

Wash<sup>n</sup> 1<sup>st</sup> July 1850

My dear Thomas

I send by this mail a pamphlet, containing a full account of the Circular Saw, and Mr. Calvert's letter.

I think you had better consult with H. Watkins about it. If he has never seen one in operation it would be very well for him to come if he can and see Mr. Calvert's.

Your letter has filled me with uneasiness about John, from whom I rec<sup>d</sup> a short letter dated the day after yours. I wrote him a long letter last week & again today.

I wish you would relieve me by a Telegraphic despatch, if you can, as to the state of his health.

I advised him, besides training his horses, to put some of his young stock in good condition for exhibition at the Wash<sup>n</sup> Agricultural Fair in September and I suggested that perhaps you might be able to assist him with some of them, what I wish you could do. I am a good deal debilitated  
but
