Dear Sir

Your favor of
the 2^d inst was duly recd.

I have seen Mr Richard Carr
who bred the Enicoid mare -

He says he bred two mares to
Enicoid the same year - one
was a thoroughbred mare, that produced
a colt that died at a yearling -
the other a mare he purchased of
Loni Provelt near Chiloburg Fayette Co.
bred by Sir William - She produced
the Enicoid mare the dam of James
Clark Chief mare -

He does not know anything
about the horse Sir William but
