Dear Henry,

I write to tell you that Eugene Brown is here from Missouri & is going away directly after the fair & that this will probably be your only opportunity that you will have for seeing him. You had better come up tomorrow evening & stay the horse day. I went to see Grandma last the other day & she said that she would be glad to see you & that she thinks that you have forgotten them entirely & c. c. c. All well & weather very warm.

Your Brother

Tommy
