

Thursday night
April 25-46

My Son:

Maybe you have forgotten how torn
up one can get house cleaning its a
site to see our house to night Dad
and I cleaned the room we live in
Then ~~we~~ went to town and got paint
and while he painted the ceiling of
that room I cleaned the walls &
ceiling of the kitchen and he painted
the ceiling so marrow we hope to get
the walls of bath rooms painted.

The front of the house is clean all
but the curtains & shades being to put
up, I could do that to night but I
am tired and just dont mean to
work any more to night, I moped the
kitchen and got the table cleared up
since Dad went to Lions club, I
also made me three slices of french
toast and ate Butter and syrup with
it - No dieting to that is there.
