# U. K. Will Have Stadium

## CAMPAIGN FOR STADIUM AND BASKETBALL FLOOR TO START NEXT TUESDAY

Committee Has Been Organized Under Leadership of Prof. Webb; Teams Formed.

### TO MAKE CAMPUS DRIVE.

Alumni Will Be Formed Into Great Solidifying Organization.

Starting next Tuesday morning a drive will be made on the campus to get every student in the University to subscribe to a fund which is being raised for the erection of a stadium and basketball building.

The general campaign has been organized under the leadership of Prof. Webb, who will be assisted by the following vice-chairmen:

Women's Division: Sarah G. Blanding.

Arts and Science Division: C. G. Martin.

Engineering Division: F. A. C. Thompson.

Law Division: Charles McDowell.

Agriculture Division: J. E. Humphrey.

Arts and Sciences and Law Faculty: Division: T. T. Jones.

A team of workers will be chosen by each captain to assist in soliciting funds from students, and the selections will be completed by Tuesday night, when a dinner will be given in honor of those who are assisting in the campaign. Details of the drive will be explained at that time.

Women's Division: Lucy Wilson, Rachel Schacklette, Mary Stofer and Gertrude Collins.

Arts and Science Division: Marshall Barnes, F. Herbert Carter, William Blanton, E. B. Moore, C. H. Wolf and W. W. Faust.

## FAYETTE JURY ACQUITS WARREN H. MIDDLETON

Verdict Says Student Shot Watchman in Self-Defense.

The jury in Fayette circuit court that tried Warren H. Middleton, student of the University, upon the charge of murder in the killing of Joe N. Self, nightwatchman of the institution, declared Middleton not guilty after two ballots had been taken and at the end of 45 minutes deliberation.

The dramatic close of the trial came at 11 o'clock Wednesday night after a legal battle which consumed more than two days. The verdict of the jury was that the shot that killed the nightwatchman was fired in self-defense.

Thus falls the curtain upon the campus drama, the lamentable results of which have been a source of regret and sorrow to friends both of young Middleton and the unfortunate victim of the tragedy.

## HUGE STRUCTURE TO BE BUILT ON STOLL FIELD BY ALUMNI AND FRIENDS

Stadium, Basketball Building, Patterson Memorial to Be Erected.

### TO BE LARGEST IN SOUTH,

\$25,000 to Be Raised on Campus Among Faculty and Student Body.

A massive concrete stadium, the finest in Kentucky, is to be erected on Stoll field within the next year according to plans now being worked out by Herbert Graham, secretary of the Alumni Association.

To the students of the University will go the honor of subscribing the first part of the fund which is to be raised for the building of the stadium, a basketball building and a memorial statute to Former President Patterson. Students and faculty members are being asked to raise \$25,000 as their share.

For years, University of Kentucky athletic teams have been handicapped by the present athletic field and gymnasium, and the reputation of the University has not reached its proper position in the world of college athletics because of this difficulty. Teams from larger institutions have found it unprofitable to meet the Wildcats on Stoll Field because of the small seating capacity, and this has made it necessary to play many of the big games out of the state.

The new stadium will have a seating capacity of 24,000 people. It will be in the shape of a horseshoe, 430 feet in length, open at one end. There will be 35 rows of seats, making the height of the structure 50 feet. It will be constructed of gray concrete, while the exterior faces between the supporting columns will be glazed, giving the stadium the appearance of a massive building.

The stadium will surround a quarter mile track, with a two hundred and twenty yard straight-away, while a track one-eighth of a mile in length with a straight-away of one hundred yards will be built underneath the south side. All space beneath the bleachers will be occupied by locker and dressing rooms.

The stadium will not be devoted entirely to athletic pursuits, however, as pageants and open-air dramatic productions will be staged at one end. The presentation of elaborate pageants will thus be made possible, and all students in the University given an opportunity to profit by the new structure.

A novel feature of the stadium will be the lighting system. Heretofore, the activity of athletic teams has been determined by the continuance of daylight, and the shades of night have closed many contests of strength and courage, to the dismay of thousands who gathered to watch them. Darkness will no longer interfere for lights will be strung across the field in every direction, and at night

(Continued on page 8.)

## PRES. FRANK L. McVEY ENDORSES STADIUM DRIVE

"The construction of a stadium for the athletic field and the completion of the Memorial Building plans will be great things for the University. The Alumni organizations are taking the matter up energetically and if everybody does his share June will see the accomplishment of this purpose. I hope it can be done. It is a challenge to the University and its alumni and it is going to be done."

Pres. Frank L. McVey.

## SU-KY CIRCLE PLEDGES 100% IN STADIUM DRIVE

At a meeting of the Su-Ky Circle boosters club of the University, held Tuesday afternoon every member pledged \$25 a piece, thus making the entire circle 100 per cent for the new stadium.

This is the first organization upon the campus to subscribe. Who wants to have second place. Stadium drive to start Tuesday.

## If Other Colleges Did So Can Kentucky

Students of the University of Kentucky Have Opportunity to Help Build Stadium.

Many of the stadiums and buildings of Southern Universities have been made possible by the loyal support of undergraduates. The campaign for funds with which to build a stadium on Stoll Field will indicate how Kentucky loyalty compares with that of other universities.

During the University of Georgia campaign, \$172,000, was contributed by students.

Ninety per cent of Georgia Tech students subscribed to their building fund.

