

February 10th The Faculty met at the usual hour.

Messrs W. C. Killigins and H. P. Morrison were excused from Physical Geography, Mr. Cullough's request to be excused from Eng. Grammar was left to his teacher.

It having been reported to the Faculty that Henry Hamilton had missed some money and <sup>that</sup> it was thought that Messrs Hooker and Boy had taken it, the three were brought in and questioned concerning the matter.

Nothing however was found out definitely and the case was left for further investigation at another meeting. Mr. Smith reported great disorder above his room by Mr. J. N. Foster and others. Mr. Foster in his remarks showed a spirit of insubordination and used unbecoming language toward the Faculty. After a short deliberation it was resolved that Mr. J. N. Foster be publicly dismissed for general disorder. There being no further business the Faculty adjourned.

No definite information could be obtained, but the investigation of the case showed that the moral character of the three boys mentioned above is not good. Mr. J. N. Foster appeals through one of the members of the Faculty for a reconsideration of his case, but the motion to that effect was lost.

The Faculty then adjourned.
