

ABBAY OF GETHSEMANI  
TRAPPIST, KENTUCKY

April 12. 1963

Dear Dr. Thompson

When I discovered that I had been awarded an honorary LL.D. by the University, I decided it was about time to collect a few more manuscripts & addments & put them in the mail - & this I did a couple of days ago. If they arrive before this explanation, you will nevertheless understand. I am still amazed that you can find some use for these things, but however, I appreciate the fact that you do.

So I wish you a very happy Easter, with all friendship in Christ

f. m. Louis Merton