Students of the University of Alabama contributed \$150,000 for

their campaign. Students and faculty members of the University of Kentucky are asked to raise only \$25,000—a small amount when compared with the large sums raised by other schools.

The success of the entire general campaign depends upon the preliminary campus campaign next week.

Is Kentucky to have one of the ten best stadiums in the United States or will she struggle along under her present handicap?

The answer is for each student to determine.

## LOUISVILLE APRIL 20

Alumni living in Louisville, teachers attending the K. E. A. and many representatives of the University faculty will be at the annual alumni dinner April 20 in the Watterson hotel. The program is one of the most carefully planned entertainments ever arranged in the Falls City. Alumni have been invited to bring wives and sweethearts.

President McVey, Dean F. Paul Anderson, Miss Emma J. Woerner, of Louisville, Professor R. T. Whittinghill, of Morgantown, and Professor W. J. Craig, Bowling Green, president of the K. E. A., will deliver short addresses. Rodman Wiley will be toastmaster.

Letters sent to all the alumni teaching in Kentucky schools, explaining the University's attitude toward the general education program, brought many interesting responses in the last few days. These alumni have played the part of missionaries in their several communities. University authorities have shown a keen sympathy with their work.

## VOTE BY MAIL

### Election of Alumni Officers Is in Progress

Ballots were sent out this week to all active members of the Alumni Association for the annual election of officers. The vote will be tabulated at the meeting in Lexington June 12, Alumni Day.

Names appearing on the ballots were: C. C. Calhoun, president; Mrs. Belle Gunn Kay, vice-president; Herbert Graham, secretary-treasurer; Presley T. Atkins, rodman Wiley and W. C. Wilson, for the executive committee—two to hold office for three years and one for two years. This was the recommendation of the Nominating Committee.

Ballots were sent to the secretaries of alumni clubs and individually to those alumni who do not belong to a local. Duplicate ballots may be received on application at the Alumni Office.

Sometimes it is necessary to make people angry to drive home a point. It is peculiar to some groups that they admire a stranger and are prone to belittle members of their own family.

At a recent meeting of a distant alumni club the Alumni Secretary, speaking on family, referred to a situation which he has hitherto ignored. In this case he related the sacrifice that had been made by undergraduates of the University of Kentucky during the World War. The record of one other institution was a dis-

inct contrast. Too often when our friends have done their duty we have spoken no word of praise. Also we have offered no censure of those who failed to do their duty.

"Kentucky" has a fine record. All alumni should be proud of it.

## SENIORS AID SPIRIT

### Alumni Clubs Show Loyalty in Entertainment of Visitors

Members of the class of '23 entertained by the alumni clubs at Pittsburg and Buffalo on their annual inspection trip last week praised joyously the work of these clubs.

The relationship thus re-established between the alumni and the undergraduates, therefore the University, is a vital factor in the "Greater Kentucky" movement. To Dr. P. L. Blumenthal, who was largely responsible for the seniors taking the eastern trip this year, goes a great share of the credit for the instructive experiences of the students. The entertainment provided was of the finest.

If arrangements could be made for every alumni group to be visited once a year by some such delegation of undergraduates the "Kentucky spirit" would soon win over all obstacles.

The presence of Gen. T. Coleman DuPont, formerly of Kentucky, and Governor Tom Campbell, of Arizona, at the New York alumni dinner and their enthusiastic remarks about the future of Kentucky and the University added to the natural elation resultant from such an alumni gathering. It was the most successful ever held in New York City.

Information concerning the following former students of the University is sought by the Alumni Secretary:

**Class of '06**  
Byron McClelland, Frank Raymond Sellman.

**Class of '07**  
Paul Clifton Grunwell, Florence May Maddocks, Sadie Spears Martin, Frank Chester Paulin, Benjamin Franklin Scherffius, Mildred Stiles, Beverly Todd Towery.

## Betwixt Us

Ben H. Lowry ex- is Captain, 15th Field Artillery, at Ft. Sam Houston, Texas. Mrs. Lowry was formerly Elizabeth Graeme Moore '15.

Blanche Kennedy ex- is teaching in the public school at Stearns, Ky. She is secretary-treasurer of the Pulaski County Alumni Club. Her address is Somerset.

R. C. Wilson ex-10 is in the drafting department of the General Electric Company at Schenectady, N. Y. He is president of the Schenectady Alum-

ni Club. Mrs. Wilson was Olline Cruickshank '11. They are living at 103 Central Parkway—mailing address box 636, Schenectady, N. Y.

"Although a graduate of Georgetown college, and have only done work in Education in the University, it is grand to feel that one has two college mothers in Kentucky and as I feel that each institution does a work distinctively its own, I can render allegiance to both with no sense of disloyalty. I am proud to be numbered among the alumni of the University of Kentucky as I know it reached many thousands of boys and girls the other could not reach and could not accommodate if she could.

"As an alumni of the University, or a citizen of Kentucky, I feel that I owe a fealty to it—all the service I can render. I am a willing servant and you may call on me and I am on the job to boost at any time."—Mrs. Pratt H. McKee ex-, teaching in Russell Cave School, Route 3, Lexington, Ky. Mr. McKee, principal of Russell Cave School is also a former student.

'90

Charles R. Brock is secretary of the class—address 300 Wight Bldg., 1433 Champa St., Denver, Colo. Mr. Brock is a member of the law firm of Smith, Brock and Ferguson. He is a life member of the Alumni Association, one of the promoters and earnest workers in the memorial to Dr. Patterson, and always a loyal and interested alumnus.

