

The present requirement for membership is as follows:

"Student members at the time of entrance to the Board shall be at least juniors, have an accumulative standing of 1.5, and must have shown interest through some work in connection with the Student Union Board and its activities."

The effect of the proposed amendment would, therefore, be to open membership to sophomores and to eliminate the requirement that the member must have served apprenticeship in the Board's activities.

This recommendation was approved by the University Faculty.

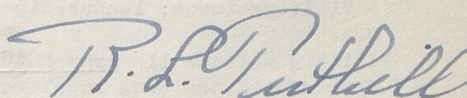

Dean Carpenter offered a motion that the University Faculty rescind the Rule governing "credit for the grade of E" appearing on page 8, line 19, of the Rules of the University Faculty. After some discussion Dean White offered the following substitute motion which was approved by the University Faculty.

"A grade of E means that normally the work must be taken over in class to be credited. Exceptions to this rule may be made, on showing of undue hardship, but only to the extent of permitting the work to be taken over by correspondence, and only with the permission of the dean of the College in which the student is enrolled, and will be made sparingly, it being the policy not to allow credit toward a degree for correspondence work in courses in which the student has received a grade of E and which he can repeat or could have repeated in class while in residence."

President Donovan commented on the place of the Concert Series in the community and the contribution that it was making to Lexington and surrounding towns.

President Donovan outlined briefly the University's building program and discussed some of the difficulties that had delayed the program. He stressed the need for more dormitories, particularly for women, and listed other buildings that were on the agenda for the future.

The Faculty adjourned.

Minutes of the Meeting of the University Faculty, April 6, 1953

The University Faculty met in special session in the Assembly Room of Lafferty Hall at 4:00 p.m., Monday, April 6, 1953. President Donovan presided. Members absent were H. P. Adams\*, Clifford Amyx\*, A. J. Brown, W. P. Garrigus, C. K. Hoffman, Margaret Hotchkiss\*, Gladys Kammerer, A. D. Kirwan, J. E. Klinker, George Lawson, C. T. Maney, John T. Masten, J. W. Miles, V. A. Musselman, V. E. Nelson, W. H. Pell, H. B. Price, Maurice Scherago, Hill Shine, A. E. Slesser, E. P. Slone, M. R. Sullivan, Lawrence Thompson\*, Kenneth Vanlandingham, and Frank J. Welch.

\*Absence explained.

The minutes of March 9 were read and approved.

Dean White presented for the College of Arts and Sciences the following recommendations concerning changes in Air Science and Military Science; also a change in Political Science, all of which were approved by the University Faculty.

I. ADD:

Effective Sept. 1, 1953

Air Science 10a, b Air Science I, ROTC (2 ea.)

An orientation of the AFROTC program which includes the obligations of the cadet and significance of service in the armed forces; aviation history; basic flight principles; international tensions and security structures; instruments of national military security; and fundamentals of global geography. Leadership laboratory. Three hours per week.

Air Science 20a, b Air Science II, ROTC (2 ea.)

Elements of aerial warfare emphasizing selection and types of military targets; the study of air oceans; the procurement of aircraft; the selection of air bases; career opportunities; leadership laboratory. Three hours per week. Prereq. 10a, b.

Air Science 30a, b Air Science III, ROTC (3 ea.)

Functions of the Air Force Commander and his staff; communication processes and methods of teaching; military law; applied air science; functions of an air base; leadership laboratory. Five hours per week. Prereq. 20a, b.

Effective June, 1953

Air Science 35 AFROTC Summer Camp (0) S

Practical application to include firing individual weapons, participation in field exercises, familiarization with base activities and problems and inspection of equipment; introduction of cadets to operational phases of the air fighting force; leadership training.

Military Science 11 Army ROTC Summer Camp (0) S

Practical training supplementing theoretical work of the college course. Exercises developing performance techniques of tactical, technical, and administrative duties; training in leadership is stressed. Record and familiarization of firing of weapons.

II. DROP: Effective September 1953

Air Science 1a, b (2 each)

Air Science 41a, b (2 each)

Air Science 14a, b (4 each)

Air Science 15a, b (4 each)

Air Science 16a, b (4 each)

III. CHANGE:

Change title of Political Science 142 from: Police and the Public to An Introduction to Law Enforcement. No change in description or credit.

