Put an Entry of Your Own in the May Day Parade, Use Your Individuality in Decorating It, and Set Your Own Limit; the Cups Are Ready for Someone to Win

(By Alfred P. Robertson)

It's high time, folks, to begin thinking of and planning for your entry in the May Day Parade. The Circle plans to have the biggest May Day parade this year and a big May Day celebration with an elaborate float, ever like vanilla ice cream without the vanilla.

STUDENT GOVERNMENT

WHAT ABOUT IT?

(An Editorial)

Unnoticed, perhaps, by a large percentage of the student body, there was held on the university campus last week-end a conference of representatives from the men's student government association of a number of southern universities. The organization represented and responded to the Men's Student Council of the University of Kentucky which was host to the convention.

At the outset the Kernel wishes to state that it is heartily in favor of student self-government. It believes that when students enter a university they do so as men and women. It believes that the average college student is better prepared to govern himself than the average American citizen who by our national constitution has as much vote in community affairs as the most learned educator, economist, or student of political affairs.

ELECTRIC EQUIPMENT INSTALLED ON 13 FARMS FOR NEW EXPERIMENT

There are 13 "average Ohio farms" near Marysville that are on the way to becoming "well above average farms."

In conjunction with the agricultural extension department of Ohio State the farmers and their families are conducting an experiment which, if it is successful, will eliminate much of the drudgery that has been the bugaboo of farm life and work.

The experiment is first electrification and is now in its second stage—the actual tryout of electrical equipment of the farm.

The experiment started a year or more ago. The farmers operating the 13 farms conferred with University officials and representatives of a power company. They realized the labor-saving advantages of electricity, but questioned the cost and ability of electrical equipment to do some things as well as they could be done by hand. However, they decided to make the experiment.

First, the 13 farmers and their families kept accurate books on the cost of doing in the old way all the divers operations that are daily routine in farm life. These records were kept over several months.

with the first annual dinner at the Phoenix hotel Wednesday evening at 6:30 o'clock.

An interesting program will be given as follows:

Faculty greeting to the seniors by W. D. Funkhouser.

Senior response.

Introduction of the guest speaker by Dr. F. L. McVey.

"Our Passion for Painless Education" will be given by Dr. F. W. Chandler, Dean of the College of Liberal Arts at the University of Cincinnati.

HURRAH! AKKIE ELECTED PRESIDENT!

Well, along this time of the year when the Queen of May is elected and politics is at its dullest in Kentucky (oh, I forgot! They aren't going to have politics in this election. My fox-pas!) comes the annual elec-

tions of officers for the ensuing year. (I'm acquiring culture, I like that "ensuing" affair). At least, us I Tappa Kegs elects the new officers 'bout this time and whoever gets to be president is in charge of our famous keg. Well, I guess I'll tell 'bout our election, it's a common event 'bout now.

BEN ALL THEATER

"LADDIE"

One of the finest love stories ever filmed, as well as a remarkably vivid and colorful portrayal of the river life of the Middle West, it is to be found in the screen version of the late Gene Stratton-Porter's famous novel "Laddie," which comes to the Ben All Theater Monday for a three day run. Leo Meehan, who produced and directed the picture for F. B. O., is the noted author's son-in-law, and under his sympathetic touch the book lives again and its characters move in a surprisingly lifelike and exact fidelity to the original.

John Bowers does some of the greatest work of his career in the title role, and Ben Flowers makes a lovely and appealing Pamela. Such screen favorites as David Torrence, Eugenia Gilbert, Arthur Clayton, Frances Midgley, Neil Neely, John Fox, Jr., and Little Gene Stratton, the novelist's granddaughter, are in the cast, and do their part to make the picture one of the outstanding successes of the year. Vitodiv will complete the program.

"HER HONOR THE GOVERNOR"

"Her Honor the Governor." A smashing title, and a real picture to live up to! In the new F. B. O. special, which plays at the Ben All Theater this week-end, there is power plus distinction, and originality plus the tensesst suspense. A drama with a new theme and a new twist, depicting the American woman in politics and working up to such a climax as is seldom seen on stage or screen. Pauline Frederick has been entrusted with what is perhaps her biggest role in the title part—which is particularly fitting in that the authors, Hyatt Dashi and Weed Dickinson, wrote the story directly for this great emotional star. Doris Anderson has adapted the original to the screen, and her own skill in handling the subject proves again her ability. A splendid cast, in which Carrol Nye and Greta Von Rue stand out as the young lovers, with Charles McHugh gaining new honors as a comedian, has been assembled and brilliantly directed by Chet Whitely. Three acts of vivid will also be given.

