

DR. T. S. BULLOCK,

OFFICE HOURS: 9 TO 10 A. M., AND 2 TO 3 P. M.

Louisville, Ky. Feb. 17th 1899.

My dear Major -

I enclose the report of the examination of the specimen sent me.

You will be greatly relieved to learn that no "Casts" or other indications of Bright's disease are present, and that very little uric acid was found. I

suppose by "Cousals" you meant "Casts". The uric acid is normal and you should feel much better, and I hope you will have a pleasant stay in the South, and not come back too soon. Write
