Prother Bryan  
Lexington & Winchester  
are both most favorably located  
geologically to secure natural gas.  
The citizens of these places  
do not seem to be moving in  
the matter. Can we secure  
the franchises for utilizing  
gas in these places? If we  
can I will join you in this,  
& in my judgment there is  
a big "pile" in this scheme.  
Give this attention &  
write me what you think  
our chances would be to get  
franchises & leases.  
Hastily Yours
