Lexington Ky.

Gentlemen:-

I have this day purchased at auction sale the ch. mare Thornballe and would be glad for you to confirm by letter her pedigree as guaranteed by Mr. B. H. Reed in leaf of catalogue herewith enclosed, also the breeding of Chatsworth by whom Thornballe is guaranteed to be in foal. Also give any other information you think may be of interest to me. This letter is not occasioned by any distrust on my part as to Mr Reed's representations but simply prefer having the desired information and breeding in the shape of a letter from you as same would no doubt be of better future service to me. Would be glad to have one of your late catalogues and a full description ^{with prices} of any young stock you may have for sale whose sire ^{and} dam (both sides) for two generations back
