

THE KENTUCKY KERNEL

VOLUME XLI

LEXINGTON, KENTUCKY, FRIDAY, DECEMBER 15, 1950

NUMBER 12

Merry Christmas December 25
Happy New Year January 1

FRANK MATURO leads to the CONGREGATION during a moment of solemnity at the Hanging of the Greens ceremony held in the Great Hall of the SUB. This devotional service is sponsored each year by the YM-YWCA.

For Auto You Is Born ...

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men. Luke 2:13, 14.

Constitution Party Sweeps Into Office

Winning candidates in the Student Government Association election Wednesday showed a probable Constitutional Party sweep with one still to be decided.

The election was practically uncontested by the All-Student Party, inaugurated last spring on the campus. A write-in candidate, J. Edgar, defeated Constitutionalists Stuart Carpenter for the Arts and Sciences lowerclass man post, Ten Cunningham, English, and Jack Allen Anderson, Journalism.

Scholarship, Etc. UK Trustees Accept Gifts

Two scholarship funds totaling \$700 and two other gifts were accepted this week by the Board of Trustees on behalf of the University.

The National Association of Thoroughbred Breeders gave \$400 to be used in providing a scholarship in agriculture for a Future Farmers of America member. The Union Light, Heat, and Power Company of Covington, presented \$200 to be used as an annual scholarship fund to aid a freshman who is a graduate of a Kentucky high school.

THE UGLIEST MAN is the title now held by Elliot Jones, Phi Sigma Kappa, as a result of the voting held last week. The contest was sponsored by the Alpha Phi Omega service fraternity.

Schedule Of Events Planned For UK Band In New Orleans Includes Cruise, T-V Show

The University Band, under the direction of Warren W. Lutz, will leave Lexington at 8:45 a. m., Dec. 30, for the Sugar Bowl game in New Orleans.

The band will arrive in New Orleans the following morning in time to give a short concert on television. While in the city they will stay at the New Orleans Athletic Clubhouse. The Sugar Bowl Committee has arranged for them to make a short outfit of Mexico cruise. It is highly probable that a UK pep rally will be staged Sunday night, Dec. 31, in which the "Marching 100" will parade down Canal Street, Lutz said.

New Members For Honorary

New members of Phi Beta Kappa, national Arts and Sciences scholastic honorary, have been announced by Dr. Shirley McElroy, president of Alpha of Kentucky chapter.

The 12 honor students are Sherman Gayle Warner, industrial chemistry; Annette Riler, topical major, statistics; Mrs. Ann Vaughn Grubbs, Spanish; Forrest William Eades, history; George Morton Weller, psychology; Lester Richard Bryant, anatomy and physiology; Scott Compton Osborn, graduate school, English; Rose Mary Haley, history; Dominick Anthony Casanova, anatomy and physiology; Gene Rowland, physics, mathematics; Virginia Cunningham, English; and Jack Allen Anderson, Journalism.

Physics Group To Hear Webb

Dr. William S. Webb, head of the physics department, will speak at the fifth national convention of Sigma Pi Sigma, physics honor society, at Theres College, at 3 p. m., Dec. 28. Dr. Webb's topic will be "America Before Columbus."

The convention will begin on the morning of Dec. 28 and continue through noon on Dec. 29. It will begin with a trip by the delegates on Dec. 27 to Oak Ridge, Tennessee. Highlights of the trip will be visits to a nuclear reactor, the Oak Ridge Institute of Nuclear Studies and the Atomic Energy Museum.

Jones 'Honored' As Ugliest Man

Elliot Jones, Phi Sigma Kappa, won the Ugly Man contest. Sol Weisenberg, Zeta Beta Tau, was second choice, and Jack Taylor, Sigma Phi Epsilon, was third. The prizes contributed amounted to \$235.60.

The announcement was made during the half-time of the Florida game last night. Tom Smith, president of Alpha Phi Omega, national service fraternity which sponsors the contest, introduced Madge Barrett, Kentuckian beauty queen, who presented a trophy to Jones.

Dr. William Ward Becomes English Department Head

Other Change in UK Staff Announced

Dr. William S. Ward has been appointed head of the Department of English, effective at the beginning of the next semester. He will succeed Dr. Herman E. Spivey, who has been named head of the Graduate School.

Before coming to the University in 1939, Dr. Ward had taught at Georgetown High School. He received his training at Georgetown College and received his master of arts degree from Harvard in 1929. He was awarded his doctor of philosophy degree from Duke University in 1942.

Dr. Ward was promoted to his present position in 1945 and to his present position in 1949 and to his present position in 1949.

Alumni Nominated For University Post

Names of three central Kentucky alumni have been sent to Gov. Lawrence Wetherby as nominations by the alumni for the post of alumni member of the Board of Trustees.

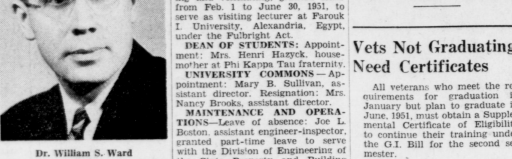

The men are H. D. Palmer of the Department of Ancient Languages, Room 102, Fraze Hall, Lexington, Dec. 31; James S. Shroshire, and William T. Townsend, both of Lexington. All were nominated by balloting conducted through the mails by members of the University Alumni Association.

Scherago Speaks In Indiana On Bacteriology Developments

Recent developments in the field of public health bacteriology were outlined by Dr. Morris Scherago, head of the Bacteriology Department, to the delegates at an Indiana University microbiology symposium held recently.

Dr. Scherago, who has headed the UK Department of Bacteriology since 1922, was named the "Distinguished Professor of the Year" in the College of Arts and Sciences this year.

A decade that has witnessed great progress in the battle against infectious diseases foretold the possibility that the time may not be far until all such diseases can be effectively controlled, the UK scientist said.

Dr. William S. Ward

'Heidi' Will Be Last Cinema

Weekly "Campus Cinema" showings will be discontinued with the showing of "Heidi" tonight. Louis Clifton, director of the extension department, has announced.

The movie will be canceled because of the low attendance at previous showings. Admissions charges have not been sufficient to cover cost of operation.

Staff members of students interested in having pictures shown by the department may contact Mrs. Ruby Evans at the extension department in the basement of Fraze Hall.

Trip Abroad Is Offered

The International Farm Youth Exchange Program sponsored by the state 4-H Club department is now receiving applications from any 4-H Club member who is interested in a four month trip to Europe with all expenses paid as an exchange student.

The qualifications for this trip are that the student must be a 4-H Club member now, or in the past, and must be between the ages of 18 to 25. The students are selected on the basis of achievements in 4-H Club work as well as other leadership.

Blazer Lecture

Marshall Plan Is Subject Of Talk By Barry Bingham

By Don Rogers

Barry Bingham, president and editor of the Courier-Journal, recited through a description of the workings of the Marshall Plan in France as he spoke in Memorial Hall at the second of the Blazer Series lectures Tuesday night.

Mr. Bingham stressed the whole reconstruction of France through the Marshall Plan and answered the question of the night "Would France Stand up to Soviet Aggression?" in one pleasure-packed hour.

Blazer Lecture

Marshall Plan Is Subject Of Talk By Barry Bingham

MR. BINGHAM SHOWED that France has regained, and in many ways surpassed, her prewar standard in nearly every department except leadership.

Would France Stand up to Soviet Aggression?

Mr. Bingham said, "Yes... it" 1. The United States can't spare more time to get arms to them. 2. The Atlantic Pact nations develop a workable pattern for defense of Western Europe. 3. The United States convinces the French people that Uncle Sam will stand by them in any circumstance.

Vets Not Graduating Need Certificates

All veterans who meet the requirements for graduation in January but plan to graduate in June, 1951, must obtain a Supplemental Certificate of Eligibility to continue their training under the GI Bill for the second semester.

