the subjects were "The Japanese-American Controversy," "The Monroe Doctrine as discussed at the Peace Conference," "The Condition of the Industrial Girl in Russia."

It is the aim of the program committee to devote one program each month to the discussion of outstanding articles appearing in the leading magazines. This is to help to eliminate the deplorable lack of information of the students, caused by the lack of time for reading carefully the newspapers and magazines.

Four or five speakers are chosen each month to give especially prepared discussions, after which the meeting is thrown open to general contributions, in which every member is urged and expected to participate.

STROLL'RS WORK HARD

Wit only two weeks to select the cast and do the foundation work, before the coming of the director, Mr. Sax, worked on "Under Cover," is being pushed by Stage Manager Creech. Two rehearsals are held daily in the Journalism rooms, as one rehearsal will not give the large number of aspirants a fair try-out. The cast in all probability, will be announced this week.

## AGRICULTURAL SOCIETY PLEDGES FIVE MEMBERS

### Character, College Standing and Leadership Are Standards For Choice of Men

The Scovell Chapter of Alpha Zeta honorary fraternity held their annual pledging exercises in chapel Friday, March 21, with Headley Shouse, chancellor, presiding. Professor P. E. Karraker, professor of Agronomy and Prof. Bryant, assistant Dean of the Agricultural College and Asst. Director of Extension spoke of the honor bestowed upon the pledges and told what has been done in the past by the fraternity.

The Alpha Zeta fraternity has as its standard three of the highest principles that could be obtained by the college student. Those principles are Character, College Standing and Leadership, and it is a credit to the persons who have acquired them.

The pledges are: Seniors—G. I. Barnes; Juniors—Clyde Bland, Russell Halbert and E. G. Godby; Sophomores—William Salmon. The members of the active chapter are: F. F. Elliott, Headley Shouse, Louis Reusch, Carsie Hammonds, Jessie Tapp and Leo Steinhouser. Alpha Zeta men in the faculty are Dean Cooper, Professor Roberts, Bryant, Goode, Karraker, James, Gott, Brueckner, Nicholls, Hudson, and Horlicker.

EDITOR'S NOTE—Thru an oversight the pledge day was omitted from last week's Kernel. The Kernel apologizes.

### DISCUSSION GROUPS

"I do not believe that science and the Bible conflict," said Dr. Funkhouser in the third meeting of the discussion groups held Monday night at Patterson Hall. He said he believed in God, and that he denied the theory that the soul is energy. Dr. Funkhouser believes that the brain of the higher animal is like that of man but that the animal lacks reason. He has faith in this theory, but says it cannot be proved yet, because science is too young.

Dr. Maxon continued his geographical readings and discussed the various chapters read.

Dr. Boyd was unable to be present to take charge of his class Monday night.

### 1914 GRAD. HOME AGAIN

Captain W. F. Wright, who graduated in 1914 from the College of Arts and Science, has returned to this country after 15 months' service in France. Capt. Wright was with the gallant Second Division, which has been cited so often for bravery that it is believed that each member of the division will be given a citation cord or a medal.

Captain Wright first saw service in Verdun and entered engagements at San Mihiel, Soissons, Chateau Thierry, Rheims and Sedan. Captain Wright who wears a wound stripe, added his word of praise for the Marines, who were included in the "Second." He is now waiting orders at his home in Manchester.

### STUDENTS' FORUM

#### THE FRESHMAN SPEAKS.

As a favor to the new students, especially the Freshman, we would like to suggest that President Patterson speak at chapel some morning. We have never made even the platform acquaintance of Dr. Patterson, in our months of school life. "The Grand Old Man of the University," is still just a name to us. We know about him, of course, about his world-wide reputation, and his wonderful record here in Kentucky, but we knew that much before we came to Lexington. Now, we would like the real thing. Will the Chapel Program Committee please take notice?

Dear Editor—Since there seems to be such a general awakening around the campus, and the art of beautifying is becoming a vital factor, I don't see why it is that a particular spot that might be of a very beneficial use, should be neglected. This particular spot happens to be situated just back of the dormitory and might present to the mind of the "dreamer," an ideal spot for a useful purpose. Why is it that this specified piece of land could not be cleared away and beautified so that it could be converted into an attractive place for an outside theatre for the Strollers? With a little planning and enough work, this dream could surely be turned into a reality and not only would it convert that part of the campus into an attractive and beautiful spot, but it would be a source of pleasure to the students and during the hot summer days it would make the biggest grouch forget the heat, flu and whatnot and convert him into a real optimist. In this way it would better the general atmosphere and would be a "Joy-giver." Also the Strollers would have some convenient place to display their talent and furnish entertainment to those interested in dramatic art. I hope that this idea may attract some of these "dreamers" who are conceiving such wonderful ideas for the future and with other accomplishments, may be realized and be an added improvement.

