## UNIVERSITY SUMMER SCHOOL OPENS JUNE 17

The Summer School of the University of Kentucky will be in session June 17 to July 28, a period of six weeks. The work is designed for teachers, students and those seeking information and training. With the instruction are to be given a number of special features. The entire plant of the University, including laboratories, libraries and building, is available for use.

No entrance examination is required for admission, but instructors must be consulted concerning prerequisite preparation for some courses. Students who have full entrance credits to the University will be given credit toward degrees in college work. Four semester credits will be given for one double course consisting of two hours a day for the session. Two semester credits will be given for a single course, one hour a day for the session. No student will be allowed to take more than six semester credits.

Exceptional advantages will be given to students who are qualified to teach Agriculture and Vocational education under the provisions of the Smith-Hughes Act. Courses will be offered in Agricultural Education and in Educational Psychology, which will especially fit students for the organization and presentation of vocational work in the high schools of the state.

Work has been provided in practically all the colleges and departments of the University. Courses in Agriculture and Vocational Education, Home Economics, Red Cross, Food Conservation, Experimental Psychology, and Education, including Mental Tests and Measurements, Administration and Supervision, Principles and History of Education, Educational Psychology, English Composition, English and American Literature, Mathematics, Chemistry, Physics, History and Economy, Ancient and Modern Languages will be offered.

As special features in the Summer School there will be courses in Physical Education and athletics, in base ball, foot ball and school room gymnastics.

Courses offered in the Military Department will be arranged to meet the needs of two classes: First, of those having time to register in one or more of the military courses; and second, those having time to devote entirely to the military course. Lessons will be given in French for men in the military service; work in infantry drill; military signaling; radio telegraphy; and manual for non-commissioned officers of infantry of the army of the United States.

For complete information and folder describing the work of the Summer School, address the Registrar of the University.

Community singing will be conducted by Peter W. Dykema, of the University of Wisconsin. During the second week, four war lectures will be given by President Frank L. McVey. Special lectures in Law will be given by E. Marion Rucker, United States Assistant Attorney, Washington, D. C. On July 15 and 16, the Elsie Herring Kearns players will appear in a series of Shakespeare and Moliere on the University campus.

## SEVEN SENIORS LEAVE FOR TRAINING CAMP

The following seven seniors left the University last week to attend the Officers' Training Camp: Harry Milward, Tilford Wilson, D. R. Ellis, J. S. Sherwood, H. M. Henry, C. W. Goosman and R. B. Finley.

Wilson, Sherwood and Ellis went to the "A" grade camp at Camp Sheridan, Illinois. Henry went to Camp Lee, Virginia, to attend the Engineering Officers' Reserve Camp. Goosman will probably be assigned ultimately to some Coast Artillery training camp. Finley went to a Signal Officers' Reserve camp. Milward is yet to be assigned.

## ARMY MEN TRAINED IN THE CONTINENTAL CODE

Radio telegraphers and electricians are being developed at the University of Kentucky as a part of the training of the 110 soldiers in service at Camp Buell. The men go to the University daily and assemble for class work, hearing lectures on the fundamentals of electricity, and receiving practical instruction in assigned work.

Thirty of the men are enrolled as electricians who are being taught all kinds of electric wiring. As a test of their knowledge of electric wiring they will be required to wire a house the shop men will build.

Eighty men are studying radio telegraphy and at present are devoting their attention to learning the Continental Code. They will be trained to efficiency in receiving or sending 20 words a minute. The more proficient of the class will be given instruction in wireless telegraphy before the work is completed.

Professor E. C. Freeman is in general charge of the work.

## HOW UNIVERSITY HANDLES UNCLE SAM'S MECHANICS

The necessity for auto repair men and for chauffeurs has been emphasized by the Government in planning practical and technical training for men at Camp Buell. Two hundred and twenty men report to the University of Kentucky daily to receive instruction in this line of work under the general direction of Prof. L. K. Frankel, with J. J. Curtis, lecturer, and ten practical men as instructors.

The two hundred and twenty men compose what is known as the auto division and are divided into ten sections, each section under an instructor, and having at its disposal a completely equipped shop with machinery for repairing. The sections are subdivided into four units, with a foreman in charge of each, while 3 units are in the shops, the fourth is learning to drive and adjust machines.

The time of training is from 8 A. M. to 5 P. M., with one hour for lecture and one-half hour for quizzing. The remainder of the time is given to practical work.

The additional burden of 400 men has not interrupted the regular work of the University but the hours have been fitted in to suit those of the classes and students have gone on in the same way while the teaching staff has taken on the additional work.

## SCHEDULE OBSERVED BY BUELL TRAINING CAMP

The daily life of the 400 soldiers at Camp Buell begins at 5:20 A. M. and closes at 10:30 P. M. The 17 hours and 10 minutes are made to cover a wide field of work. Twenty-five men have been dismissed from camp because they were unfit physically for the strenuous training.

