June 8-49

My Son:

Carl's birthday I think of it
as I date my letter.

In a hurry as usual but
I do feel good this morning, got
my yard cut + trimmed to a T,
and it looks much prettier
than it ever has before. See
and I went to see if we could
get Linda to help Judy at
Mathers as Rack wouldn't let
Riz go help. I even tried
Millie Green but no soap.

I am going to try Rack at
noon and see what I can do
for Judy needs help up there
and I have so much to do
