J. W. Sumner v. Wash Bates.

Hon. Samuel M. Wilson,
Lexington, Ky.

Dear Sir:-

Answering your letter of the 17th inst. will say that we will take the matter of attachment up with the Court as early as possible and see what can be done. The case was tried out on the 9th and an order was entered discharging the Company as garnishee, however they asked for an appeal and in our letter of the 10th to you, in which we inclosed copy of the Judgment, we suggested that as Bates is the kind of a man to try to get around paying his debts it would be well to hold the matter up for further developments.

Yours very truly,

F. W. Fields