Applications may be obtained from county agents or by contacting the 4-H Club department at the University Experimental Station. Applications must be filed by Jan. 15.

Women's Residence Halls Announce Holiday Closing

The women's residence halls will close officially on Dec. 17 at 11 a. m. and will not reopen until Jan. 3 at 4 p. m.

Debate Team Second In State Tournament

The UK debate team tied for second place in the recent Kentucky State Debate Tournament, which was held Dec. 9, at Kentucky Wesleyan College.

Last Payment Made For I-M Field Lights

Omerion Delta Kappa tau sales, conducted by the senior men's honorary society at the home football games, have netted the final payment on the field lights for the intramural field.

Fred Nichols, president, presented a \$200 check to President Herman I. Donovan at the initiation banquet Saturday making a total of \$2500 supplied by the honorary. An initial payment of \$2000 was made last September when the lights were installed.

Women's Residence Halls Announce Holiday Closing

The women's residence halls will close officially on Dec. 17 at 11 a. m. and will not reopen until Jan. 3 at 4 p. m.

VICE PRESIDENT CHAMBERLAIN dedicated the present Coliseum to the playing of sports during the fall of the UK-Fordue game. This is the third time the building has been dedicated—once before to the war dead and to cultural activities. Bernie Shirely looks on.

Now, About The Grill

When the Kernel received the letter which appears in this week's Mailbox under the head "Protest Grill Closing," we called Dean of Students A. D. Kirwan to get the full story on the proposed closing of the grill, located behind Breckinridge Hall.

Dean Kirwan explained to the Kernel that the administration's only interest in the grill is to determine how best to keep from disturbing students in the area of the poorly situated grill and at the same time keep from inconveniencing other students. Student's voices, hamburger odors, delivery trucks, and the early-morning milkman have evidently proved quite annoying to some students.

Although he has received complaints about this matter for several years, Dean Kirwan said they were more or less ignored until a recent petition signed by about 20 students asked that something be done about the disturbance.

Dean Kirwan said that it has not been definitely decided to close the grill. Signs concerning the matter were posted to determine the possible reaction to the measure. No petition protesting the closing of the grill has reached the dean of students, although one has been received by Comptroller Frank D. Peterson.

Dean Kirwan assured the Kernel that the matter is still under consideration and that a sincere attempt will be made to settle the matter fairly.

And we'd like to point out a small inaccuracy in the letter itself. The proposed closing of the grill could hardly be "against the wishes of some 1000 or more other residents of the dorm." There are only about 500 residents in the men's dorms.

Letter Policy Restated

Although The Kernel's policy in regard to letters has been stated in this column and in "The Mailbox" several times this year, it apparently isn't generally understood. Almost every week we receive at least one letter signed with a fictitious name or with initials or first name only. No matter how pertinent these letters may be nor how harmless, we cannot use them unless the writer is known to the Kernel editor.

We repeat that it is a long-standing Kernel policy to print only letters which are fully signed. A fictitious name will be used if the writer requests that his own name not be printed.

We believe the reason for this rule can be easily understood. Anonymous letters are meaningless and dangerous. If a person does not believe in what he has to say enough to sign his name to it, it probably isn't very important anyway. We can't afford to take a chance on hurting innocent persons by printing letters which can't be verified.

The Kernel reserves the right to edit or refuse to print any letter which we consider libelous or harmful to the general welfare of the University.

Annual Message

Yes, of course, the Kernel wishes all of you a Merry Christmas. And we'll even go so far as to say "Happy New Year."

HENRY A. LUCAS POST 1885
 226½ E. MAIN

The Christmas Story

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

And all went to be taxed, every one into his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem.

To be taxed with Mary his espoused wife, being great with child.

And so it was, that, while they were there, the days were accomplished that she should be delivered.

And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

And the angel said unto them, Fear not, for behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.

And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

And all they that heard it wondered at those things which were told them by the shepherds.

But Mary kept all these things, and pondered them in her heart.

Luke 2: 1-19

DEAR Editor:

The Mailbox

Protest Grill Closing

It has been our belief that this country is a democracy. Therefore, all agencies and institutions associated with the federal and state governments should be democratic. But much to our surprise, we find that here at UK this is evidently not the case. In a democracy the majority of the people decide what is best for all the people, but here at UK, it seems that the administration has adopted some principles whereby a few people dictate to the rest of the people.

The incident to which we are referring is the anticipated closing of the grill here at the men's dorm. Some 10 or 15 individuals have taken it upon themselves to close this grill against the wishes of some 1000 or more other residents of the dorms.

The reason for closing the grill is that the early morning breakfast rush supposedly disturbs "Mama's Little Boys" and keeps them from sleeping late. Perhaps if they would come in a little earlier instead of stumbling in at 4 a.m., the noise wouldn't bother them so much. If it is astounding to us that these boys have taken it upon themselves to so inconvenience the remainder of their brethren in the dorms.

But despite the fact that a petition to keep the grill open, signed

with air-conditioning, a swimming pool, ornate rest rooms, whirlpool baths, and beautiful decorations among its features.

It has everything — everything but adequate seats for the students. Students must sit on hard, wooden, bicyclist-type seats embedded in concrete.

For whose benefit was the Coliseum built? It was obviously not built for the students when the seats are used as a criterion.

One of the prime arguments for the new Coliseum was that our poor students could not watch their team play each game. They could not enjoy the finer things in life. Now the Coliseum is built. Who has the best seats? Cash customers and the alumni!

No wonder there are complaints of the students walking out during the last part of a performance. For a similar treat, try sitting on a hard wooden bench for two and a half hours.

The students buy their tickets three times a year. Who represented the students when the seating arrangements for the Coliseum were drawn?

Doubtless, this and other complaints about poor seats will be tossed off lightly as before.

It is therefore proposed that we start the Student Aching Back Fund. We will start the kitty off with a contribution of one dollar.

Send all contributions to S.A.B. (Student Aching Back Fund), Box No. 208, UK Post Office. Then we, the students, will build up our own part of the Coliseum.

When we think of all the other things we have to contribute to each year, why not give something that will benefit ourselves and the University now and for years to come?

Say so, you see those students sitting comfortably over there

watching the performance? Well, back in 1950 —

THE DUPONT DIGEST

The Teflon* Problem:
 Given a plastic for which there is no known solvent, how would you turn it into a coating?

Some time ago Du Pont research discovered a new plastic—"Teflon" tetrafluoroethylene resin. It had temperature resistance beyond the range of any previous plastic, excellent electrical characteristics, and the highest degree of chemical inertness among commercial plastics.

But tough-guy "Teflon" was almost too tough. It wouldn't melt and flow like other plastics. Hence, it could be molded only in simple shapes. There was no existing technique by which it could be made into thin coatings. Unless this difficulty could be overcome, the very properties that made "Teflon" so promising narrowed its usefulness.

"Teflon" Won't Dissolve
 In the past, problems like this have been handled by dissolving plastics in a suitable solvent and using them as the base for enamels and similar coatings. But "Teflon" will not dissolve in any solvent yet known. It even stands up to nitric acid.

At this point Du Pont physical chemists suggested dispersions—minute particles suspended in a liquid—as the answer. After much study, scientists of the Polychemicals Department learned how to suspend "Teflon" particles about 1/25,000 of an inch in diameter. Aided by the fundamental studies of Chemical Department scientists, they devised today's commercial scale process.

Meanwhile Du Pont's Fabrics and Finishes Department was keeping pace with the development. Their contributions to formulating the new products did much to establish "Teflon" polytetrafluoroethylene coatings and wire enamels in many special uses.

In electric motors, for instance, these enamels are used for wire so the motor can be operated at higher temperatures and will deliver more power per unit of weight. Such motors are more compact and sometimes cost less.