AN INTERESTED STUDENT.

### GREGG IN MARYLAND

Edgar Gregg, star first sacker on last year's baseball team, is teaching shop and drawing, and coaching the baseball team at Eaton, Maryland high school. Gregg, who was here during the first semester, is a member of Sigma Nu fraternity. He writes that he expects to return to school in September.

### AND STILL WE TEA—

The teas given under the auspices of the Y. M. C. A. by the wives of the faculty for the students of the University, continue to be a success. The largest number of students that have ever attended these functions was present last Wednesday, and proved to the ladies their appreciation of their hospitality. A four minute speech, given by Mr. Redwine in behalf of the World Fellowship Fund added to the interest of the afternoon.

## U. K. GRADUATE HAS PECULIAR WOUNDS

### "Jakie" Byers Back From Service With Famous "Second;" Visits Classmates

Lieutenant James E. Byers, better known on the campus as "Jakie" Byers, graduate of the Civil Engineering College in the class of 1915, was in Lexington visiting school friends last week.

Lieutenant Byers was commissioned in the Engineers and assigned to duty with the famous Second Division, where he fought at Verdun, and the Argonne forest. He was wounded by three machine gun bullets in an advance of the engineers as infantry to bridge a creek. At the same time part of his right foot was torn off by a piece of shrapnel. He lay on the field all day and much of the night and was then taken to an advanced dressing station. When he was removed to a base hospital, his leg was amputated above the knee. At another time he was advancing when a small shell passed between his right arm and side, leaving a hole on either side of its course.

"Jakie" is now stationed at the Walter Reed Hospital in Washington, where he is learning the art of wearing his new leg. His position at the Burns and McDonald Consulting Engineers Company in Kansas City is still open, but he may go to Cornell University for a year's study in advanced engineering. While he was in Lexington, he was the guest of Owen Reynolds, a class mate. He is a member of the Delta Chi fraternity.

### NOTICE KEY MEN

An important business meeting of University Key men will be held on the parlor floor of the Phoenix Hotel, Friday afternoon, April 4, at 4 o'clock sharp. Every man must be there to complete plans for the big dance. If you are not there, don't grumble if something happens which that doesn't suit you. Be out, Arthur!

### CRUM INSISTS THAT HE IS NOT DEAD

A letter was received recently by the editor of the Kentucky Kernel from Lt. Frank M. Crum, a former student of the University, whose death was reported at Camp Taylor some time ago. Lt. Crum had heard of the report thru a friend and wrote correcting the statement and telling of his experiences in active service.

Lt. Crum, known as "Senator," graduated in the 1916 class in the College of Arts and Science. He was one of the best known men of the University, and a baseball star. About 18 months ago he entered service at Camp Taylor. Later he was transferred to Texas and from there went to Camp Mills, Long Island, for a short time before embarkation for France.

He is a member of the Alpha Sigma Phi fraternity.

## PAGEANT OPENS WORLD FELLOWSHIP CAMPAIGN

Twenty-three Girls at Hall Present Needs of World to Good Audience as Y. W. Program.

"The Call of the New World," a spectacular pageant with twenty-three girls participating, was presented at the meeting of the Y. W. C. A. Sunday night, March 30, at Patterson Hall, under the direction of the World Citizen-ship Committee.

The pageant was sent from the Publication Department of the National office of the Y. W. C. A. for use in the world fellowship campaign which was put on Tuesday and Wednesday in the University. In it the Spirit of the Association introduces four voices of the New World, the Voice of the United War Fund Campaign, who comes with full hands, to express her gratitude for the money given by those who contributed to the fund last fall, the Voice of the Eight Week Clubs, who asks for volunteers to carry on the Eight Week Club work, The Voice of Vocational Conferences, who begs girls to enter the field of service as teachers, nurses, physicians, social workers, and the Voice of World Fellowship, who presents the needs of girls in other lands, and pleads for help to carry the benefits of Christian education to them.