Another life member of the Alumni Association of the class of '90 and loyal alumnus is Professor James A. Yates, Head of the Department of Chemical and Physical Sciences and Director of Electrical and Mining Engineering, State Manual Training School, Pittsburg, Kansas. During the 1922 General Assembly, he rendered a signal service to his Alma Mater in writing such effective letters that he enabled legislators and others to change their point of view and support the University. He received his B. S. degree at the University of Kentucky and in '99, his M. S. degree at the University of Kansas.

'99

A. J. Vance is class secretary. He is with the Coe Manufacturing Company at Painesville, Ohio—address 118 Bank Street. Mrs. Vance was Jennie Wilmott of the same class.

C. C. Jett is with the American Steel and Wire Company, Frick Annex, Pittsburgh, Penna. He is president of the Pittsburgh Alumni Club. Address 7123 Idlewild Street.

'01

Frank Daugherty is vice-president of the Scofield Engineering Company, 1324 Commercial Trust Bldg., Philadelphia, Penna. He is one of the enthusiastic workers in the Philadelphia Alumni Club, chairman of its legislative committee, and is class secretary.

Albert Smith Dabney received his A. B. at the University of Kentucky and M. D. at Vanderbilt. For several years he was on the faculty of the College of Medicine at Vanderbilt. During the World War he served in the Medical Corps, retiring with the rank of Major. He is now Commandant at the University of Pittsburg and Alumni Club.

An active alumnus is Perry West, executive engineer and secretary of the Anti-Corrosion Engineering Company, 117 West 54th Street, New York City. He is living at 322 Park avenue, Newark, N. J.

'03

Barry Bullock who conducted the Wild Waves Column in the Courier-Journal, has been promoted to associate editor. The Wild Waves column met with many favorable comments and many readers of the Courier will regret Mr. Bullock's giving it up.

Richard W. Ellis, one of the "regulars," is traffic engineer with the New York Telephone Company at 15 Day Street—a post he has held for many years.

'06

"I heartily concur in your suggestions concerning a closer relationship between the Alumni Association and the school teachers, and shall be pleased to do what I can to further your plans. You may be interested to know that most of our graduates

go to the University of Kentucky. I am bringing my students to the University soon on a tour of inspection.

"I shall be in Georgetown next year as superintendent of schools. It occurs to me that it would be a good idea to have alumni visit the schools, and address the graduates and as I expect to have an outside speaker address the student body once a week I should like to make use of the Alumni Association in this work."—J. W. Lancaster, Principal, Bourbon County High School, Millersburg, Ky.

'09

Mrs. Maurice Weil, formerly Edith Isaacs, is living at 606 North Broadway, Lexington, Ky. Two future wearers of the Blue and White are Maurice Weil, Jr., aged nine, and David S., seven years old.

"While I have been away from the University some 10,000 miles during the period of thirteen years, I am still interested in the work of the Alumni Association, and enjoy receiving the Kernel, especially those that carry the football news. Please note that my address is changed from Manila to Iloilo, where I have a rather thriving young business consisting of five contracts under construction, two mor bids in ready to start, in addition to the merchandising of all construction materials from cement to galvanized iron. I should like to spend the vacation in Kentucky this year but it looks doubtful so far. Every wish for a successful year for the University."

—A. G. Yankey, 20 Santo Nino, Iloilo, P. I. Mr. Yankey was district engineer with the Bureau of Lands until the beginning of the World War, in which he served as Captain in the Engineering Corps. He is now a contracting engineer.

'11

Mrs. R. C. Wilson (Olline Cruickshank) is class secretary. She lives in Schenectady, N. Y.

'12

Jesse I. Miller is practicing law, and specializing in Federal Taxation, with offices in the Commercial National National Bank Bldg., Washington, D. C. He is president of the Washington Alumni Club.

'13

"Please send my Kennel to general delivery, Gaffon, Ohio, as I have been transferred from Indianapolis to this city. I enjoy each and every issue of the Kernel and it is my desire to get all of them so I will miss any of the campus news."—Jas. A. "Fred" Myers, with Maintenance of Way Division, Big Four Railroad.

'14

Major Allen W. Gullion was awarded the Distinguished Service Medal at the City Hall, New York City, Friday evening April 6, the anniversary of the United States entering the World War. Major Gullion is in the Judge Advocate General Department of the Second Corps Area, at Governors Island, New York.

'16

"I appreciate your interest in my work here and you should know that I am equally interested in the welfare of the University of Kentucky, and for this reason am expanding my efforts to develop athletes to serve you. In this connection I am pleased to note that DuPont Manual Training High School has arranged a baseball game with the University of Kentucky freshmen and later plans a dual track and field meet with them."—Clarence A. Beutel, teaching mathematics and physical education, DuPont Manual Training High School, Louisville, Ky. Address, "Quarry Hill," Newburgh Road, Beuchel, Ky.

In addition to his duties as president of the Chicago Alumni Club and incidentally traffic manager of the Illinois Bell Telephone Company, Chas. K. "Scrubby" Dunn is District Princeps of Pi Kappa Alpha fraternity.

'17

Julian A. Hodges received his B. S. Agr. in 1917 and then went into service during the World War. After his discharge he was with the Texas Oil Company at Port Arthur, Texas. In September 1921 he entered the University for graduate work and just recently was appointed an instructor in

Agricultural Economics, Marketing and Farm Management, University of Tennessee, Knoxville.

