Mr J. J. Donohue, Asst. Dist. Atty.  
Louisville, Kentucky.

Dear Sir,

See letter of April 4th from Judge Wilson suit of Dewey Terrill by his Next Friend America Terrill to recover for the alleged value of a cow claimed to have been crippled March 12th 1917.

Herewith report returned in the name of J. R. Terrill but I presume is the one referred to. The Claim Agent informs me that he has not had a chance to investigate this, due to duties in connection with the strike and other matters of more importance. The damage placed by the Section Foreman at \$5.00 and appraised at the same by Henry Duff and William Porter.

Yours truly,

*M. Seargeant*  
Superintendent