Elizabeth McGowan took the part of the Spirit of the Association. The other characters were represented by the following: The Voice of the United War Fund Campaign, Minerva Sue Boardman, following her, Kathleen Brand, representing the Y. M. C. A., Lorraine West, the Y. W. C. A.; Evelyn Thomas, the American Library Association; Esther Harris, the Salvation Army; Lucy Cracraft, War Camp Community Service; Amelia Voiers, the Jewish Welfare Association; Marguerite Yarbrow, the Catholic Welfare Association. Next in the procession came Margaret Woll, the Voice of the Eight Week Clubs, who was attended by Mary Elizabeth James, the athletic phase of eight week clubs; Nancy Smock, the vocational phase, and Halle Kay Frye, the inspirational development. Mina White took the part of the Voice of Vocational Conferences,

with Elizabeth Marshall, Ruth Gregory, Fannie Heller, the teacher, nurse, and social service worker respectively, in attendance. Last came Margaret Harrison, the Voice of the World Fellowship, with India, Armenia, Japan, South America, represented by Edna Smith, Lena Lady, Thompson Van Deren and Alberta Wilson, respectively.

### SMITH AND BLAKEY WIN UNION DEBATE

S. W. Smith and H. M. Blakey, speaking for the Union Literary Society, won a decisive victory over V. C. Swerengen and Harold McGregor, representatives of the Patterson Literary Society, in the first of a series of inter-society debates held in the club rooms on the third floor of the Gym building, last Friday night. The subject debated was "Resolved, That the United States Senate should adopt the constitution of the League of Nations." The affirmative side was argued by the Union, while Patterson upheld the negative.

The debate was held before the two societies in joint session. Instead of judges, the vote of the audience was taken.

### ARMY SERGEANTS TO ASSIST MAJOR BYARS

Three army sergeants just returned from France, came to Lexington last week to assist Major Byars, at the R. O. T. C. headquarters in Buell Armory. While their official titles will be "Assistant Instructors of Military Science and Tactics," some of their work will be clerical, tho they will instruct the companies in the more advanced military tactics, being especially fitted for this work by their experiences in France.

The three sergeants are Chas. K. Lunt, who lived in Massachusetts, Jesse Stone, in Georgia, and Clarence Kinney, in Indiana, before joining the army. Each man saw about two years' service.

### THEY ALL WANT TO COME HOME

"We do everything but go toward a boat for home," writes Henry Haggin, graduate of the College of Agriculture in the class of 1918 and now in service in the army in France.

Haggin has been in France for about eight months and writes a friend on

the campus that he has seen Whaley, one of his former class-mates several times in France. At the time of the writing of the last letter he was going toward the Swiss border and seemed much perturbed that he was not headed for home.

### THOMAS CHOSEN TO HEAD WILDCAT TEAM

At a meeting of the 1919 basketball "K" men held Tuesday afternoon in the Athletic office, Henry Thomas was elected captain of the Wildcats for next winter. "K" men who were present at the meeting and entitled to vote were: J. C. Everett, Robert Burnham, J. A. Dishman, and Henry Thomas.

Thomas is a Sophomore in Mechanical Engineering, and a member of Alpha Tau Omega fraternity. He has played with the Kentucky quintet for two years, and was a member of the Lexington High School team before entering the University. He is also prominent on the baseball diamond.

### SPARE THE GRASS!

The parts of the campus which were tramped down and denuded of grass by the activities of the recent vocational army camp, are being plowed up in preparation for grass which will be planted soon. Superintendent Whipple is hoping that students will begin now to co-operate with him in abolishing paths across grass plots on the campus.

### "FRESHIES" PROMISE TO GIVE GOOD DANCE

The annual dance of the "Freshies" promises to be a pleasant affair of Saturday afternoon from 2:30 to 5:30 in Buell Armory. Smith's orchestra will furnish the music with a special program for eight "no-breaks."