C. C. Schrader, since his discharge from service during the World War has been connected with the Freight and Traffic Department of the Philadelphia and Reading Railroad. His address is 4842 North Fifth Street, Philadelphia, Penna.

'18

Lelah V. Gault, who had been doing special research work for the Fleischman Company, at the Experiment Station, is now a assistant chemist in the Fertilizer Department. Her address is 490 East Main Street, Lexington, Ky.

Hall M. Henry, since his discharge after the World War, has been with the Henry L. Doherty Company and is now with the Combustion Utilities Company, Toledo, Ohio, a branch of their work. His address is 354 Batavia Street.

'18

Fred Jackson, who was editor of the Kentucky Union Farmer, severed his connection with that publication to take a position on the reportorial staff of the Lexington Leader. He is still living at Versailles, Ky.

E. E. Bratcher is superintendent of city schools at Taylorsville, Ky. Mrs. Bratcher was formerly Marie Hines of Science Hill, Ky.

'20

J. Ed. Parker, Jr., is farming near Maysville, Kentucky. His wife was formerly Ruth Thomas ex-19. Their address is R. R. 4, Maysville.

H. P. Boone has recently accepted a position with the Water Supply Dept. L. & N. R. R., Louisville, Ky.

'22

"I am much interested in your suggestion of a closer relationship between alumni in the public schools throughout the State and the Alma Mater. I hope to have a principalship next year and when I do I shall want my pupils to enter the essay contests. I like them very much and think far too little attention is paid to them. Would it not be a good plan to summarize the ways in which the University is ready to serve the State through the high schools, and present this summary to the friends of the University at the K. E. A. banquet? I think the proudest boast of "State" is her president and I sincerely hope that the next Legislature will give him something to work with."—Anna Catherine Hendricks, teaching Lone Oak High School, Paducah, Ky., R.R. 6.

The Omega Rho Sorority announces the following pledges: Anne Gormley, Catherine Cane, Virginia Neuman and Mary McAllister.

Tau Delpha Alpha fraternity announces the recent pledging of John Boynton, Princeton, and Darrell Phillips, Murray.

Mr. Harry McCarty, Jr., entertained with a beautiful dinner party at his home in Nicholas'le Sunday even-

ing for Kitty Conroy, Margaret Lavin and John Albright, of the University.

The second University tea will be given in Dr. McVey's office, April 18, at 3:30. These teas are being given by the Women's Club of the University. All faculty members and students are invited.

## Discussion Meetings.

The last discussion in the series on "Problems of Modern University Women," given by the Y. W. C. A., was held at the various women's fraternity houses, on Wednesday evening. The subject discussed was "The University Woman and Her Fraternity." Various topics considered were: The fraternity woman's obligation to the University, to her fraternity, to other fraternity members, and to herself. Alumnae led the discussions.

Each woman's fraternity living in a fraternity house invited one of the groups not living in a house to meet with them. At the Kappa Kappa Gamma house, Miss Lulie Logan led the discussion; at the Alpha Xi Delta house, Miss Virginia Croft; at the Chi Omega house, Miss Eliza Piggott; at the Alpha Gamma Delta house, Mrs. William Prewitt; and

at the Kappa Delta house, Miss Margaret McLaughlin.

The Sigma Bet Upsilon will have its discussion next: Wednesday. Miss Frances Jewell will lead.

## OPPORTUNITY KNOCKS

The opportunity for which the University of Kentucky has long waited has come and placed in the hands of the students the prerogative of having and most beautiful stadium in the South to be erected on Stoll Field. A campaign is now being conducted upon the campus and the response made by the students will largely determine the success with which it will meet when presented to the alumni and friends throughout the State.

Plans for the stadium have been designed similar to those of Yale, Harvard, Princeton, West Point, Annapolis and other large colleges of the East. It is to be built of cement in the shape of a horse shoe with seating capacity of 24,000, will include a cinder track, club house and basketball court which will accommodate 4,000. Such a stadium would not only be an asset to the University but to the State at large. It may be made possible with such a stadium to hold not only the State High School Tournament here but also the National Tournament which is held in Chicago and the Intercollegiate Tournament held at Atlanta.

The prospects for the best athletic teams in the history of the University is the prediction for next year if the record made by the freshman class means anything. This year, according to the new S. I. A. A. ruling, freshmen were not eligible for varsity teams and for this reason, freshmen athletics was encouraged with the result that they won both the football and basketball Southern Championship by defeating the strongest teams of the South. With such a record made by these teams, the eyes of the Southern athletic world will be directed toward the University of Kentucky next year. Thousands of people from distances will come to witness these contests. Can we accommodate them? Positively not with the present facilities.

Already the city of Louisville has begun plans for transferring the Inter-scholastic Basketball Tournament held yearly at the University to that city upon the assumption that the University has not the proper means of accommodating the increasing crowds which witness the meets. Must we sacrifice this, one of the appealing attractions our institution offers for interesting those yet in high school to further their education rather than to stop with their high school training. Every student in the University has been asked to subscribe a maximum of \$25. Such subscription may be paid in a single allotment or at any time during a period of sixteen months in amounts convenient to the donor.

The Kernel believes that every student in the University, regardless of his or her financial condition, can save or earn \$1.57 a month for sixteen months. Such an amount could easily be saved on picture shows, food, cigarettes or by some petty denial, and contribute, which would show in an humble way the love and appreciation that they feel for the advantages that their foster mother has given them. It believes also that the spirit and love for honorable conquest that has immortalized Kentucky and surges through the veins of every true blooded Kentuckian would rise up in revolt if they were not allowed the privilege and satisfaction of contributing to the biggest undertaking of the state institution.

