Judge Samuel M. Wilson,
Lexington, Ky.

Dear sir: Chris Davis vs. L & N.

We are in receipt of yours of the 1st returning the file in the above case.

We have noted the statement of E.K. Kinniard, load clerk at Lexington at the time this shipment came through and we do not think that his testimony would be of any benefit to us.

It might be advisable for us to show that the second shipment of chairs in question here consisted of eight boxes and no more. This could no doubt be shown by the proper agent at Cincinnati where the shipment originated.

There will be no trial of this case during the August term of court and we will take this matter up after that term adjourns and determine whether the matter is of sufficient importance for us to take the deposition of an agent at Cincinnati as to the number of boxes in the shipment.

Yours very truly,

LAN-L