### ENGLISH CLUB AT MISS JEWELL'S

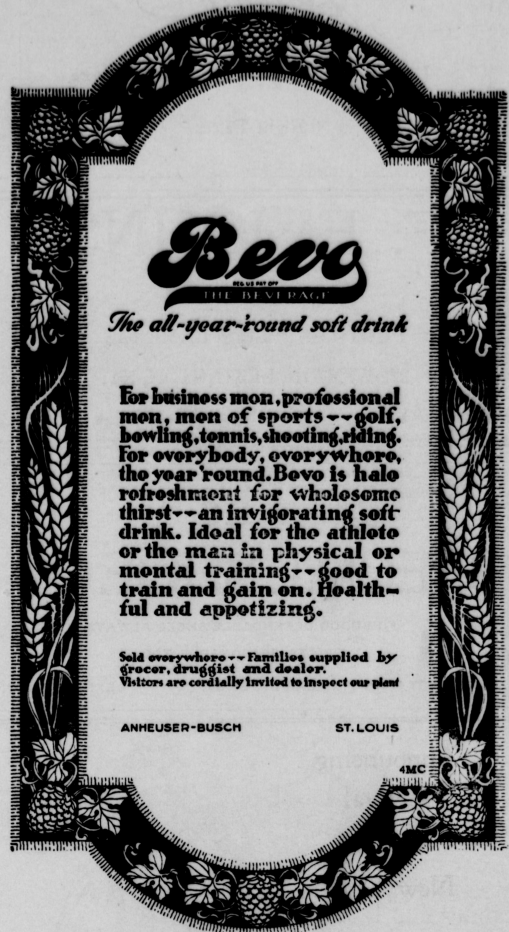

Miss Frances Jewell will entertain the English Club at a buffet dinner to be given Monday evening, April 7, at her home on Ashland avenue. No formal invitations are being issued, but it is hoped that every member will be present.

### KAPPA DELTA INITIATION SATURDAY

Epsilon Omega chapter of Kappa Delta will have its initiation and annual banquet Saturday night at the Phoenix Hotel.

## JUDGE CHALKLEY WILL ADDRESS Y. M. C. A.

Secretary Owens Says That Officers of Organization Should Be Carefully Selected.

Judge Lyman Chalkley, of the Law Department, will address the University of Kentucky Y. M. C. A. at the regular meeting next Sunday evening, April 6, at 6:45 o'clock. Special music has been arranged for. The meeting will be short so that it will not conflict with evening engagements.

The nominating committee will suggest the following names at the meeting as capable men to serve as officers for the ensuing year: President, Jesse Tapp; Vice-President, J. P. Barnes; Recorder, G. H. Gregory; Assistant Treasurer, R. J. Rabble. Nominations for these officers may also be made from the floor.

Secretary R. A. Owens, in speaking of the University Y. M. C. A. said that this is an inter-denominational organization and one in which all the students and the faculty of the University of Kentucky should be deeply interested. Therefore those who are to be the officers of the organization should be selected with care. As the students are to choose who are to be these officers it is urged that all the students be present at the meeting Sunday night. He also said that the purpose of the University of Kentucky Y. M. C. A. is to lead men into and develop them in the Christian life, to co-operate with the Christian Church and train men for service in it, to promote a program of unselfish service, to unite the students of this University in promoting the highest good of the University and the individuals who compose it, and to unite the Christian students of this University with the world wide student Christian brotherhood.

## M. C. REDWINE WINS ORATORICAL CONTEST

Marcus C. Redwine, speaking on the "League of Nations and the Monroe Doctrine," won the Patterson Oratorical contest from a field of four candidates, in chapel last Wednesday evening. This contest is held every year on March 26, former President Patterson's birthday, and the winner receives a gold medal given by "The Grand Old Man."

The other speakers and their subjects were: W. C. Peel, "The International Mind;" H. L. Hargrove, "The League of Nations and the Monroe Doctrine," and Harold McGregor, "A New Basis of Peace."

The judges were Richard Stoll, Professors Farquhar and Funkhouser.

## EAT AT SECOND TABLE

(Continued from Page One.)

brought forward. One gentleman moved that the dance be called off altogether, another suggested that it be turned into a subscription dance held some afternoon in the armory, with everybody in the University invited.

Finally, Mr. Dabney withdrew his motion and another was made stating that the dance be exclusively upper class. This was seconded and carried by an almost unanimous vote.

May 16 was the date set, ladies and gentlemen smiled kindly upon each other once more and discord escaped to find more congenial company.

## TEACHERS ACCUSED OF WASTE IN WORK

Applied Psychology Lecture Before Woman's Club; Practical Demonstration Given.

Dr. C. B. Cornell, professor of psychology, addressed the Current Events Section of the Central Kentucky Woman's Club Saturday afternoon. His subject was "Applied Psychology."

At the close of the session, mental tests were given to a 14-year-old child as an example of the work being done in the public schools of Lexington to aid proper classification of children in the classroom. Mrs. Wickliffe Preston was chairman.