The schedule for Camp Buell is:  
5:20 A. M.—First call.  
5:30—Reveille.  
5:45—Breakfast.  
6:15-6:45—Police.  
6:50-7:40—Drill.  
7:45—Formation for class.  
8:00-11:45—Classes.  
11:45—Formation for camp.  
12:00—Dinner.  
1:00 P. M.—Formation for class.  
1:15-5:00—Classes.  
5:00—Formation for camp.  
5:15—Sick call.  
5:15-5:55—Drill.  
6:00—Retreat.  
5:15—Supper.  
9:30—Lights out.  
10:30—Taps.

Saturday, 6:15-7:15 — Preparation for inspection.  
7:15—Inspection.  
Classes all morning.  
Sunday, 7:00 A. M.—First call.  
7:10—Reveille.  
7:30—Breakfast.  
Daily, 6:10 P. M.—Guard.

## COMMENCEMENT WEEK

### PROGRAM.

Baccalaureate Sermon at Woodland Auditorium—Sunday, June 2, 2 P. M.

General Class Reunions—Monday, June 3.

Class Day Exercises—Tuesday, June 4, 10 A. M.

Installation of President F. L. McVey—Tuesday, June 4, 5 P. M.

Presentation of Joseph Dicker portrait—Tuesday, June 4, 4 P. M.

President McVey's Reception—Tuesday, June 4, 4:30 P. M.

Graduation Exercises—Wednesday, June 5, 11 A. M.

Alumni Luncheon—Wednesday, Annual Meeting Alumni Association—Wednesday, June 5, 3 P. M.

June 5, 1:30 P. M.

## COMMENCEMENT OPENS WITH BACCALAUREATE

Examinations were completed at the University of Kentucky Friday, May 31. Commencement week will open with the baccalaureate sermon at Woodland Auditorium, Sunday afternoon, June 2, by the Rev. Charles R. Walsh, Louisville, and will be concluded by the annual meeting of the Alumni Association Wednesday afternoon, June 5.

The Commencement Exercises will be held Wednesday morning in a large tent in front of the Administration building, at which time 119 men and women will be graduated from the College of Arts and Science, Mechanical, Electrical and Civil Engineering, Agriculture and Law. Both the junior and senior classes of the College of Mines and Metallurgy were entirely depleted when the members enlisted for service.

The entire administrative, teaching and clerical force of the University of Kentucky Experiment Station will appear at Commencement exercises in caps and gowns. Tuesday will be class day and will hold the attention of the student body for the entire morning.

The formal installation of Dr. Frank L. McVey as president of the University will be held Tuesday afternoon. Charles R. Brock, of Denver, Colorado, representative of the Alumni Association, will preside at the Alumni luncheon and annual meeting on Wednesday.

## DICKER PORTRAIT TO BE PRESENTED ON JUNE 4

The regard and affection of the alumni of the University of Kentucky for Joseph Dicker, who until his death last fall, was foreman of the forge room of the College of Mechanical and Electrical Engineering, has been shown by the presentation of a life size portrait of Mr. Dicker to the University by the alumni.

Charles Strauss, L. K. Frankel and J. D. Turner composed the committee on procuring the portrait, which was painted by Ferdinand Walker, of Louisville, and will be presented by J. L. Lyle, of New York, Tuesday afternoon, June 4. The picture will be hung in the senior room in Mechanical Hall.

## UNIVERSITY TEACHER TO GO AT ONCE TO FRANCE

Mary E. Sweeney, head of the Department of Home Economics, University of Kentucky, with her sister, Miss Sunshine Sweeney, will leave the early part of June for France, to enter the canteen service.

Miss Sweeney was chosen from a list of more than 700 specially trained women, with her sister, who is also prepared for the service. She has been ordered to obtain passports and prepare for immediate service.

Besides being a teacher and lecturer, Miss Sweeney is an author of established reputation. She has just completed a War Cook Book for the Committee of National Defense.

## TO PUT WOMAN POWER AT NATION'S SERVICE

The sections and branches of The American Society of Mechanical Engineers have an opportunity to accomplish a real service to the country by taking prompt action in getting the industries to co-operate with the universities, colleges and technical schools in utilizing the great womanpower of the United States by educating them through short intensive courses of study as set forth in the following resolutions, adopted by the Detroit section of the American Society of Mechanical Engineering Society in joint session May 3, 1918, which are reproduced here in the hope that papers of the State will give them wider circulation.

"Whereas, the demands of the country for men and means to fight the war has resulted in a deficiency of skilled workers in the trades and professions, and

"Whereas, the women of this country could, with a short period of training, fit themselves to fill these positions, as women have done in other countries at war; and

"Whereas, among the things which women could do advantageously are drafting and tracing, inspection and testing of materials, both physically and chemically; therefore,

"Resolved, that the universities, colleges and technical schools throughout the land be asked to consider the question of meeting this demand by providing special courses of instruction, open to women students qualified to pursue such courses; and further,

"Resolved, that employers who could use such skilled help exert their influence with their universities, colleges and technical schools, and co-operate with them in developing and making available a great body of intelligent and adaptable women who are as eager and willing to serve their country as their brothers, thereby bringing about not only increased effectiveness in prosecuting the war but also a greater mutual respect and saner relationship of our men and women."