STRAND THEATER

"THE SHOW"

"The Show," a Metro-Goldwyn-Mayer production coming to the Strand Sunday for a three day run, is a vivid story of a European underworld. It was directed by Tod Browning, director of "The Unholy Three," "The Road to Mandalay" and other films of note, with John Gilbert and Renee Adoree in the leading roles.

The story revolves around a young strange European intrigue. Its opening scenes are in a "Palace of Illusions" or sideshow devoted to strange deceptions of mirrors, mysterious trapsdoors and other ingenuities. Elaborate setting have been built for it at the Metro-Goldwyn-Mayer studios. Lionel Barrymore, Edward Connelley, Gertrude Short and Amy MacLennan are in the cast.

"WHITE GOLD"

A departure from standard paths in the filming of motion pictures is emphasized in the production of "White Gold," J. Lee Goddard's latest starring feature, coming to the Strand Theater next week-end. The plot, laid in the sheep country of Arizona, involves a single psychological event that transpires in the course of eighteen hours. Garrett Fort, the scenarist, and William K. Howard, the director, found it necessary to write the script as the scenes were photographed.

Reactions to situations with an attempt to unfold the plot through the registering to thought on the film is the basis for this startling technique that Director William K. Howard employed, Kenneth Thompson is leading man.

KENTUCKY THEATER

"THE MASKED WOMAN"

The West is still wild and whoopey, even if it isn't woolly any more.

Put a hundred or so pretty chorus girls on a moving picture set, tell them to do an Indian war dance, and there will be as much noise as at Custer's Last Stand.

June Mathis, First National producer, assembled the Marion Morgan

troupe of ballet dancers in Burbank recently and put them to work on a cabaret scene in "The Masked Woman," now playing at the Kentucky Theater.

Dressed for the most part in beads and braids, the girls went through an Indian dance, tomahawks, bows and arrows and all, which could almost be heard from coast to coast. It will be heard about from coast to coast as soon as the show is released. It features Anna Q. Nilsson and Holbrook Bliss.

"THE NOTORIOUS LADY"

"The Notorious Lady" adapted from the Patrick Hastings stage success "The River," with Lewis Stone, Barbara Bedford and Ann Rork, is the feature photoplay this week at the Kentucky Theater.

It is King Baggot's production for Sam E. Rork, the veteran stage and screen producer, and it is a First National release.

Lewis Stone and Barbara Bedford, incidentally, were featured in "Old Loves and New" (The Desert Healer) a Rork production, and Ann Rork has her second big part as a newcomer of the screen. Her first big part was with Gilbert Roland, Norma Talmadge's new leading man, in "The Blonde Saint."

"DATE" GAME

Fraternity in Eastern University Devises Novel Indoor Sport; Members Graded According to Dates

POINT SYSTEM IS USED

(From the Daily Nebraskan)

At an Eastern university one of the fraternities has devised a novel indoor sport. It's a dating game.

The object of the game is to alleviate the monotony of winter months, and in some slight measure possibly raise the social standing of the fraternity by encouraging dating at sorority houses which are supposed to rate well.

The plan in some ways is quite simple, and in others is quite complicated. Here's the way it's done:

1. Each contestant pays an entrance fee of 25 cents or any other sum decided upon. This constitutes the pot which goes to the winner of the game.
2. All sororities are grouped according to their supposed rating on the campus.
3. Group 1 includes the old-established sororities, the proud social "leaders" of the campus.
4. Group 2 includes old-established sororities who somehow are still struggling and climbing.
5. Group 3 includes sororities which have been on the campus quite a while but have never got close enough to the fire to be dubbed "hot."
6. Group 4 includes newly-established groups just sprung from the mire.
7. Group 5 is the Barbs.
8. Group 6 may be some particular sorority which has earned the particular ill-will of the fraternity. (This can easily be done during open house week, for instance, by letting the injured fraternity wait outside while a favorite group of orthophonic operators is let in the back door with a nine-piece orchestra. There are other ways, too.)
9. (This is where the fun starts.) For dates in Group 1 contestants get 10 points.
10. For dates in Group 2 contestants get 8 points.
11. For dates in Group 3 contestants get 6 points.
12. For dates in Group 4 contestants get 5 points.
13. For dates in Group 5 contestants get 2 points.
14. For dates in Group 6 contestants get —5 points.
15. Dates may be anything but campus or telephone dates.
16. Bonus for new dates on same scale as number 3.
17. Bonus of 5 points for getting any other man a sorority date.
18. 10 percent knocked off if the girl is out of school.

