Blankney Stud (c L^t)

The Stud Farm, Blankney, Lincoln
Feb 6. 1894

Sir

I beg to inform you I received your letter respecting the horse de Beauvoir by Beadesert out of Stockdore. He was foaled 1886, but I am not quite certain about his marks. I believe he had a grey streak down his forehead & to my recollection he had a dark patch on one of his quarters. By the good blood in his veins he should make a good sire & he was a nice racing like colt himself.

Yours
Sir

Your obedient servant
John Gilbert.