Other uses include non-sticking coatings that cut costs when applied to bakery rolls, rubber molds, heat-sealing machinery and similar equipment. Corrosion-resistant "Teflon" coatings for special uses are currently being investigated.

Product of Teamwork
 "Teflon" finishes are a typical fruit of the close teamwork of Du Pont technical men of diverse backgrounds. Organic and physical chemists played a major role. Physicists participated by developing fundamental information on the nature of the dispersion. Chemical and mechanical engineers designed the manufacturing apparatus. Working together, they made possible this most important addition to the Du Pont family of "Better Things for Better Living... through Chemistry." *Reg. U. S. Patent Off.

Number one plastic in resistance to heat, chemicals and moisture. "Teflon" is shown in form of granules, coaxial cable spacers, tape, rod, pipe, flared tubing, valve stem packing. Enamel is "dried" by fusing.

In a test of heat resistance at 200°F., the "Teflon" rod (right) remains intact while two other plastics melt or swell out of shape.

What Do You Know?

1. In 1775 who said: "They that give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety."

2. In 1775 who said: "To life no dear, or nearly so sweet as to be purchased at the price of chains and slavery—as for me, give me liberty or give me death."

3. In 1534 who said: "God grants liberty only to those who love it, and are always willing to guard and defend it."

4. In 1861 who said: "Government should restrain men from injuring one another, but leave them otherwise free to follow their own pursuits of industry and employment."

5. In 1912 who said: "Liberty has never come from the government—the history of liberty is the history of the limitations of governmental power, not the increase of it."

6. In 1863 who said: "The lessons of patriotism ought to be unlearned and the better lesson taught, that while the people should patriotically and cheerfully support their government, its functions do not include the support of the people."

7. In 1861 who said: "Political power, if uncontrolled, will surely be used to close the door of advancement and to fix new disabilities and burdens upon all liberty shall be lost."

8. In 1861 who said: "Agriculture, manufacture, commerce, and navigation, the four pillars of our prosperity, are the most thriving when left most free to individual enterprise."

9. In 1915 who said: "The tombs-stones marking the tragedies of statesmanship should almost all bear the same inscription TO LAY."

() Grover Cleveland, () Thomas Jefferson, () Theodore Roosevelt, () Benjamin Franklin, () Daniel Webster, () Abraham Lincoln, () Patrick Henry, () Woodrow Wilson. (Answers on page 4)

NANCY BROWN ASKS SANTA CLAUS to bring her a Teddy Bear for Christmas — just like the one she is holding. Santa is yelling her to wait and see.

Wildcats Trim X, Purdue For Second, Third Wins

By Fred Lawson

Held to a two-point lead at the half, Kentucky's Wildcats scored back with 10 points in the first two minutes of the second half to trounce Xavier University 67-46 last Tuesday night in the Cincinnati Garden.

Once again Bill Spivey, who played a brilliant game, led the Kentucky scoring with 23 points. It was the best game of the season for Spivey, who had to shoot and pass with three and four Muskies covering him much of the time.

But Spivey had help from Walt Hirsch, who scored 14 points, and Shelby Lantville, who wound up with 13 points. Lantville also had a great job of rebounding against the aroused Musketeers.

Sophomore Frank Ramsey turned in a great game with 11 points. And it was Ramsey who slipped under the basket in the last second of the first half to drop in a crit that sent the Wildcats to the dressing room with a 28-28 lead.

Bill Hoffer led the Xavier attack with 18 points. Bob Dean tallied 14, while Smith scored 11.

Xavier scored first to lead in the game, but Hirsch quickly tied it up and Spivey sank a crit to send the Cats ahead, 4-2. The lead changed hands five times. It was also knotted five times.

The score was tied at 2-2, 7-7, 9-9, 15-15, and 26-26.

Kentucky's biggest lead was four points, 14-10, and Kentucky's most substantial advantage was six points, 22-16, in the first half.

After the half the famed Wildcats lost track of the Musketeers. They knocked Xavier off balance. Hirsch and Lantville led Kentucky to a 38-26 lead after two and one-half minutes of play in the second half.

At the end of 19 minutes of this furious half the Cats had a big margin of 21 points, 56-35.

With only three minutes of playing time left and Kentucky leading 64-55, Lantville dropped in a crucial two points to make it 66-55 and wrap up the game.

Kentucky's marksmanship was far below par against Xavier. The Cats dropped 16 36 pointers out of 89 tries for a 29.2 percentage. The Muskies got only 49 shots and made good on 19, a 27.5 mark.

Clara-fying Campus Capers

By Clara Early

At last that long awaited day has arrived, the beginning of Christmas vacation. UK students can be seen leaving from every railroad and bus station—they are on the way home to relax for a couple of days, and then step into the mad pace of Christmas parties.

Many will be here until tomorrow for one reason or another. Some are staying for classes, others for parties.

THE THETA CHAPTER OF KAPPA ALPHA will hold its Christmas Dance from 8-12 tonight at the Lexington Country Club. Ray Burch, chairman of the social committee, is in charge of the arrangements.

PHI SIGMA will hold their annual Christmas formal in the Bluegrass room of the SUB tonight.

THE KENTUCKY ALPHA OF SIGMA PHI EPSILON social fraternity held formal initiation Sunday. The following men were initiated: Randal Bishop, Granville Brock, Paul Davidson, Glenn Fuller, Ronald Furdal, Gayle Lawrence, Simpson McConkey, Michael Margartie, John Newland, Thomas Hook, and John Blake.

THE DELTA TAU DELTA fraternity is having a Christmas formal.

MRS. STEVENS Famous CANDY

Campus Interviews on Cigarette Tests Number 9...THE MARSH MEN

"For a while they had me swamped!"

Seems like this confused fowl got mixed in a metaphor and was almost turned into a guinea pig. The story goes she got caught in a welter of quick-trick cigarette tests... one puff of this brand, then a puff of that... a sniff, a whiff — a fast inhale and exhale. And then she was supposed to know all about cigarette mildness! Is that the way to treat a lady?

And is that the way to judge a cigarette? We think not. That's why we suggest:

The sensible test — The 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke — on a pack after pack, day after day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste) we believe you'll know why...

More People Smoke Camels than any other cigarette!

Take the "IF" out of buying

BETTY BLAKE PRESENTS the winning trophies for the Barber Shop Quartet contest to the Delta Tau Delta quartet. Left to right are Bill Don Groat, Jim Fothergill, George Crockett, Fred Miller. The large cup is the rotating trophy, but the Delta will get to keep the smaller cup as winners.

Profainitease

By Bob Fain

Since there is very little time in which to do Christmas shopping, and I've done very little of mine, let us be off into our weekly vicar-starter.

Love—When a boy and girl sit on a newly painted bench and only the boy gets paint on him.

"Don't you know better than to point an empty rifle at me?" growled the officer.

"But sir," stammered the recruit, "it isn't empty."

Coviet: How long are you in for?

New Cellmate: Seventy-five years.

Coviet: Well, I'm in for 50, so you better take the food sent to the door because you're getting out first.

Newsboy: Extra! Extra! Extra! Two men swindled!

Passerby: Here, here, I'll take a paper . . . Say, there's nothing in here about two men being swindled.

Newsboy: Extra! Extra! Three men swindled!

The train came to a grinding stop. "What happened, conductor?" asked a nervous lady.

"We ran over a cow."

"Goodness, was it on the track?"

"No, lady. We chased it into the barn."

Prof. Jones is my teacher.

I shall not pass.

He maketh me read many pages.

He exposeth my ignorance before the class.

He restoreth my sorrow.

He causeth me to devise deceitful methods for my grade's sake.

He prepareth tests of great length for me.

Yes, although I study all night, I shall gain no knowledge, which fact society puzzles and distresseth me.

He giveth me low grades and mine eyes runneth over.

Surely, distress shall follow me all the days of my life.