8. Anyone that does not have at least 1 date a week will be penalized 10 points.

9. The contest will last three months from date, at which time the man with the most points gets the pot mentioned in 1.

That's the game, and then the fun starts for fair.

From the meager reports which have percolated back into the hinterland, the fraternity which played this game had to install an extra telephone, so busy was its line with date-making and date-breaking.

The boys who got dates in Group 1 which netted 10 points probably earned every bit of their 10 points when everything is considered, what with broken dates, blah-blah, bias irritation, and all.

And as to group 6, anybody who loves a girl well enough to date her even though she belongs to the hated sorority also probably is more than willing to forfeit 5 points as the game provides. In fact such a fellow probably won't even join the game.

How many college engagements resulted from the winter's pastime is not reported, but the game seems to have been quite a success. The boys had a great winter of it, in spite of those who got stung on Group 1 dates.

WIDCATS EASILY DEFEAT MINNESOTA GOPHERS

Notre Dame Conquers Kentucky in Ten Innings by 3 to 2 Score

THREE BASEBALL GAMES NEXT WEEK

Coach Pat Devereaux's Wildcat baseball team will have its hands full next week when they remove three more games from their schedule. Following their good showing against Notre Dame and their win from Minnesota, the Blue seems destined to end the season in fine form.

Monday afternoon Kentucky will cross bats with Louisville in the Falls

City. This will be the second game for the Blue and White against a state team and a win will strengthen their claim on the title. Coach Devereaux and his squad will leave early Monday morning for Louisville by bus and will return Monday night.

Friday and Saturday the University of Tennessee Volunteers will come to Lexington for a two day stay at the expense of the Wildcats. The game with the Cardinals Monday should give the Blue a good send off for the week and by Friday they should be able to walk-off the Vols. Tennessee has not performed out of the ordinary in the diamond this spring and the Wildcats should be able to chalk up a pair of wins.

M'GARY PITCHES AIR-TIGHT BALL

Blue Scores Three Runs Without Registering a Safe Hit; 'Cat Defense Much Improved

FINAL COUNT IS 6 TO 1

It took the Wildcats five innings to solve the delivery of Redden, Minnesota pitcher, for a safe hit at Stoll field Monday afternoon, but they had already pushed enough runs across the plate to win by a safe margin. Kentucky got three runs without the assistance of a safe hit in the early innings, and four hard bingles in the seventh added three more markers to give them the game by a 6 to 1 score.

McGary, the Wildcats' one-handed pitcher, held the Gophers helpless throughout most of the game and he was given the best support the Blue has displayed this season. McGary, who can only use his left hand to throw and catch, fielded every chance perfectly and pitched a good game. He fanned five men and walked only one, while Redden whiffed five and walked five.

The Blue and White started the fireworks in the first inning when they chalked up their first marker. Franceway, first man up, was hit in the back and took first. Crouch forced Franceway at second and went to second base on Anderson's out at first. Erickson was safe at first on Norgorden's error, Crouch going to

WALSH'S TRIPLE WINS FOR IRISH

Visitors Knot Count in Ninth When Wert Weakens; Blue Plays Best Game of the Year

'SWEDE' LEADS ATTACK

(By TOM COCHRAN) "Ed" Walsh, son of "Ed" Walsh, of major league fame, plunged the University of Kentucky Wildcats into their fifth straight defeat and broke up a mighty good ball game when he tripled in the tenth inning driving in the run which gave Notre Dame a 3 to 2 victory over the Kentuckians Saturday on Stoll field.

The game was a pitching duel from the outset with Wert, of Kentucky, and Abrott, of Notre Dame, having things pretty much their own way. Both teams gave wonderful support in the field. The Wildcats have improved beyond the expectations of the most optimistic, and, although defeated, they showed that they will have to reckon with in the games to come.