Effective Sept. 1, 1953

Change Credits: Air Science 12a, b 4 each to 3 each.  
Air Science 13a, b 4 each to 3 each.  
Air Science 17a, b 4 each to 3 each.  
Air Science 14a, b 4 each to 3 each.  
Air Science 15a, b 4 each to 3 each.  
Air Science 16a, b 4 each to 3 each.

III. CHANGE:

Change number: Military Science 21a, b (2 each) to 20a, b.  
Military Science 31a, b (2 each) to 21a, b.

Change number and credits:

Military Science 7a, b (4 ea.) to 30a, b (3 ea.).  
Military Science 9a, b (4 ea.) to 31a, b (3 ea.).  
Military Science 8a, b (4 ea.) to 40a, b (3 ea.).  
Military Science 10a, b (4 ea.) to 41a, b (3 ea.).

Dean Terrell presented a request from the Department of Mechanical Engineering that the senior mechanical engineers be allowed to take an industrial inspection trip to Detroit, Michigan during the period from April 14 through the 18th. This request was approved by the University Faculty.

Dean Stahr presented for the College of Law a recommendation to the Faculty and the Board of Trustees that the degree of Bachelor of Science in Law be authorized effective with the June Commencement of 1955 for awarding to candidates of the College of Law who meet the following requirements.

(1) PRELAW REQUIREMENTS: A minimum of 64 semester hours of accredited college courses, as follows:

(a) All lower division requirements of the College of Arts and Sciences (of the equivalent, except for Military Science and Physical Education, in the case of transfer students): or

(b) All courses prescribed for the freshman and sophomore years of the combined Commerce-Law curriculum (or the equivalent, except for Military Science and Physical Education, in the case of transfer students), plus sufficient credits from the list of electives provided for such curriculum to bring the total to at least 64 semester hours.

(c) At least 54 hours acquired in residence.

(d) All 64 semester hours certified by an accredited institution.

(e) At least 54 semester hours in "theory" courses.

(f) An average academic standing of at least 1.3 on all work undertaken toward satisfying the "prelaw" requirements.

(g) Since the foregoing requirements are slightly different from the minimum requirements for admission to the four-year Law curriculum, any deficiencies may be satisfied after such admission (but not in class during one of the six semesters otherwise required for the degree after such admission).

(II) LAW REQUIREMENTS:

- (a) Eligibility for admission to the College of Law.
- (b) A minimum of six semesters of residence, and 82 semester hours, in a law school which is a member of the Association of American Law Schools.
- (c) A minimum of four semesters of residence in the University of Kentucky College of Law, including the two semesters next preceding the award of the degree.
- (d) A minimum of 67 semester hours in Law courses.
- (e) A minimum of 15 semester hours in other courses approved for the four-year Law curriculum.
- (f) An average academic standing of at least 1.0 on all courses undertaken toward satisfying the "Law" requirements.
- (g) All 82 semester hours acquired in residence.

It will be noted that the foregoing means that the typical candidate for the proposed degree will have to offer (1) at least five years of college-level work, with at least four semesters at the University of Kentucky; (2) at least 79 hours of non-Law courses; (3) at least 67 hours of Law courses; (4) at least 146 hours of college-level work, of which no more than eight may be in "nontheory" courses; (5) an overall academic standing of at least 1.3 on "prelaw" courses and 1.0 on "Law" courses.

There are two principal reasons for recommending this new degree: (1) to encourage the acquisition of a better general education by those entering or desiring to enter law school after only two years of college work; and (2) to remove the inequity inherent in awarding only one degree (LL. B.) to such students after six full years of college-level work, while other students can obtain one degree in four years and two in five years, if they work for a Master's, or one in four years and two in six years. (They would still need the LL. B. in order to qualify to take the bar examination.)

Most of the Universities, if not all, which now offer a four-year Law curriculum have authorized the B. S. L. degree. Moreover, they offer it after only two years in law school, as against the three years above recommended. They are: Indiana and Northwestern Universities, and the Universities of Alabama, Arkansas, Denver, Illinois, Minnesota, Nebraska, North Dakota, Utah, Washington and Wyoming.

