ARMY NEEDS COLLEGE MEN TO FILL RANKS OF COMMISSIONED OFFICERS

Candidates To Be Chosen for First and Second Lieutenants.

FINAL EXAM. APRIL 25

Information Can Be Obtained at Any Military Station.

Competitive examinations, under the direction of corps area commanders, will be held April 25, 1921, to fill 2,585 vacancies, for the most part in the grades of first and second lieutenants in the army. Prospective candidates may obtain detailed information from any military station.

There are more than 4,000 vacancies in the commissioned personnel of the army. When promotions under the reorganization law are completed, about 1,200 of these vacancies will be in the grade of first lieutenant and the remainder in the grade of second lieutenant. While it is not proposed to fill all vacancies at present, the necessity for more officers for the army requires that a part of them be filled without delay.

The date announced is that of the final examination. Prior to that date applications must be submitted and applicants must undergo a preliminary examination. All applications are to be received and acted upon by corps area commanders, who are also charged with conducting the preliminary and final examinations. Detailed information concerning examinations

A squad of Kentucky men go to Louisville tomorrow to compete in the Amateur Athletic Union meet. Snyder, Thornton, Clare, Wilhelm, Boyd and Porter will run everything from the hurdles to the mile.

This will be a real test of what they are able to do and they will get a bit of dope on their chances for coping off the S. L. A. R. championship in this kind of outdoor sport.

DR. VANDERMEULEN AT JOINT MEETING

"Life Service" Subject of Talk at Patterson Hall, Sunday Evening

A large number of men and women attended the joint meeting of the Y. W. C. A. and the Y. M. C. A. at Patterson Hall, last Sunday evening, to hear Dr. John Vander-Muelen, president of the Presbyterian Theological Seminary, Louisville. His subject was "Life Service."

Dr. Vander-Muelen said in his talk: "We do not need more doctors, lawyers or business men. The material elements have far outstripped the moral and physical elements. There never before was a day when so few men are turning toward the ministry. In this hour of the world's situation, what the world needs is to allow the moral and spiritual elements a chance to catch up."

The meeting was led by Mary Royser.

CROSS AND CREEDLE REPRESENT KENTUCKY

Triangle Fraternity Convention is Held at University of Illinois.

E. T. Cross and F. W. Creedle returned Sunday night from Champaign, Ill., where they represented the University of Kentucky chapter of Triangle Fraternity at the convention held at the University of Illinois, March 3, 4 and 5.

The Kentucky delegates report a very busy three days with forty representatives present from the alumni and five active chapters of the Middle West. The social side was not neglected, and such events as an initiation by the Illinois chapter and the closing banquet, Saturday evening, at the Hotel Luman, served to relieve the heavy business sessions. Prof. Ira O. Baker, dean of the College of Engineering at the University of Illinois, was the principal speaker at the farewell banquet.

The next National Triangle convention goes to the University of Wisconsin chapter and will be held at Madison. Prospects indicate that the Kentucky chapter will be the strongest contender for the honor of entertaining the following year.

A point worthy of note to Kentucky fraternities which came to the delegates' attention while at Champaign, is that at the University of Illinois fifty fraternities own their houses and take care of twelve hundred students.

Patrick Vincent Speaks in Chapel

A group of musical numbers by Mrs. Patrick Drummond, and an oration by Patrick Vincent were the features of the chapel program, Tuesday. The musical program was as follows: Two selections from "The Indian Love Lyrics," Amy-Woodford Pinder; Rudolph's Song from "La Boheme," Puccini; "One Fine Day," from Madame Butterfly, Puccini; and "Caro Nome" from Rigoletto, Verdi. Leland Snoddy was the accompanist.

"The Anglo-Irish Controversy" was the subject of Vincent's oration. Vincent is to represent Kentucky in the Southern oratorical contest to be held in North Carolina, Friday, March 11, and is to give the above-named oration there.

THREE WILDCATS MAKE ALL-SOUTHERN

The Blue and White not only won the championship and scored the most points of any team—twenty-three more than Georgia, her next nearest opponent, and forty-two more than Tech, third in line—but she had three men picked on the All-Southern team by Ed Danforth.