The 'Cats were the first to score, making a run in the third inning, and save for half an inning, they held the lead until the ninth when the Irish scored across one run, making the score two all, each team having scored one run in the seventh frame. Abrott was taken out in favor of Mastin in the ninth inning and in the two rounds that Mastin worked the Kentucky boys were powerless. His

BLUE WILL NOT MEET CENTRE ON TRACK

The Wildcat track team will not meet the Centre College Colonels next Saturday as scheduled, Coach Mountjoy, of Centre, said that he did not want to meet with the 'Cats, if there is to be a state meet, and as there is to be a state meet held at Georgetown on May 21, which is to bring together all colleges of the state, the Wildcat thinny clads will have a rest next Saturday.

fast ball had so much steam that the Kentucky boys were striking at balls over their heads and around their shoptops.

Sullivan, of Notre Dame, garnered four hits out of four times at bat for a perfect average. Niemic scored all of the visitors runs. Erickson was the leading sticker for the Kentucky team with three hits. Notre Dame out-hit Kentucky 10 to 8.

Coach Gamage to Hold Spring Football Practice Until June 1

Spring football practice was resumed last Wednesday following the Easter vacation and Coach Harry Gamage is holding two sessions weekly with the linemen and two with the backfield candidates. He plans to carry on until the first of June.

Next year's varsity will be unusually light, unless the men take on a great deal of weight over the summer vacation. The squad which is training this spring averages slightly under 170 pounds, and this has been the chief reason for the lengthy spring sessions.

The only men lost from last year's squad are Captain Smith, and Dehaven. Although these two men will be badly missed there is a wealth of material from which to fill in the vacancies. Jenkins, Ross, Kirkendall and Ellis are backfield men who will be trying for their old positions, and the spring training has shown some likely candidates for the back position, among whom are Jeffries, Covington, Ford, McIntosh, Griffin, Thomas and Miller.

In the line Coach Gamage has Pence, Dees, Belt, Phipps, Scott, Roper and Captain Charley Wert, the most likely material for the forward wall. They will be given much opposition by members of last year's freshman squad some of whom are Stone, Drury, Walters, Idleman and Moore. The end positions are causing much worry at present with Gilb, Waddell and Franklin the only veterans ends returning. Lyons and Tuttle advance from the freshman rank, while

Wiglesworth, a guard last year, has been shifted to end.

Whitall, the knowledge of the gridiron which the men have added this spring the Blue and White should be able to jump right into the schedule next fall and show the fans of the Blue Grass and Kentucky that the Wildcats are a fighting bunch. A thin Blue line will have to carry on next fall, but with a fast and lightning-bunch, well trained, Kentucky should end the season with a good percentage.

TENNESSEE WINS IN TRACK MEET

Blue and White Leads Vols by Small Margin Until Mile Relay; Final Score Is 60 1-2 to 56 1-2

BILL GESS IS HIGH SCORER

(By JOHN W. DUNDON, Jr.) Tennessee's Volunteer trackmen trounced the Wildcat cinder path artists in their annual dual meet, held here on Stoll field last Saturday, by the count of 60 1-2 to 56 1-2.

The outcome of the meet was in doubt until the final event, the mile relay. Bill Gess, phenomenal Blue and White runner, who had previously broken the tape first in the quarter and half mile runs, strived gamely to overcome the terrific handicap which the first three Wildcat relay men had given him. However, the distance was too great, and though Gess put up one of the greatest showings ever seen on Stoll field, he came in about ten yards after the flying Tennessee anchor man. With this victory went the meet.

Kentucky led off by winning the 100 yard dash, the mile run, the half, and both first and second places in the quarter. However, the Wildcats were extremely weak in the field events and the low and high hurdles events. These failings put the Vols within striking distance of victory, and they came across in the final event, "Red" Elliott and Tommy Cochran ran splendid races in the two mile run. Cochran's showing was surprisingly good, as he had run the mile just a short time before. One of the Vols entries in the two mile finished with a beautiful spurt.

The performances in the pole vault, high jump, discus, broad jump, and shot put were mediocre, considering that the contestants were representative colleges. Creech made a good showing in the javelin, hurling the spear for a distance of 116 feet, seven inches. Robertson easily took the 220 yard dash, with Kirkendall, Kentucky just barely nosing out the other Vol entry for second place. Gess made a farce of his opposition in the quarter and half, especially in the latter, in which he almost breezed in. Kentucky managed to get both places in the shot-put, when Kavanaugh put the pellet 37 feet, four inches. Blasingame was second. This performance, and the winning margin in the pole vault were extremely mediocre.

