Dear Major

I have a business  
engagement in Washington  
this week and will  
seek an opportunity to  
say word to the Genl.  
about Genl. Seloy, whose  
letter is herewith returned.  
I do not personally know

friends and I hope to reach  
him in this matter through  
one of them.

instructions about your  
shoe, was put away as
