White Hall Madison Co. Ky. Apr 3

Mr. McDowell.

Dear Sir

I have concluded to Register the bull calf I bought of you in November 1892. Uncle Bob told me when I come after it that it was calfd about middle of October, about one month old when I received it. You will please send me its pedigree. Would like to have it in full stating what strains it runs through. If you have any blanks for registering would like to for you to send me one or two. What is the registry fee now, will have to ask you to have it transferred to me as soon as convenient. You can name it some appropriate name to suit it.