These resolutions have been sent to the University of Kentucky and it is probable that the University will offer the course of instruction from June 10 to September 10. For information address the Registrar, University of Kentucky.

## "YOU NEVER CAN TELL" GIVEN BY PHILOSOPHANS

Shaw's "You Never Can Tell," was presented by the Philosophian Society of the University of Kentucky at the Lexington Opera House, to a very large audience and was received with great appreciation. Mrs. Sallie Bullock Cave directed the rehearsals.

The Philosophian is one of the oldest organizations in the University, and its membership is composed of girls. The play contained male characters which were played by girls.

The cast was composed of Miss Eliza Spurrier, Miss Frieda Lemon, Miss Bertha Miller, Miss Virginia Helm Milner, Miss Elizabeth McGowan, Mrs. F. O. Mayes, Miss Alma Bolser, Miss Louise Mayer, Miss Louise Will, Miss Bernice Young, Miss Virginia Croft, Miss Lucy Crawford.

## UNIVERSITY MAN WINS ORATORICAL CONTEST

Edward S. Dabney, Hopkinsville, won the annual intercollegiate oratorical contest at Morrison Chapel, Transylvania College.

The speakers, their college and subjects were: H. Martin, Berea College, "Prison Reform;" C. B. Mullins, Georgetown College, "The challenge;" A. H. Barber, Center College, "A Fore-cast;" H. Gudgel, Transylvania College, "The Call of the Hour;" M. O. Ross, Kentucky Wesleyan, "The Price of Victory;" Ed S. Dabney, University of Kentucky, "Conquer or Submit."

## LAW SOCIETY TO GIVE SERVICE FLAG TO COLLEGE

The Henry Clay Law Society, College of Law, University of Kentucky, will present a service flag to the College, with a star for every man in the service who has ever attended the College. The list is as yet incomplete, but in all probability the number will be 200.

John S. Sherwood, Cynthiana, has gone to Fort Grant, Ill., to attend the fourth Officers' Training Camp.

Chas. S. Ramsey, Seebree, has reported at the Naval Training Station at Great Lakes, Ill.

Morgan Atchison, Owingsville, has joined the navy.

Chas. R. Barker, Auburn, has been ordered to report to Camp Taylor.

E. H. Harden, Seebree, J. S. Sherwood, C. S. Ramsey, Seebree, and A. L. Northcutt, Burlington, have successfully passed the Kentucky bar examination.

## UNIVERSITY WOMEN DELEGATES TO Y. W. C. A.

At a meeting of the Y. W. C. A., held in Recreation Hall, at Patterson Hall, Sunday night, May 12, Mildred Graham, Louisville; Louise Will, Louisville; Ruth Duckwall, Louisville; Mary Beall, Louisville; Nell Crain, Paducah; Eliza Clay Mason, Paris; Marie Collins, Paris, and Elizabeth Kraft, Louisville, were elected delegates to attend the conference for Y. W. C. A. workers of the colleges of the Southern and Southeastern fields, to be held at Blue Ridge, N. C., June 4-14. In the event that any of the above mentioned girls should not be able to attend the conference, Elizabeth Card, Pineville; Margaret Woll, Louisville; Margaret Bird, Shelbyville, and Dorothy Walker, who were elected as alternates, will be sent.

## WHAT UNIVERSITY GIRLS WILL DO THIS SUMMER

Among University of Kentucky girls who are looking forward to a busy summer are:

Mary Beall, Mt. Sterling, who is conducting a class in Eight Week Club work, which meets at Patterson Hall every Monday afternoon at 5 o'clock.

Louise Mayer, Louisville, is expecting to spend the summer as emergency county agent in Hardin county.

Virginia Helm Milner, Union Star, and Virginia Croft, Louisville, intend to teach during the summer months at the Pine Mountain Settlement School.

Elizabeth McGowan will return to her home at Padgud, Ky., to organize a Red Cross Unit.

Marie Collins, of North Middleton, will enter the Red Cross Training Class at the University of Cincinnati.

Eliza Pigott, Irlington, will enter the Red Cross Training Class at Indianapolis, Ind.

Doris Jennings, Murray, will spend the summer in demonstration work for the Ohio Pure Aluminium Company.

## 40 CAMP BUELL MEN LEARNING CARPENTRY

The forty men of Camp Buell who come daily to the shops of the Mechanical and Electrical College of the University of Kentucky, put in an hour a day in lecture work and the remaining six and one-half hours in carpentry, under direction of Jack Dicker. Mr. Dicker started with a series of fundamental designs in wood work and later will take up more complicated work. At present the more advanced ones are making tables, boxes, stools and screen frames for the camp. Before finishing the course they will build a frame house.

The lecture, given an hour of each day, covers principles of framing and building and a knowledge of materials and house construction.
