TRAPPIST KENTUCKY 40073

Aug 30 [1968]

Dear Jonathan-

Can you please send me by return any new information  
for contributors notes - on yourself, John Miller, Opusbar, Desros, + anyone  
else you are involved with - Wendell Berry for instance.

Myocard III should be with you by now. It's the best, I think.

IV is in the works.

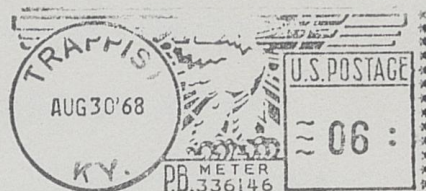

I will return separately your Mrs Brook + Jones's.

I'll be off in 3 weeks or so.

Best always,

Tom.
