Grain and Provisions,

66 BOARD OF TRADE.

Major H. C. McDowell

Major:

I have decided to get my stock together on my farm in Wisconsin so if you please you may ship my Mare and two colts to me the first opportunity that presents itself, presuming the Mare to be in foal, I hope to get them here before cold weather sets in.

I am driving Prince on the road myself. he is a noble looking fellow as he goes down the road. The filly is growing and getting handsomer every day - and by the way she is acting quite like a trotter too.

Yours truly
H. P. Bennett
