Messrs. Morgan & Nuckols,

Hazard, Ky.

Gentlemen:

Herewith please find Freight Claim Agent Seger's letter of March 22, together with his file (L-254177-LS), relative to the case of Harrison Banks v. L. & N., Hazard Police Court.

The record establishes, it seems to me, a pretty clear case of nonliability, and, with your approval, I think we should try the case out. The consignment was in our possession only about seven hours, while there was ample opportunity for damage prior to the time of delivery to the railroad company.

Yours truly,

Assistant District Attorney.