In fact, the only exciting happening of the afternoon came in the final event. Kentucky held a one point advantage, with the meet going to the winner of the relay. Hicklin, Kentucky lead off man, ran a fair race, as did Insko and McIntosh, who followed. These men gave all they had, but that was not enough to keep the

Volunteers from taking a thirty yard lead. "Big Bill" Gess took the baton with Robertson about thirty yards ahead of him. Although he fumbled the stick, he retained it, and slowly but surely cut down the advantage of the flying Vol ahead. Then the strain of his previous races began to tell. He finished mainly on his nerve, and a scant ten yards behind the winner. On the whole, Kentucky did well. Certainly there was a marked improvement over the meet with Vanderbilt. With a little more consistent performance in some field events, Kentucky would have put this meet on the winning side.

FRATS TO START DIAMOND BALL

Within a week or so, the intramural department, under the direction of Potter, physical instructor of the university, will launch one of the biggest campaigns it has tried thus far. On Friday, May 6, the university's first annual roller skating derby will be held. As everyone enrolled as a student in the university is eligible, and some very attractive trophies, which may be shown on display soon at the "K" shop, are offered to the winners of the various events, many entrants are expected. The events run off will include both dashes and a fraternity relay, both for the girls and men. Entries should be turned in to Mr. Potter at his office in the new gym.

Diamond ball is scheduled to begin this week. There are two divisions competing. In the first division are the following organizations: Phi Kappa Tau, Phi Sigma Kappa, Triangle, Delta Tau Delta, and Alpha Gamma Rho. In the second division are the following organizations: Alpha Sigma Phi, Alpha Tau Omega, Men's Dorn, Sigma Chi, and Sigma Alpha

Business Agent of University Requests The Kernel to Print Statement of Financial Condition of Last Year's Annual; the Following Report Shows That There is Considerable Outstanding Indebtedness Which Has Never Been Paid

Owing to the deplorable condition of the finances of last year's annual, the Business Agent of the university has requested The Kernel to print in this issue a financial report of last year's annual. Considerable outstanding indebtedness remains and university authorities are making an attempt to straighten out the finances of last year's staff. Here, with it printed a letter from D. H. Peak, business agent of the university, to Dr. McVey, together with the report of Arthur Nutting, business manager of the annual, and the report of the business office of the university regarding the Kentuckian finances.

"Dr. Frank L. McVey
University of Kentucky
Lexington, Kentucky
"Dear Dr. McVey:
"The Auditing Committee for Student Accounts completed its work on 1925-1926 audit. The report has been sent to the State Journal Company for publication. We are asking completion of the work by the tenth of May. We regret this delay the reason for which was the condition of Kentuckian account.
"We are submitting herewith a copy of the report of the Kentuckian. We recommend that this be published in The Kernel. The report of the Woman's Self-Government Association shows a balance. This organization has failed to respond to our notices. We are of the opinion that this organization and, in fact, all of the organizations that have not paid should be put under pressure of some kind that will bring forth payment or a response giving an acceptable excuse for failure to pay.
"Respectfully,
"D. H. PEAK,
"Secretary of Committee,"

FROSH CARD ANNOUNCED

Varsity tennis, under the direction of Coach Jimmy McFarland, will know and versatile former Wildcat star, will get under way this week. The Wildcat varsity team will clash with the Georgetown Tigers here on the university courts this afternoon. Titus Finn is captain of the tennis team, and Irving Cohen is manager. Both of these men are letter men from last year. Bobbit and Carl Lewis, letter men from two years ago, are back and, with a few promising candidates from last season's frosh, will form the nucleus of this seasons team. Besides the regularly scheduled teams, the Wildcats had offers to play Vanderbilt, Maryville, Kenyon, University of Detroit, and other colleges.

The varsity tennis schedule is as follows:
Kentucky vs. Georgetown, April 29, here.
Kentucky vs. St. Xavier (Cincinnati), May 4, here.
Kentucky vs. University of Louisville, May 7, here.

Where dependability is vital

IN connection with a new pumping station at Milwaukee, Wisconsin, additional feeder mains were required. It was necessary that one of these should carry an unusually large proportion of the water supply, and 54-inch pipe was decided upon. Although pipe of material other than cast iron had a lower first cost, Cast Iron Pipe was chosen because the possibility of interruption to service had to be reduced to a minimum. The photograph above shows a section of pipe being lowered into the ditch in the process of laying it.
