

Lexington, Ky. Sept. 5th, 1914.

C. H. Moorman, Esq.,
Asst. Dist. Atty. L & N.,

Louisville, Ky.

Dear Sir:-

Replying to yours of the 2nd inst., in reference to case of Green B. Campbell v L & N Railway Co., in Perry Circuit Court, I note the enclosed letter of August 31st, 1914, from Chief Engineer of Construction, Williams, with the attached papers. I further note from Mr. William's letter that there is no merit whatever in the claim asserted by Campbell. Under the circumstances we shall, of course, contest the claim, and I will see what can be done through Wooten & Morgan to induce plaintiff's attorneys to dismiss the suit.

Yours very truly,

EMO.
