Write love for you and Mother and all the household

9 Lbs Blocks 3 Quilts a Jelly Roller Jam in the box of Butter

Louisville

1745 First Street

August 7. 1898.

Tom brought me such good news of you. He thought you looked much better than when we were at Ashland in May. He said that Mother looked pretty well, but I was sorry to hear she was not eating any thing. We are getting better, and are going out to Mrs. Vance's to take dinner to-day. They give us very cordial invitations, and it is hard

My neighbor had given me five pieces of Linsey. Time given me and Lois it broke the elastic. I had a chair instead of the Jelly Roll. I was to put it in the box of Butter