The University Faculty voted to recommend to the Board of Trustees that this degree be authorized.

Dean Spivey presented for the Graduate Faculty a recommendation for approval of the following policies relating to the Graduate Record Examination.

- (1) Beginning in the summer of 1953 all students seeking graduate degrees will be required to take the following parts of the Graduate Record Examination before they are admitted to "Full Graduate Standing":

- (a) The Profile Tests
- (b) The Aptitude Test
- (c) The Advanced Test in the Student's Graduate Major (when available) or in Some Other Appropriate Subject as Advised by the Major Department

(Regulations now in effect require (a) and (c) above.)

- (2) Beginning in the summer of 1953 the Graduate Record Examination will be administered by the University of Kentucky Testing Service on the "institutional plan" at a registration fee of \$3.50 for the Profile Tests and \$1.00 for each additional test.

(Heretofore, the Graduate Record Examination has been administered on a national plan at a fee of \$8.00 for the Profile Tests and \$2.00 for each additional test. The national norms may still be used on the institutional plan and the tests supplied by the Educational Testing Service.)

These recommendations were approved by the Faculty.

The Graduate Faculty also recommended approval of graduate credit for three courses in Ancient Languages which were approved as requested.

Ancient Languages 205. Intensive Study of an Author.

(3 credits)

Studies or research in the works of an author (Plato, Aristotle, Lucretius, Caesar, Ovid, or Horace) with due regard to his sources, his milieu, his purposes, his technique, his language, and his influence on later periods.

Prerequisite: Necessary command of the languages involved.

Ancient Languages 206. Intensive Study of a Period.

(3 credits)

Studies or research in a period of significance (the Age of Pericles, the Hellenistic Age, the Ciceronian Age, the Augustan Age, the Silver Age, Christian Latin, or Medieval Latin), with emphasis on literary, social, and linguistic trends, with consideration of sources and of influence on later periods.

Prerequisite: Necessary command of the languages involved.

Ancient Languages 207. Intensive Study of Literary Genre. (3 credits)

Studies or research in a genre (epic, tragedy, comedy, satire, history, or the novel) from its beginnings in the ancient world and throughout

its development in the ancient world, with some attention to its effect on later periods.

Prerequisite: Necessary command of the languages involved.

Dean Spivey presented for the Graduate Faculty a request that the honorary degree of Doctor of Laws be conferred upon each of the following persons:

ARTHUR ANDREW HAUCK, President of the University of Maine

MARVIN BERTIE HOLIFIELD, Assistant Attorney General of Kentucky

HUGH MEGLONE MILTON II, Major General, United States Army, Executive  
for Reserve and Reserve Officers Training Corps Affairs

WILLIAM MAXWELL REED, Corporation Executive, American Air Filter Co.

JESSE WASHINGTON TAPP, Vice President of the Bank of America, San  
Francisco

The Right Reverend Monsignor CHARLES AMBROSE TOWELL, President of  
the Catholic Hospital Association of the United States.

The University Faculty approved the motion to request the Board of Trustees to authorize these honorary degrees.

The Chairman of the Rules Committee presented two recommendations which were approved as follows:

1. The Committee on Rules moves that the following statement of policy for the University be formally adopted by the University Faculty:

"It is the policy of the University not to allow a student to register in the University for advanced Military Science or advanced Air Science without simultaneously taking a justifiable program of additional academic work."

2. The Committee on Rules moves the adoption of the following rule:

"Through the sixth Monday of any semester and through the tenth class day of the summer session, students who withdraw from a class or who are dropped from a class and have that withdrawal officially reported in the Office of the Registrar will have no grade recorded."

President Donovan discussed briefly the plan of the City to go on daylight saving time on April 26 and its effect on the University of Kentucky since state institutions are prohibited by law from adopting daylight saving time. He announced that the time for the Baccalaureate sermon had been moved to 3:00 o'clock and the Commencement Exercises to 7:00 o'clock p.m., CST, in order to take care of the changes made by the city.

The Faculty adjourned.
