

DR. T. S. BULLOCK.

OFFICE HOURS: 9 TO 10 A. M., AND 2 TO 3 P. M.

Louisville, Ky. Nov. 30th 1897

Major H. B. M^r Dowell.

My dear Major -

would have written earlier in the week - but did not get the reports on the examination of the specimens of urine, until a day or so ago. Dr. Bailey had asked to see them, so I waited for an opportunity to see him. Nothing was found in Tom's urine. It of course has a low specific gravity but nothing else abnormal. Your urine has a specific gravity of 1025, and is loaded with uric acid crystals, so you