And I shall stay in this class forever.

"I keep a picture of you in my mind at all times."

"How small you make me feel."

"Do you like frog's legs?"

"Now, I never did go for those French barbaques."

"Are you enjoying the ocean?"

"Nope, the waves are like women. When you've seen one, you've seen them all."

Money can be lost in more ways than you think.

Annie: My Joe has a powerful pair of binoculars.

Fannie: Oh, has he! I love those manly men with strong arms.

"You know, my wife's having a terrible time learning to sing."

"Really? Which notes bother her the most?"

"The ones she gets from the neighbors."

"And Harry thought he had troubles."

SAE's, DZ's Get Awards At Halftime

Sigma Alpha Epsilon fraternity and Delta Zeta sorority were presented the winning trophies for the OUK tag sale contest at the Kentucky-Florida basketball game last night.

Sigma Nu fraternity and Zeta Tau Alpha sorority were the runner-up and also received a trophy. Waller Cooper, president of Omicron Delta Kappa, national men's leadership honorary who sponsored the contest, was in charge of the presentation.

Soil Testing Course Held Here Last Week

A course in soil testing was given Monday, Tuesday, and Wednesday by the College of Agriculture and Home Economics.

The classes were attended by delegates from Christian, Elliot, Hardin, Jackson, Latus, Mason, Montgomery and Union Counties. Heading the discussions was Prof. P. E. Karraker, professor of soils.

Purpose of the course is to enable trainees to set up soil testing laboratories in their counties. Between 50 and 60 soil testing laboratories have been established in the state as a result of the quarterly courses.

Nine Are Initiated By Sigma Pi Sigma

Eight students and one professor were tapped by Sigma Pi Sigma, physics honor society Monday.

The new members meeting the qualifications for membership in the organization are Dr. B. D. Kern, assistant professor of physics; Leroy A. Buckle, R. E. MacDaniel, John Bignerstaff, John Brabant, Ray Gabbard, R. D. Haun, F. R. Payne, and R. E. Robertson.

A number of the new members are to be initiated at a model initiation ceremony which will be part of the program of the society's national convention at Berea College this month.

Chapter officers elected for this year are Irvine Stapp, president; George Furry, secretary; William Swift, treasurer, and Dr. Richard Hanau, chapter advisor.

Press Club Will Initiate

The Henry Watterson Press Club will hold its reactivating initiation on Jan. 19, Wynn Moseley, charter member, announced.

The Press Club was founded in 1947 for the purpose of affording mutual association among male journalism majors and fostering cooperation among students, faculty and the working press.

"Our program for the coming year," Moseley said, "will include bringing prominent men in the journalism field to the campus for speaking engagements, publishing a semi-annual paper on the Department of Journalism, and establishing a campus magazine."

Neville Dunn, editor and publisher of The Thoroughbred Record will speak to the club on Jan. 15.

An academic standing of 1.0 is required for membership.

Phalanx Club

Organization Is Planting Row Of Trees On Campus

By Dorman Cordell

One of these days, the Phalanx Fraternity hopes there will be a row of oak trees reaching from the library on the UK campus to the education building. And Phalanx members expect it to be called "Phalanx Row."

Planting two oak trees each year is the chief visible effort of the Phalanx Fraternity usually called just plain Phalanx, which was chartered at the University on March 1, 1945.

Phalanx is a national YMCA luncheon club for men between the ages of 19 and 26. The University chapter was named in honor of Mr. Bart Peak, secretary of the YMCA on the campus and meets each Tuesday at noon. Another chapter is also sponsored in Lexington, by the city YMCA.

ACCORDING TO THE CHARTER, the Phalanx fraternity was founded "to unite young men in cooperative effort for the encouragement of a high standard of Christian manhood."

Mr. Peak, in an interview, stated that due to limited facilities, the Peak chapter is limited to 50 members. The only requirements for membership are a belief in service and Christian living.

Each letter in the word Phalanx is emblematic of one of the principles of the fraternity. The emphasis on the membership too also signify these principles. The Peak chapter has pledge pins, especially designed for their use, although the national fraternity itself has no pledge pins.

ALTHOUGH THE OAK TREES on the campus are the only Phalanx projects with which the students are acquainted, the fraternity has participated in various enterprises since its inauguration. One year a 12-year-old boy from Lincoln school was "adopted" by the fraternity, completely clothed anew, and watched over by members. Another year, members cooperated in gathering books for students overseas. Numerous other similar projects have been sponsored by Phalanx including participation, along with other campus organizations, in a Christmas tree party at the Lincoln school. This year's party will be held Thursday.

Bruce Ferguson is president of Phalanx. Other officers are Frank Maturio vice-president, Cline Duff, secretary, and Lee Myles, treasurer.

Cups Given At 'Festivities'

Ira Massey, senior in the College of Agriculture and Home Economics, was the champion showman in both the Jersey and Holstein classes at the annual Dairy Club 'Festivities' held last Friday at the Stock Pavilion.

Reserve grand champion showmen in both classes was Harold Davis, junior in the College of Agriculture and Home Economics.

Jim Martin and Harold Davis were high showmen in the Holstein class and Tom Griffin, senior, and Ira Massey were high showmen in the Jersey class.

Cups were awarded the winners in each class and winners of the grand championship will have their names inscribed on a plaque which will be hung in the Dairy Building.

IRA MASSEY ACCEPTS THE GRAND CHAMPION SHOWMAN award from the judge for the Holstein class, Harold Davis, in the background, top second place honors in the same class. Both boys ranked the same honors in the Jersey class.

Faculty Personals

Five College of Commerce professors will attend meetings in Chicago Dec. 28-29.

PROF. ROBSON D. MCINTYRE and **PROF. FRANK G. COOLESEN** will attend a meeting of the American Marketing Association.

ECONOMICS PROF. RALPH R. FICKETT will attend the meeting of the American Finance Association.

WENDELL E. BEALS and **JOHN T. MANTEN**, associate professors, will attend the American Economic Association meeting.

DR. ROBERT RYLAND of the ancient languages department will read a paper on the "Recent Developments in Research on Marquis de Sade" at a meeting of the Modern Language Association in New York during Christmas.

DR. T. C. WALKER and **DR. BETTY ERLERSON** will attend the meeting.

An article written by Dr. Ryland, "Teaching Aids for Arithmetic," appeared in the December issue of the Kentucky School Journal.

DR. W. L. CABER of the ancient languages department will attend the joint meeting of the Philological Association and the Archaeological Institute of America in Toronto, Canada, Dec. 27-29. He will also attend the meeting of the Council of the American Classical League.

DR. GIFFORD RYLAND, associate professor of speech, will attend meetings of the Speech Association of America and Tau Kappa Alpha, national forensics honorary fraternity, in New York from Dec. 27-30.

Dr. Ryland will present a paper on "How Can We Expand the High School Forensic Program?" before the Speech Association.

As the Kentucky-Ohio Regional Governor, Dr. Ryland is a member of the National Council of TKA and will meet with that body.

Alumni News THEN and NOW

1923

WILLIAM H. SMITH of Lexington, regimental maintenance officer of the Third Armored Cavalry Regiment, Ft. Meade, Md., has received his master's gold leaf insignia from Col. Samuel L. Myers, commanding officer of the post.

THE REV. CHARLES L. COOPER, formerly of Nicholasville and Danville, has been transferred to the Methodist pastorate at Georgetown, New Castle and Morehead. During his ministry at Barbourville, where he served five years as pastor of the Methodist church there.

The Reverend Cooper is a graduate of the University and took his Seminary training at Emory University, Atlanta.

MR. COOPER joined the Kentucky Conference of the Methodist Church in 1928 and has served Helena-Nelson, Pine Grove Charge, Owensville, New Castle and Morehead. During his ministry at Barbourville an educational building was erected by the church there.