"There is more wasted effort, more lost motion, in the teaching profession than in any other sphere of human activity," said Dr. Cornell. "It is in this profession that psychology is coming into its own. The child mind is being measured and classified and its powers ascertained. We are finding that children are not born with equal capacities for learning and we are applying the measuring instruments devised by the psychologist in order to ascertain individual differences and capabilities.

"Applied psychology is the science of utilizing the known facts of mental experience or of human behavior to the furtherance of some particular type of human activity. The successful man applies the principles of psychology in every transaction with his fellows. In the field of advertising, for example, the psychologist appeals to the senses in the endeavor to secure the attention necessary to bring about interest."

Dr. Cornell said that the salesman, the insurance agent, the minister, the politician and even the doctor are factors of the science of consciousness and their respective successes or failures may be attributed to the known principles of human behavior.

## EXCHANGES

Doctor McVey Speaks at Hamilton (Crimson Rambler.)

Dr. McVey, of the University of Kentucky, gave a lecture on the "League of Nations," during the chapel hour at Hamilton College on Monday, March 10th. In a most scholarly and yet entertaining manner he explained the necessity for the "League of Nations," and mentioned and answered the three principal objections raised by some superficial statesmen.

## PRIVATE TO MAJOR FOR KENTUCKIAN

One of the most rapid rises in army life is attributed to Major Jessie Miller, of Washington, D. C., formerly of this city. Major Miller has risen from a private to his present rank in the eighteen months of his service.

When he entered the service a year and a half ago, he was a member of the law firm of Miller & Miller, of Lexington. He went first to Camp Shelby, Mississippi, and from there, was ordered to Washington, where he gained a first lieutenantcy, after assisting in Major-General Crowder's office. General Crowder, who regarded Miller as a "find," recommended him for a captaincy and when the selective draft service had been completed, his efficient assistance had gained him his present rank. Major Miller is 27 years old.

Mrs. John Gibson, Louisville, and Miss Mary K. Hamilton were guests of friends last week.

Miss Wells, Carlisle, was the guest of Gertrude Booth last week-end.

Mrs. Stevens, Sharpesburg, was the guest of Mrs. Brown last week-end.

### KAPPA SIGMA DANCE

A beautiful event of the spring was the annual dance Friday night of Beta Nu chapter of the Kappa Sigma fraternity in Buell Armory from 8:30 to 12 o'clock.

Festooned garlands of red, green and white paper ribbon streamers, the fraternity colors, decorated the armory. Lights in the fraternity colors were swung among the beams of the ceiling. Fraternity shields and banners decorated the walls.

The programs were attractive booklets containing a list of eight "no-breaks" and the selection of music for each, with the Kappa Sigma coat-of-arms embossed in gold in one corner of the black and white striped covers, tied with silk cord and tassel of red and green.

A large representation of the fraternity pin, the crescent and star, formed with electric globes provided the only illumination for the eighth and last "no-break." The music for the special and effective dance was "The Kappa Sigma Sweetheart."

The hosts for the occasion were: active chapter, Messrs. Robert S. Arnold, Victor H. Barlow, Auryne E. Bell, Neville Fincel, Raymond S. Glenn, Todd H. Green, C. Frank Johnson, J. Brooks Juette, Leeman S. Oldham, George Oldham, William M. Wallace, J. Stewart Wallingford and Marshall B. Wood. Pledges, Frank Widekemper, Burton Stapp and J. Howard King.

Patrons—President and Mrs. Frank L. McVey, Prof. and Mrs. L. L. Dantzer, Dean and Mrs. C. R. Melcher, Dean and Mrs. W. T. Lafferty, Dr. and Mrs. E. F. Farquhar, Mr. and Mrs. Harry Brower, Mr. and Mrs. Frank Battaille, Miss Frances Jewell, Miss Christine Hopkins, Miss Dora Berkeley, and Miss Marguerite McLaughlin.

Confetti and serpentine added brilliance to the scene near the close of the dance. Fruit frappe was served.

### CADET HOP GOOD

The second Cadet Hop was a pleasant affair of Saturday afternoon from 2:30 to 5:30 in Buell Armory. Garr's sextette furnished the music.

The arrangements were in charge of Major D. O. Byars, instructor of military tactics and Mrs. Byars, Captain and Mrs. Royden, Miss Marguerite McLaughlin and Miss Frances Jewell.

Several out of town guests were present, among the two hundred students who enjoyed the dance.

