Mr. A. C. McDowell

Dear Sir

Your letter of June 29th to hand I will take the Colt Bismah at the figures placed on him by you when I was at Ashland \$7500. He will be kept at my Expense from July the 1st/90 I will comply with your conditions by giving him 3 months training in his three year old form and the same amount in his four year old form I will give him the best of attention during the winter. I want you to allow him to be hooked up occasionally in order to keep him familiar with harness. You will remember there was a little fullness on inside of left hook of course I will want that to be all right. How is it getting along? I would also like for you to give me the name and extended pedigree of his second dam as I will want to make a season with