1932

A note to the Alumni Office from **ROBERT J. KEE** of Atlanta expresses his regret at missing the G. Tech-Kentucky game this fall and carries the information that his brother, Thomas Edward Kee '35, is representative of the Southbridge Plastics Company.

LT. (J.G.) CLARA MARGARET FORT, formerly of Frankfort, a Navy attached to the Lexington Naval Reserve Unit, was the first Navy girl from the Lexington area to be recalled to active duty.

Lieutenant Fort was the first girl to graduate from the University of Kentucky with a major in physical education.

During World War II she enlisted in the Navy and trained at Hunter College, Bronx, N. Y. She trained recruits at the Norfolk Navy Yard.

She was commissioned an ensign Oct. 24, 1944, and was transferred to the U.S. Naval Air Station at Seebach Hotel at 9 p.m. on Dec. 14.

The senior class has received an invitation to the marriage of Mary Louise Neff to Jacob W. Miller tonight. The ceremony will be held at 8 p.m. at the Calvary Lutheran Church, Bardonia Road and Knoxville Avenue.

The Central Pharmacy Company received ten visitors from the Manufacturing Pharmacy Class on Nov. 21. The class traveled by car from Seymour, Ind. The students were directed through the pharmaceutical plant by the Director of Production at Central Pharmacy Company. While on the tour of the plant, the manufacturing class noted the efficiency and cleanliness involved in the tablet manufacturing equipment. Also observed was the art and science involved in the coating of tablets, and the cleanliness of their various laboratories. Liquid samples were viewed next and the class was ushered into the biological and sterilization departments.

Purposes And Functions Of SUB Board Are Explained; Service Is A Key Aim

By Ed Coffman

The Student Union Building is the center of student activity on the campus. . . The Student Union Board is the governing and policy forming body of the Student Union Building. So reads the international pamphlet distributed by the University.

Every student is familiar with the SUB, its grill, its Game Room, the Shogras Room, and all of the facilities of the building. The Student Union Board is not so well known.

It is composed of nine students, six faculty members, the dean of men and the dean of women plus the Student Director, Miss Mackie Bassell, and Social Director, Miss Margaret Bruce Cruise. The president is Bob McCowan, a commerce student.

The other student members of the board are the chairman of the various service committees, the chairman of the publicity and help enter-tainment speakers.

PARTICIPATING IN STUDENT UNION activities can be a lot of fun. The Board's biggest problem, according to Bob McCowan, the president, is getting all students interested in

Sheep Day Is Monday

The thirtieth annual sheep day program will be held on the campus Monday, according to Prof. R. C. Miller, field agent in animal husbandry at the Agricultural Experiment Station.

This year's program will be combined with a three-day meeting of the Bluegrass State Sheep Association.

The members want to eliminate the ineffective activities and to create activities more pertinent to campus life. This is in keeping with the service function of the Student Union. "Anything we can do to help the students we will be glad to do," is the way Bob McCowan puts it.

MISS "BRUCE" CRUISE, the social director, joined Bob in saying, "We want all students to feel that the Student Union Building is their home on the campus. The Student Union Building is where you can meet your friends and join in activities and all programs sponsored by the Board. We can not emphasize this fact too much; that all students are welcome."

tion, which will also be held on the campus.

The meeting will deal with topics and sources of breeding, selection of breeding stock, methods of controlling disease, and a symposium on dog and rabies-control program for Kentucky.

Gibson Downing, another initiate, was not present when the picture was taken. The initiation ceremony was held Sunday, Dec. 10, at the First Presbyterian Church.

Student Opinion

BETTER FOOD, COOPERATION
Head List Of UK's Needs

By Claire Ann Graves, Martha Bach, and Betty Compton

QUESTION OF THE WEEK: "What do you think UK needs most?"

PATSY BROWN—"Better food in all the dorms."

ED JOLETTE—"A stronger student body."

ANITA RAIDT—"Good food at Patterson Hall."

MARILYN REMMERS—"All I can say is no Saturday classes."

CHERRIE MOORE—"Two annual vacations, each six months long; more fun that way."

LEW DUNN—"More cooperation between students and teachers."

JOY RINGO—"I think that we need a whole new batch of teachers, but definitely."

LEONARD WOOD—"A full week of celebration after we win the Sugar Bowl game—and I bet that most of UK will agree with me."

DOLLY SULLIVENT—"A more thinking attitude on the part of everybody connected with UK."

FARLEY WILSON—"A completely improved faculty, and that will do wonders for UK."

BOB TICHENOR—"Co-op school in engineering and commerce in all related fields."

HAP HOFFMAN—"More organization between social and academic life."

BOB FOWLS—"General Bob Neyland."

BRUCE COLE—"Needs the sanity code."

Pharmacy Notes

By Eugene Miller

The Louisville and Jefferson County Branch of the UK Alumni Association held a meeting last week at the Henry Clay Hotel in WKLO Ballroom. Mr. Hambleton Tapp of the history department gave a brief talk. Twelve television receivers delivered the recordings of the game between UK and Tennessee. Coach Paul Bryant described the game plays of the game in Knoxville. The UK football team were also guests at the meeting.

Charles Allen Butler, representing Phi Delta Chi fraternity at the National Convention in Detroit, said most didn't make it back. He flew to Detroit but coming back was a different matter. He became airborne in Lima, Ohio, for 14 hours. Charlie's bus, which was the last one to leave Detroit Saturday, Nov. 25, had to detour off the main highway because of the snow. Charlie didn't return to Louisville until Monday afternoon. While at the meeting he gave a report on the Alpha Beta chapter of Phi Delta Chi Fraternity.

Wildcat Football, Basketball Squads To Play In Sugar Bowl

Grid Team Plays Oklahoma Sooners

Keeping pace with their ever-mounting prestige, the Kentucky Wildcats will meet the Oklahoma Sooners in the Sugar Bowl Jan. 1 in a game that climaxes the most successful grid season in modern history.

It's record-smashing football team that Coach Paul Bryant and his staff have produced at Kentucky. And that is the thought farthest from their minds when they tutor their charges. All they want is a winner.

But in the past two years, Kentucky has set or tied 29 Southeastern Conference marks and established three national records.

Briefly, here are their feats:

- 1950
- Most scoring passes by team, 27.
- Lowest average punt return allowed, 1.4.
- Most first downs one game, 28. (Ties SEC mark)
- Most points after touchdown, 11.
- Most touchdowns accounted for, 28. (Parilli)
- Most yards gained passing, 1,627. (Parilli)
- Most touchdowns passes, 23. (Parilli; SEC and national mark)
- Most touchdowns by receiver, 10. (Bruno tied with Larry Alabama)
- Most yards by passer in one game, 238. (Parilli against Cincinnati)
- Most scoring passes one game, 5. (Parilli against Cincinnati and North Dakota; tied with Wade Vanderbilt)
- Most extra points one game, 10. (Gain)
- Most first downs one season, 202.
- Most yards return of intercepted passes, 709. (SEC and national mark)
- Most rushing plays, 11 games, 563.
- Most rushing plays averaged per game, 51.7.

Total net yards allowed one game, 1.

Net yards allowed rushing, 1.

Net yards allowed passing, 0.

Fewest first downs allowed, 2. (Ties SEC record)

Most yards return intercepted passes one game, 240. (New national record)

Most yards return intercepted passes one game, 240. (New national record)

Bryant, in his fifth year at Kentucky has produced a winner. When he signed his contract in 1946, he told the Wildcat officials that he wasn't interested "in place or show." And the horse people here have come to know what he meant.

In five years, his teams have won 85, lost 13 and tied two—the best record of any Kentucky team over a similar span. Prior to his coming to Kentucky, the highest the Wildcats ever finished in the SEC was seventh on two different occasions.

