Dear Judge:

J. T. Manning v. C & O, etc.

You are correct in your assumption that the summons served on you was on appeal.. We will look after the case of the L. & E. as requested by you. Think we have the matter in line for settlement without your participation. Suppose, if we accomplish this result you will give us back that twenty-seven cents.

With kind regards,

Yours truly,

FOGG & KIRK.
