My dear Major

I am glad to be able to say that Will is progressing quite satisfactorily. He is still in bed where he has been for more than two long & weary weeks. He is able to sit in a chair from now each day but has to be lifted from & to his bed: as his legs are entirely paralyzed. His general condition however is greatly improved & I do say that he ought to be walking on Crutches in a few weeks.

I am glad to hear you are all improving & hope the end of your sickness is at hand. Mr. Binton asked me several days ago to inquire of you
