The NCAA Women's Basketball Championships will be held March 26-28 at the Scope Arena in Norfolk, Virginia with Old Dominion University serving as the host institution. The following are some of the NCAA guidelines for the women's basketball championships:

1. First-round NCAA games will be played March 12-14 on the campus of the higher seeded team as approved by the NCAA Women's Basketball Committee in each participating region.
2. Regional Championship Games will be played at the following sites March 18-21: West—Stanford University; Midwest—Louisiana Tech University; East—North Carolina State University; and MIDEAST—UNIVERSITY OF TENNESSEE.
3. National semifinal and final games are March 26-28 in Norfolk, Virginia.
4. For purpose of selection the committee divided the country into four regions (East, West, Midwest, and Mideast), with regions being determined on total number of NCAA institutions that sponsor women's basketball in Division I.
5. NCAA Basketball Championships provide for a field of 32 teams. The bracket will be filled by a combination of at-large teams and automatic qualifiers including: winners of the ACC, Big 8, Big 10, Metro Conference, Mid-American Conference, Mid-Eastern Conference, Missouri Valley Conference, Northern California Athletic Conference, OVC, SEC, SWAC, and WCAA.
6. At-large entries will be selected by the regional advisory committees based on the following criteria: 1) won-lost record, 2) strength of schedule, 3) eligibility of student-athletes for post-season competition.
7. The committee will select and seed teams March 3-5. Teams will be notified of their selection by 6:00 p.m. (EST) on March 5.
8. Championship bracket pairings are West vs. Midwest and Mideast vs. West.

THE SEC

Throughout the 1981-82 basketball season, the Southeastern Conference has been acclaimed as the toughest in the nation. For much of the season, five of the SEC's 10 teams have been ranked in the top 20, and three have made appearances in the poll's Top 10.

This fine reputation is a good start as the conference completes its first full season of league play. Prior to this season, two conference tournaments were held, but it was state conference tournaments that determined which teams advanced to post-season play. Now, under the new NCAA structure, the SEC tournament winner is the automatic qualifier to regional play.

In its first season as a league, the SEC divided its teams into Eastern (Kentucky, Tennessee, Georgia, Vanderbilt and Florida) and Western (Auburn, Alabama, Louisiana State, Mississippi and Mississippi State) divisions. Each team was required to play the other four teams in its division home and away during the regular season.

In the first Southeastern Conference Tournament—held at Tennessee in 1980—the host Lady Vols took the championship with an 85-71 victory over Mississippi. Last year at LSU, Auburn captured the second crown by defeating Alabama 60-51.