The Kernel not only asks the students but pleads with them to seize this opportunity and subscribe, because if the drive is not successful here, it will probably never be undertaken again within the next two decades at least. Such a campaign was slow in being brought about; and if not approved by the students will never be brought about again.

If the students will contribute \$25,000, the alumni and friends will do the rest. LET'S REPLACE THE WEATHERBEATEN BLEACHERS WITH A CEMENT STADIUM.

## A CORRECTION

The attention of the Kernel has been called to an error which appeared on page seven in its issue of March 28, which stated that Mr. W. Arthur Johnson, Jr., was selected to Associate Member of Sigma Xi. This was a mistake and should have read Mr. W. Arthur Anderson, Jr., student assistant in the Department of Botany.

The Kernel deeply regrets this mistake and hastens to inform Mr. Anderson that such mistake was unintentional and probably resulted from a mistake made by the Linotype operator, which failed to be corrected by the proofreader.

## EMINENCE

To those who find diversion in the collection of goat-feathers, such as badges of honorary fraternities, the local campus offers a wide field. One is not content, ordinarily, to be a member of eight or ten of the sixty-three organizations at our little school. One should be a charter member of two or three such clubs.

Despite the number of joiners in our midst, we have, amazingly enough, no Acting fraternity, no Art fraternity, no Football fraternity, nor any lodges specifically to honor those who distinguish themselves at Bridge, Rifle-shooting, Bowling, Poster-tacking, Ticket-selling, Danc'ng, Loving, Crap-shooting and pitching horseshoes.

Possibly the regrettable timidity of our local pin-cushions in forming adequate unions may be attributed to the lack of meeting-time. Time will surely remedy this. Undoubtedly the quaint custom of holding classes, which is now in its early senility, will soon become obsolete, and the time now wasted on details of the curriculum will be devoted throughout the entire year to the meeting of honorary societies. At that time, possibly, we shall have a fraternity recognizing those who study.

### LADY WINDERMERES FAN NEXT STROLLER PLAY TO BE PRESENTED APRIL 28

Directors, Cast to Have Production Ready for Public in Two Weeks.

SEAT SALE TO START 18TH

Will Be Played Two Nights in Lexington; Thursday to Be Student Night.

Rehearsing, building, planning and working combined with unusual enthusiasm on the part of the cast, stage crew and members of the executive staff of the Strollers, makes evident the fact that the 1923 production "Lady Windermere's Fan" will be the super-drama produced by the dramatic club of the University.

The director of the organization, John E. Burks with assistant directors selected from among prominent Strollers, is laboring every night with rehearsals and no amount of time, energy or effort is being spared to make the play the greatest thing which the Strollers have attempted previously. The stage crew headed by Gilbert K. Smith, is spending every spare moment in the workshop of the organization, building, constructing and making over scenery.

The executive staff is kept busy answering replies from the many towns in Kentucky which are anxious for an engagement.

The play itself "Lady Windermere's Fan" by Oscar Wilde is one of the most striking, vivid pictures of fashionable English life or the period of 1890. The plot which is interestingly woven about the lovely fan which has been presented to Lady Windermere by her husband on her twentieth birthday, and the disastrous results which follow a threat made by Lady Windermere a few hours previous to her birthday ball, is dealt with in charming style by the great Wilde.

Members of the Strollers who are

taking leading parts in the 1923 production are Eleanor Morse, Frances Smith, Mary Lyons, Earl Heavrin, Dan Morse, William Finn, and new material which has been selected for parts includes Pauline Park, Lucille Stillwell, Virginia Shively, Mary Stoffer, John Walsh, James Darnell, and James Chapman.

The dates set for the play are Thursday and Friday evenings the 27 and 28 of April with a matinee performance on Saturday afternoon, the 29. Seats will go on sale at the Lexington Drug Company on Wednesday, April 18 and fraternity blocks may be reserved with John Albright, business manager, after Wednesday the 11th. All fraternities which wish to reserve blocks of seats are advised by members of the staff to make arrangements at once as it will be difficult to reserve sections after the seats are put on sale downtown.

Remember the dates, April the 27 and 28. The night of the 27, is UNIVERSITY NIGHT.

### "KENTUCKY SIX" TO RETURN FROM FLORIDA

Reception Planned in Welcome; Will Play for Prom

A reception is being planned for the return of the "Kentucky Six" orchestra at 5:30 o'clock Friday afternoon at the Union Station. The Lexington orchestra, having completed a seven months engagement at St. Petersburg, Fla., is on its way home to play for the Junior Prom at the Phoenix hotel ball room Friday night.

Following the initial reception the boys will be taken to the Phoenix hotel where a banquet will be held in their honor. The orchestra, which was composed of six members when it left Lexington, now is composed of nine members. They are Joe Huffman, manager; Richard Hawkins, Jesse Hawkins, Pat Ryan, Ray Williams, Ed Sidebottom, all of Lexington; Earl Gresh, of Philadelphia; William Herring, of Asheville, N. C. and Marks Stanley, of St. Petersburg.

### U. OF K. PLAYERS GIVE 'BEYOND THE HORIZON'

Much Work is Done on Play, Which is One of Most Precious Produced.

"Beyond the Horizon," by Eugene O'Neil, the Pulitzer prize play of 1920, will be given Tuesday afternoon and night by faculty and students of the University.

