Yours of 5th inst. just rec^d
I believe you will be safe in buying the
1365 acres of land from Clay about which
you write me. Make a Contract in
writing with him, at once, giving you the
right to take said land, if upon inves-
tigation you wish to take it. If you
can not get it lower than \$3. pr. acre
agree to that. Then you can investigate
it. Don't delay in making written
agreement with him. Then if you
will let me in with you I may want
to go in with you on it. & we can
then have time to investigate title
& quality. I write this hastily just
in time to mail. I will write again in
a day or two.

Hastily & truly
John H. Wilson