But the lanky gentleman from Fordyce, Ark., changed all that. In his first year here, he led the Blue and White to a 7-3 mark; in 1947, it was 8-3 and an invitation to the Great Lakes Bowl, the first bowl game in Kentucky history; in 1948, it was 9-2, despite the loss of nine first-stringers from his '47 squad; and in 1949, it was 9-2, second place in the SEC, and an invitation to the Orange Bowl.

This year of 1950 has been the climax to the fabulous rise of the popular young mentor.

He led his eager Wildcats to their first conference championship, into the Sugar Bowl, and to a 10-1 season record, the finest at UK since 1898.

Operating in the shadow of 1949's best defensive line in the nation, the forward wall of Kentucky's football team in 1950 has come through with a peak performance every game and has proved itself to be a 10-1 season record, the finest at UK since 1898.

Anchored by Co-Captain and All-American Tackle Bob Gain, the Kentucky forwards have been the workhorses of the nation's No. 7 team and will in all probability, hold the key to success as the Wildcats try for victory in the first Sugar Bowl game Jan. 1.

After losing five first-stringers from the great line of '49 it appeared that Coach Bryant would have to abandon his two-platoon system and rely on several men to do 60-minute duty when the whistle sounded for the opening game.

But the linemen surprised the Cat mentor with their speed, aggressiveness and desire to play, and only one man—Gain—was called upon to work extensively on both offense and defense in 1950.

Answering an eager "ready" when the call goes up for the offensive team are Al Bruno and Ben Zarakane, ends; Gain and Walt Yorsky, tackles; Gene Donaldson and John Ignarski, guards, and Kavanagh Rogers, center.

The defensive platoon consists of Charley McClendon and John Ne-tackie, ends; Gain or Bob Pope and Jim Mackenzie, tackles; Bill Wamsucker and Pat James, guards, and Doug Mosley, center.

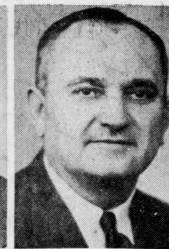

Gain, the big tackle from Weirton, W. Va., tips the scales at 239 and is the biggest man on the team. He stands 6-3. Bob climaxes a brilliant career at UK this season and has been named to every important All-America eleven.

In addition, he was awarded the John B. Outland trophy by the Football Writers Association of America, given annually to the guard or tackle judged by the nation's grid experts as the best in collegiate ranks.

In the backfield, Kentucky possesses the most brilliant quarterback in collegiate football—Babe Parilli. This Rochester, Pa., junior has written some of the most blazing chap-

Coach Paul Bryant

Coach Adolph Rupp

ters in UK's grid history and was selected to numerous All-American eleven as a reward for his achievements.

Backing him up with equally-credible performances were Half-backs Clayton Webb and Shorty Jamerson. Fullback Bill Leskovar and Reserve Emory Clark, Cliff Lawson, the Jones twins and a host of others.

Webb's development as a top-notch runner has been the surprise of the year. Clayton's potential was known from the start, but it was not until this year that he reached the peak. He wound up the year with a 51 rushing average on 52 carries and scored 13 points.

Jamerson got a late start because of an injury, but came on so fast last season's end that he was able to catch Teammate Al Bruno and Al Larry of Alabama and wind up in a tie for the scoring lead in the Southeastern Conference with 60 points.

The Senator's explosive running made him a dangerous operator. His top scamper was a 54-yard trek against Georgia Tech for the touch-down that broke the game wide open.

Leskovar was hurt in the Ole Miss game and lost some of his zest and drive, but Bullet Bill still can pulverize a line with his ram-like thrusts.

If he can get in shape and be ready to go against the Sooners, it will be Katy-bar-the-door for Jim Weatherall and his mates.

Clark, the Jones and Lawson have given invaluable relief to the regulars all year. Clark is another boy that has been hampered by injuries, which probably knocked him out of a starting berth.

The tricky running of the Jones boys makes them a dual threat as a safety-man team. Many times this year they have sent a chill up the back of spectators with their swivel hippping.

Lawson finished the season as runner-up to Leskovar in the rushing department, carrying the ball better than 80 times. Durable Cliff Webb was probably the most valuable relief man on the team.

The rest of the team turned in equally good jobs. These are the boys who will carry the Blue and White into the Sugar Bowl. Good luck, team!

Cage Five Meets St. Louis Billikens

Kentucky, the school with the four million dollar basketball gymnasium, has come up with another cage team to match.

And for the sixth time, it will travel to the Sugar Bowl to defend a crown won last year. In this year's first game, they will meet St. Louis a team that defeated them 42-40 for the title in 1949.

Southeastern Conference basketball coaches had high hopes about this time a year ago that Kentucky's dominance of SEC cage activity had just about come to an end with the graduation of the Fabulous Five.

But the Man in the Brown Suit, Adolph Rupp, came up with another pulverizing outfit and swept aside all who stood in his way. The Cats plowed through the cream of collegiate competition and took the tournament title for the seventh straight year and went to the NCAA tourney, losing out to the eventual winner, CCNY.

The team this year includes only two sophomores stars and it looks like it will again be Kentucky at the top of the heap when the laurels are passed out at year's end.

The team this year includes only two sophomores stars and it looks like it will again be Kentucky at the top of the heap when the laurels are passed out at year's end.

They are Skip Whitaker, C. M. Newton, Guy Strong, Road Morgan, Lou Tsiropoulos, Dwight Price, Paul Lansaw, Lindie Clark and Roger Layne.

Seven-foot Bill Spivey again is leading the famous Cat five. The amazing Georgia Pine, who led the conference scoring race and broke many of the records set by his All-American predecessor, Alex Croza, heads a list of eight juniors on the team.

Of the sophomores, Guard Frank Ramsey of Madisonville has won a starting berth and seems headed for national recognition. Ramsey has speed to burn and six feet, five inches of height to cement his claim to fame.

Kentucky's starting five of Hirsch and Shelby Linville at forwards, Spivey at center, and Ramsey and Bobby Watson at guards, averages an amazing six feet, four inches.

Spivey, the lankiest of the lot at seven feet, is perhaps the tallest collegiate basketball player in action today. The fabulous Grits set a new scoring record for one game with his 40 points against Georgia Tech last year. He tied two other tournament marks—most points in a tourney game, 37, and most in a final game, 37.

He had a 19.3 average for the 30-contest season.

Linville is one of the brightest lights in the Kentucky cage picture for 1950-51. This lanky hunter is a rebounding sparring and has been producing points with alarming consistency—alarming for Kentucky's opponents.

Watson is the little boy on the team at only 5-10. He is the perfect example of the old axiom that a little man has to be twice as good as a big man. Bobby's pinpoint long shooting plus his all-around floor ability, give the Cats a hardwood demon who is hard to corral.

Backing up this starting five are nine top-notch reserves who can go with the best.

They are Skip Whitaker, C. M. Newton, Guy Strong, Road Morgan, Lou Tsiropoulos, Dwight Price, Paul Lansaw, Lindie Clark and Roger Layne.

Whitaker, Newton Strong, Morgan and Lansaw are juniors; Tsiropoulos, Clark and Layne are sophomores and Layne is a senior.

Skip is a typical Kentucky guard—fast and agile. He is a carbon of the imitable Ralph Beard and opponents find it is hard to stop him once he cuts for the basket. He comes from Sarasota, Fla., stands six feet and weighs 175.

Newton is another Florida boy from Ft. Lauderdale. He is a 6-2 180-pounder who also is a stand-out pitcher with the SEC championship basketball team.

C. M. is the perfectionist on the squad, seldom doing anything from the way it is written "in the book."

Strong is the best set shot on the team and can wreck an opponent if

he can stop for the split second he requires to shoot. He hit 45.4 per cent of his field goal tries last year.

This slender six-footer carries 165 pounds on his frame and calls Irvine his home.