The cast of the play includes: Ruth Mayo, Ann Hickman; Nan Atkin, her mother, Mary Louise Covington; Robert Mayo, Ruth's husband, Prof. A. H. Hincks; Andy Mayo, his brother, Prof. E. E. Fleischman; Jim Mayo, her father, Louis Shackelford; Kate Mayo, his mother, Elizabeth Hopkins; Capt. Dick Scott, her brother, Prof. J. T. C. Noe; Mary, the Mayo's daughter, Maatha Green; Ben, a farm hand, Henry Taylor; Dr. Fawcett, Austin Bell.

This production which is a true play of the soil, is one of the most pretentious ever put on in the Little Theatre. The cast worked on it for about six weeks.

Scenery and costumes have been designed by students of the Art Department under the direction of Prof. Carol Sax.

The matinee Wednesday afternoon under the auspices of the Woman's Club of Central Kentucky.

### THETA SIGMA PHI NAMES DELEGATE TO CONVENTION

Louise Connell to represent Fraternity at National Meet

At a meeting Saturday afternoon of Theta Sigma Phi, woman's national honorary journalistic fraternity, Miss Louise Connell, of Paris, Kentucky, a junior in the College of Arts and Sciences, was elected delegate to the national convention of Theta Sigma Phi to be held in Norman Oklahoma, April 26, 27 and 28, as a representative of Chi chapter of the University.

Miss Connell was initiated into the local chapter last spring, and since that time has taken an active part in the affairs of the fraternity. She is one of the most representative girls on the campus, having taken part in many of the leading activities at the University. Miss Connell is a member of Kappa Delta Fraternity, president of Women's Pan-Hellenic Council, and represents her fraternity in the Su-Ky Circle.

Preceding the meeting at which Miss Connell was elected delegate, ten new girls were initiated into Theta Sigma Phi, as follows: Emilee Young, Betty Barbour, Margaret Lavin, Bertha Kraft, Dixon Davidson, Mary M. McMeekin, Helen King, Mary Gorey, Georgia Lee Murphy, and Elizabeth Ellis.

### HUGH PEAL HONORED AT OXFORD COLLEGE

William Hugh Peal, class of '22, of the University, who is in Exeter College, Oxford, England as the Rhodes scholar from Kentucky, has recently been elected Treasurer of the British American Club. Peal finds college life at Oxford very different from the University of Kentucky but very interesting.

At this time he is traveling on the continent. He expects to visit Paris, Toulon, Monte Carlo, Avignon, and Essen.

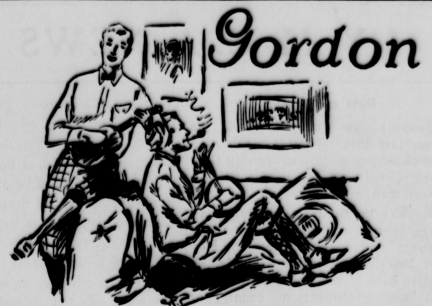

"Don't be so long-winded in your reports as you have been in the past," said the manager of the "Wild West" railway to his overseers. "Just report the condition of the track as you find it, and don't put in a lot of needless words that ain't to the point. Write a business letter, not a love letter."

A few days later the railway line was badly flooded and the overseer wrote his report to the manager in one line.

"Sir—Where the railway was the river is—Yours faithfully."

### Rats and Aliens.

Support your church. Yes, we mean just that. Whatever Christian church best helps you to worship God, know Christ, and serve your fellows, young man, you be loyal to it.

Loyalty to country or church is always proven in two ways, by active support and service where country and church are right, and kindly, effective help in correcting error where the human element in country or church has slipped.

When a snip is in danger the rats are the first to leave. Some men are like rats, when the human element in the church has slipped they quit—yellow. Young man, don't be a rat regarding your church. If you were a member of a church before coming to Lexington and are negligent, and therefore disloyal toward it today, renew your allegiance. Get your church letter or use whatever may be prescribed for your communion, and unite with the church of your choice in Lexington.

And for you, young man, who have

never publicly sworn allegiance to Christ by formally uniting with any church, just remember that you are in the same position as the alien who refuses to take the obligations of citizenship in the United States, yet he is willing to take all the benefits. You say those fellows should return whence they came. This is council to you, not to criticise, so we don't tell you what you tell the slacker alien. But as an American, remember that this nation came into being because men dared to worship God and found a church. Remember, too, that the old boat of civilization is leaking badly and the power of God through the church of Christ is the only hope for keeping it afloat.

Get aboard! Go to the minister or priest of your church of your mother and get yourself accepted in good and regular standing. You will have plenty of company for a great band of loyal citizens are united in the church that they might serve God and their fellowmen.

### WHY NOT JOIN THE CHURCH?

By Theodore Roosevelt.

I. In this actual world, a churchless community, a community where men have abandoned and scoffed at or ignored their religious needs is a community on the rapid down grade.

II. Church work and church attendance mean cultivation of the habit of feeling some responsibility for others.

III. There are enough holidays for most of us. Sundays differ from other holidays in the fact that there are fifty-two of them every year, therefore on Sundays, go to church.

IV. Yes, I know all the excuses. I know that one can worship Creator in a grove of trees, or by a running brook, or in a man's house just as well as in a church. But I also know as a matter of cold fact that the average man does not worship thus.

V. He may not hear a good sermon at church. He will hear a sermon by a good man, who with his good wife, is engaged all the week in making hard lives a little easier.

VI. He will listen to and take part in reading some beautiful passage from the Bible. And if he is not familiar with the Bible, he has suffered a loss.

