HAMBLETONIAN

MAMBRINO CHIEF

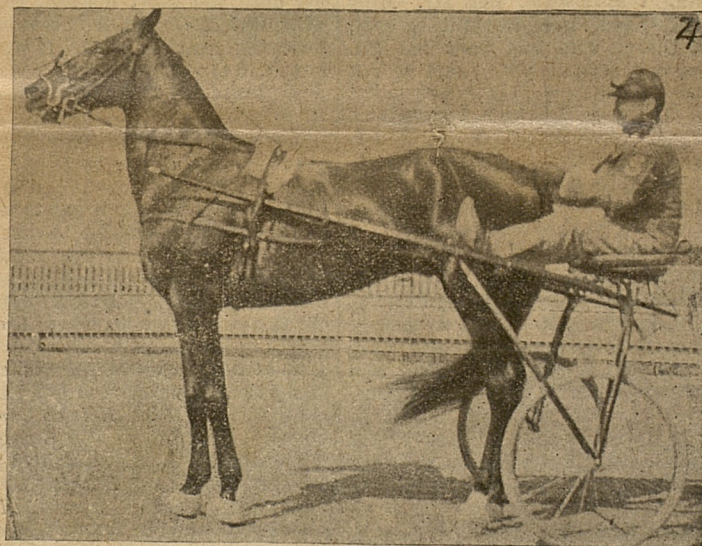

VERMONT BLACK HAWK

Vol. XVI. No 23.

BOSTON AND NEW YORK, JUNE 7, 1898.

Price 10 Cents.

GUINETTE, FOALED 1889, DIED JUNE 1, 1898.

### Death of the Fast Pacer Guinette (2.05).

On Wednesday afternoon, June 1, the successful Boston horseman, Edward Mills, received a brief telegram from Chicago, informing him of the death of the fast pacer *Guinette* (2.05). The news was as unexpected as it was unwelcome, for only a few days previous Mr. Mills had received a letter from Chicago, stating that the horse had wintered well and was in fine condition.

*Guinette* was a very handsome smoothly turned, medium-sized bay gelding, bred by Messrs. G. and C. P. Cecil, Danville, Ky., and foaled in 1889. His sire was *Gambetta Wilkes*, which has a trotting record of 2.19½, and was by George Wilkes (2.22), out of

*Jewel* (dam of *The King*, 2.29½, etc), by Gill's Vermont, a son of Downing's Vermont. The latter was by Vermont Black Hawk, son of Sherman Morgan. The second dam of *Gambetta Wilkes* was the *Salter Mare*, by Cannon's Whip, a son of the thoroughbred *Blackburn's Whip*.

*Stella*, the dam of *Guinette*, was remarkably well bred in trotting lines, and the trotting crosses rested on a most excellent thoroughbred foundation. She was by *Mambrino Startle*, a horse bred by Robert Bonner, sired by *Startle*, son of *Rysdyk's Hambletonian*, and out of *Jessie Kirk* (dam of *Majolica*, 2.15), a daughter of *Clark Chief*. The dam of *Jessie Kirk* was *Old Lady* (dam of *Little Miss*, 2.26½), by *Capt. Walker Startle*, as already stated, was by *Rysdyk's*

*Hambletonian*. His dam was by the noted brood mare sire, *Seely's American Star*.

The second dam of *Guinette* was *Kate Lee*, and she was by *Hero-of-Thorndale*, a horse of excellent breeding, but not very successful as a sire of speed. *Hero-of-Thorndale* was by *Thorndale* (2.22½), out of *Heroine*, a full sister of *Volunteer*. *Thorndale* was by *Alexander's Abdallah*, was his fastest son by the records, and probably his best bred one, as his dam was the great brood mare *Dolly*, which produced *Onward* (2.25½), *Director* (2.17), etc.

*Guinette's* third dam was by *Kossuth*, a son of the noted trotting stallion *Long Island Black Hawk*. The latter was by *Andrew Jackson*, the most famous trotting stallion of his day.

The fourth dam of *Guinette* was by the thoroughbred *Sidi Hamet*. The latter was by *Sir Archy*, the best son of imported *Diamond*, and his dam, *Lady Burton*, was also by *Sir Archy*. *Lady Burton's* dam was *Sultana*, a pure Barb mare. When *Thomas Jefferson* was President of the United States, the Bey of Tunis presented him with a Barb stallion and a Barb mare. This Barb mare produced a filly by the Barb stallion, and this filly was *Sultana*, which, mated with *Sir Archy*, produced *Lady Burton*. The latter was bred to her own sire, *Sir Archy*, and the result was *Sidi Hamet*.

*Guinette* also inherited another *Sir Archy* strain through Gill's Vermont, which got the dam of *Gambetta Wilkes*, sire of *Guinette*. The dam of Gill's Vermont was