Morgan became eligible for varsity play in the middle of last season. He possesses one of the best one-hand shots seen on the Kentucky court in many years.

He hails from Malverne, Wis., stands 6-4 and weighs 200 pounds.

Lansaw is a transfer student from Cornell University, where he was named to the second team of the All-Ivy League squad. He comes from Middletown, Ohio, the same place Shelby Linville calls home.

His specialty is a one-hand jump shot and he is the only UK player who wears glasses. He is 6-2 and weighs 180.

Tsiropoulos, the gangling Greek, is one of the toughest men on the boards that Kentucky has. Lou was an All-American high school football player at Lynn, Mass. High School, as well as a cage stand-out.

Big Lou is 6-5 and weighs 195.

Price is a graduate of the University High School, where he was a standout for four years. He is the only Lexington boy on the varsity.

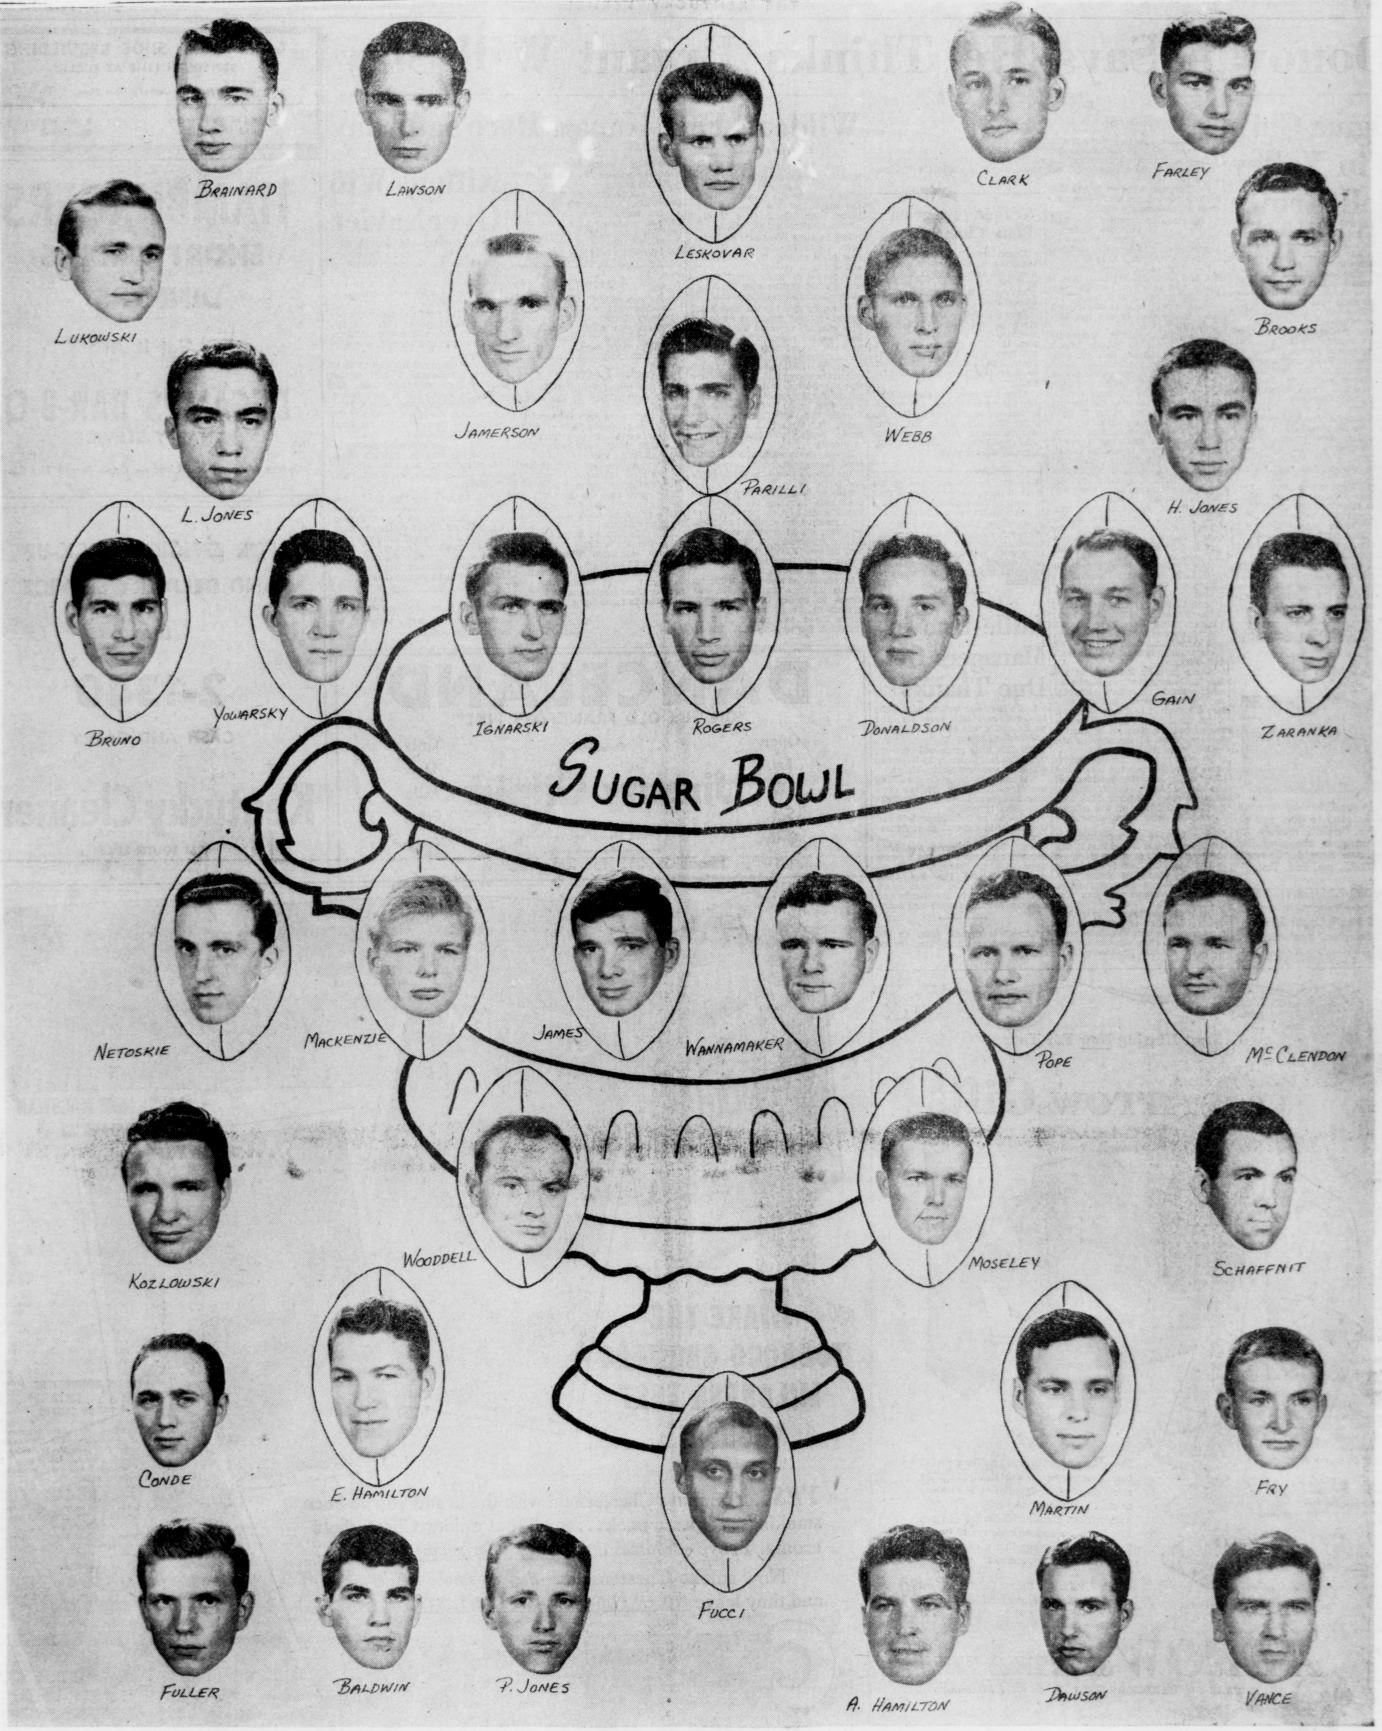

Speedy has a very accurate one-hand shot and has improved his speed and floor game tremendously.

