Lexington Kentucky.

Columbus, Texas, 15th March 1898

Gentlemen,

When in Boston last year I had the pleasure of trying & driving a horse, said to have been bred by you, a bay gelding, Stowaway, Standard Register No 21,935, I confess I was favorably impressed with him, but at the sale, subsequently the price went higher than I could stand & ship him to Texas. I take the liberty now of writing to you asking if you have any two or three year olds with the same or as good breeding & that have been handled just enough to show they have some speed. I want a good sized horse, that I can either race, or use for a roadster. Please be good enough to give me an idea of what you have, there are a number of young men here who would buy good ones so as to have some local excitement. I shall be glad to hear from you.

Yours Truly

Fred James.