### FRIDAY'S CHAPEL.

Alfred C. Green, Jr., tenor, of Chicago, will give a short program at the University Friday morning at 11:45 at the chapel hour.

Mr. Green will be accompanied at the piano by Mrs. J. O. Black, of the Lexington College of Music.

Following is the program:

"Chegelida Mamma," from the opera, "La Boheme" . . . . . Puccini  
Stars . . . . . Rogers

"From the Land of the Sky Blue Waters" . . . . . Cadman

Mr. Albert d' Schen Haberstro of the Lexington College of Music has arranged the program for the University.

### HISTORY CLUB

The first meeting of the History Club was held Monday afternoon, March 31, in Dr. Tuthill's room. The program consisted of discussions of "Our Presidents as Historians" by Miss Conkright, Mr. Leon Wise and Mr. H. B. Lloyd.

Miss Conkright gave a short and interesting discussion of Theodore Roosevelt's literary ability and told of his accomplishments as a historian. Mr. Leon Wise spoke on President Wilson and what he has contributed to the historical field, and Mr. Lloyd told of the work of President Poincare and what he has meant to France.

After the program, Dr. Tuthill gave a brief talk opening the subject to general discussion. The next program will be given April 13.

### UNIVERSITY "CO-EDS" WILL HAVE NEW DEAN

Miss Simrall of Sweetbriar College, Accepts Position to Take Effect Next September.

Miss Josephine Simrall, of Sweetbriar College, Va., has accepted the position of dean of women here at the University to take effect next fall. President McVey recommended her appointment at the meeting of the Board of Trustees last Tuesday.

At present Miss Simrall is head of the Department of Psychology and dean of women at Sweetbriar. She is a graduate of Wellesley and has taken graduate work at the University of Cincinnati and at Johns Hopkins. She is a Kentucky woman. She has many friends and relatives in Lexington.

President Emilie McVea, of Sweetbriar College, spoke particularly of Miss Simrall's excellent executive ability and "her social accustomness." Chancellor Frank W. Chandler of the University of Cincinnati, writes that she is possessed of marked literary talent, that she was active in women's organizations and has a charming sympathetic manner.

### HOME ECS. NOTES

Dean Cooper spoke to the Home Economics Club last Thursday on "Opportunities," stressing the part open to the woman trained in Home Economics in developing the State and giving aid to the various agencies that are working for the betterment of conditions in the State.

The next meeting of the club will be on Thursday, April 11th, in the Agriculture building and every member is asked to be present. Some important matters that the club desires to undertake will be discussed.

Miss Coffin and Miss MacKinnon were hostesses to the Seniors of the Home Economics Department at a dinner party at the Practise House Wednesday evening.

Among those included in the invitations were Dean and Mrs. Cooper, Misses Lameraux, White and Purnell. The Seniors are Misses Mildred Collins, Effie Gentry, Elizabeth Pickett, Julia Burbank, Elsie Potter, Katherine Parrish, Eliza Clay Mason, Laura Cassidy, Sarah Harbison, Louise Turner, Austin Lilly.

### DR. BUSH AT FORUM OF WORLD PROBLEMS

"The Jews have never failed in a spiritual government, but I believe they will not succeed with a political government in Palestine now," said the Rev. Benjamin J. Bush, at the University of Kentucky Thursday afternoon in the Y. M. C. A. rooms, as one of the speakers on the "Forum of World Events."

"The famous Herzl movement, to bring the Jews back to their holyland has never been received with the enthusiasm that will warrant the attempt at repatriation of the nation. There is all probability that England, as she once gave an asylum to the Jews in East Africa, might grant Palestine to the homeless nation for political reasons now that she has conquered it. But even if this should be done, I do not believe the country of Palestine is economically able to support the Jews that would go back.

"Palestine is unfortunate in its situation being on the highroad between Africa and Europe. If the settlement of Jews in Palestine were accomplished, the old racial antagonisms between Jew and Mohammedan and Arab would return. The country, if it became profitable, would be subjected to the incursions of wild Arabian. Judaism, Mohammedanism and Christianity would conflict.

"We can never be certain, however, about this little nation. It has given to the world the three monotheisms, Christianity, Mohammedanism, and Judaism. Witness the part of Belgium, Holland, Greece and Palestine. I say in regard to the present plan that the ideal Jerusalem is everywhere. The solution of the problem of the Jewish race is the accepting of the example of America's tolerance toward them by every nation of the world."