VII. He will take part in singing some good hymns.

VIII. He will meet and nod or speak to good, quiet neighbors. He will come away feeling a little more charitably towards all the world, even toward those excessively foolish young men who regard church-going as a soft performance.

IX. I advocate a man's joining in church work for the sake of showing his faith by his works.

Whatever your faith or creed, go to church Sunday.

Y. M. C. A. and Y. W. C. A. will give a social in the Mens' Dormitory reception room Friday evening at 7:30. Every student is invited to attend this social. The directors of the social expect to make this one of the very best entertainments of the year. Let's have a big crowd.

Mr. Lewis B. Woodruff, a prominent New York entomologist, and for many years president of the New York Entomological Society, has been visiting Dr. W. D. Funkhouser of the Department of Zoology, for the purpose of studying the collection of Membracidae at the University of Kentucky.

Dr. Funkhouser's collection of Membracidae is probably the largest in the world and is of much interest to visiting scientists.

Mr. J. Arnold will discuss "The Machinery for Promotion and Classification of Pupils in the Public Schools," at the April meeting of the William James Club, Tuesday, April 17, at 3:30, in room 205, Neville Hall.

### LAW JOURNAL RECEIVES FAVORABLE COMMENT

Prominent Lawyers Compliment Kentucky Law Journalists; Law Librarian Writes Article

The Kentucky Law Journal, edited by the students of the Law College of the University of Kentucky, has met with favorable comment from prominent lawyers throughout the state. The Journal is a monthly publication and is devoted entirely to comments which touch on points of law.

The March edition contains an interesting article written by John Junior Howe, of Carrollton, Ky., entitled "Comments on Decisions in Criminal Cases in 1922." Mr. Howe blazes a new trail, as it were, in regard to the many affirmances and reversals of cases tried in 1922. He seems to think that the sensational alone, concerning the courts, finds its way to the popular press. It is not the truth of the case that is stressed.

Another interesting feature of the March edition is an article written by Miss Clara White, librarian of the College of Law. Miss White points out that the grouping of law books and references may be divided into three classes, which if followed out would make research work easier.

**Van Arsdale Allows But Four Hits to Visiting Nine.**

Behind the superb hurling of Van Arsdale, the Wildcat nine annexed its second victory of the season last Friday afternoon when the Felines handed the Notre Dame hopefuls a 4-2 trimming. The work of "Arsenic" working his first game for the Blue and White, was a treat, for Van allowed the slugging visitors a slim total of four hits, one of these a scratch hit, besides fanning 13. His control was excellent and only once did he get himself into a hole by virtue of wildness.

While the work of the Cats in the field was not perfect it was much better than the number of errors indicated in the box score. With so few good days for practice, the Felines showed up very well.

Magevney, Notre Dame hurler, presented quite a problem to the Cats the greater part of the game, allowing the Blue and White adorned youngsters only four safe bingles. Three of these, however, were good for extra bases, and the Cats counted as many runs as hits.

Notre Dames' two tallies came in the seventh with the Cats leading 4-0. After the first man up in "the lucky seventh" had gone out via the slow roller route, Van walked Sheehan. Boren let Foley's hit to right field get through him and both runners counted. "Arsenic" set the enemy down in order the remaining innings, fanning two out of the last three men to face him.

Van Arsdale pitched himself out of a big hole in the fourth. Curtin, first man up in this frame doubled to center and was moved along to third by Thomas' single. With men on first and third and with one out, "Arsenic" whiffed Falvey, walked Magevney, filling the sacks, and then toyed with Sheehan for the third out.

Kentucky's scoring started in the third when with one down Miller walked. Sauer popped to Foley, but Magevney walked Burnham. Powell then proceeded to swat the sphere for a two base trip, scoring Miller and Burnham. The Cats again tallied in the fourth when, with one gone, Rouse got to first on Kane's error and tallied on Arnolds three base swat. The fourth and last Kentucky run came in the fifth when Miller walked, was sacrificed to second by Sauer, and scored on Burnham's double.

The work of Sauer, Burnham, Powell and Arnold at bat was outstanding while Burnham and Powell showed best in the field. Foley, Curtin and Thomas were the Notre Dame luminaries.

**DIAMOND CHATTER**

Determined to show that the Michigan clash was merely a flash in the pan, the Wildcat nine was scheduled to meet the University of Oglethorpe team Thursday in the first of a two game series, with the second scrap Friday. VanArsdale was slated to open against the Georgians, with either Gregg, Stokes or Robertson the second scrap hurler.

While the Varsity "entertained" Oglethorpe on Stoll field Thursday, the Yearling diamond aspirants traveled to Georgetown for a clash with the Tiger Cubs.

The University of Vanderbilt track team will be open the local outdoor season when the scantily-clad athletes of that institution meet the Cats on Stoll Field at 2:30 p. m.

Coach Buchheit is trying to arrange telegraphic meets for the Kittens with the First Term teams of several prominent southern schools. Negotiations are under way for meets for the Freshmen with Berea and Marshall Colleges.

**VANDY TRACK SQUAD TO MEET WILDCAT RUNNERS**

**Nashville Outfit to Run Against Kentucky Saturday on Stoll Field.**

Kentucky and Vanderbilt track men will participate in a dual meet on Stoll Field at 2:30 o'clock Saturday afternoon, and from the news gathered from both teams, the meet will be one of the most closely contested that has ever been held between the two schools. During the last three years the Commodores and the Wildcats have broken even on the track. Vanderbilt winning one meet, Kentucky winning one, and the third being cancelled. Vanderbilt always turns out strong track teams and this year has no exception.