The Team

Forward.....Anderson, Georgia
Center.....Adkins, Kentucky
Guard.....Lavin, Kentucky
Guard.....Roane, Tech

Hayden and Ridgeway were the men left out. A number of papers tooted Hayden up as the best player in the tournament, and Ridgeway is the best standing guard most sport writers ever saw. Anderson and Roane must be some players, for we can hardly see how Hayden and Ridgeway could be much better.

The All-Kentucky team is Kentucky's team—all five men. Centre has some good men but ours are better.

NICKNAMES GIVEN TO SOUTHERN VARSITIES

Nearly All College Teams in the South Have Name.

Students of Southern universities and colleges delight in attaching to their football and baseball teams some picturesque nicknames. The reason for some of these names is easily fathomable, but for others can not be determined, except that they have been used for years.

The list of nicknames and some of the reasons for them include:

THE WILDCATS, UNIVERSITY OF KENTUCKY.

The Praying Colonels, Centre College, Danville, Ky., because they pray before entering contests and because they come from Kentucky, where colonels abound.

The Flying Cadets, Virginia Military Institute, Lexington, Va., because they are military cadets and have a fast team.

The Generals, Washington and Lee University, Lexington, Va., because their university is named for Generals Washington and Lee.

The Pioneers, Transylvania College, Lexington, Ky., because Transylvania is claimed to be the oldest college west of the Alleghanias. The Transylvanians are also called Crimson from the colors.

The Fighting Volunteers, University of Tennessee, Knoxville, Tenn., because of the title of the Volunteer State earned by Tennessee in the Mexican War.

The Commodores, Vanderbilt University, Nashville, Tenn., because their institution was named after Commodore Vanderbilt.

The Hatchettes, George Washington University, Washington, D. C., because of the little episode George Washington had with a hatchet and a cherry tree—according to popular story.

The Indians, William and Mary College, Williamsburg, Va., because the

HIGH SCHOOL BASKETBALL TOURNAMENT OPENS TODAY

Best Teams of the State Are Here for Annual Contest.

The annual high school basketball tournament of the State is to be held in the gymnasium, today and Saturday. Teams from all parts of the State are coming, and some of the best high school players of their sections will be on the floor. The student body will see some of Kentucky's future stars in action.

The main contestants for first honors in the meet are Manual, Clark County High, Shepherdsville, Monticello, Langrange and Owensboro. Lexington High, champion of last year, was eliminated in the preliminaries held in Winchester.

SIGMA NU WINS HARDEST FOUGHT GAME OF YEAR

Sigma Nu defeated Kappa Alpha Tuesday night in the Gym. in one of the hardest fought inter-fraternity games of the year.

The contest was fast and exciting and the outcome was not certain until the final whistle. Wallace was the high point man for Sigma Nu and Fuller and McCormick also played good ball. The work of Witherspoon, Titton and Vanzant for Kappa Alpha was of varsity caliber.

A STUDENT COUNCIL

The crises which have arisen on Kentucky's campus during the last few days show plainly the need of some sort of an official student organization, representing the student body which can, in student dealings with the faculty, speak for the students and make plain the position of the student body on various questions affecting student interests which are constantly arising. Such an organization could present to the proper authorities all student questions and grievances and clear up many of the difficulties which are daily perplexing different members of the student body.

Present methods of dealing with student discipline have created a feeling of antagonism in many quarters. Much ill will has been aroused in cases where friction has resulted either from the failure of the faculty to present its side to the student body for judgment or consideration or from the inability through lack of spokesmen of the student body to lay before the faculty its point of view.

With an active representative student council these conditions automatically cease to exist. Such a council could not only adequately and authoritatively represent student interests in all matters of discipline, but it could also become a potential factor in creating sentiment in the student body for an honor system and for other needed reforms. It could foster a respect for University property, something long needed on the campus.

President McVey would be more than glad to receive a committee from the Senior class to confer on the immediate organization of a student council, and The Kernel recommends that the president of the Senior class lose no time in embracing this opportunity.

