My dear Mrs. Bullock

Inclosed find some pictures that Miss Lacy took of Lincoln School rooms. We think that any school could be proud of such rooms.

We are planning - Miss Phelps and I - to have a good "movie" December the twentieth - as part of the Christmas activities.

You asked me to let you know about the number of children in school, for the oranges. We have three hundred and sixty-four (364) enrolled now.

We wish it were possible for you to be here with us at Xmas. You are a great amount. Santa Claus and you do not know how much your many gifts to Lincoln add to the lives of our children -

Sincerely yours

Phoebe B. Worthy