According to reports received from Nashville the Vanderbilt men will be without the guidance of their coach and will be in charge of Manager Overall. Coach Anderson is sick and will be unable to make the trip to Kentucky. The Tennessee team will be strong in the dashes as it is represented in these events by Stack, one of the fastest sprinters in the South. Waller, in the pole vault has been doing 11 feet consistently and expects to take first in this. In Howells and Gentry, Vandy has two capable distance men. Howells established the first Southern record for the two mile run, two seasons ago when that event was inaugurated. In addition to a strong collection of individuals, Vandy has one of the strongest relay teams in the South. Last Saturday Vanderbilt defeated Tennessee 68 to 63 in a dual meet that was decided by the relay, which Vandy won. It is said that the Vanderbilt men are not in the best of condition, because their track has been swamped by a week of continuous rain and they have not been able to work out.

The Kentucky men with a few exceptions are in first class shape. Davidson, captain and weight man has not worked out for two weeks as he was on the Senior Engineer trip, but he is expected to loosen up enough to capture a few points in the field events. Nantz also made the Senior trip but returned in time to practice for a week. The Wildcats will be weakened in

**VISITING WOLVERINES SWAMP KENTUCKY NINE**

**Overwhelming Defeat is Suffered at Hands of Michigan Team.**

As different as the day is from the night, so was the Notre Dame scrap from the Michigan tilt, or better track meet. Coming on successive days the two contests presented an entirely varied aspect to the crowd of enthusiasts that gathered to view the Cat hopefuls. The Michigan game, starting out as a regular contest, developed into a walkaway for the Wolverines, Michigan winning 23-6.

Never in the annals of the University has such a defeat been recorded before this time, even against Michigan. The proverbial jinx that has made its appearance with the annual Michigan clash was out Saturday with several little jinxes and look at the result.

Before a capacity crowd, the two teams started off at a fast clip, each outfit scoring once in the first without either team obtaining a safe hit. Kentucky forged to the fore in the fourth on successive hits by Boren and Rouse, with Boren scoring. Michigan tied the count in the fifth by hard hitting and won out in the sixth by combining two hits, a walk, a sacrifice with two Cat bobbles, scoring three times.

From this time on the affair ceased to be a baseball game and "evolved" into a track meet with the Wolverines furnishing their own opposition. Coach Barger jerked Gregg from the mound and sent in Stokes, who was unable to locate the plate, and retired in favor of Robertson after the sixth run of the inning had crossed the platter. "Robby" got the same reception that had awaited the other Cat hurlers and the Wolverine total reached 13 before O'Hara grounded feebly to Arnold for the third out. True finished the contest for the Cats and was nicked for six hits and five runs in two frames. O'Hara went the entire distance for the Wolverines and held the Cats to five hits. Numerous errors on the part of both teams slowed up the game.

The score:  
 Innings 1 2 3 4 5 6 7 8 9 R H E  
 Michigan 1 0 0 0 1 3 1 3 2 23 19 5  
 Kentucky 1 0 0 1 0 0 3 0 1 6 5 7  
 Batteries: Michigan—O'Hara and Blott. Kentucky—Gregg, Stokes, Robertson, True and Pribble, Henry.

**UNIVERSITY QUARTETTE SING IN EASTERN CITIES**

**Men Accompanying Senior Engineers Give Several Concerts Last Week.**

A male quartette from the University of Kentucky composed of Earl Baughman, Willis Downing, and Sam Ridgeway, seniors in the College of Engineering, and Robert Clem, College of Arts and Sciences, won laurels for themselves and their Alma Mater by singing last week at various places in the East. These four boys accompanied the senior engineers, industrial chemists and several members of the faculty on their annual spring tour.

The quartette sang first at a luncheon, complimentary to the engineers, given Saturday, March 29, by the manager of the Fort Pitt Hotel, Pittsburgh, Pennsylvania. That night it sang for "radio" at Station KDKA, Westinghouse Electric Company, where Robert Clem was asked to repeat one of his selections.

The Kentucky songsters gave short programs at a banquet at the Iroquois Hotel, Buffalo, New York, Monday night, and at a luncheon Tuesday given by the Buffalo Forge Company. Perhaps the greatest honor given them was an invitation to luncheon Thursday at the Rotary Club of Buffalo—the largest Rotary Club in the world—where their singing won much applause. Thursday night they sang for the last time in Buffalo at the annual alumni banquet at the Elliott Club. Immediately after the banquet they left for New York City where they sang the next night at the New York alumni banquet at the Waldorf Hotel. Saturday they started back to Kentucky returning by way of Washington, D. C.

practice may continue unabated. The new basketball building will have a seating capacity of 4,000, exterior dimensions being 180 feet by 100 feet. The floor will be made of maple and birch, and an area 130 by 100 feet will always be available for University dances, thus providing a much larger floor than can now be obtained for such purposes.

During basketball season, it has been necessary time and time again to turn away hundreds of loyal supporters because of the smallness of the present gymnasium, and this year the building was not large enough to accommodate the crowds that gathered to watch the Interscholastic Tournament. This difficulty will be remedied by next season, however, as the new building will be constructed four months after necessary funds are raised.

University authorities stated this week that they fear the annual Interscholastic Tournament will be moved to another location unless adequate facilities are provided. The new building will probably assure the retention of the tournament by the University.