CUSHION LOST

It will be greatly appreciated if the person who took the seat cushion from the Little Theatre on Saturday will return it. This cushion was borrowed by the Art Department from President McVey.

Military News

By Katherine Conroy

The Military Department urges all men in the battalion to practice target shooting for the match which is to take place in March. The men who are out are improving rapidly with practice, in spite of the fact that new targets are being used and the course is getting more difficult. A record of all the practice shooting is being carefully kept and after the final try the ten men making the highest score will be selected for the team.

Beginning March 1, the Freshmen will take up the gallery range in order that they may take part in the contest which will take place March 21. All Freshmen are urged to enter the course early in the month so that they may get good practice before the appointed date. Every afternoon except Saturday, will be held open for the Freshman practice.

HEALTH TALKS

In recent years the aim of education has been more toward the all-round development of man; slowly bending away from the old straight path, learning to include in its broader meaning the social, the physical and the spiritual.

An advance in his direction was made by the University of Kentucky this year, by establishing a department of Hygiene and increasing the dispensary service to full time. The large colleges of the country have practically all adopted this phase of active student welfare. Some have their own hospital or infirmary buildings and a staff of physicians, specialists and nurses; others on a smaller scale attempt only the dispensary service. But nearly all require a thorough physical and medical examination, thereby establishing a basis on which to advise the student in matters of personal health or to point out defects previously unknown to him.

It is often possible to correct abnormal conditions which, although apparently insignificant, are detrimental to health. The student of college age has not reached physical maturity, or in other words, is still growing, which means that muscles, organs, brain, eyes are still adapting themselves to the strain demanded of them, and this daily routine of life will determine the stability of the adult physical man and make or break the usefulness of his life.

The value of bringing to one the knowledge by which he may better develop the body, is unlimited and surely one which should embrace the earnest cooperation of every student who seeks

Patterson Literary Society enjoyed one of the best programs of the year, last Friday night. The situation in Greece was discussed by V. C. Swearingen. R. A. Logan very ably related the condition of affairs in Ireland in a talk, "England's Clemency." John L. Hays gave a most interesting display of mountain eloquence in a humorous sermon. The last on the program was a talk, "The Mountains as I Know Them," was given by Ben Rader, from Jackson, Ky., who told in a very attractive fashion some of the failings as well as the virtues of the mountaineers.

for appointment are contained in regulations now being distributed and application blanks may be obtained at any military post or station. Applications should be submitted by the applicant at the nearest military post or station.

It is contemplated that successful candidates will be announced and appointed or nominated for appointment about two months after the examination. Candidates attending colleges will have the opportunity to complete the present school year before they receive appointments.

All successful candidates will be arranged in the order of merit as determined by the final examinations and will be selected for the army in such order. They will also be placed on the promotion list in such order without regard to the branch of the army in which appointed. Those candidates who attain the highest marks on examination will, therefore, have priority in advancement to the vacancies existing as first lieutenants. Candidates should consult the regulations which are being sent to all military posts and stations for full information about the examinations and appointments.

In Selecting a University—

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

University Glee Club Pleases at Versailles

The University Glee Club went to Versailles, last Friday night, where it was heard by a well-filled house. A Versailles man, when seen by a Kernel reporter, praised very highly the whole program and especially Prof. Lampert's violin solo and Nelson's whistling solo. He said the whole audience was much impressed by the high-class program offered.

THE CHALLENGE

Jess, your pardon I implore,
"Every dog must have its day";
Go on now and have your say,
Such easy style could not bore.

Tell us more about the farm,
Where the young lambs soon will hatch
And play in the pumpkin patch
With never a thought of harm.

Write of your own one-horse town,
Where the public pump is broke;
Sure the sport says, "Have a coke,"
And trains once a day come down.
—Barker.

THE REPLY

Welcome, Mr. Barker, if such your name is,
At any rate it's most appropriate
For doggeral is your line
Far more than it is mine,
I'm sorry for it seems to be your fate.

I hail from Louisville, a little one-horse town,
That hovers near Ohio's muddy shore.
L. & N.'s come every day
And the water hydrants play—
"Coke" is a word of long-forgotten lore.