In the off season, he is a star distance runner, and won the National Junior Olympic mile title a few years ago. He is 6-2 and weighs 175.

Clark is a prodigy of Clark County High where he was a sparkplug of the perennially powerful Cardinal team. A starter on last year's freshman five, he wound up with an 8.2 point-per-game average.

He is the youngest member on the squad at 19, stands 5-11, and is decidedly accurate with his long left-handed passes and dribbling.

Layne, the big reserve for Spivey, is a transfer from Magnolia, Ark. AAM Junior College.

Donovan Says He Thinks Bryant Will Stay

By Bob Gorham
Kernel Sports Editor

"Other schools trying to take Paul Bryant away from us is like a widower flirting with another man's wife—and in this state you can use a shotgun for something like that."

Sigma Chi's Win Volley Ball Crown

Sigma Chi staged a last-minute rally to take the intra-mural volleyball championship from Phi Kappa Alpha late Wednesday afternoon, two games to one.

The final contest ran to a full 15-13 count before the Sigs could claim the crown. They had taken the first game by a 13-7 score before the Phi Kaps challenged a 13-5 win in the second game.

In winning the single-game elimination tournament the Sigma Chi's had beaten the Sigma Nus in two games earlier Wednesday afternoon.

Other victims of the champs were Alpha Gamma Rho in the first round and Phi Sigma Kappa in the quarter-finals. Each was by a 2-0 margin.

Phi Kappa Lambda Chi, two games to none, in the other semi-final bout. They had matched victories over Alpha Tau Omega, in the first round, and Sigma Alpha Epsilon, in the quarter-finals, by the same 2-0 record.

The Sigs won the right to meet Phi Kappa Lambda Chi in the final, two games to one, before they bowed to the Phi Kaps. Sigma Phi Epsilon won a futile set from Kappa Sigma prior to their 2-0 defeat at the hands of Sigma Nu.

The next 1-0 activity will be the basketball free throw contest. Deadline date for entrants will be noon on January 5. The contest will begin three days later.

Wildcats Face Kansas Here Saturday

By Fred Lawson

Coach Phog Allen will bring his Kansas Jayhawkers into town Saturday to face Kentucky's Wildcats in what could be the strongest test of the season for the Cats on their home floor. Game time is at 8 o'clock in Memorial Coliseum.

Led by their All-American candidate, Clyde Lovellette, a six-foot, nine-inch center, the Jayhawkers will bring a record of four wins and no losses. Their latest victory was a 52-51 thriller over St. John's of Brooklyn last Tuesday night.

Kentucky also has an undefeated record of three wins and no losses. The Wildcats defeated Xavier 67-56 last Tuesday night. The Cats were to have played the University of Florida Thursday night.

Against the Jayhawkers, Coach Rupp is expected to use the same starting lineup that he has sent out in the four previous games.

In that case it will be Shelby Linnville and Walt Hirsch at forwards, Bill Spivey at center, and Bobby Watson and Frank Ramsey at guards.

Besides the meeting of these powerful teams, an added attraction is the expected duel between Spivey and Lovellette.

Both of these giant centers were pre-season favorites for All-American honors, and so far they have been making the experts look good.

Spivey, off to a slow start, has picked up steam. In his last outing against Xavier, he scored 22 points. This gives him a total of 80 points in three games.

Lovellette has also been living up to his advance notices. He has scored 80 points in four games. Against St. Joseph's he scored 32 points for a new record in Philadelphia's Convention Hall. His 14

field goals equaled the record for most two-pointers in one game by a visiting player.

This will be the first meeting between Allen and his one-time pupil, Adolph Rupp. Rupp, a Hallstead, Kansas, product was a member of the 1923 Kansas team which swept undefeated through 16 games of the old Missouri Valley Conference.

Kittens Win Over Xavier

Kentucky's Kittens kept a thin sliver of daylight between themselves and the Xavier partisans throughout the game Tuesday night to take a 55-52 win in Cincinnati Garden for their third victory of the season in as many starts.

Gayle Rose led the Kentucky attack with 15 points. He was followed by two fellow home-slatters, Dickie Prater and Willie House, with 11 each.

Xavier narrowed the gap to 52-50 with a minute and a half to go. Then Prater connected from the side and House hit a free throw. After Xavier retaliated with a fielder to make the count 52-52 with 29 seconds to play, the Kittens froze the ball till the end.

Jim Line had charge of the freshmen in the absence of Coach Harry Lancaster who was in Madison Square Garden scouting Kansas and St. John's.

The Kittens are idle until after Christmas. They make their debut in the Coliseum on Jan. 8 against Cumberland Junior College in their next game. Losers of only one contest in the last three years, Lancaster's charges own decisions over Kentucky Wesleyan freshmen and Lindsay-Wilson Junior College.

Experts have predicted that the newest thing in men's wear will be a flattened waist.

Apology

Because of an error in arrangements with the photographer, Center John Griggs picture was omitted from the football layout on page 6.

We're sorry, John.

Editor's Letters

(Continued from Page 2)

Our girls have even mastered the French conservative style of smoking, and no longer look teary-eyed when the smoke curls slyly about their smarting eyes.

But when are they going to learn to purchase their own cigarettes? The devil never intended them with the purpose that the boys pay for the latter's sinfulness when on dates or when otherwise meeting them on campus.

The girls seem to think they are doing the boy a favor by smoking up his cigarettes whenever the chance arrives.

Why don't we men start rolling our own? Then watch your girls run for the cigarette machine when you offer to make her a hand-made tag.

Yours truly
Nick O'Tine

Training Plans Changed

Coach Bryant, after praising the team for its fine record and co-operation, announced at the banquet Wednesday that training plans for the Sugar Bowl had been altered because of the weather.

Bryant said that the team would start its conditioning Thursday and would fly to Baton Rouge, La., Dec. 18. The gridirers will work out there until Dec. 23 and then fly back to Lexington so the squad members can go home for Christmas.

They will return to the University after the holidays and return to Baton Rouge by air on Dec. 28. After the bowl game, the team will remain in New Orleans for four days before returning to UK. The Cat mentor said.

Huey Jr., former manager of the football team, was presented to Dick Martin, senior halfback, who has a 2.15 standing at the University.

The Alumni Association presented engraved watches to the 17 graduating seniors and the Salesmen's Club gave wallets to the coaches and athletic staff and engraved knives to the varsity and freshman gridirers.

Little-Known Managers Get Due Thanks

Little has been written about the two managers who care for the waxes and needs of the basketball and football teams.

But this little piece will serve to introduce grid manager Al Wiemann and cage manager Bobby Moore.

Wiemann is a sophomore and hails from Lexington. He is a commerce major and a member of Delta Tau Delta fraternity.

Moore comes from Bloomfield and is a junior in the College of Education. Both boys inherited the head manager's job after serving a year's apprenticeship. Many are their responsibilities and few are their recompenses, so the Kernel sports staff would like to say thanks and congratulations on a job well done.

"Snow" is derived from an old Greek word meaning, "Had me do kenna."
