ABBHEY OF GETHSEMANI  
TRAPPIST, KENTUCKY

July 11th 1961

Dear Victor:

By all means, I am expecting you Saturday. Bring your friend along. There will be no one else involved here. I look forward to seeing some proofs of Hagia Spphia. There is a power mower operating outside the window and I cannot hear myself think, so I will not try to write any more. See you Saturday. God bless you.

Very cordially in Christ
